9	Development Group Inc.	District Wide Network Security	District Wide	CMAS	C	21	\$522,004.94	CISCO 5YR Network Security Enterprise Agreement renewal	<p>CISCO 5YR Network Security Enterprise Agreement renewal. Includes:                      - 2 x Firewall licenses and support (FPR4125) - Threat, Malware, and URL Protection                      - VPN client licenses:                      AnyConnect/Secure Client Premier                      - Authentication, Authorization, and Accounting services:                      Identity Services Engine (ISE) Advantage                      - Internet filtering and Data Loss Prevention: Umbrella - DNS Advantage, Secure Internet Gateway (SIG) Essentials, Data Loss Prevention Add-On and Services</p> <p>The agreement leverages CMAS (California Multiple Award Schedules) pricing to ensure cost-effective procurement. By utilizing pre-negotiated rates through CMAS, we secure competitive pricing, streamline the purchasing process, and reduce overall costs while maintaining compliance with state procurement standards.</p>	<p>Features: Cisco Umbrella provides a cloud-based full proxy that inspects all web traffic, offering transparency, control, and protection. It enables traffic forwarding through IPsec tunnels, PAC files, and proxy chaining, ensuring full visibility and advanced threat protection. The solution includes content filtering to block inappropriate destinations, malware scanning for uploaded and downloaded files, and advanced sandboxing for analyzing suspicious files. It also supports file type blocking, SSL decryption for enhanced security, and granular application controls to manage user activities in specific apps. Detailed reporting provides insights into URL addresses, network identity, and actions taken.</p>
