Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources;** however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.

The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.

Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

The Local Control Funding Formula (LCFF) provides Local Education Agencies (LEAs) flexibility to design programs and provide services to meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The Livermore Valley Joint Unified School District has as its mission that "Each student will graduate with the skills needed to contribute and thrive in a changing world." The Local Control and Accountability Plan (LCAP) planning process supports continuous cycles of action, reflection, and improvement. The LCAP goals have been chosen to ensure that our students receive the necessary support regardless of language proficiency, socioeconomic status, or housing insecurity. The ESSA in California presents an opportunity for school districts to innovate with their federally-funded programs and align them with priority goals they are realizing under the State's Local Control Funding Formula (LCFF). The funds will be allocated to identified school sites to support qualifying students through additional instructional support with appropriate high quality personnel, research-based programs, and proven instructional materials as outlined in the School Plans for Student Achievement (SPSAs). District-wide funding will be used to support the Livermore Valley Joint Unified School District's Framework for Success which includes Multi-Tiered Systems of Support (MTSS) focused on supporting the academic, behavioral, and social-emotional needs of all of our students. Certificated, classified, and administrative staff will receive ongoing professional development and support. In addition, our nearly 1,200 English learners, immigrant, and migrant students will continue to receive both integrated and designated English Language Development. Altogether, this strategy will provide the additional support needed to fulfill our mission and vision as a district.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

In order to align the use of federal funds with activities funded by local, state, and grant funds, the Livermore Valley Joint Unified School District (LVJUSD) will engage in annual needs assessments and prioritization evaluations. The needs assessments will be conducted in order to identify high leverage areas of student support, and are based primarily on the data included in the California State Dashboard as well as our own locally developed LVJUSD Scoreboard. Since federal Title funds are required to be supplemental, once areas of greatest need are established we will also use prioritization evaluations to determine the most efficient and effective use of the funds available, ensuring that they are targeted towards the intended categorical group. The needs assessments are embedded in our LCAP structure and enacted through district principals meetings, an LCAP Advisory Committee that includes representatives from all community groups, and meetings with specialized groups such as the District English Learners Advisory Committee (DELAC).

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP** development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDE's website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
 - a. Number of low-income students
 - b. Number of minority students

 - a. If yes, must create a plan which must include root cause analysis of the disparity
 - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

THIS ESSA PROVISION IS ADDRESSED BELOW:

In order to address any disparities, our Curriculum Department works closely with site principals and teachers to meet the needs of teachers and students through targeted professional development and access to rigorous curriculum to ensure that students will learn at high levels, regardless of the level of experience or number of years of teaching a teacher may have.

Overall, teachers in the Livermore Valley Joint Unified School District, have an average of 13.79 years of experience. There is no large discrepancy in teaching experience at our Title I schools. Jackson Avenue teachers average 15.36 years of experience. Junction Avenue K-8 teachers average 14.14 years of experience. Del Valle teachers have an average of 13.85 years of experience. Our District has formed multiple groups of Educational Partners including School Site Council, English Learner Advisory Committee, LCAP Advisory Committee, and Parent Club Information Council, to name a few, to connect with parents and families to ensure ongoing communication.

Technology platforms such as FinalSite, SurveyMonkey, Schoology, and PowerSchool also offer additional modes of communication. Our District Office has dedicated staff to ensure communication is distributed in both English and Spanish where appropriate. Sites with a higher percentage of English Learners also have additional bilingual office staff to assist with written and verbal communication.

Our Community Engagement Department's primary charge is to actively engage and communicate with parents.

To meet this requirement, LEAs must provide a description of the following:

THIS ESSA PROVISION IS ADDRESSED BELOW:

Each of the three school sites identified to receive Title I funding conduct a yearly Title I Parent Involvement meeting to ensure that parents and guardians are knowledgeable of their rights and the obligations of the school. School Site Councils are actively engaged in the development of the School Plans for Student Achievement and their budgets, including the Title I budget for that site. We do not have any schools identified for CSI, however, at our one school identified as TSI, the School Site Council is utilized in the development and approval of the School Plan for Student Achievement which is where the school TSI plan is formalized. The SSC monitors the student data and works together to determine additional strategies and supports needed. In addition, each Title I site discusses the responsibilities outlined in the Home/School Compact. The Child Welfare and Attendance (CWA) staff, including a Spanish speaking CWA, as well as our contract social workers, provide support for Homeless students and families; they ensure students are able and prepared to come to school daily. All of the sites have created Coordination of Services Teams (COST) to address the social, emotional, and academic needs of students.

TITLE II, PART A

Professional Growth and Improvement

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Address these questions:

1. Please provide a description of the LEA's systems of professional growth and improvement for teachers, principals, and other school leaders.
2. Please address principals, teachers, and other school leaders separately.
3. Please explain how the systems promote professional growth and ensure improvement, including how the LEA measures growth and improvement
4. Please describe how the systems support principals, teachers, and other school leaders from the beginning of their careers, throughout their careers, and through advancement opportunities
5. Please describe how the LEA evaluates its systems of professional growth and improvement and makes adjustments to ensure continuous improvement within these systems.

Livermore Valley Joint Unified School District is the lead agency for and participates in the Consortium that provides the Tri-Valley Teacher Induction Program (TVTIP). This program supports teachers transitioning from college preparation to their professional career, as well as out-of-state trained teachers possessing a preliminary credential. In 2004, the State approved TVTIP as the pathway for teachers to obtain a Professional Clear Credential through high quality coaching. During the 2021-22 school year, the program was redefined and reauthorized with the Livermore Valley Joint Unified School District serving as the lead agency. TVTIP is committed to accelerating a new teacher's development in order to positively impact student learning.

TVTIP collaborates with the New Teacher Center and local universities. The structure is such that there is a Director of the Consortium, district coordinators, teacher leader coaches, and administrators who guide the program. TVTIP provides support to eligible teachers as they begin their careers. The goal of the program is to provide opportunities to teachers to become highly qualified and effective educators. Current research findings indicate that the knowledge of teaching practices, student learning outcomes, standards-based subject matter content and ultimately, the ability to reflect on one's own practice are the strongest predictors of student success and teacher centered services that support the efficacy and retention of highly qualified teachers.

One vehicle in place to support the development of teacher leaders is the Instructional Coach model. The Instructional Coach supports a content-specific area such as literacy, math, MTSS, or technology and works with teachers to develop deep, instructionally rich approaches in teachers that will yield high student outcomes.

Our new administrators participate in the Association of California School Administrators (ACSA)/L.E.A.D. Clear Administrative Credential Program. This program provides candidates an individualized induction experience based on the context of their leadership role, including one-on-one coaching by an experienced administrator. Candidates participate in an ongoing formative assessment, professional development seminars, and job-alike professional learning communities designed to grow the knowledge, skills, and dispositions that are essential for successful administrative leadership.

Our systems of professional growth are always tied to student achievement, primarily as measured through the California State Dashboard and the LVJUSD Scoreboard.

Prioritizing Funding

ESSA SECTION 2102(b)(2)(C)

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

Address these questions:

1. Please describe the LEA's process for determining Title II, Part A funding among the schools it serves.
2. Please describe how the LEA determines funding that prioritizes CSI and TSI schools and schools serving the highest percentage of children counted under Section 1124(c).
3. Please describe how CSI and TSI schools and schools that have the highest percentage of children counted under Section 1124(c) that the LEA serves receive priority in Title II, Part A funding decisions compared to other schools the LEA serves.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Funds are allocated to provide smaller class sizes and increase targeted professional development at schools with the highest percentage of traditionally underserved students. Specific training will be determined by student need as demonstrated through assessment data. While we do not have any schools with a CSI designation, we do have one school with a TSI designation, so our needs assessment process involves ensuring that the needs addressed are consistent with the needs expressed by that school.

Data and Ongoing Consultation to Support Continuous Improvement

ESSA SECTION 2102(b)(2)(D)

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

Systemic data collection and progress monitoring will be used to target support and training, particularly at sites with higher percentages of traditionally underserved students. Consultants and trainers with expertise in ELD strategies, Early Literacy instruction, Equity of access and opportunity-based strategies, culturally and linguistically responsive teaching, and other high yield strategies, such as AVID, Leader in Me, Silicon Valley Mathematics Initiative (SVMI), etc. will be retained to support diverse learners.

All of our district programs are measured using the metrics included in the California State Dashboard and our LVJUSD Scoreboard. That data is analyzed throughout the first trimester of each school year as we work to make sure that funds are aligned to areas of need. That work includes feedback from all educational partner groups to ensure that professional development needs are met throughout the district.
