Superintendent

Ryan D. Smith, Ed.D.
Deputy Superintendent

Survey Participants

What school do you attend?

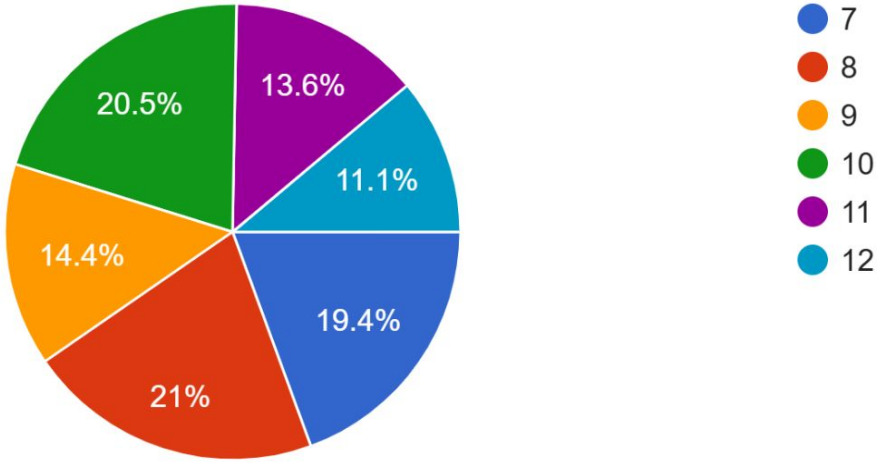

2,622 responses

Survey Participants

What grade are you in?

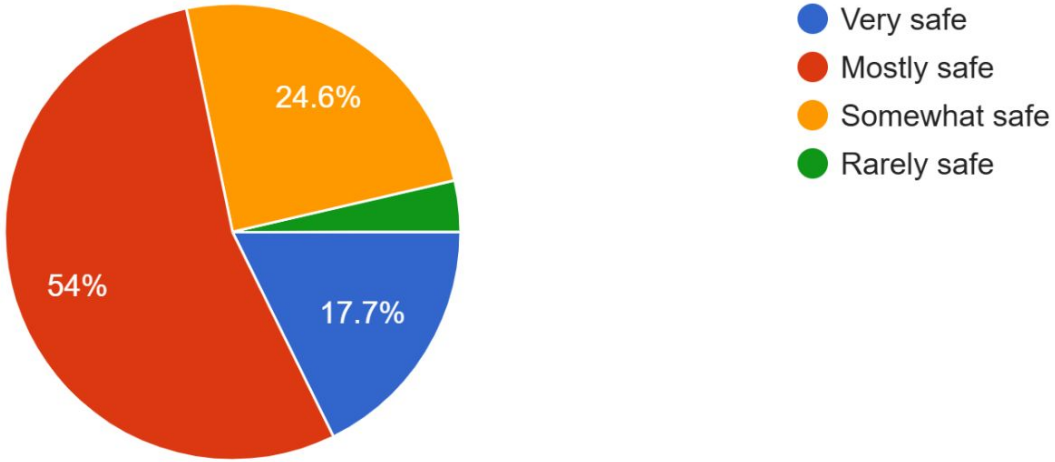

2,622 responses

Survey Findings

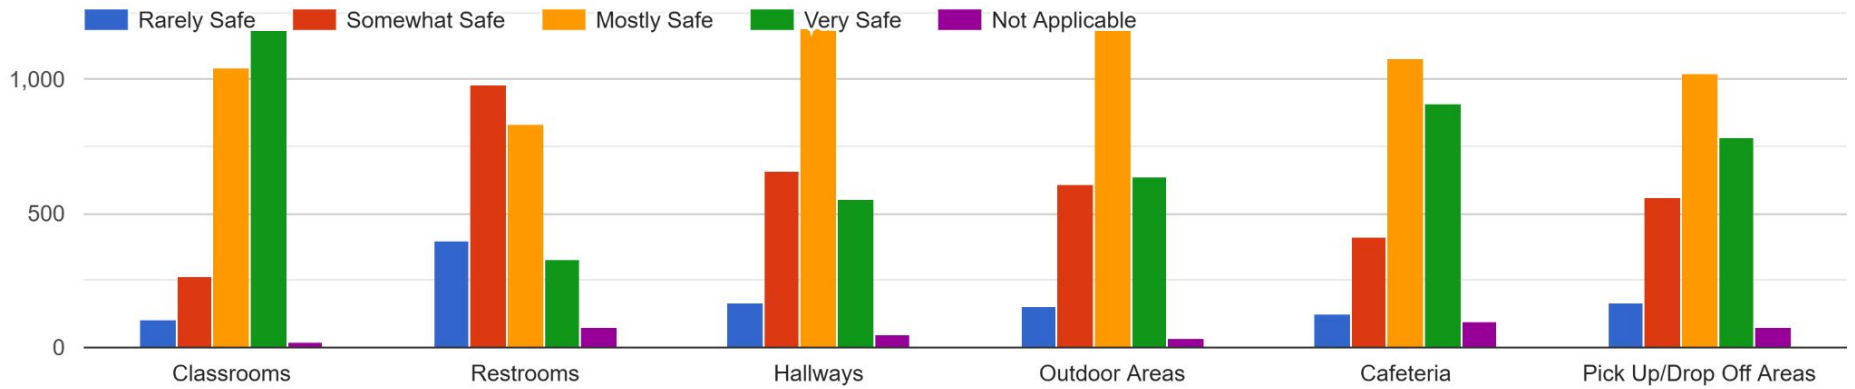

Overall, how safe do you feel at school?

2,622 responses

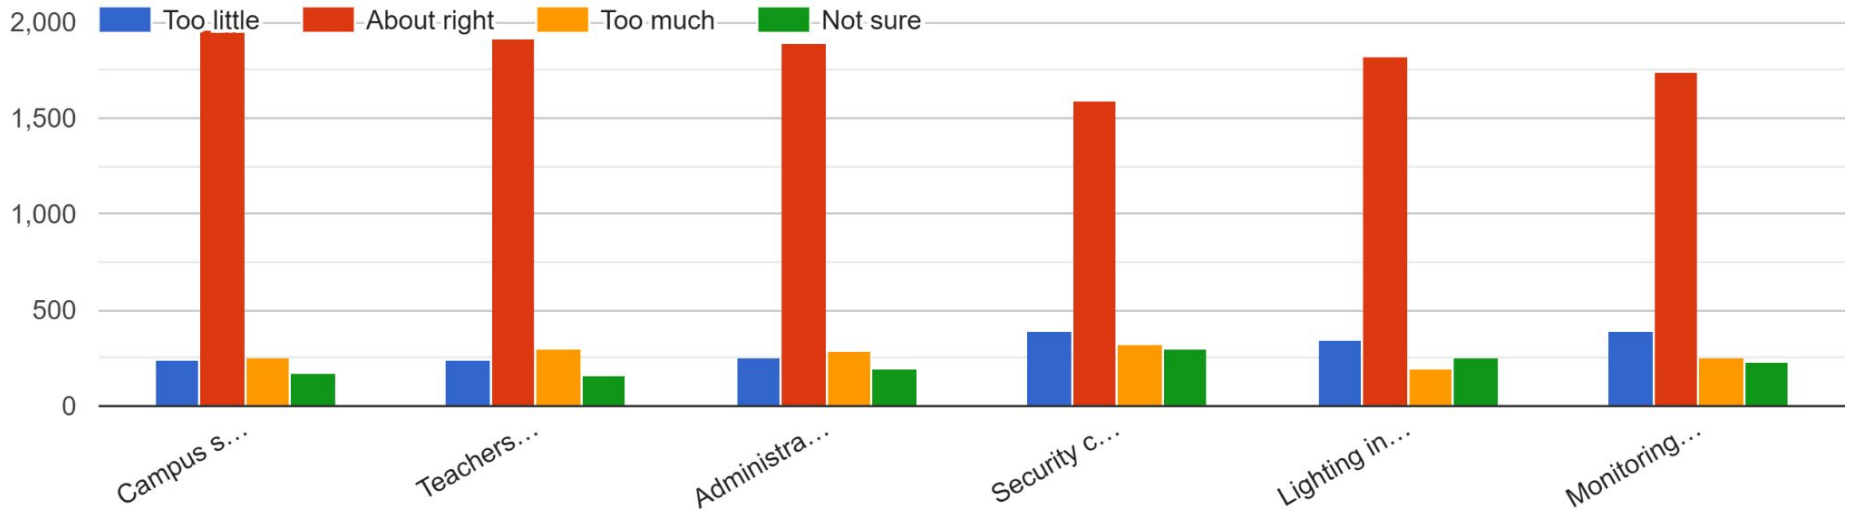

Survey Findings

How safe do you feel in the following areas of campus?

Survey Findings

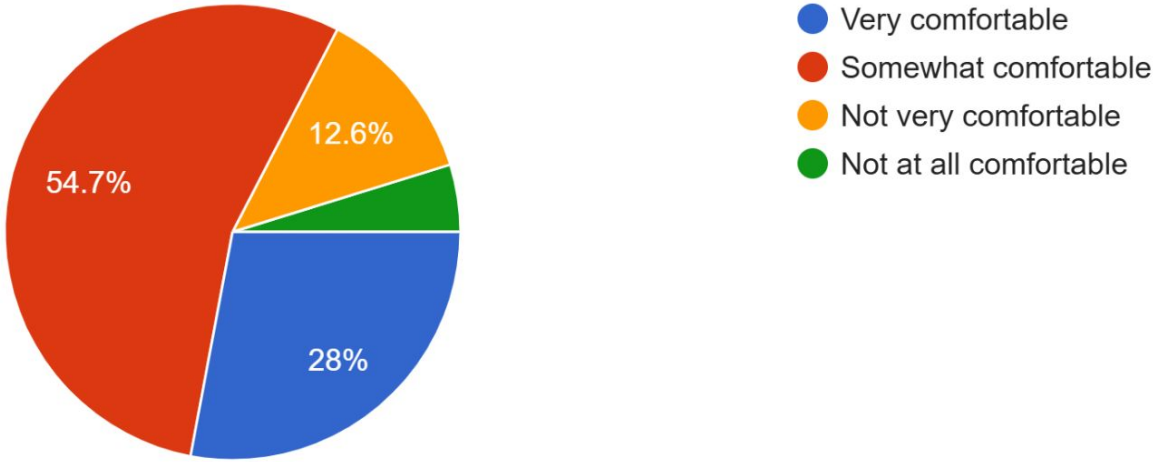

How would you rate the amount of safety presence in the following areas at your school?

Survey Findings

How comfortable are you reporting a safety concern (to a teacher, counselor, or administrator)?

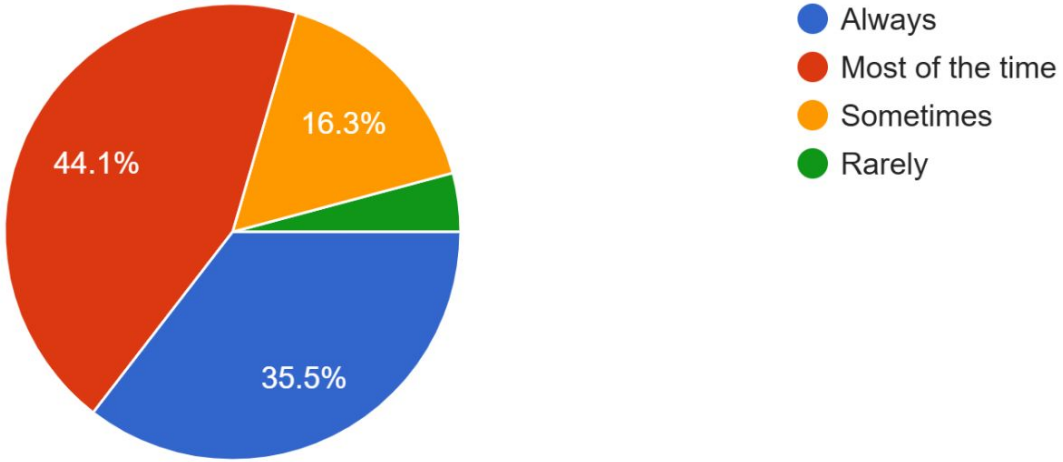

2,622 responses

Survey Findings

Do you believe adults at your school take student safety concerns seriously?

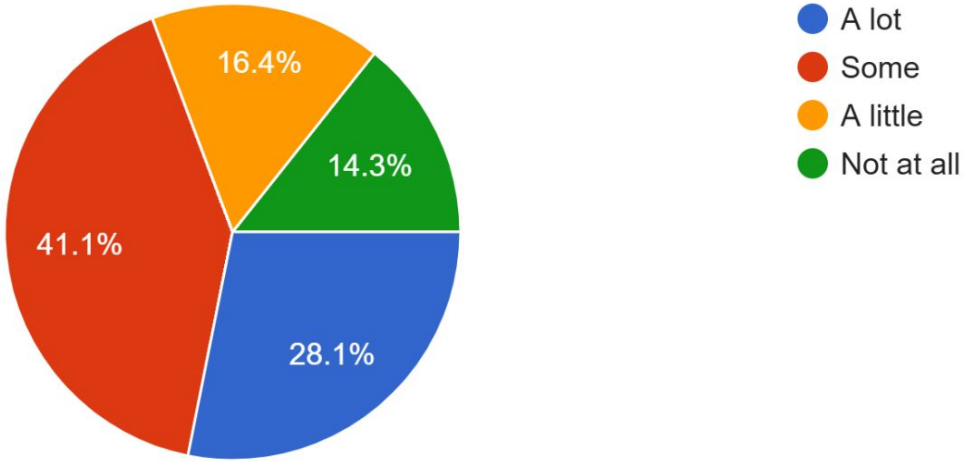

2,622 responses

Survey Findings

How much does feeling safe at school affect your ability to learn and participate?

2,622 responses

Are there specific areas of campus where you think safety needs more attention?

Top Areas of Concern:

- Restrooms: vaping, smoking, and occasional fights.
- Traffic/Pick-up & Drop-off: congestion and unsafe crossings.
- Hallways, Wings & Locker Rooms: fights, isolated areas, lack of supervision.
- Gates/Access Points: concerns about open entry and exit.

Note: About half of students reported no safety concerns.

What changes or improvements would make your school feel like a safer and more supportive place for students?

Student Suggestions for Safety & Support:

- **Increase Security & Supervision:** more guards, cameras, and checks (esp. restrooms, locker rooms, gates, parking).
- **Improve Restrooms:** cleaner, safer, fully supplied, and better monitored to stop vaping/fights.
- **Enhance Campus Safety:** better lighting, emergency communication, lockdown/fire drill procedures, and facility upkeep.
- **Strengthen Student Support:** positive staff interactions, mental health resources, anti-bullying efforts, and access to wellness center.
- **Phones Access and Policy:** students want the ability to keep and use phones, citing both emergencies and general access.

What is one thing the school could do to better support student safety and a positive school climate?

Student Suggestions for Safety & Positive Climate:

- **Increase Supervision & Security:** more guards, cameras, and adult presence in restrooms, hallways, and locker rooms.
- **Improve Restrooms:** cleaner, well-supplied, and monitored to stop vaping/fights.
- **Strengthen Support Systems:** consistent anti-bullying efforts, mental health resources, and caring staff.
- **Foster Positive Climate:** fair treatment, stronger relationships, and community-building events.
