

CHRONOLOGY OF THE AGENDA ITEM

Although SPLOST V funding was identified, allocated, and invested in improvements to High School facility football/soccer fields and tracks, that effort has made the need for improvements at a number of school athletic facilities more apparent. After extensive consultation with the Athletic Department Druid Hills MS and Redan HS were highly recommended to respond to the urgent athletic needs of the students in these two (2) clusters.

This project was not included in the May 24, 2016, approval of the 2017-2022 E-SPLOST V referendum by DeKalb voters, and therefore, require Board approval to set up the new project and transfer money from E-SPLOST V Program Contingency to the new project.
