## Testimonials

*“Thank you very much for my daughter’s school uniforms. I did not have the funds to purchase her new school uniforms and I did not worry. She came home from school with a shopping bag with quality uniforms & accessories. Thanks so much for your generous donation to a grateful family.”*

*“My child has been coming to school every day now because she is not embarrassed about her clothes. She feels good in her uniform and feels like she fit in.”*
