

The background image shows a school computer lab. In the foreground, several students are seated at desks, viewed from behind, working on desktop computers. They are wearing large headphones. The desks are arranged in rows. In the background, other students are visible, some standing and some sitting at tables. The room has large windows on the left and a glass partition on the right. The overall lighting is dim, with the computer screens providing the main source of light.

Atlanta Public Schools FACILITIES MASTER PLANNING

Phase Two & Excess Property Recommendations

August 11, 2022

Agenda

I. Phase Two Recommendations

A. Overview

B. Review Approach and Recommended Scenario:

- Criteria, Goals, Purpose
- Recommendation
 - Lewis Invictus/BEST-CSKYWLA
 - Woodson Park
 - West Manor
 - Toomer
 - Under Utilized Schools

C. Draft Consultant's Recommended Phasing

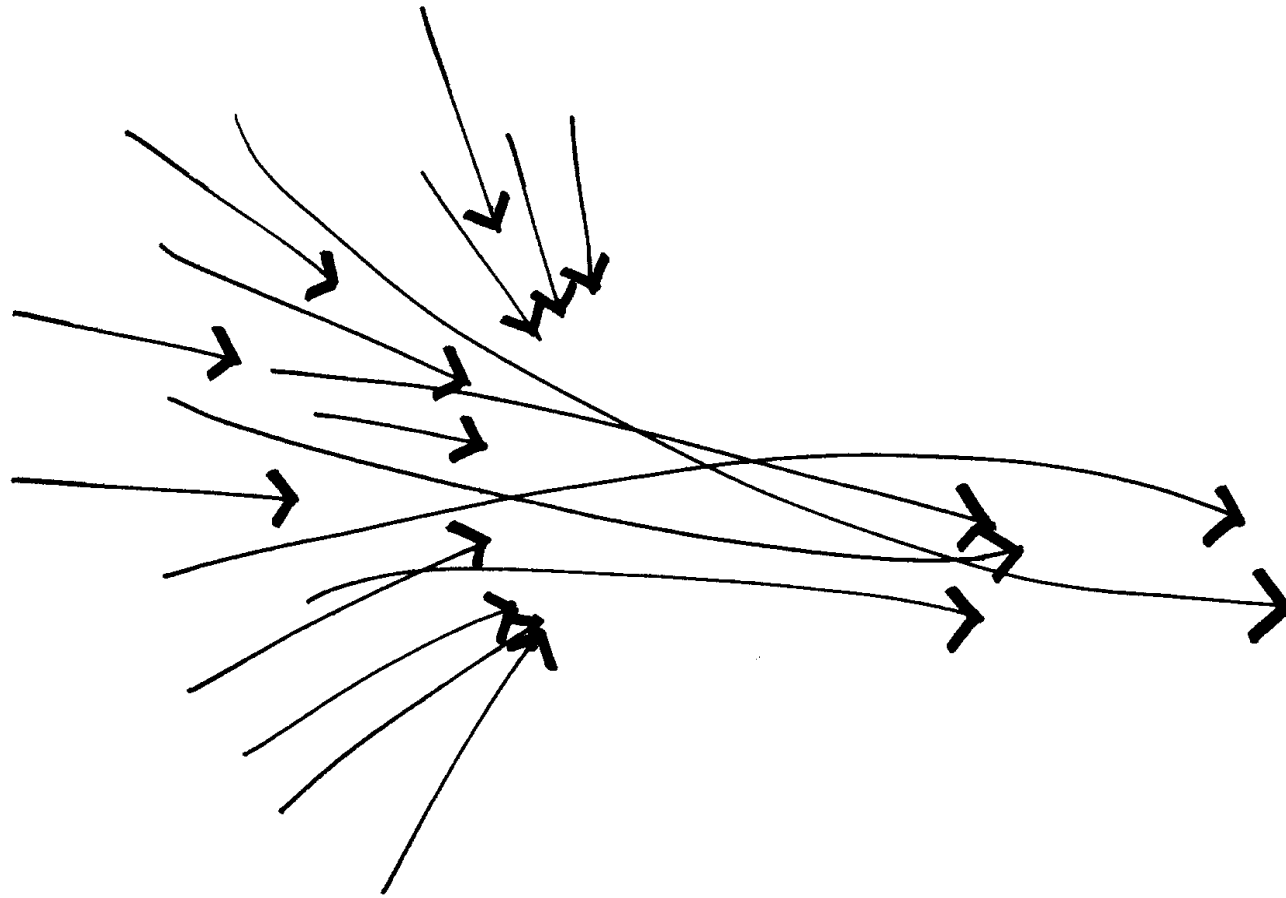

II. Excess Property Recommendations

A. Overview - Definitions

C. Draft Recommendations

III. Next Steps

Strategic Facilities Master Planning for APS

Metro Atlanta

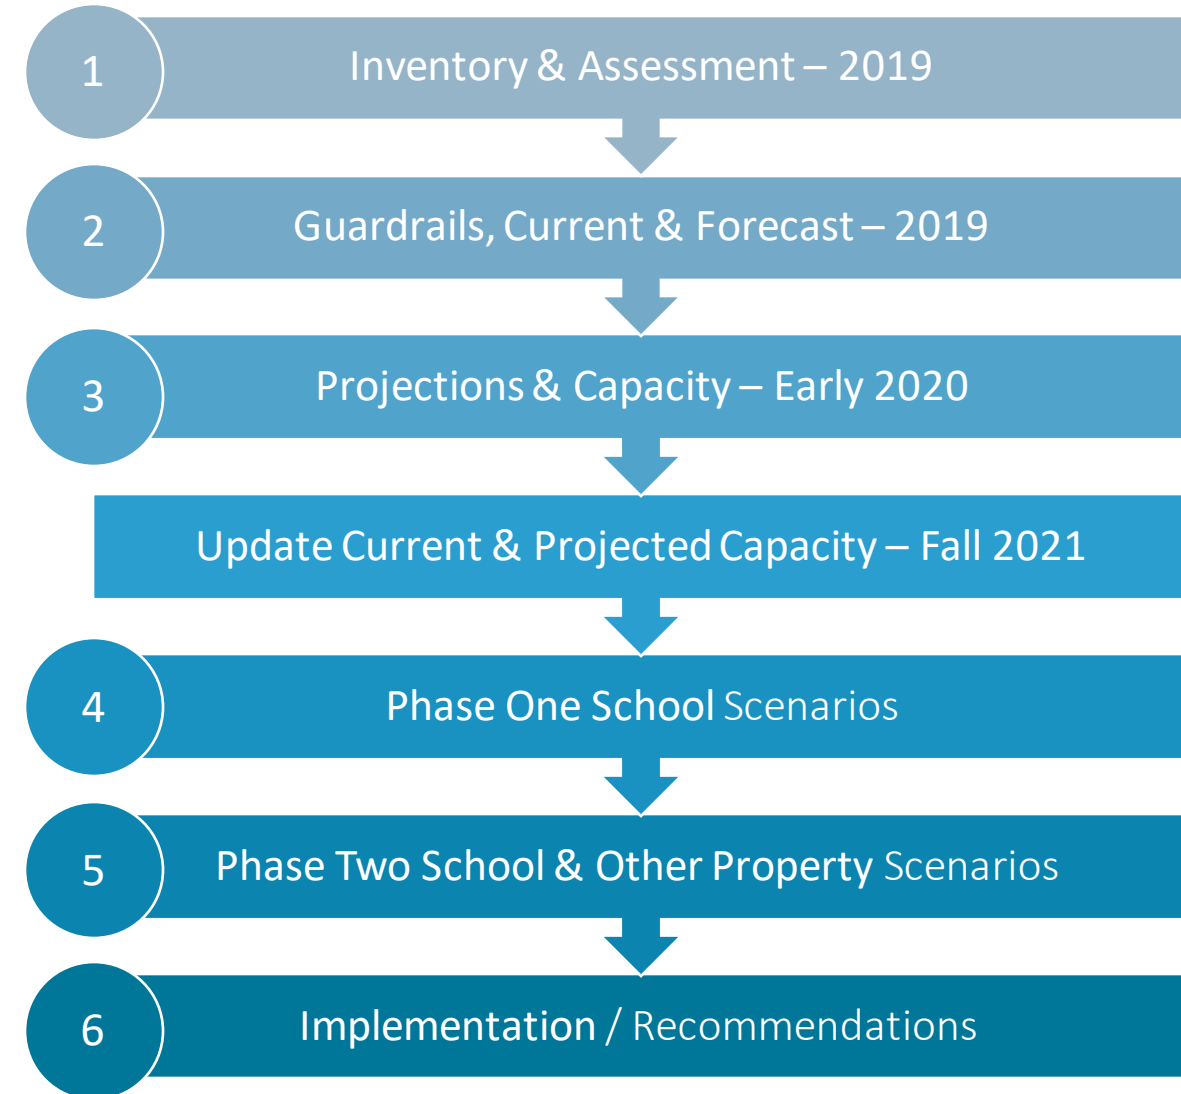

Cluster

School

Capital Project

Scope & Flow

- Through February 2020
- Update Fall 2021
- Re - Engagement
 - Board
 - Community

Facilities Master Plan Goals

The planning for this project is guided by these goals:

To equitably create innovative, sustainable, flexible, and efficient environments.

To equitably provide quality schools that align facility and academic objectives to strengthen communities.

To equitably distribute instructional space among facilities.

To equitably align property use, disposition, and acquisition with APS values and priorities while exploring alternative opportunities for the usage of facilities.

Our Purpose

Recommendations will leverage opportunities to accommodate Future Enrollment within APS (active and inactive) properties with the ultimate objective of:

Creating the best learning environment for our children with the resources available.

Phase Two Criteria & Considerations –

Criteria:

Meet APS BoE Goals: Schools and Other Properties

Build Community

Meet the FMP Guardrails: School and Site Capacity

Incorporate the Facility's Geographic Setting

Considerations:

Relieve Pressure at Schools over Capacity

Boost Enrollment at under-capacity schools

Leverage Physical Boundaries: Neighborhoods, Roads, etc.

Manage the Impact of Change

Optimize 'feeder' (matriculation) pattern/flow from elementary through high school

Douglass Cluster - Woodson Park K-8 Partnership School: Proposed next actions

Woodson Park Academy

- KIPP does not operate its facilities as APS does and by the KIPP estimate, Woodson Park Academy can accommodate 820 students in the existing facility. Therefore, the projected Utilization in 2026-2027 falls from 99% to 94%.

Consultant's Recommendations:

- No immediate action
- Maintain Woodson Park as a K-8 school
- Continue to monitor Woodson Park enrollment

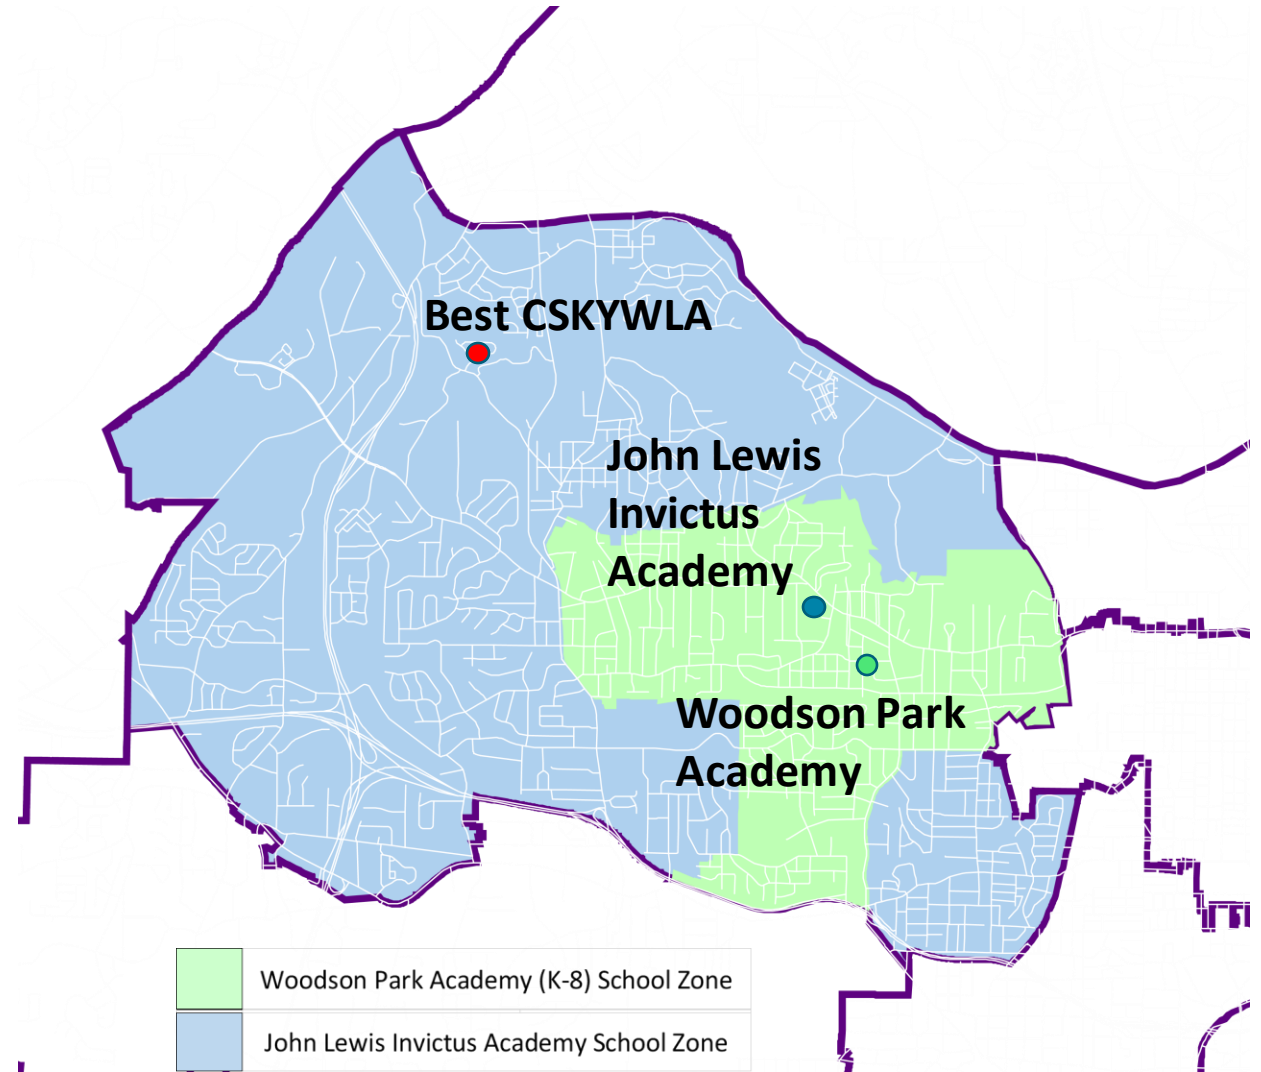

Cluster	School Name	"As-Is" 2026-27 SY		
		2026-27 Enrollment	School Capacity (KIPP)	2026-2027 Utilization % (KIPP)
Douglass	Woodson Park (K-8)	771	820	94%

Woodson Park Projected Utilization (Based on SSF Capacity)							
	2021-2022	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027	2031-2032
Woodson Park (K-8)	90%	99%	97%	96%	95%	94%	102%

Douglass Cluster: As-Is Zoned Middle School Locations

Issue:

- John Lewis is **NOT** located in its attendance zone.
- The children that live near John Lewis (6-8) are zoned for Woodson Park (K-8) and cannot attend the John Lewis Academy.

Douglass Cluster:

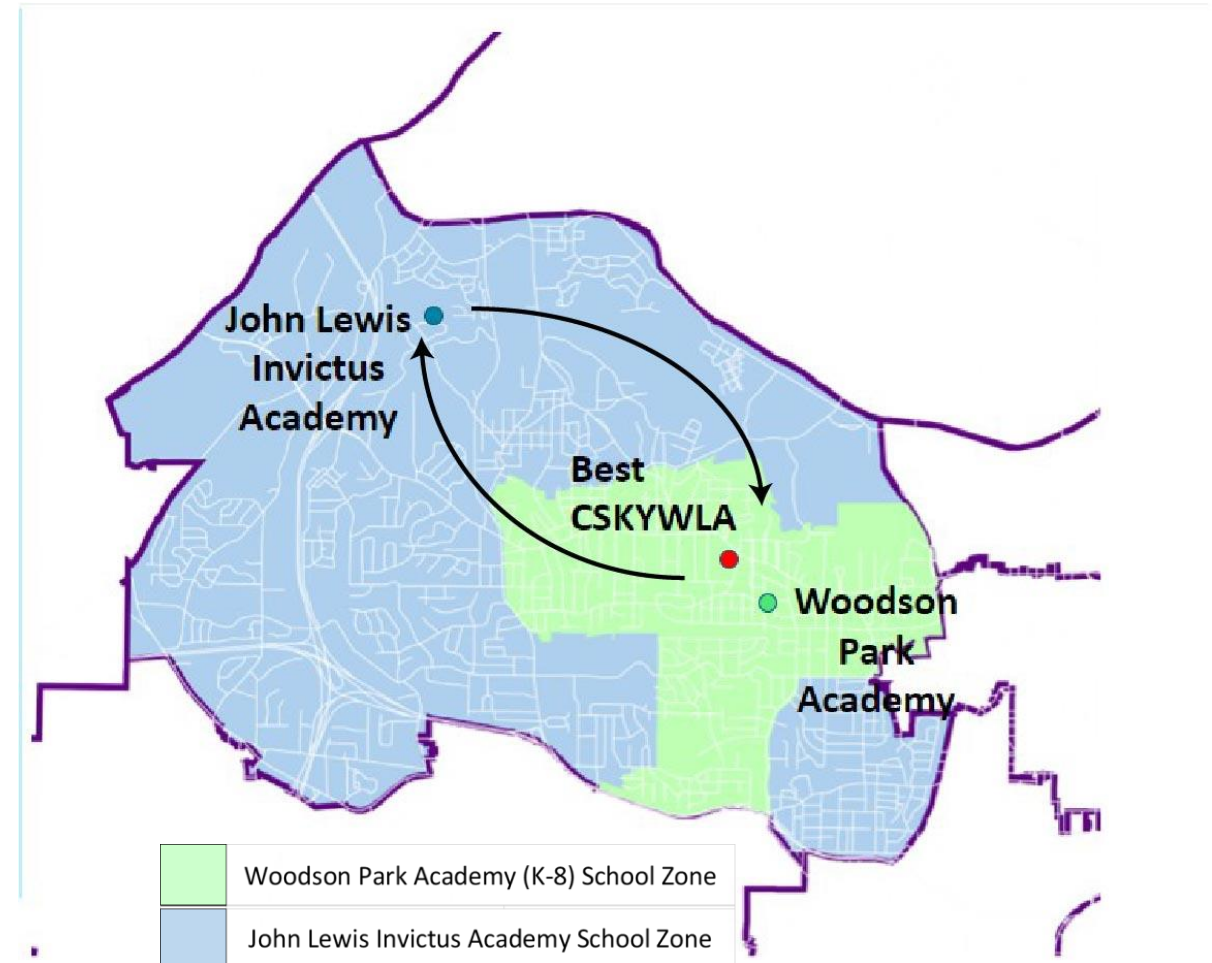

Consultant's Recommendation: Zoned Middle School Locations

DOUGLASS CLUSTER

Consultant's Recommendations:

- Move John Lewis Invictus (zoned 6-8) to BEST/CSKYWLA facility
- Move BEST/CSKYWLA (6-12 school of choice) to John Lewis Invictus facility
- Implement in 2024-2025

Douglass Cluster: Zoned Middle Schools Proposed next actions

Consultant's Recommendations:
Swap BEST/CSKYWLA and John Lewis Invictus locations

- Both buildings have the capacity to serve their new function
- Consultant's Recommended Implementation in 2024-2025

- Certain BEST/CSKYWLA athletic teams like track, baseball, softball, and tennis would be transported back to their former facility or to some other suitable facility

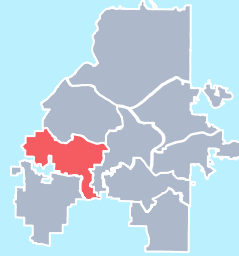

Cluster	School Name	After Implementation in 2024-25 SY [Implemented Phase II]		
		2026-27 Enrollment	School Capacity (SSF)	2026-2027 Utilization % (SSF)
Citywide	BEST /CSKYWLA (6-12)	543	1,848	29%
Douglass	Lewis Academy MS (6-8)	674	1,769	38%

BEST /CSKYWLA Projected Utilization (Based on SSF Capacity)							
	2021-2022	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027	2031-2032
BEST /CSKYWLA (6-12)	30%	29%	27%	28%	28%	29%	35%

Lewis Academy MS Projected Utilization (Based on SSF Capacity)							
	2021-2022	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027	2031-2032
Lewis Academy MS (6-8)	49%	47%	43%	42%	40%	38%	37%

Mays Cluster: "Do Nothing" Utilization 2026-2027

MAYS CLUSTER

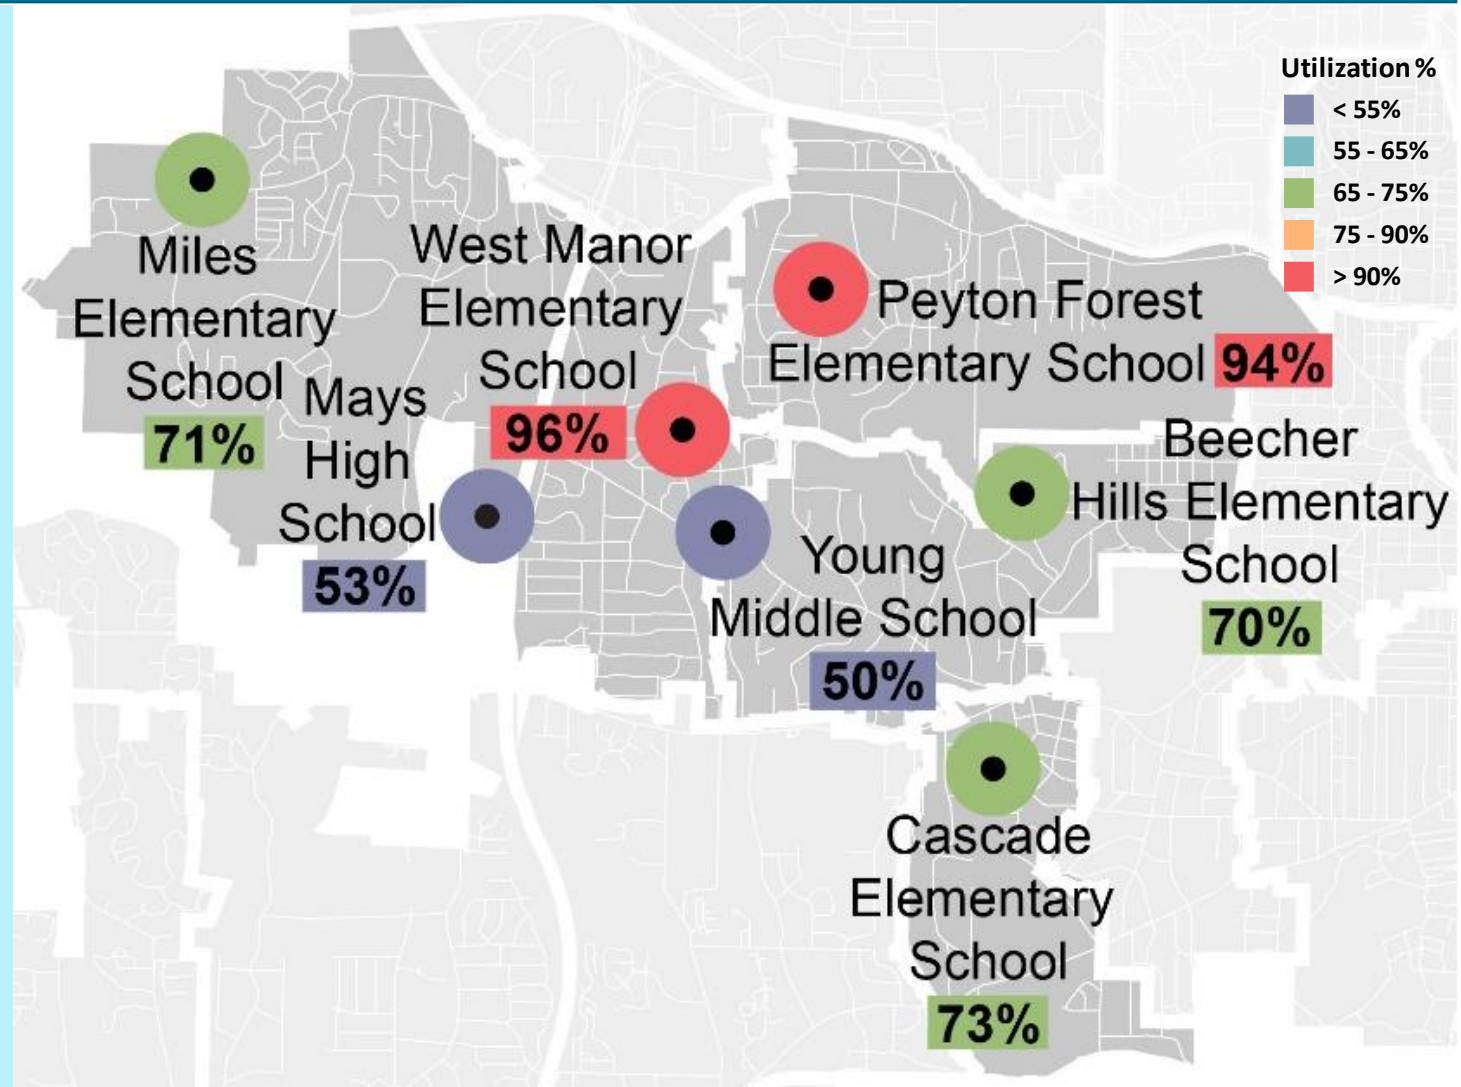

Items to Address:

- If we do nothing by the 2026-27 school year, the utilization in the elementary schools will be uneven with near over-crowding at West Manor, and Peyton Forest, while the other elementary schools have a lower utilization
- West Manor has a very small site which cannot accommodate portable classrooms

Consultant's Recommendations:

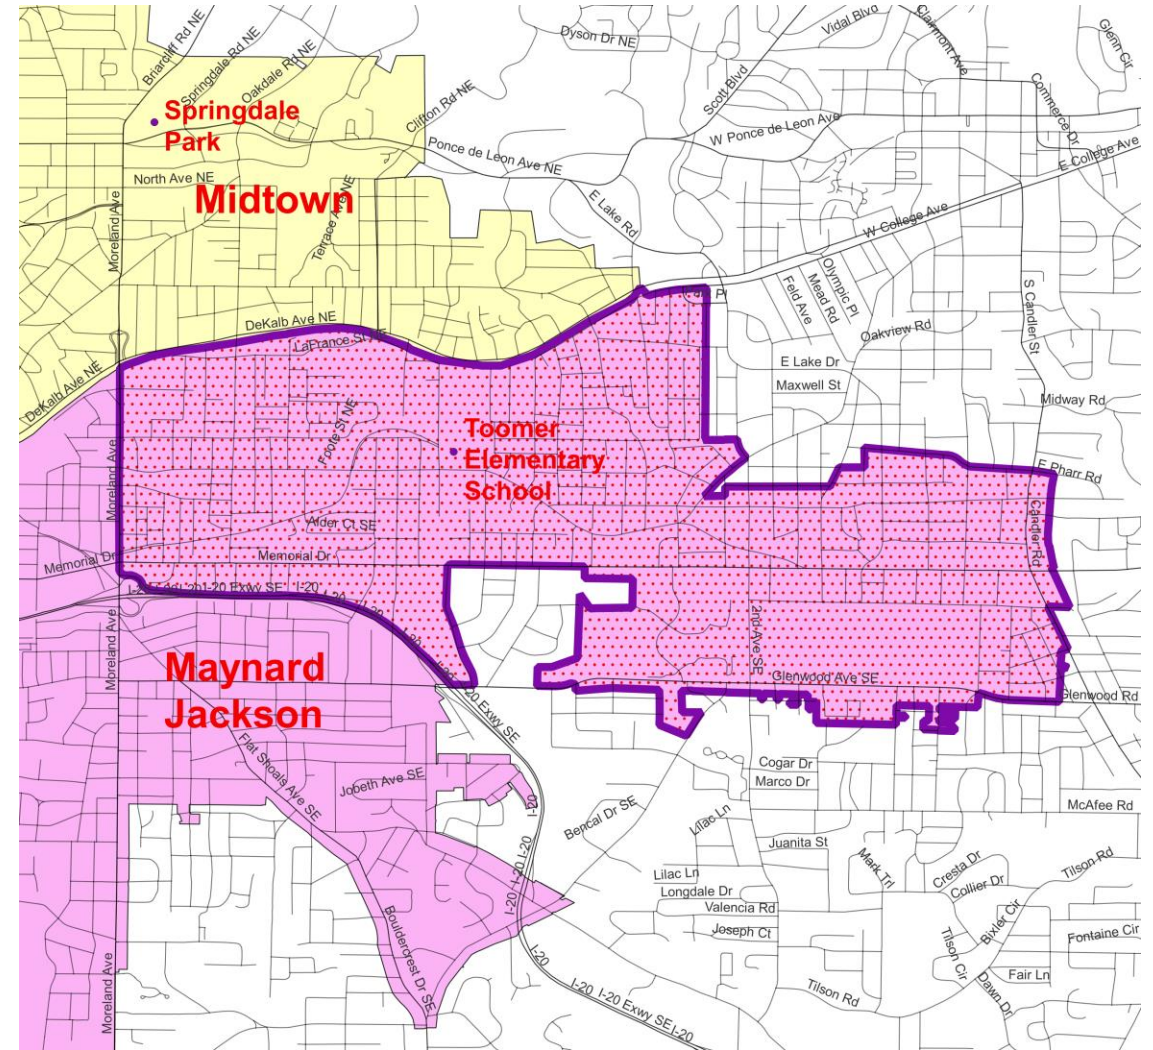

- Renovations to Peyton Forest are recommended. An addition to Peyton Forest is not recommended (modification to SPLOST 2022)
- Monitor enrollment at West Manor annually for action if needed

Toomer: Jackson Cluster

Toomer: Jackson Cluster

- Renovations to Toomer are recommended
- An addition to Toomer is not recommended (Modification to the SPLOST 2022)

Toomer Elementary School Projected Utilization (Based on SSF Capacity)

	2021-2022	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027	2031-2032
Toomer Elementary School	80%	90%	79%	80%	79%	79%	81%

Monitor Schools Below 65% Utilization

Schools that are projected to be below 65% capacity in 2026-2027

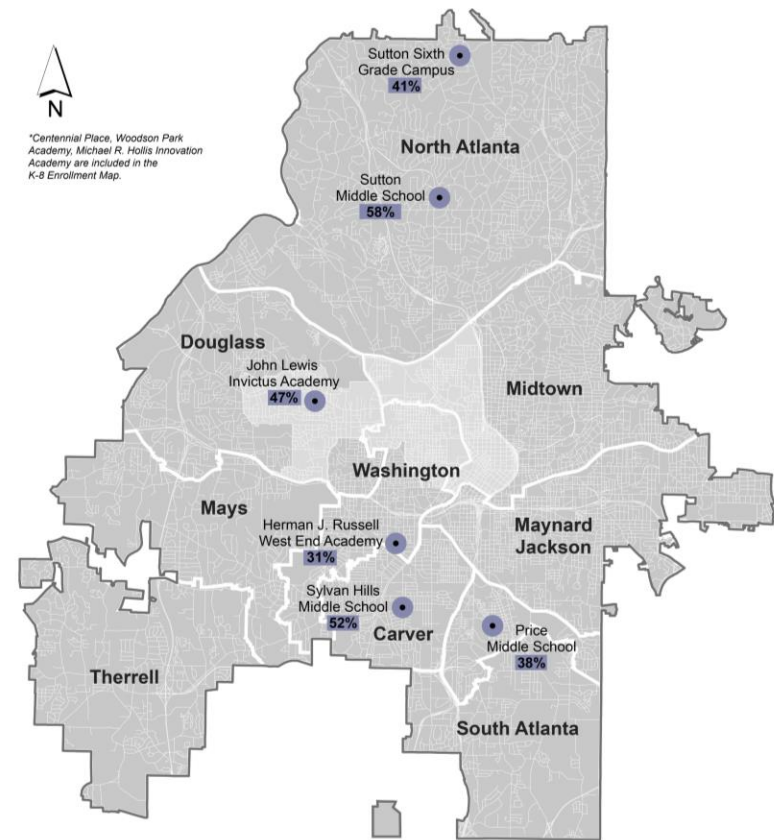

- Monitor annually for 2-3 years to determine changes in Utilization before considering potential solutions
- Schools partner with the community to leverage available space, while maintaining facilities for future educational capacity

Elementary Schools
Below 65% Utilization

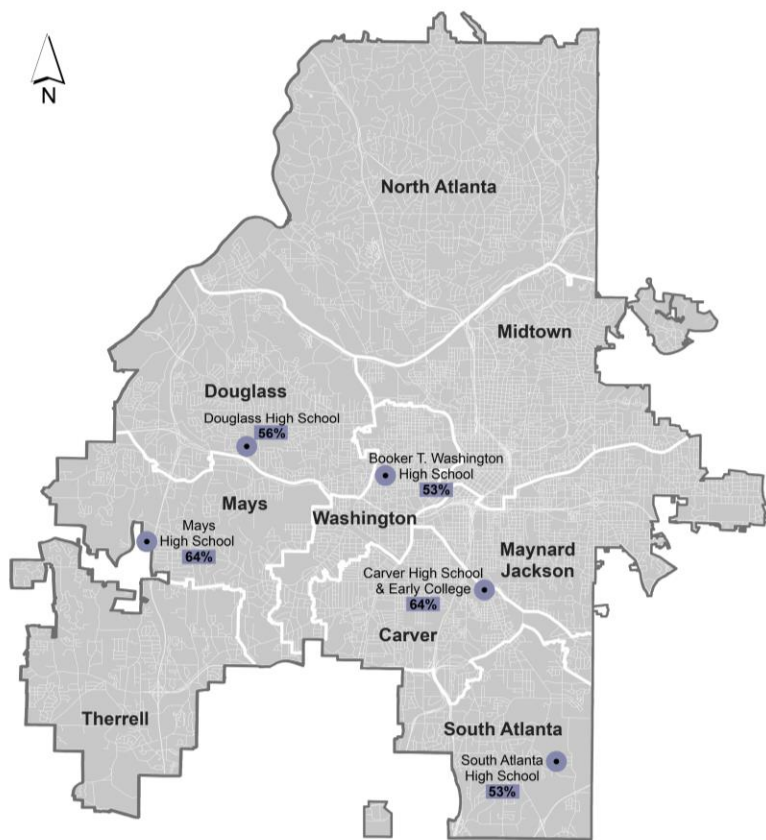

Monitor schools below 65% Utilization: Middle and High School & Multi-Level

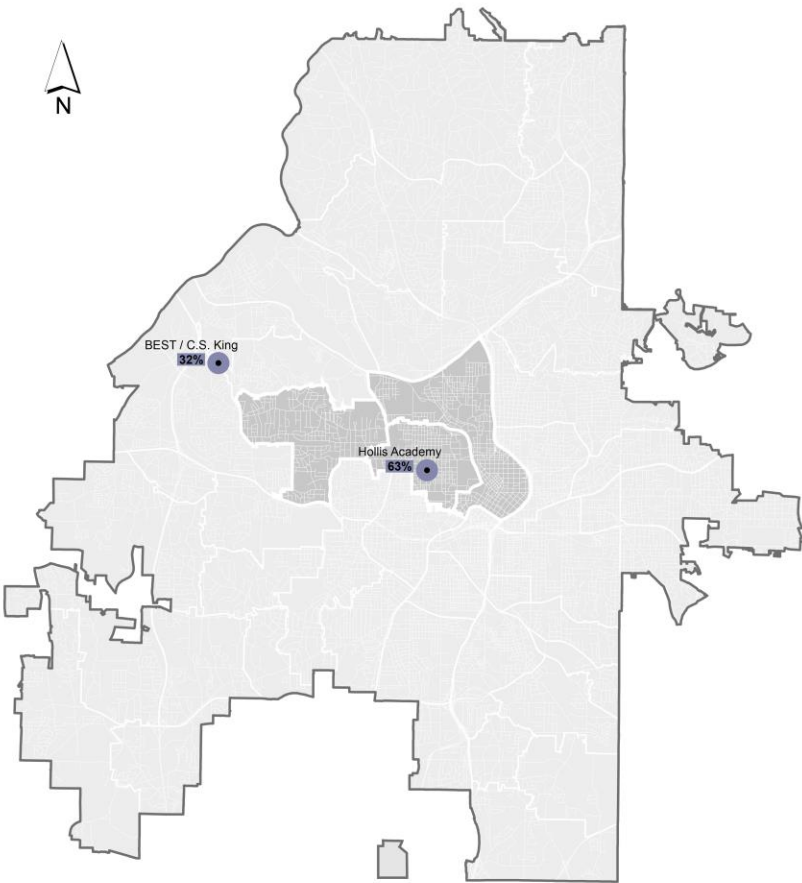

Middle Schools Below 65% Utilization in 2021-22

High Schools Below 65% Utilization in 2021-22

Multi-Level Schools Below 65% Utilization in 2021-22

Final Draft Consultant's Recommended Implementation Phasing for Active Schools

Phase 2: 24-25 SY and thereafter:

- 2024-2025 SY: Swap Lewis Invictus Academy (Middle School 6-8) facility with the BEST/CSKYWLA (6-12) facility
- SPLOST 2022 adjustments: Renovations are recommended at Toomer and Peyton Forest, but additions are not recommended.
- Annually monitor enrollment at West Manor, Woodson Park, and all schools with utilizations less than 65%

Atlanta Public Schools FACILITIES MASTER PLANNING

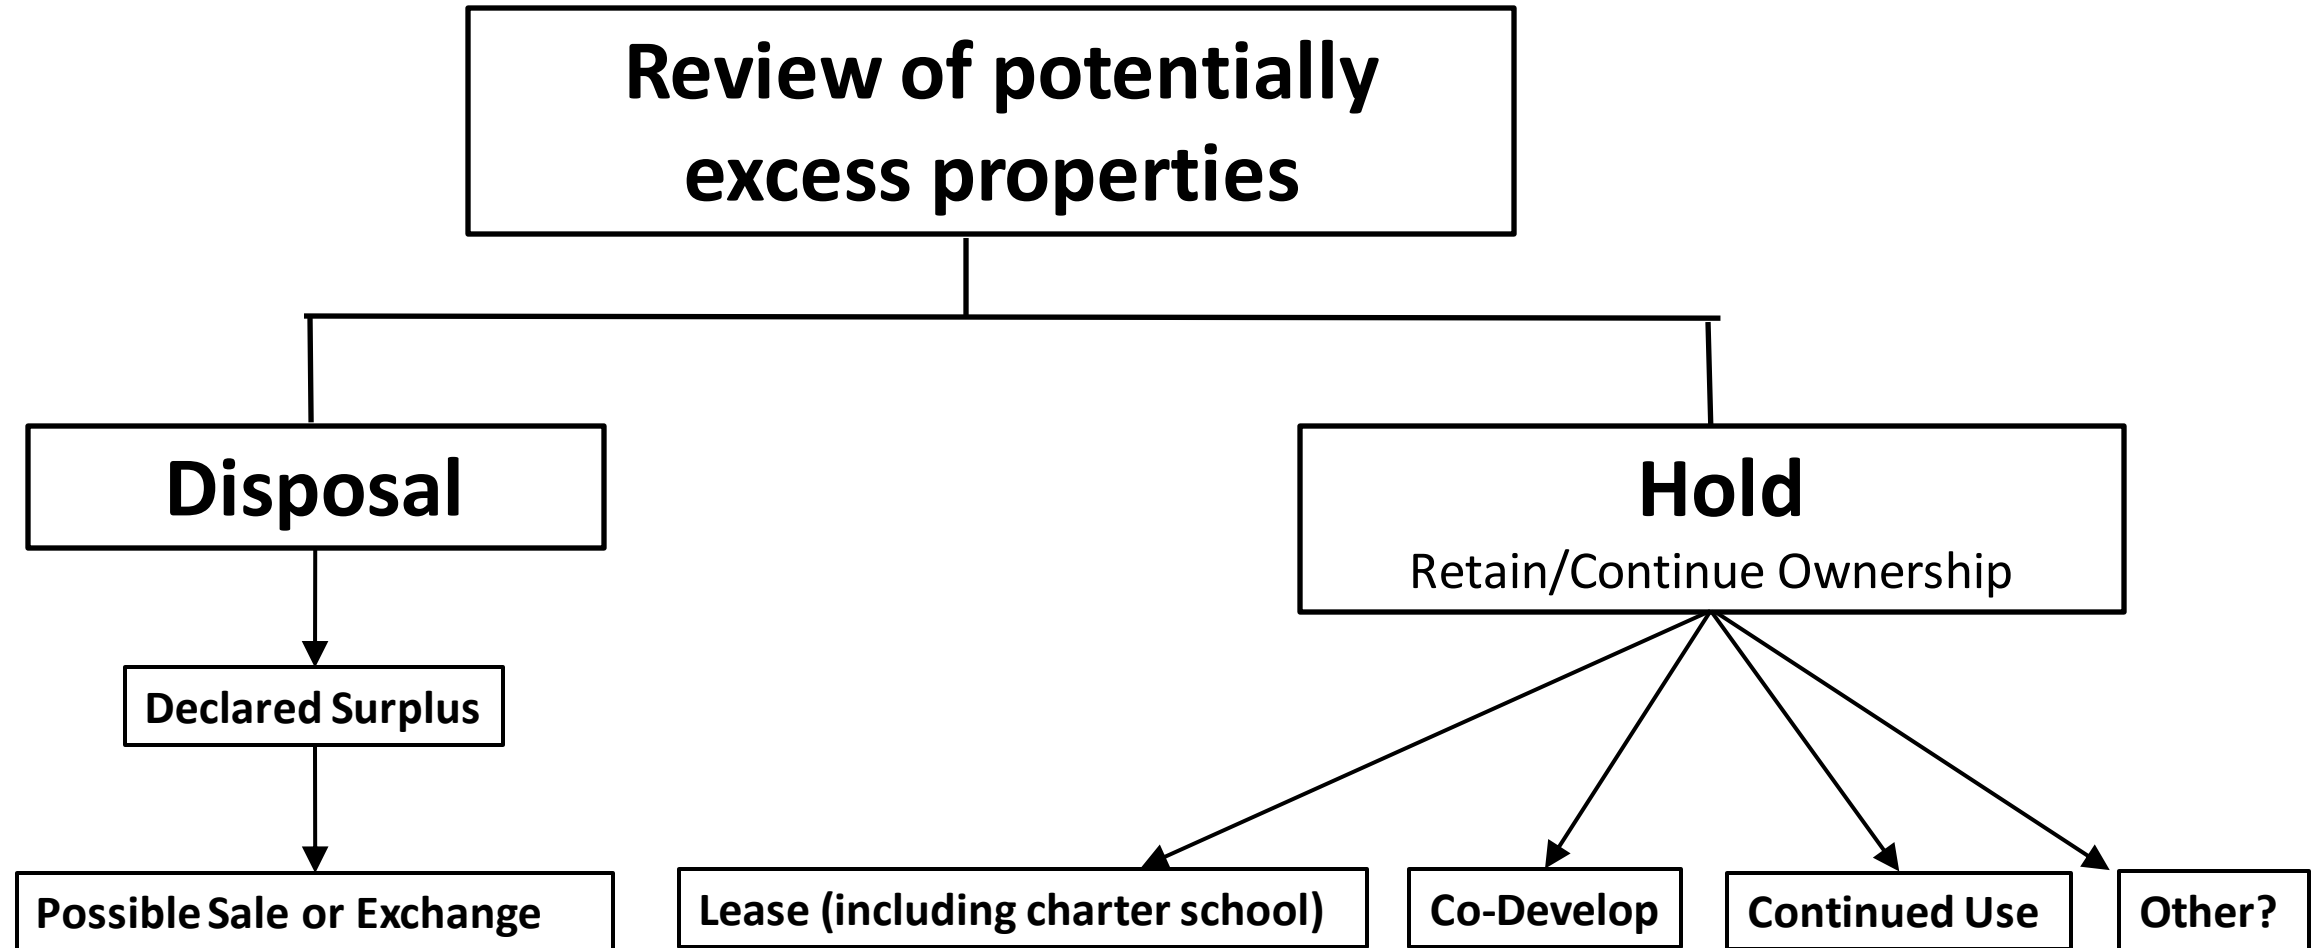

Excess Property Recommendations

August 11, 2022

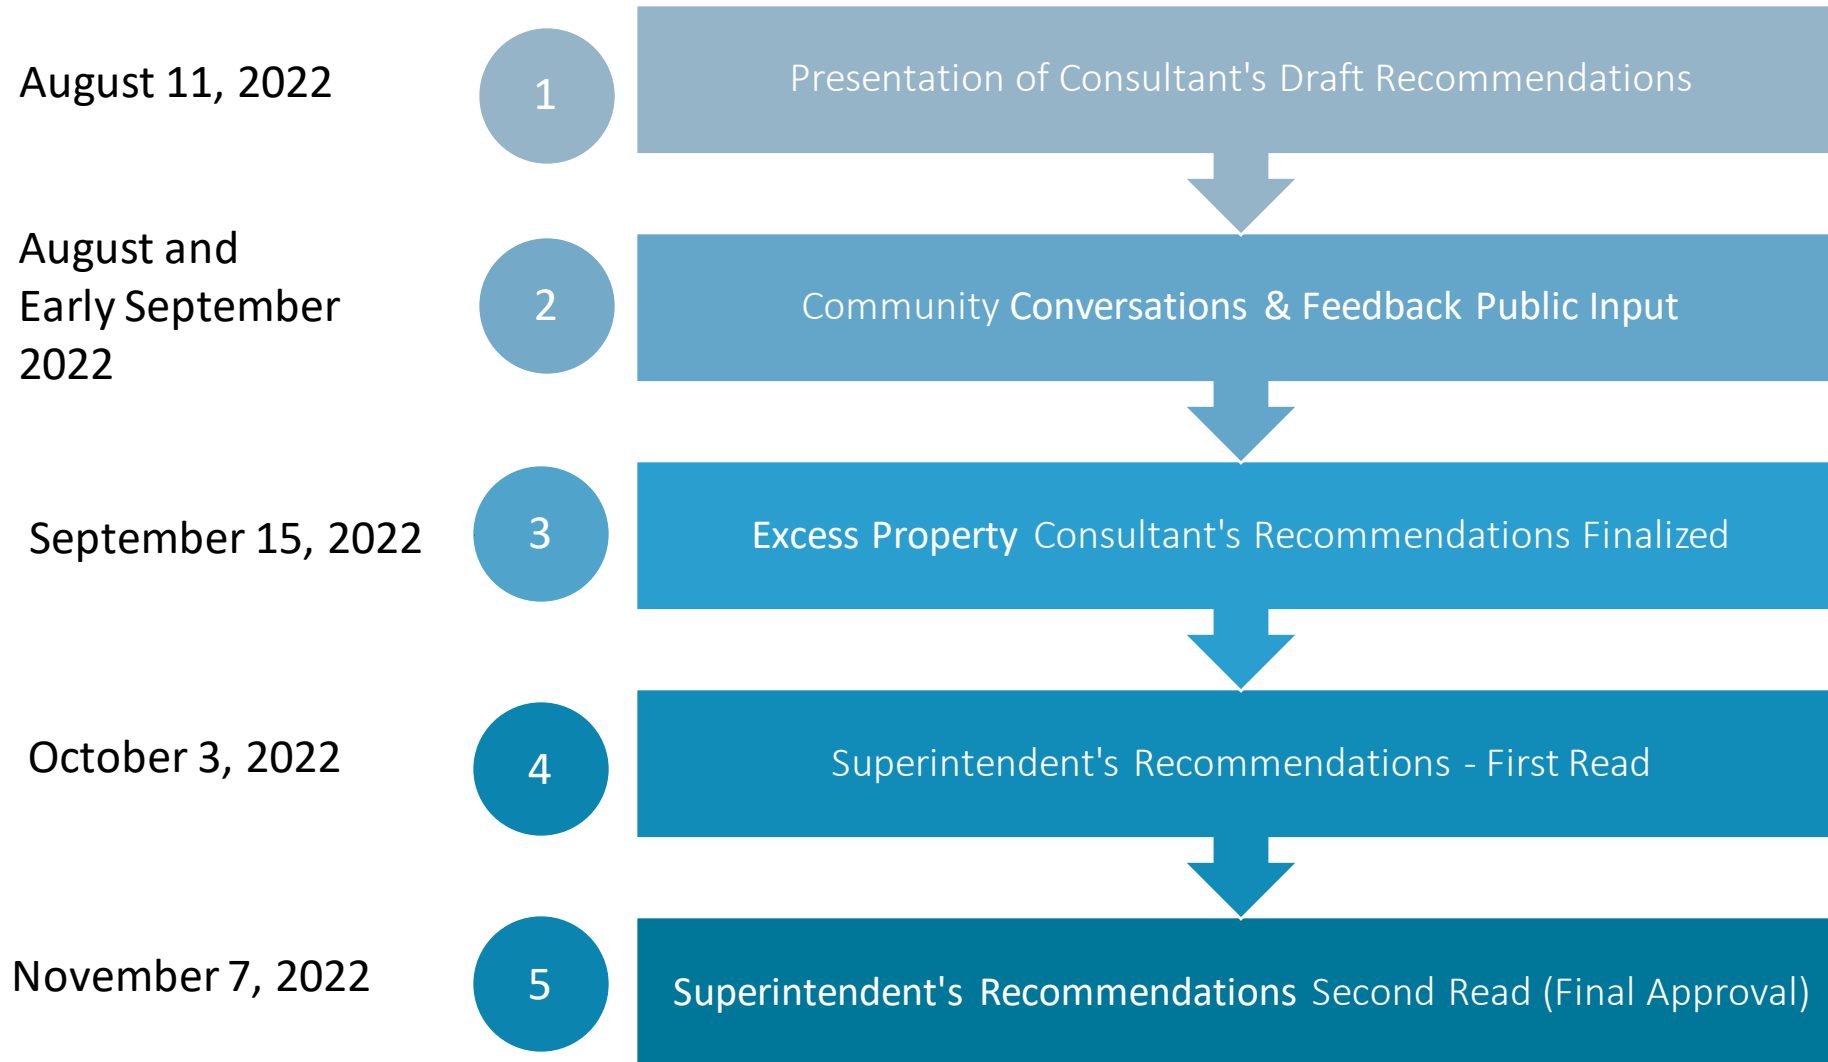

Definition of Terms

- **Potentially Excess Property** – 47 properties not currently in active use, as determined by APS; these are the properties that Sizemore is reviewing for “hold” or “disposal.”
- **Disposal** – Sale or exchange of property (no longer hold title to the property). No longer hold for active use.
- **Hold** – Maintain ownership for active or “reserve” Atlanta Public Schools use. May be leased.
- **Surplus** – A declaration by the Board of Education designating possible future disposal of properties.

Scope of work: Property Review and Disposal Process

Scope & Flow: Review of potentially excess properties

Problem Statement for Excess Properties

Problem Statement:

- APS must accommodate future student enrollment.
- APS owns properties including unused facilities & land.
- APS will use the outcome of this analysis to inform them on how to strengthen communities (such as by providing affordable housing, art centers, community centers, workforce housing, etc.).

Therefore, the plan needs to focus on:

- Holding properties needed for future enrollment within each cluster.
- Identifying properties for potential disposal.

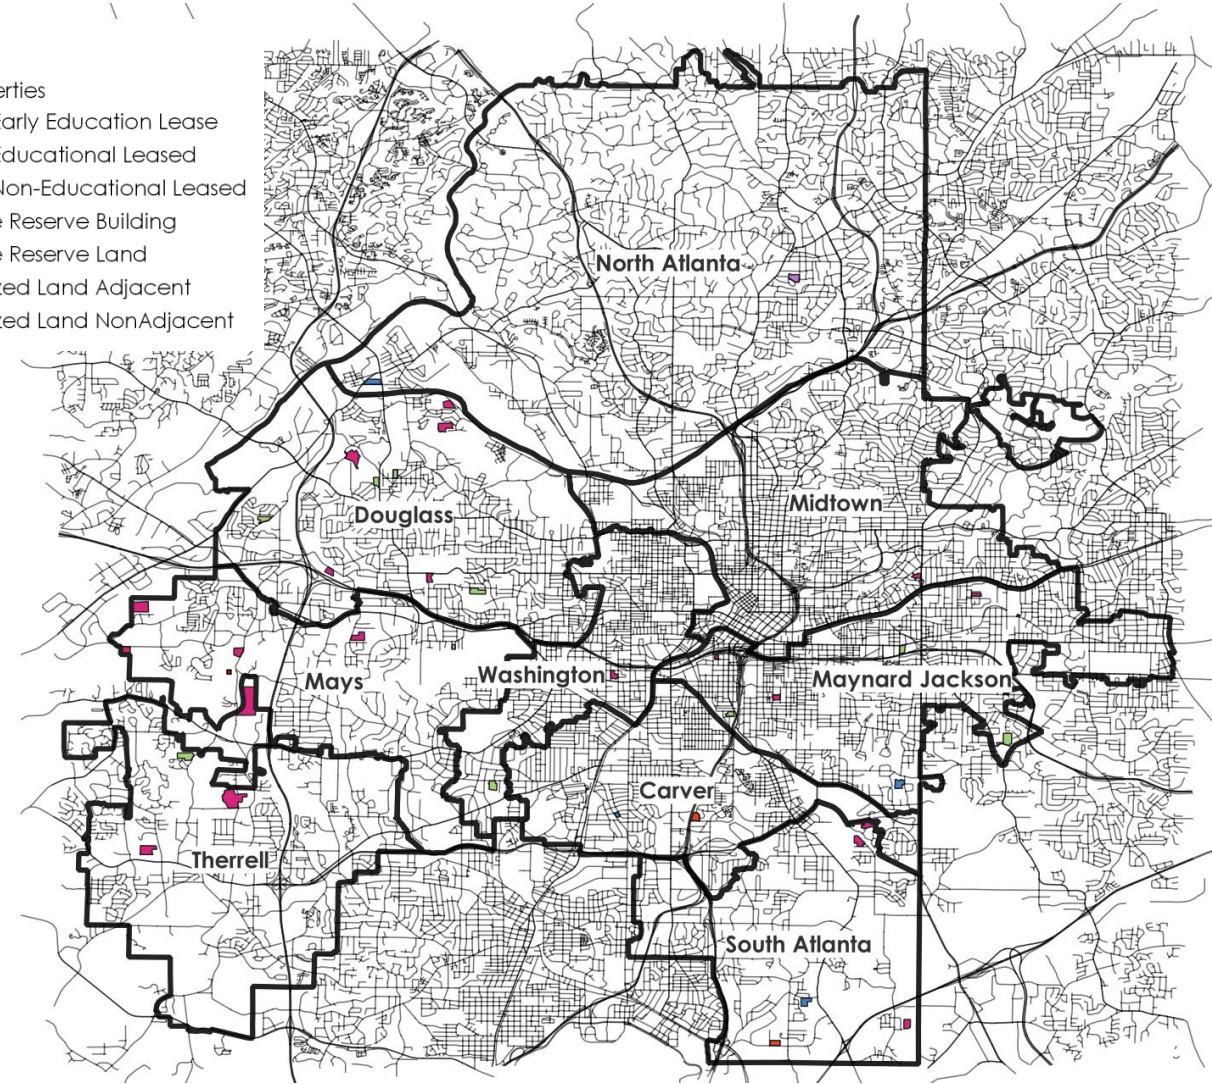

47 Potentially Excess Properties (PEPs)

Active	Active Early Education Lease	4
	Active Educational Leased	1
	Active K-12 Support APS	1
	Active Non-Educational Leased	2
Inactive Building	Inactive Reserve Building	13
Inactive Land	Inactive Reserve Land	21
	Undersized Land Adjacent	3
	Undersized Land Non-Adjacent	2

47 Potentially Excess Properties

Excess Properties

- Active Early Education Lease
- Active Educational Leased
- Active Non-Educational Leased
- Inactive Reserve Building
- Inactive Reserve Land
- Undersized Land Adjacent
- Undersized Land Non-Adjacent

All Potentially Excess Properties (1 of 2)

CATEGORY	EXCESS PROPERTIES	ADDRESS	CLUSTER	Area	Current Use
Active Early Education Leased	ELPM at Guice Elementary Facility	1485 Woodland Ave SE	Maynard Jackson	9.9	Leased: Easterseals Child Development (Expires 4/2032)
Active Early Education Leased	ELPM at Minnie Howell Elementary Facility	399 Macedonia Rd SE	South Atlanta	9.3	Leased: Easterseals / Premier Academy (Expires 5/2032)
Active Early Education Leased	ELPM at Sylvan Hills Elementary Facility	1757 Melrose Dr SW	Carver	2.5	Leased: Easterseals Child Development (Expires 6/2029)
Active Educational Leased	Atlanta International School at North Fulton High Facility	2890 N Fulton Dr NE	North Atlanta	9.3	Leased: Atlanta International School (Expires 6/2051)
Active K-12 Support APS	Little White House Facility	2548 Peachtree Battle Ave NW	North Atlanta	0.2	School: After school programming
Active Non-Educational Leased	AFR Training Gilbert at Facility	407 Ashwood Ave, SW	Carver	7.5	Leased: Atlanta Fire Rescue
Active Non-Educational Leased	APD Training at Harper ES Facility	180 Southside Industrial Pkwy SE	South Atlanta	7.4	Leased: Atlanta Police Department

Inactive Reserve Land	Melvin Drive Land Site	3895 Melvin Drive SW	Therrell	39.9	Land Holding
Inactive Reserve Land	Simpson Road Property	0 Joseph E Boone Blvd (SE corner of Boone & Sewanee)	Douglass	6.1	Wooded excess acreage
Inactive Reserve Land	Wooded Acreage @ Bunche Middle	1925 Niskey Lake Rd SW	Therrell	16.8	Wooded excess acreage
Inactive Reserve Land	Wooded Acreage @ Peyton Forest Elementary	0 Harlan Road SW (about 270)	Mays	12	Wooded excess acreage
Inactive Reserve Land	Wooded Land/Field Road	0 Watts Road NW	Douglass	19.1	Wooded excess acreage
Undersized Land Adjacent	Forrest Circle lot at South Atlanta High	0 Forrest Circle SE (about 895)	South Atlanta	0.4	Land Holding
Undersized Land Adjacent	Martin Street Lot at Obama ES	0 Martin Street SE (about 935)	Maynard Jackson	0.1	Land Holding
Undersized Land Adjacent	Welch Street Lots at Gideons ES	884 Welch Street SW	Carver	0.3	Land Holding
Undersized Land Non-Adjacent	Manigault/Reynoldstown (COA Park?)	0 Manigault St SE (about 1000)	Maynard Jackson	0.2	COA Park
Undersized Land Non-Adjacent	Terry Street Lot Site	753 Terry St SE	Maynard Jackson	0.1	Land Holding

Weighting Values of Four Criteria

1.The Greatest Weight (45%) is given to the **Utilization** of each Cluster.

- Elementary schools are considered the primary building block of each cluster.
- Middle schools and high schools may be expanded if the site allows it, or elementary schools might be redistricted from one cluster to another to allow for growing high school and middle school enrollment.

2.**Risk Hazards** are the second most valued criteria (30%).

- While some risks can be mitigated by the design of the site and building, they represent a limitation at least and a possible prohibitive criterion at the most severe.

3.**Property Size** (15%) while some sites are very small,

- They may add to and support an existing site.
- They may be supplemented by parks or community centers.
- They may be used for administrative services.
- APS operated the Campbell Elementary at 1.5 acres and are now operating Hope Hill with a 1.8-acre site.

4.**Proximity** (10%):

- A. Sites which are isolated from other schools, but in a potentially residential area may be useful, no matter the size. Proximity from Active Elementary School (5%).
- B. If two or more excess properties are close to one another, only one should be chosen to be developed as an elementary school. Proximity from another Potentially Excess Property (5%).

Excess Property Weighted Criteria Matrix

	Cluster	Property Name	Utilization	Risk Hazard	Property Size/Area	Proximity to active school	Proximity to other Potentially Excess Property	Weighted Score
			45%	30%	15%	5%	5%	100%
1	Carver	Welch Street Lots	4	2	4	4	2	3.3
2	Carver	Capitol View Elementary Facility	4	3	2	2	2	3.2
3	Washington	Former Peeples Street School Site	4	3	1	4	2	3.15
4	Carver	ELPM at Sylvan Hills Elementary Facility	4	2	3	4	2	3.15
5	Douglass	Simpson Road Property	4	3	1	0	4	3.05
6	Douglass	Towns Elementary Facility	4	3	1	4	0	3.05
7	South Atlanta	Lakewood Heights Elementary Facility	4	2	3	4	0	3.05
8	Douglass	Former Pitts Elementary Site	4	2	1	4	4	2.95
9	South Atlanta	ELPM at Minnie Howell Elementary Facility	4	2	1	4	2	2.85
10	Douglass	Former Collier Heights Elementary Site	4	2	1	4	0	2.75
11	Douglass	Anderson Park Elementary Facility	4	2	0	2	4	2.7
12	South Atlanta	Former Dobbs Elementary Site	4	2	0	2	4	2.7
13	Carver	AFR Training at Gilbert ES Facility	4	2	1	2	0	2.65
14	Douglass	Carey Elementary Facility	4	1	2	2	2	2.6
15	South Atlanta	Honor Farm Land Site	4	2	0	0	4	2.6
16	South Atlanta	APD Training at Harper ES Facility	4	1	1	4	2	2.55

Higher Scores are more favorable for disposal

Consultant's Recommendation: Disposal of Properties with a weighted score of greater than 2.5

Excess Property Weighted Criteria Matrix

	Cluster	Property Name	Utilization	Risk Hazard	Property Size/Area	Proximity to active school	Proximity to other Potentially Excess Property	Weighted Score
			45%	30%	15%	5%	5%	100%
17	Douglass	Former Finch Elementary Site	4	1	0	4	4	2.5
18	South Atlanta	Forrest Circle lot at South Atlanta High	4	0	4	0	2	2.5
19	Douglass	Wooded Land/Field Road	4	2	0	0	2	2.5
20	Washington	Venetian Hills Elementary Facility	4	1	1	4	0	2.45
21	Jackson	Martin Street Lot	1	3	4	4	4	2.35
22	South Atlanta	Forrest Canyon Land Site	4	1	1	0	2	2.35
23	Douglass	Williams Elementary Facility	4	1	1	0	2	2.35
24	Jackson	Manigault/Reynoldstown	1	3	4	2	4	2.25
25	Jackson	Former Cooper Street School Site	1	3	3	4	2	2.1
26	Jackson	Terry Street Lot Site	1	2	4	4	4	2.05
27	North Atlanta	Little White House Facility	1	2	4	4	2	1.95
28	Jackson	Warren Road Facility	1	2	4	4	2	1.95
29	Jackson	Pryor Street School Facility	1	3	2	2	2	1.85
30	Jackson	Hubert Elementary Facility	1	3	1	2	4	1.8
31	Jackson	Former McGill Elementary Site	1	2	2	4	4	1.75
32	Jackson	ELPM at Guice Elementary Facility	1	3	1	4	0	1.7
33	Therrell	West Atlanta Elementary Facility	2	2	0	0	2	1.6
34	Jackson	Former Wesley Avenue School Site	1	2	2	2	2	1.55
35	Mays	Rosalie Wright Elementary Facility	0	3	3	2	2	1.55

Higher Scores are more favorable for disposal

Recommendation: Disposal of Properties with a weighted score of greater than 2.5

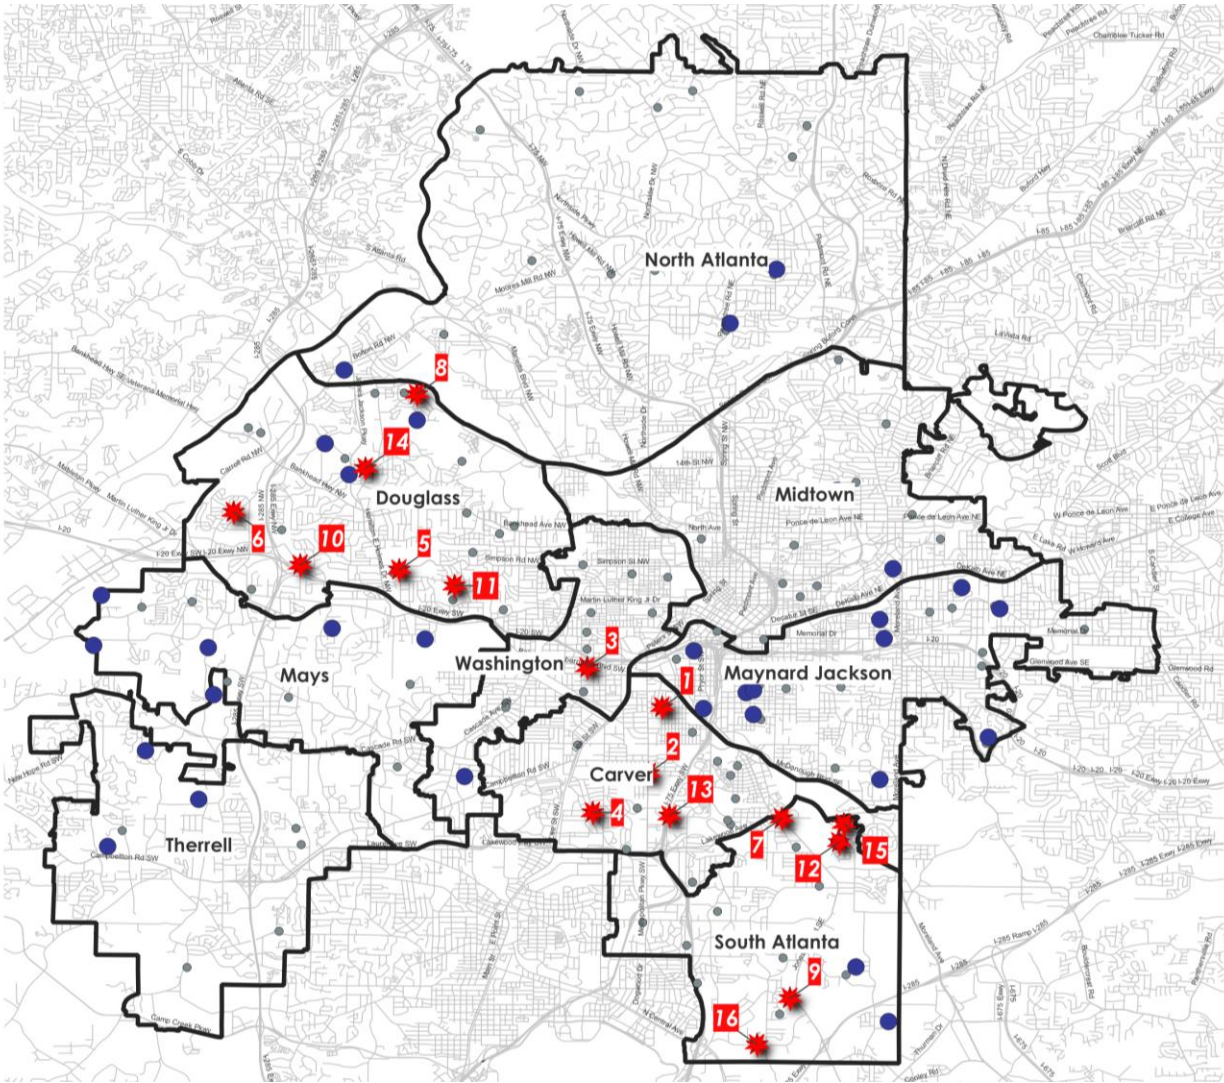

Excess Property Weighted Criteria Matrix

	Cluster	Property Name	Utilization	Risk Hazard	Property Size/Area	Proximity to active school	Proximity to other Potentially Excess Property	Weighted Score
			45%	30%	15%	5%	5%	100%
36	Midtown	Bass Field	0	3	2	4	2	1.5
37	North Atlanta	Atlanta International School at North Fulton High Facility	1	2	1	4	2	1.5
38	Therrell	Wooded Acreage @ Bunche Middle	2	2	0	0	0	1.5
39	Midtown	Inman Field of Dreams	0	2	4	4	0	1.4
40	North Atlanta	YMCA at Former Chattahoochee ES Facility	1	2	0	4	2	1.35
41	Therrell	Melvin Drive Land Site	2	1	0	0	2	1.3
42	Jackson	Marshall Middle Facility	1	2	0	2	0	1.15
43	Mays	Fairburn Road-Mays Site	0	2	0	0	4	0.8
44	Mays	Wooded Acreage @ Peyton Forest Elementary	0	2	0	4	0	0.8
45	Mays	LeConte Hwy Land Site	0	1	0	4	4	0.7
46	Mays	Fairburn Road Land Site	0	1	1	0	4	0.65
47	Mays	Boulder Park Land Site	0	1	0	2	4	0.6

Higher Scores are more favorable for disposal

Recommendation: Disposal of Properties with a weighted score of greater than 2.5

Summary of Consultant's Recommendations

16 Properties Recommended to Consider for Disposal

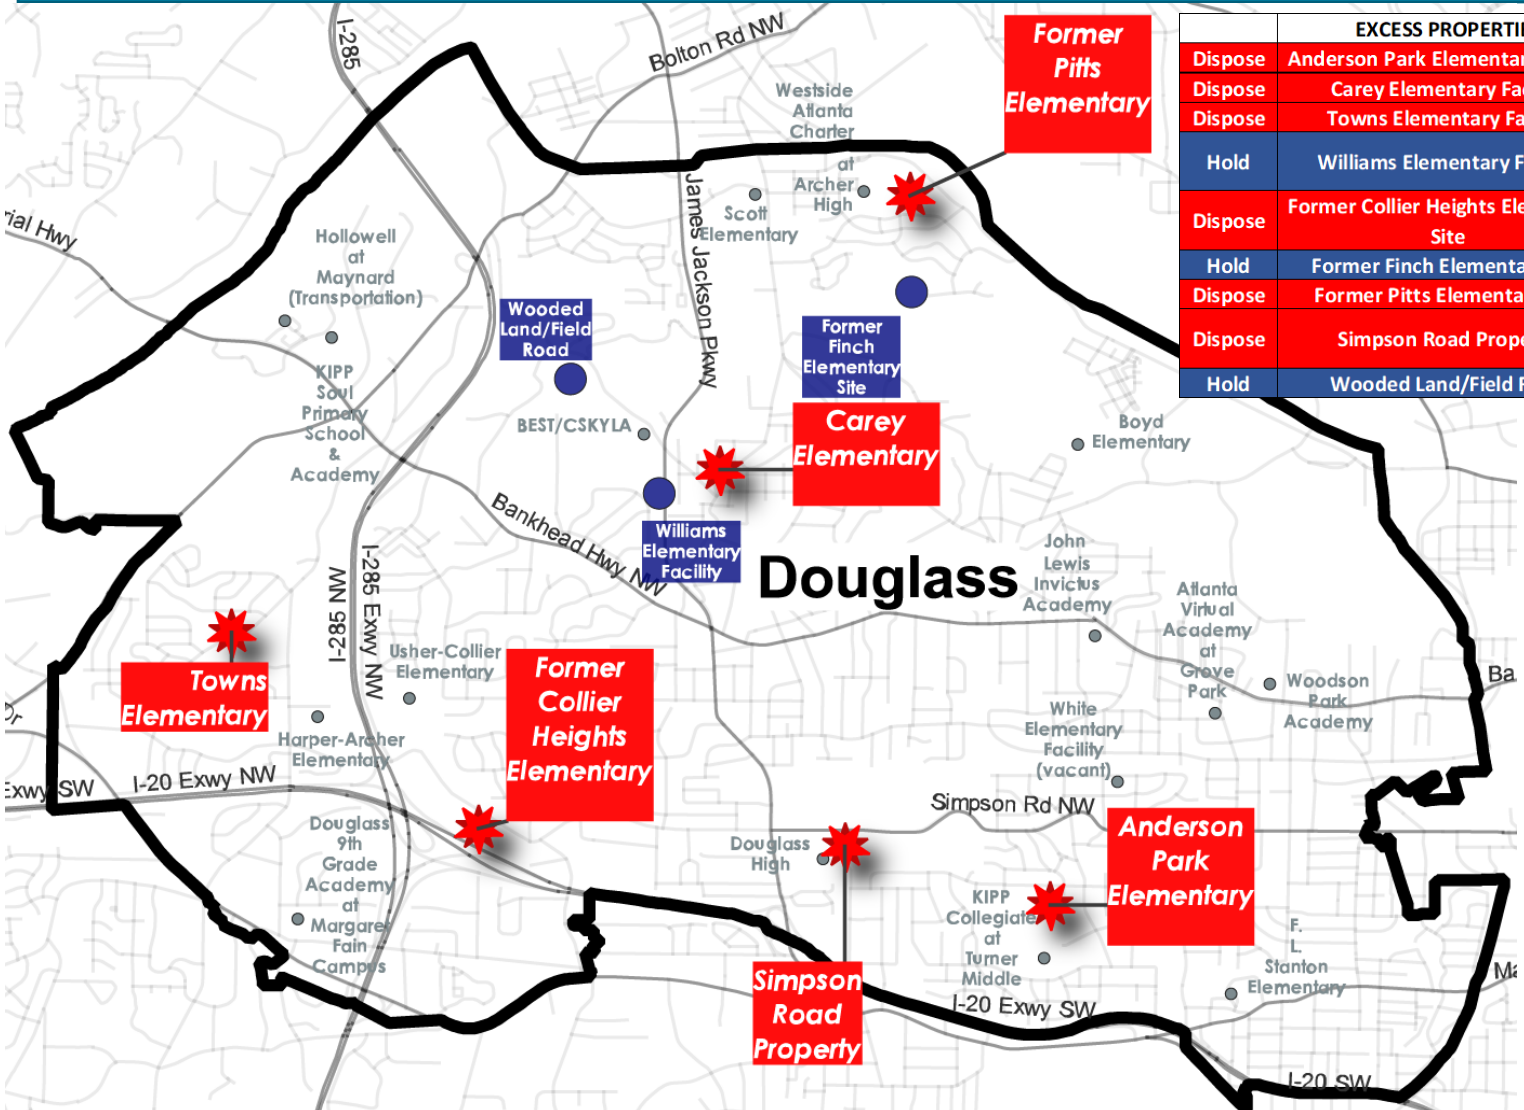

Label	Cluster	Property Name	Weighted Score
1	Carver	Welch Street Lots	3.3
2	Carver	Capitol View Elementary Facility	3.2
3	Washington	Former Peebles Street School Site	3.15
4	Carver	ELPM at Sylvan Hills Elementary Facility	3.15
5	Douglass	Simpson Road Property	3.05
6	Douglass	Towns Elementary Facility	3.05
7	South Atlanta	Lakewood Heights Elementary Facility	3.05
8	Douglass	Former Pitts Elementary Site	2.95
9	South Atlanta	ELPM at Minnie Howell Elementary Facility	2.85
10	Douglass	Former Collier Heights Elementary Site	2.75
11	Douglass	Anderson Park Elementary Facility	2.7
12	South Atlanta	Former Dobbs Elementary Site	2.7
13	Carver	AFR Training at Gilbert ES Facility	2.65
14	Douglass	Carey Elementary Facility	2.6
15	South Atlanta	Honor Farm Land Site	2.6
16	South Atlanta	APD Training at Harper ES Facility	2.55

Consultant's Final Draft Recommended Actions

Phase 2: 24-25 SY and thereafter:

- August 2022- Early September 2022 - Public Engagement
 - 2024-2025 SY: Swap Lewis Invictus Middle School facility with the BEST/CSKYW facility.
 - SPLOST 2022 adjustments: Renovations are recommended at Toomer and Peyton Forest, but additions are not recommended.
 - Annually monitor enrollment at West Manor, Woodson Park, and all schools with utilizations less than 65%.
 - **Consider the sixteen properties as potential for disposal.**

Engagement: Next Steps

New K-5 Midtown Elementary School

Purpose: To hire a principal; outline clear next steps for students, staff, and families; begin forming planning committees. (Collaborate)

Timeline: Fall 2022 (August: Principal Hire, September: Committee Launch)

High School Capacity (Carver, Washington, Midtown, Jackson)

Purpose: To work with the community on short-term and long-term strategies addressing both capacity challenges and opportunities to grow schools with available space (Collaborate)

Timeline: Fall 2022 (August 2022-January 2023)

Phase II (JLIA/BEST/CSK, Toomer, Peyton Forest, Monitor)

Purpose: To inform and receive feedback on the recommendations from the FMP Consultants (Consult)

Timeline: Fall 2022 (See Specific Timelines)

Potential Excess Properties

Purpose: To inform and receive feedback on the processes for designating excess properties and property uses (Consult)

Timeline: Fall 2022 (August 2022-September 2022)

High School Capacity Engagement Timeline

Purpose: To work with the community on short-term and long-term strategies addressing both capacity challenges and opportunities to grow schools with available space (Collaborate)

Timeline: Fall 2022 (August 2022-January 2023)

August 30

Kick-Off Meeting

Reconvene Small Groups, if needed

December

Leadership Review

* GO Teams will be included as small groups

Phase II: FMP Engagement Timeline

Purpose: To inform and receive feedback on the recommendations from the FMP Consultants (Consult)

Timeline: Fall 2022

Douglass Cluster (JLIA & BEST/CSK)

August 23rd Kick-Off

Virtual @ Noon & In-Person @ 6pm

September: GO Team Meetings (Elementary, JLIA, BEST, & CSK)

TBD, based on GO Team calendar

September: Focus Groups

Virtual & In-Person

Scheduled during August 23rd Meeting

September: Surveys

Distributed Paper & Electronic

Toomer & Peyton Forest

Engagement directly with school leadership and the design team

Monitoring & Addressing Underutilization

Create process for monitoring utilization and leverage recommendations from the over and under capacity engagement conversations

Phase II: Potential Excess Properties

Purpose: To inform and receive feedback on the processes for designating excess properties and property uses (Consult)

Timeline: Fall 2022 (August 2022-September 2022)

August 25th Kick-Off

Virtual @ Noon & In-Person @ 6pm

September: Focus Groups

Virtual & In-Person

September: NPU Meeting

TBD

Key Questions:

1. What are your thoughts on the criteria used to designate properties?
2. What should community engagement look like through the lifecycle of APS property designation?

Definition of Terms

Definition of terms, as defined by APS

- **Active Non-Educational Leased** – APS Properties that are leased as training facilities to other Governmental Agencies such as the Atlanta police and fire departments and WABE Broadcast Studios.
- **Active Administrative APS** – Administrative sites, Adult Education, Testing Center, teacher training, Service centers, Transportation Centers.
- **Active K-12 APS** – K-12 Schools currently in use by APS.
- **Active K-12 APS (Relocation)** – Administrative Relocation, Elementary School Relocation site, Storage.
- **Active Early Education Leased** – Properties that are currently in use as Early Education sites and which are operated by organizations outside of APS.
- **Active Educational Leased** – Properties which are leased to independent K-12 educational organizations, principally Charter Schools.
- **Active K-12 Support APS** – Properties currently used by APS for support operations such as Digital learning centers, bus parking and maintenance, and after school programming, and Athletics Facilities, Stadiums.

Definition of Terms

- **Inactive Reserve Land*** – Properties without any buildings/improvements.
- **Reserve Building*** – Properties with current use such as storage location, recreational field/site, and community use plus other properties which may be currently vacant.
- **Reserve Land*** – Potential or current community park, recreational sites, wooded sites adjacent to active facilities.
- **Undersized Land Adjacent*** – Small sites adjacent to currently active K-12 schools.
- **Undersized Land Non-Adjacent*** – Relatively isolated small sites.
- **ARC** – Atlanta Regional Commission - The Atlanta Regional Commission is the regional planning and intergovernmental coordination agency for the 10-county Atlanta region.
- **Proximity** – Closeness, a definition of how close a potentially excess property is from other APS Properties in walking distance.

* As defined by APS

Methodology and Four Criteria for Determining Potentially Excess Properties

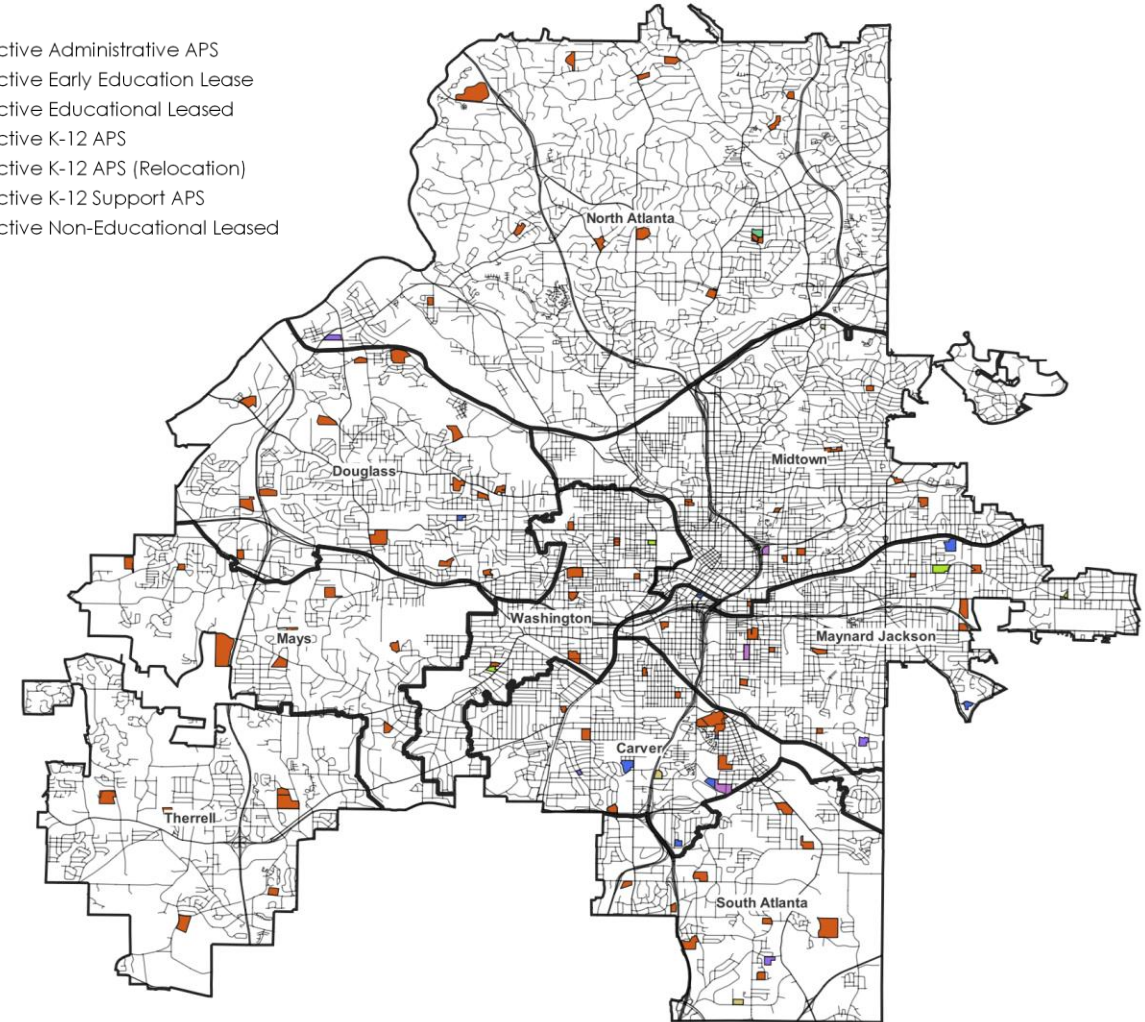

All Properties Actively Used by APS

APS has **105** (of 152) properties which are currently in-use:

Active Administrative APS	9
Active K-12 APS	85
Active K-12 APS (Relocation)	5
Active K-12 Support APS	4
Active Non-Educational APS	1
Active Non-Educational Leased	1

105 Active / In-Use Properties

- Active Administrative APS
- Active Early Education Lease
- Active Educational Leased
- Active K-12 APS
- Active K-12 APS (Relocation)
- Active K-12 Support APS
- Active Non-Educational Leased

Four Criteria and Methodology

Criteria:

1. Facilities' Utilization

2. Preliminary Risk Hazard

3. Developable for school or administrative use.

4. Geographic

Data:

ARC 2050 population data compared to the active school capacity of each cluster

Proximity to Rail/Highway, Natural Gas, High Power Electrical lines as defined by GDoE

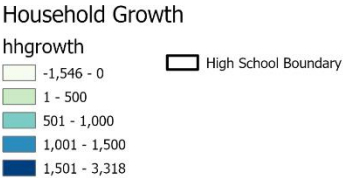

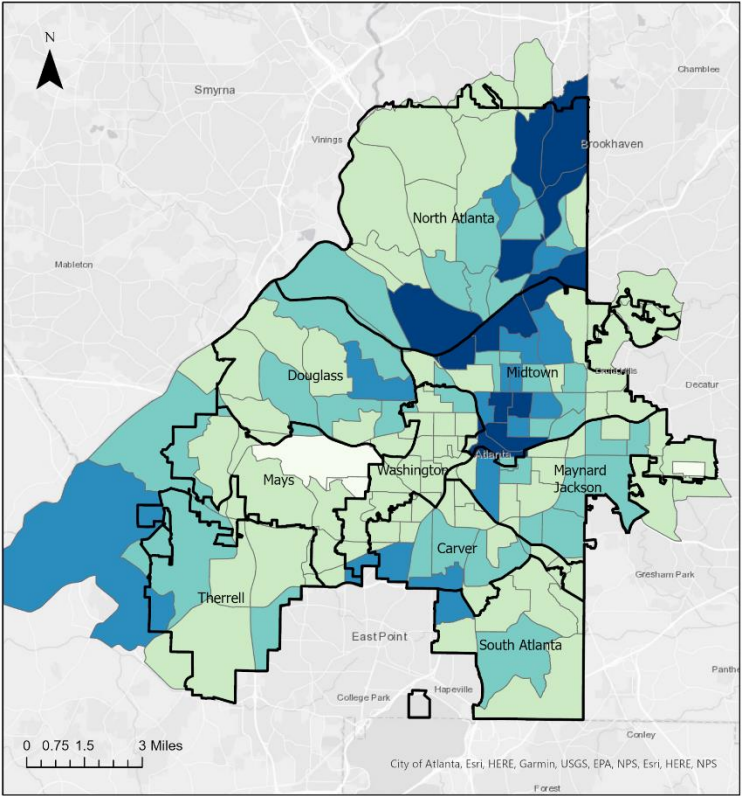

Size of Property

Proximity to other schools and other excess properties

Criteria #1: 2030-2050 School Age Enrollment Growth, By Cluster

School	Low Proportionate distribution of Elementary Growth	High Proportionate distribution of Elementary Growth	Low Proportionate distribution of Middle Growth	High Proportionate distribution of Middle Growth	Low Proportionate distribution of High Growth	High Proportionate distribution of High Growth
Midtown	1393	1901	649	885	892	1217
North Atlanta	1135	1549	397	541	520	709
Maynard Jackson	418	570	164	224	332	453
Douglass	255	348	142	194	168	230
Carver	273	373	120	163	131	179
Washington	219	299	89	121	112	153
Mays	151	206	56	77	78	106
South Atlanta	135	184	64	87	64	87
Therrell	129	176	56	76	56	76

ARC Household Growth Forecast by Census Tract, 2030 - 2050

Projected 2050 School Facility Utilization By Cluster

Cluster	School Type	School Name	School Capacity (SSF)	2050 High Projected Enrollment	2050 Utilization				
Carver	ES Total	Elementary Total	3552	1891	53%

South Atlanta	Former Dobbs Elementary Site	4
Carver	AFR Training at Gilbert ES Facility	4
Douglass	Carey Elementary Facility	4
South Atlanta	Honor Farm Land Site	4
South Atlanta	APD Training at Harper ES Facility	4
Douglass	Former Finch Elementary Site	4
South Atlanta	Forrest Circle lot at South Atlanta High	4
Douglass	Wooded Land/Field Road	4
Washington	Venetian Hills Elementary Facility	4
South Atlanta	Forrest Canyon Land Site	4
Douglass	Williams Elementary Facility	4

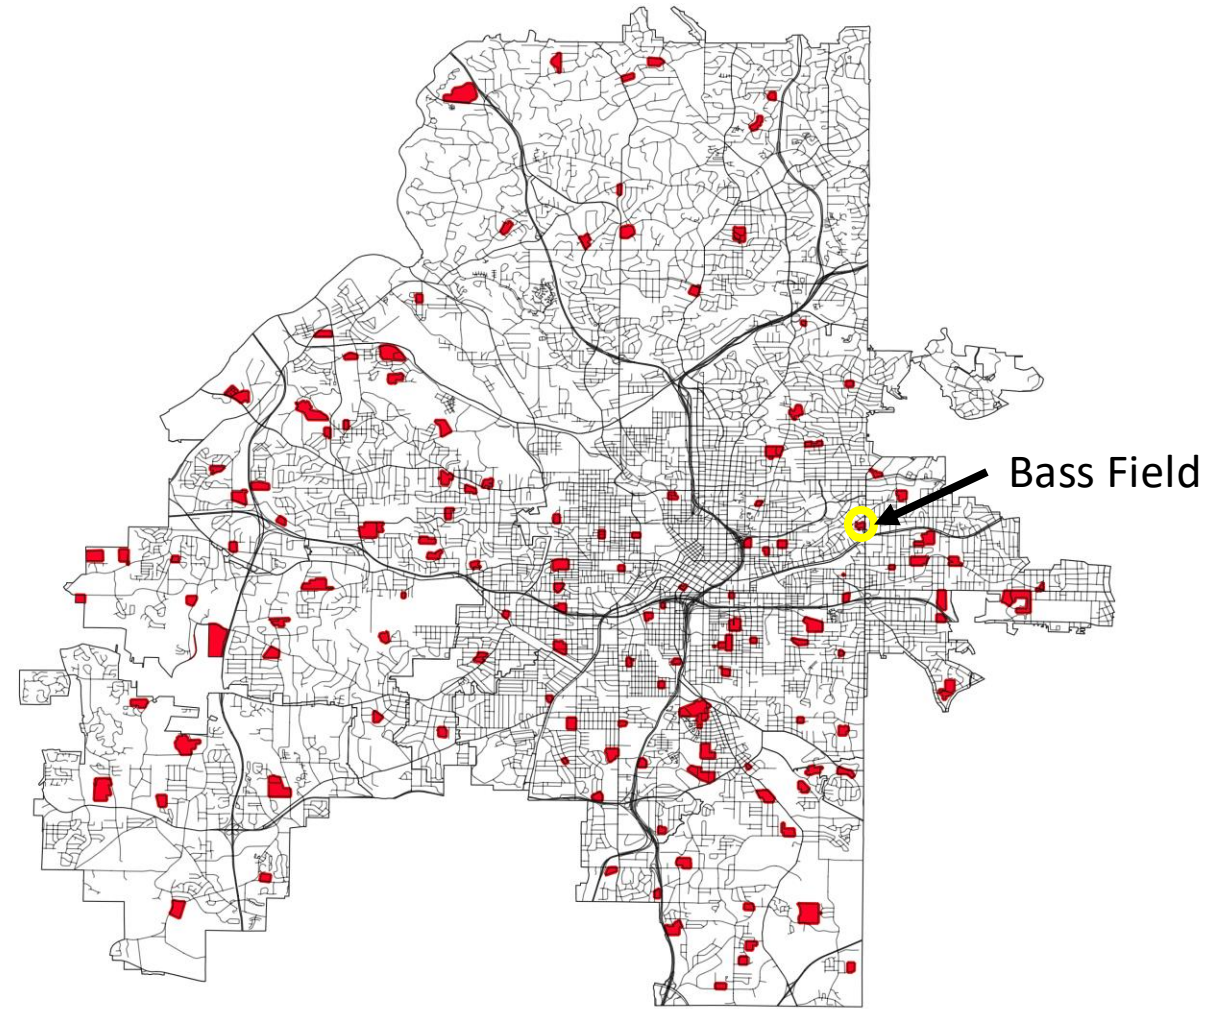

Higher Scores are more favorable for disposal

Utilization	
	Enrollment > 90% of Capacity
	Enrollment Between 75%-90%
	Enrollment between 65%-75%
	Enrollment between 55%-65%
	Enrollment below 55%

Note: % Utilization is using the high proportionate distribution of elementary student growth in 2050. Higher scores (range 0-4) are more favorable for disposal (vs hold).

Example: Bass Field – Criteria #1: 2050 Utilization

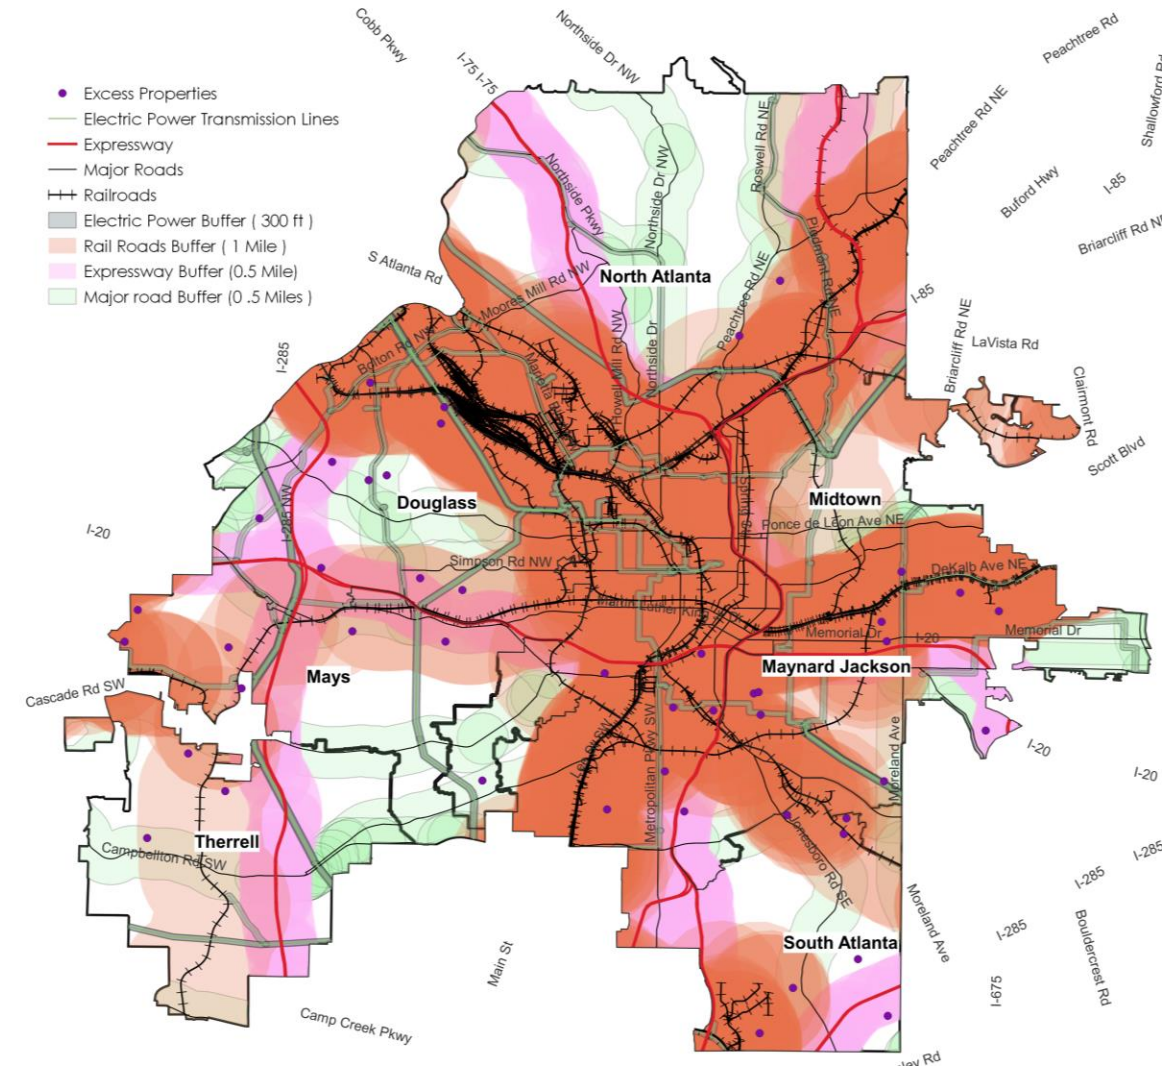

Bass Field is in the Midtown cluster which is projected to be overcrowded in 2050. The property scored 0 out of 4 with a high score favoring possible disposal.

Criteria # 2: Excess Sites with Risk-Hazard Issues

Obvious Risk Hazard Issues for Schools in Atlanta include:

- Major Roads – 0.5 Mile Buffer
- Expressways – 0.5 Mile Buffer
- Railroads – 1 Mile Buffer
- High Power Transmission Lines – 300' Buffer

Risk Hazards – as defined by GDoE

TABLE 2: DISTANCES FOR IDENTIFIED HAZARDS –

FEATURE	LOCATION/ ORIENTATION	COMMENTS
Streams	On or adjacent to Site	Unless a major stream or river, only streams located adjacent to or on the site are of concern for children's direct access
Streams	Up-Stream of Site	Large water-sheds are sources for flooding. sites located at confluence of streams are subject to flooding
Pond and Lakes	On or adjacent to Site	Bodies of water on or adjacent to site are of concern for children's direct access
	Up-Stream of Site	Source for flooding due to failure/breach or activating the emergency spillway
Power Lines	300 feet of Site	must be greater than 300 feet from the portion of the site to be used for facilities or where students gather
Fuel Pipelines	1 Mile Radius	
Chemical Pipelines	1Mile Radius	
Fuel Facilities	1Mile Radius	1/2 mile for gas stations and 1 mile for large fuel storage facilities
Industrial Facilities	1Mile Radius	
Airports	3Mile Radius	Sites should not be located in-line with runways.
Highways and Rail	1-Mile Radius	½ mile for highways and 1 mile for railroads
Landfills	½ Mile Radius	Landfills adjacent to a site can be a major concern for vectors and methane. Methane gas migration may extend ½-mile from landfill
Dry Cleaners	1-Mile Radius	Very few cleaners store large quantities of cleaning fluids.
Power Plants	1-Mile Radius	Electrical substations – ½ mile
Nuclear Facilities	3-Mile Radius	
Note: Other features, impacts or sources may exist and are not included in this table		

Obvious Risk Hazard

LABEL	Rail Roads Buffer	Major Roads Buffer	Expressway Buffer	Power Line Buffer	Total

Midtown	Bass Field	3

Higher Scores
are more
favorable for
disposal

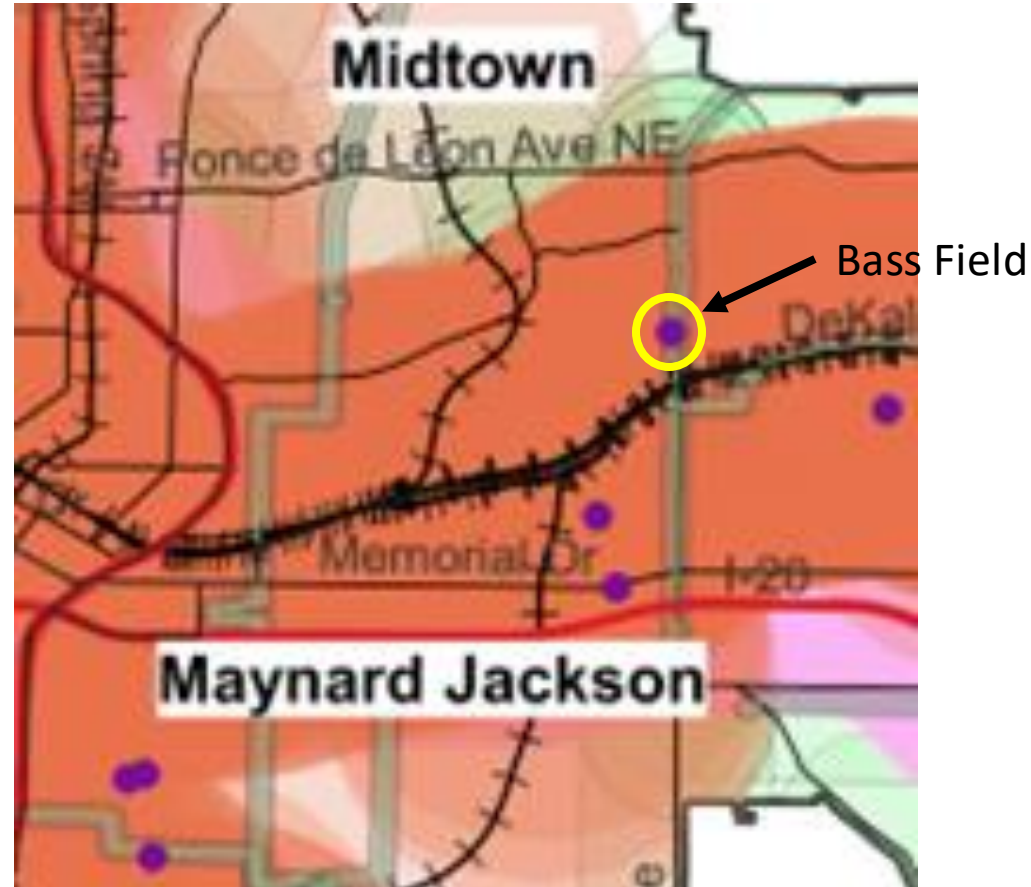

Obvious Risk Hazards	
	4 Risk Hazards
	3 Risk Hazards
	2 Risk Hazards
	1 Risk Hazards
	0 Risk Hazards

Example: Bass Field – Criteria #2, Risk Hazards

Bass Field is close to a Railroad, a State Highway and a 100 kVA Power Transmission Line.

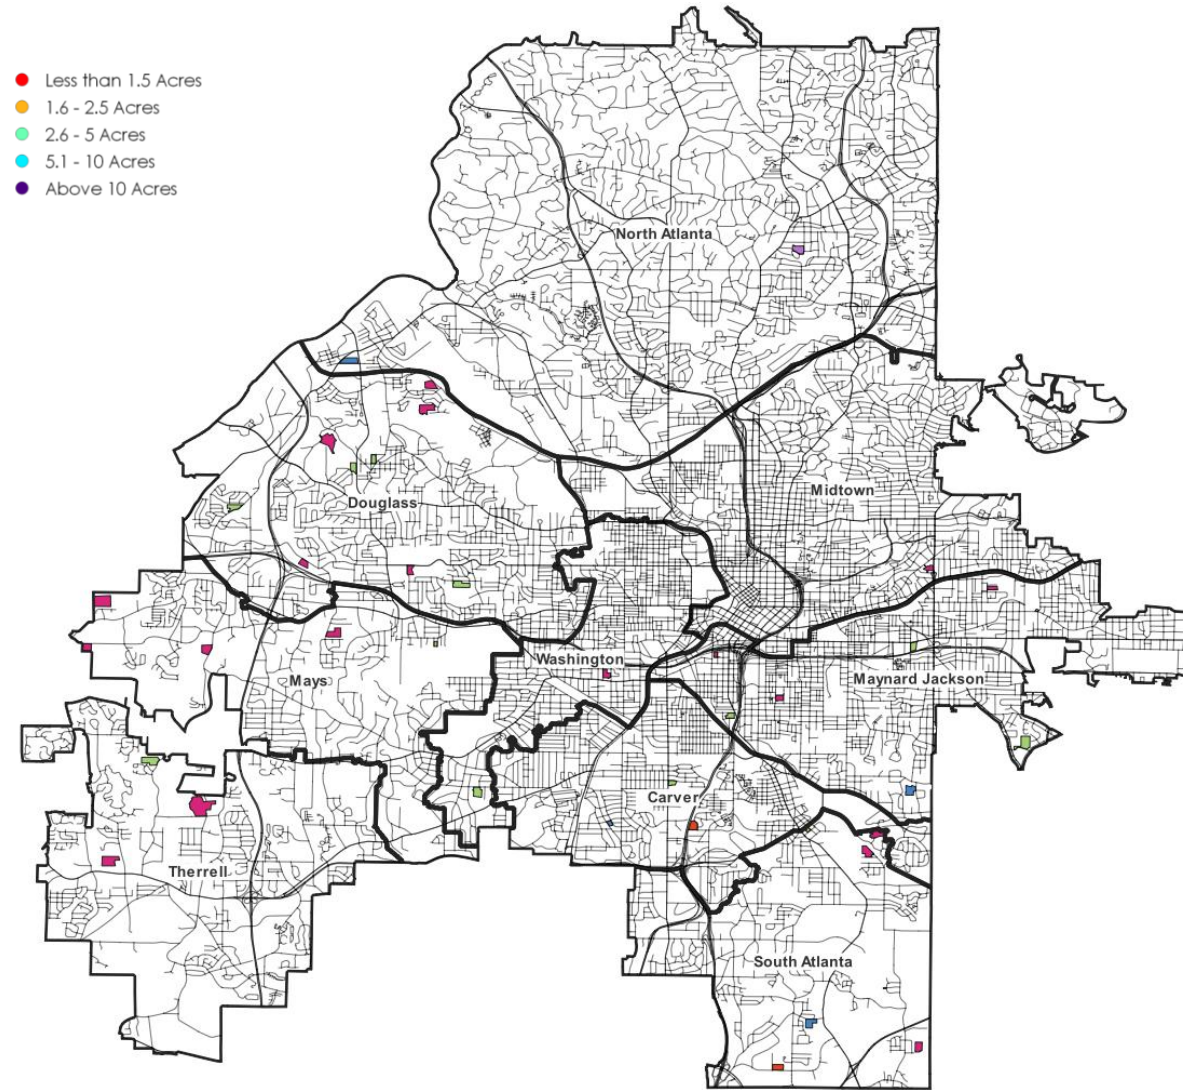

Scored 3 out of 4 with high score favoring possible disposal.

kVA – kilovolt-ampere

Criteria #3: Property Size

- Small Properties are difficult to build on, BUT
- Other factors may make a small site desirable for school use:
 - Adjacent Park
 - Location in High Growth Area
 - Distance from Other schools
- Other school uses may be needed

Criteria #3: PEPs, By Site Size

Cluster	Property Name	Property Size/Area
		15%

Douglass	Anderson Park Elementary Facility	0
South Atlanta	Former Dobbs Elementary Site	0
South Atlanta	Honor Farm Land Site	0
Douglass	Former Finch Elementary Site	0
Douglass	Wooded Land/Field Road	0
Therrell	West Atlanta Elementary Facility	0
Therrell	Wooded Acreage @ Bunche Middle	0
North Atlanta	YMCA at Former Chattahoochee ES Facility	0

South Atlanta	Lakewood Heights Elementary Facility	3
Jackson	Former Cooper Street School Site	3
Mays	Rosalie Wright Elementary Facility	3
Carver	Welch Street Lots	4
South Atlanta	Forrest Circle lot at South Atlanta High	4
Jackson	Martin Street Lot	4
Jackson	Manigault/Reynoldstown	4
Jackson	Terry Street Lot Site	4
North Atlanta	Little White House Facility	4
Jackson	Warren Road Facility	4
Midtown	Inman Field of Dreams	4

Higher Scores are more favorable for disposal

Property Size	
	less than 1.5 Acres
	Between 1.5 and 2.5 Acres
	Between 2.6 and 5 Acres
	Between 5.1 and 10 Acres
	Over 10 Acres

Example: Bass Field – Criteria #3, Site Size

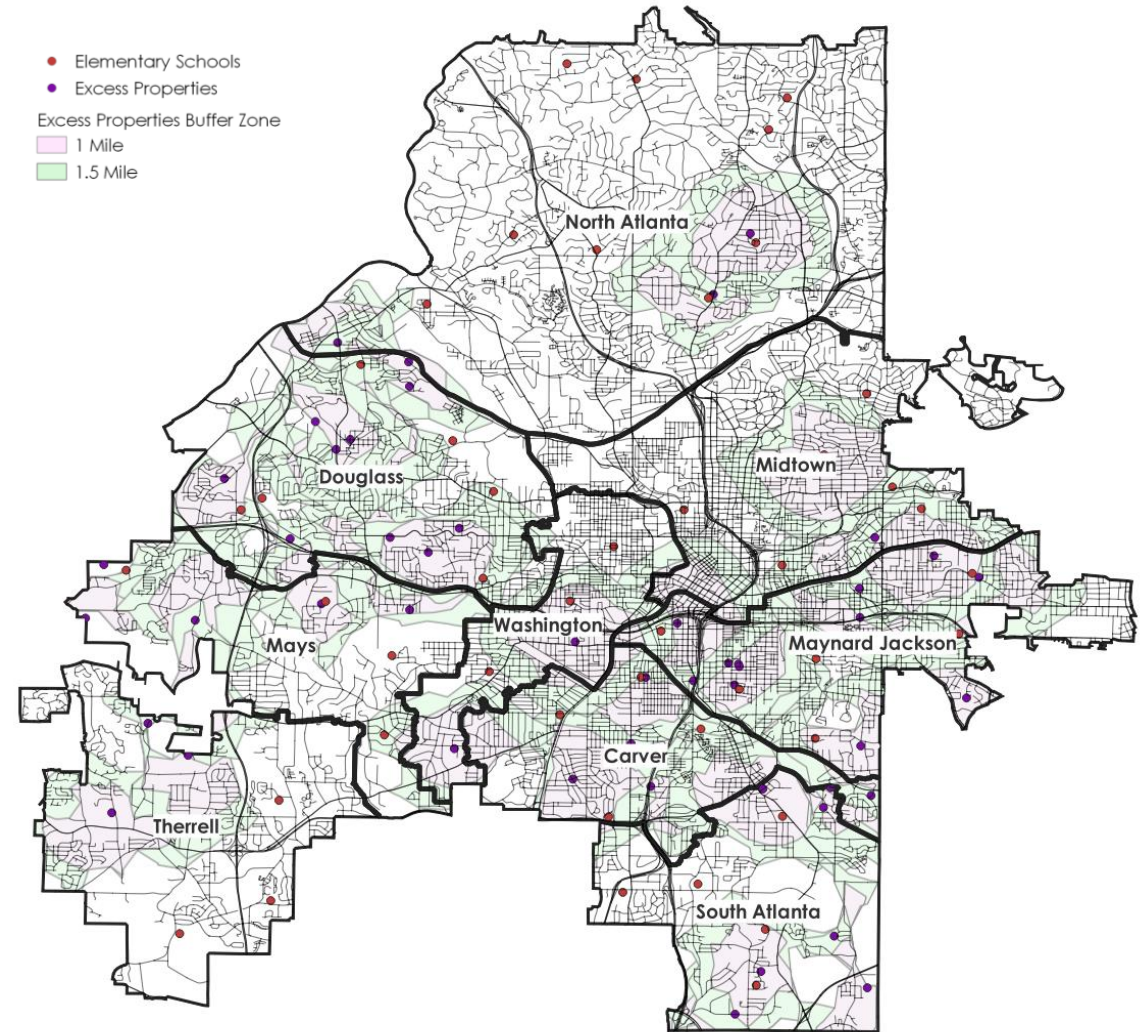

The Bass Field site is 4.8 acres in size, between 2.6 and 5.0 Acres. Scored 2 out of 4 with high score favoring possible disposal.

Bass Field

Criteria #4: Proximity – Potentially Excess Properties

- Potentially Excess Properties within 1 or 1.5 miles walking distance of another school may be too close to be useful as an elementary school site.
- Properties within 1 or 1.5 miles of another Potentially Excess Property may be redundant. Perhaps another nearby property is a better choice for use as a school site.

Criteria #4A: PEPs, Proximity to Active Elementary School

Cluster	Property Name	Proximity to active school
		5%

Douglass	Simpson Road Property	0
Douglass	Williams Elementary Facility	0
Douglass	Wooded Land/Field Road	0
Mays	Fairburn Road Land Site	0
Mays	Fairburn Road-Mays Site	0

Jackson	Hubert Elementary Facility	2
Jackson	Manigault/Reynoldstown	2
Jackson	Marshall Middle Facility	2
Jackson	Pryor Street School Facility	2
Mays	Boulder Park Land Site	2
Mays	Rosalie Wright Elementary Facility	2
South Atlanta	Former Dobbs Elementary Site	2

Cluster	Property Name	Proximity to active school
		5%

Carver	ELPM at Sylvan Hills Elementary Facility	4
Carver	Welch Street Lots	4
Douglass	Former Collier Heights Elementary Site	4
Douglass	Former Finch Elementary Site	4
Douglass	Former Pitts Elementary Site	4
Douglass	Towns Elementary Facility	4
Jackson	ELPM at Guice Elementary Facility	4
Jackson	Former Cooper Street School Site	4
Jackson	Former McGill Elementary Site	4
Jackson	Martin Street Lot	4
Jackson	Terry Street Lot Site	4
Jackson	Warren Road Facility	4
Mays	LeConte Hwy Land Site	4
Mays	Wooded Acreage @ Peyton Forest Elementary	4
Midtown	Bass Field	4
Midtown	Inman Field of Dreams	4
North Atlanta	Atlanta International School at North Fulton High Facility	4
North Atlanta	Little White House Facility	4
North Atlanta	YMCA at Former Chattahoochee ES Facility	4
South Atlanta	APD Training at Harper ES Facility	4
South Atlanta	ELPM at Minnie Howell Elementary Facility	4
South Atlanta	Lakewood Heights Elementary Facility	4
Washington	Former Peeples Street School Site	4
Washington	Venetian Hills Elementary Facility	4

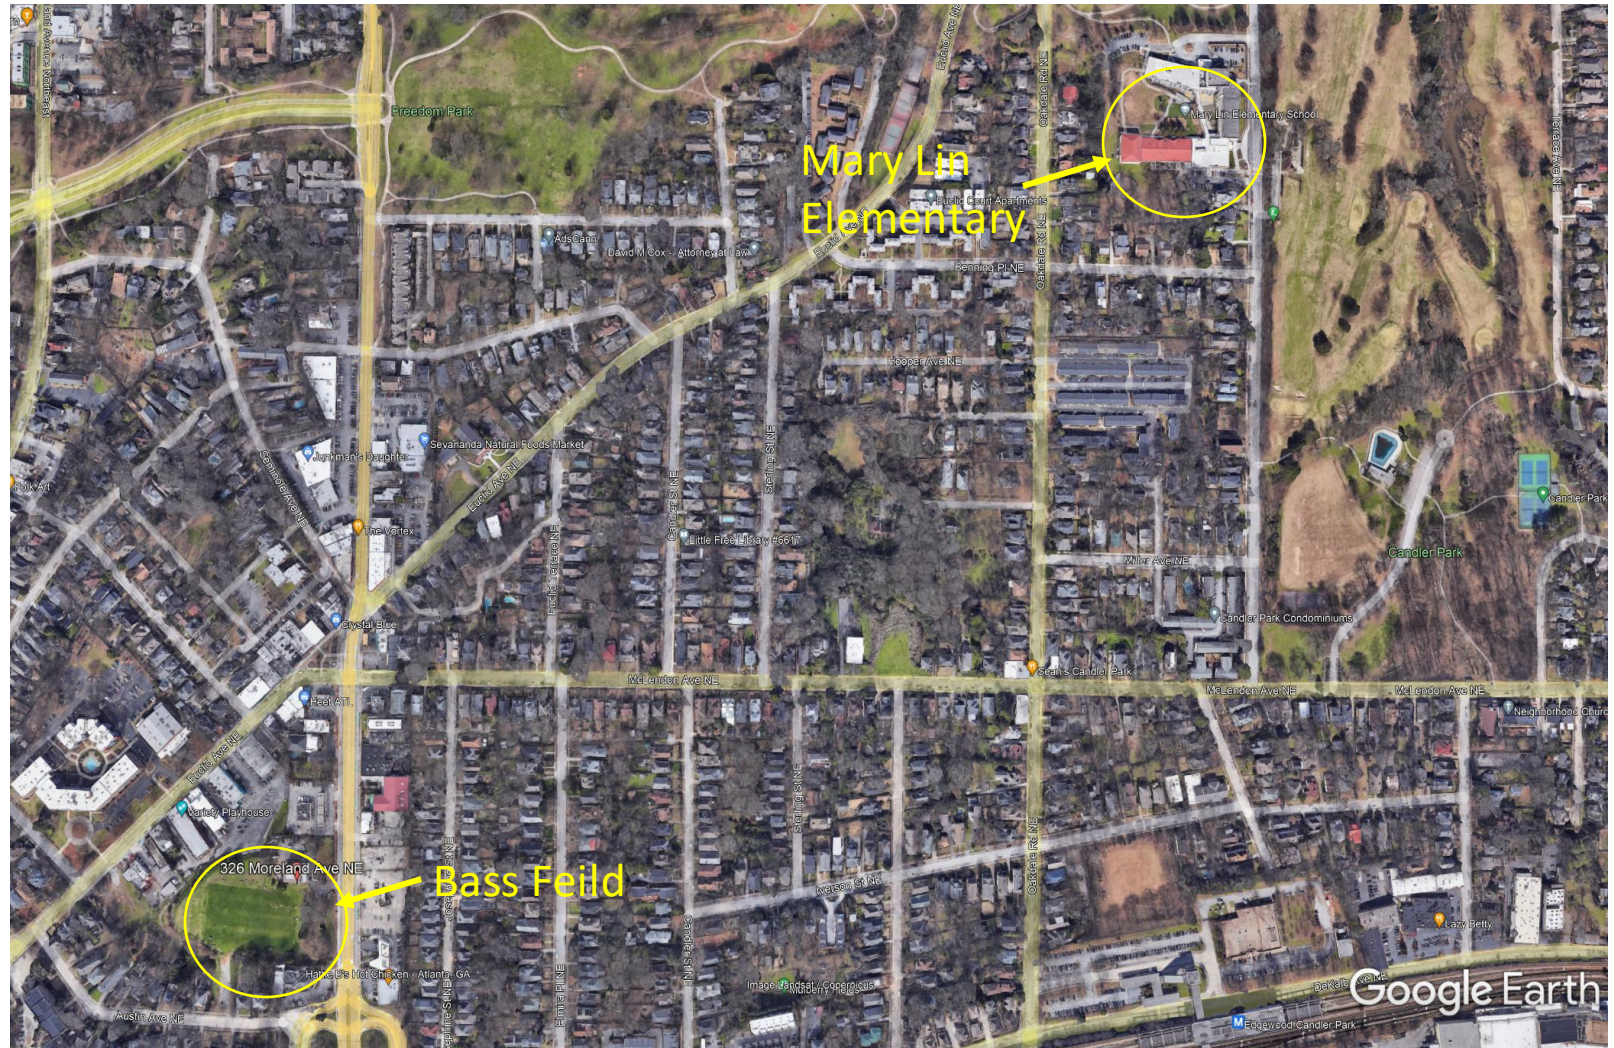

Higher Scores are more favorable for disposal

Proximity to Active Elementary School

4	Closer than one mile from Active school
2	Between 1 and 1.5 miles from an active school
0	More than 1.5 miles from an active school

Example: Bass Field – 4A Proximity to Elementary Schools

Bass Field is within a mile of Mary Lin Elementary School. Scored 4 out of 4 with a high score favoring possible disposal.

Criteria #4B: PEPs, Proximity to Nearest Excess Property

Cluster	Property Name	Proximity to other Potentially Excess Property
		5%

Carver	AFR Training at Gilbert ES Facility	0
Douglass	Former Collier Heights Elementary Site	0
Douglass	Towns Elementary Facility	0
Jackson	ELPM at Guice Elementary Facility	0
Jackson	Marshall Middle Facility	0
