

Comprehensive School Safety Plan

2026-27 School Year

School: Hidden Valley Elementary School
CDS Code: 49 70912 6095459
District: Santa Rosa City Schools
Address: 3435 Bonita Vista Dr
 Santa Rosa, CA 95404
Date of Adoption: 2026/2027
Date of Update: January 2026
Date of Review:
 - with Staff February 6, 2026
 - with Law Enforcement
 - with Fire Authority

Approved by:

Name	Title	Signature	Date
Sgt. Matt Crosbie	Santa Rosa Police Department

Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Hidden Valley Main Office, 3435 Bonita Vista Lane Santa Rosa, 95404.

Safety Plan Vision

Hidden Valley Elementary is committed to providing a safe, secure, and welcoming campus where every child feels protected, supported, and valued. The principal and staff work closely together to create a positive learning environment built on respect, responsibility, and high expectations for student behavior.

Safety at Hidden Valley is a shared priority. Our School Safety Committee meets three times each year to review sitewide safety and needs assessment data, identify areas for growth, and develop targeted goals and action plans to continuously improve campus safety.

Through clear expectations, proactive teaching, and supportive practices, we focus on violence prevention, social emotional well being, and helping all students develop a strong sense of belonging. We are committed to partnering with families to ensure Hidden Valley remains a place where students can learn, grow, and thrive both academically and emotionally.

Components of the Comprehensive School Safety Plan (EC 32281)

Hidden Valley Elementary School Safety Committee

Principal - Michael Jablonski

Student Safety Advisor - Sindy Aguilar

Head Custodian - Joshua Hall

Office Manager - Kristin Colgrove

Teacher Representatives - Caitlin Bandiera, Ashley Haskins, Carmen Molina, Ashley Lovelace

Assessment of School Safety

Hidden Valley Elementary maintains a comprehensive school safety plan that includes established procedures for emergencies, clearly identified exit routes, and an up-to-date inventory of emergency supplies. The plan is available for parent review in the school office and is shared with all staff during a school-wide staff meeting each year. Fire, earthquake, and lockdown drills are conducted monthly to ensure preparedness and familiarity with procedures.

Emergency preparedness is supported through ongoing updates to school-wide safety equipment and materials, funded by the district. Hidden Valley conducts annual safety surveys of parents, students, and staff to identify safety concerns as well as physical, social, and emotional factors impacting students (YouthTruth and Panorama). Based on stakeholder feedback, identified needs and priorities are addressed through the School Plan for Student Achievement (SPSA).

Supervision of school grounds occurs for 15 minutes before and after school, as well as during all recesses and lunch periods, with staff and administrators actively monitoring student safety. Teachers consistently review school wide expectations for safe, responsible, respectful, and kind behavior, in both classroom and playground settings.

The administration and supervision staff continue to implement a consistent discipline plan to address behavioral concerns on campus. A strong emphasis is placed on relationship-building across the school community, with particular focus on positive student-to-student and student-to-staff connections. Through restorative conferencing and mediation, students are supported in understanding the impact of their behavior and are provided opportunities to repair harm to individuals and the school community. This proactive and relational approach is expected to reduce behavioral incidents, particularly classroom disruptions.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Hidden Valley Elementary, in collaboration with local law enforcement agencies, community leaders, parents/guardians, students, teachers, administrators, and other stakeholders committed to the prevention of campus crime and violence, has developed a comprehensive School Safety Plan. This plan addresses safety concerns identified through a systematic planning and review process and outlines strategies focused on prevention, preparedness, and education related to potential incidents involving crime and violence on campus.

This School Safety Plan is developed in accordance with California Education Code sections 32280–32289.

In addition to the school principal, the following stakeholders are invited to participate in the annual review of the School Safety Plan: teachers represented by SRTA, classified employees represented by CSEA, parents/guardians, the Mayor of Santa Rosa, and California Rural Legal Assistance. The Bilingual Advisory Board is responsible for reviewing and approving the School Safety Plan annually.

Hidden Valley Elementary conducts, at a minimum, one annual review of emergency and crisis response plans, protocols, and procedures for each school building, including compliance with required school safety drills. Response plans, protocols, and procedures are updated as needed based on review findings and current best practices.

The School Safety Plan is updated by March 1 of each year and submitted to the Board of Education for approval at a regularly scheduled public meeting.

The School Safety Plan includes, but is not limited to, the following components:

- Assessment of the current status of school crime, including hate crime policies and procedures
- Child abuse reporting procedures
- Disaster procedures for both routine and emergency situations
- Suspension and expulsion data
- Procedures for notifying teachers of potentially dangerous students
- Sexual harassment policies
- Provisions related to school dress code requirements
- Procedures to ensure the safety of students, staff, and families traveling to and from school
- School discipline rules and procedures
- Search and seizure policies
- Verification of the School Safety Plan's annual review

Promoting School Safety

In focusing on improving school safety, the awareness for additional support and collaborative partnerships has become apparent. A few areas where the district and community have provided invaluable resources are in the following ways.

Support Staff at the Schools:

Counselors -

Psychologists -

Family Engagement Facilitators -

Restorative Specialists -

Support Staff at the District Level:

Behavior Therapists - assigned to sites to meet the needs of the students

Suicide Prevention Therapist - available when the need is present

Director of Mental Health - to train & facilitate/manage the district's resources

District and Community Safety Teams who meet on a regular basis:

District Behavior Threat Assessment Team (meets as needed to review students needing extra supports) - More detailed below

Safety Advisory Round Table (SART) meets monthly

Safe Routes to Schools (SRTS) meets monthly

The Santa Rosa Partnership Policy & Operations meet monthly

Santa Rosa Public Safety Working Meeting meets quarterly

District Behavior Threat Assessment Team

Ensuring the safety of our schools involves multiple components, including physical security, emergency management, psychosocial intervention, and violence prevention efforts in the form of a risk assessment process. This process begins with establishing a comprehensive targeted violence prevention plan. The plan includes forming a multidisciplinary risk assessment team, establishing central reporting mechanisms, identifying risk factors, antecedents and behaviors of concern, defining the threshold for law enforcement intervention, identifying risk management strategies, promoting safe school climates, and providing training to stakeholders. It can also help schools mitigate threats from a variety of individuals, including students, employees, parents or themselves. The team is available to meet on an as needed basis.

In partnership with the Sonoma County Office of Education, a protocol has been developed with a series of forms for conducting a Level 1 Assessment Team meeting. A Threat Assessment Flow Chart is included to visually guide the process. Furthermore, the guidelines and all the forms can be found in the Administrators/Co-Administrators Drive Safety folder. The process consists of completing and collecting interview forms, a Level 1 protocol form is filled, the team makes recommendations, the case is tracked and then is managed by the school administrator. In addition, the completed documents are sealed in the student's cume folder. In order to provide proper support, additional training will be provided by both SCOE's Safety Culture Department Team and SRCS Wellness & Engagement department.

SRCS Threat Assessment Flow Chart (CSSP) included as an attachment

Suicide Prevention with Risk Assessment Team and Staff

A fully integrated protocol, integrating this can be found at this link:

SRCS District Risk Assessment Protocol or https://docs.google.com/document/d/1xsJWcdZ6_Sl_kE4PKSFHzn_i4u1ntuxijZ5R3-9rLZl/edit?usp=sharing

Annual Safety Notifications
Firearm storage SB 906

As of 7/1/23, an annual notification that informs parents or guardians of California's child access prevention laws and laws relating to the safe storage of firearms is sent.

SB10 - Melanie's Law
Ongoing training in preventing and treating student opioid overdose (Narcan training)

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

All school/district employees, administrators, and athletic coaches are mandated reporters. They are legally required to report all known or suspected cases of child abuse or neglect if there is "reasonable suspicion". No supervisor can impede or inhibit a report. Reporters' identity is confidential and they have immunity; failure to report is a misdemeanor.

Reports must be made immediately over the telephone to an appropriate local law enforcement agency (Police/Sheriff) or a county child welfare agency (County Probation/Welfare/Child Protective Services), followed by a written report. Reporting to a supervisor or the school does not satisfy this legal obligation.

All local educational agencies (LEAs) must annually train all employees (teachers, aides, classified, etc.) on identifying and reporting suspected child abuse. Proof of training is required within the first six weeks of each school year or employment. The California Department of Education (CDE) offers an online training module, but alternative methods are allowed if reported to CDE. School volunteers are also encouraged to report and receive training.

It is crucial to understand what constitutes child abuse (physical injury, sexual abuse, negligent treatment, willful harm) and how to identify potential warning signs (e.g., behavioral, physical, neglect, sexual abuse indicators). These signs should prompt further investigation and reporting obligations.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

A disaster necessitating the implementation of this "Emergency Response Plan" is defined as an earthquake, explosion, fire, or any other occurrence that causes or may be expected to cause loss of life or widespread injuries or substantial property damage.

OBJECTIVES

This plan has the following objectives in an emergency:

1. To provide for effective action to minimize injuries and the loss of life among students and school personnel in case of an emergency during school hours.
2. To provide for the maximum utilization of school personnel and facilities to care for victims in an emergency.
3. To provide for the safety and well being of students and staff remaining at the school site following an emergency until released.
4. To provide for the safe and orderly release of students and staff as conditions permit.

PUPIL PROTECTION POLICY

The policy of the Board of Education for pupil protection is as follows:

1. The safety and security of students and school staff are of paramount importance. All actions taken shall bear in mind the safety and well being of both students and district employees.
2. Under no circumstances shall any child be released from the custody of school personnel unless and until such can be done with safety.
3. Any adult calling for a pupil at a school site will be required to identify himself/herself to an assigned staff member, be identified on the student's emergency card as an adult approved by the parent/guardian before being permitted to take a pupil from the school premises.
4. All visitors to the campus, including regular volunteers, must check into the office, and wear a visitor or volunteer badge. All volunteers must also sign-in on our volunteer log. Visitors from SCOE and related agencies must sign in and they also wear SCOE or other agency badges.

5. Student discipline and a positive school climate are important contributors to a safe and secure environment. All students are held accountable for their behavior and are aware of safety and security procedures (please see student discipline). All staff upholds the student discipline policy.

6. AB 2855 states “Each teacher will ascertain which students have disabilities which could cause these students to experience difficulties complying with emergency procedures. A plan for each student will be developed to ensure their safety.

Adaptations for Students with Disabilities

California Education Code §32282, as amended by SB 323, establishes a clear mandate for schools to ensure the safety of students with disabilities in emergency and disaster procedures, including the requirement for developing an Individualized Safety Plan (ISP) when the general Comprehensive School Safety Plan (CSSP) is insufficient. The Comprehensive School Safety Plan's disaster procedures (routine and emergency) must include adaptations for pupils with disabilities in accordance with: The Individuals with Disabilities Education Act (IDEA) (20 U.S.C. Sec. 1400 et seq.)Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794)The Americans with Disabilities Act of 1990 (ADA) (42 U.S.C. Sec. 12101 et seq.)The annual evaluation of the CSSP must specifically ensure that the plan includes appropriate adaptations for pupils with disabilities

Key Requirements and Components of the ISP

The ISP is a student record intended solely for safety purposes and must be developed by a specific team with defined components.

1. Individualized Safety Plan Team Composition

The team convened to develop the ISP must consist of: A school administrator or designee, A parent or guardian of the pupil, a representative selected by a parent, or both. At the discretion of the parent/guardian or school, other individuals who have knowledge or special expertise regarding the pupil, including related services personnel (e.g., a school nurse, behavior specialist).The pupil, whenever appropriate.

2. Required Components of the Individualized Safety Plan

The ISP must describe the adaptations to the comprehensive school safety plan that are necessary to reasonably ensure the safety of the student. These include, but are not limited to::

Alternative Procedures: Alternative evacuation routes, shelter-in-place procedures, and/or drop procedures specific to the pupil's disability (e.g., a student in a wheelchair facing away from windows, locking brakes, and protecting their head and neck during an earthquake).

Specific Equipment: Safety equipment specific to the pupil's needs (e.g., specialized evacuation devices, medical supplies, communication aids).

Training of Personnel: Additional training of school personnel required to execute the pupil's specific safety adaptations.

Logistical Support: Anticipated logistical support needed to reasonably ensure the pupil's safety during an emergency.

3. Record Keeping and Confidentiality

The school has a strict obligation regarding the ISP document:

A physical copy of the ISP must be provided to the parent or guardian.

Physical copies must be maintained in the school office and at any location where the school maintains supplies for emergency procedures.

The ISP is a pupil record, and its contents may be disclosed only to develop, maintain, or effectuate the plan, ensuring compliance with state and federal privacy laws.

Public Agency Use of School Buildings for Emergency Shelters

Board Policy 3156 and Administrative Regulation 1330 guides the use of school facilities and grounds as emergency shelters during disasters and other emergencies affecting the public health and welfare.

Emergency Facility Use & Procedures

Procedures are established to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during an emergency. The district office is notified and an agreement is signed between both parties to formalize usage.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Board Policy and Administrative Regulation 5144.1 and 5144.2 govern suspension and expulsion, and schools utilize the Student Behavior, Intervention and Discipline Matrix for guidance.

The overall goal of recent legislation is to minimize the use and impact of suspension, recognizing that punitive discipline can remove students from the learning environment and disproportionately affect marginalized groups.

Suspension, including supervised suspension, should generally be imposed only when other means of correction fail to bring about proper conduct.

The superintendent or principal is encouraged to provide alternatives to suspension or expulsion. These alternatives should use a research-based framework designed to address and correct the pupil's specific misbehavior.

SRCS policies align with the intent of the Legislature that Multi-Tiered System of Supports (MTSS), which includes restorative justice practices, trauma-informed practices, and positive behavior interventions, be used.

The law provides an extensive list of suggested positive, non-exclusionary alternative practices.

SRCS practices and policies reflect that a student in kindergarten through grade twelve cannot be suspended or expelled based on willful defiance or disruption grounds (Education Code Section 48900(k)), with the exception of suspension by a teacher from the classroom per EC Section 48910. Suspension or expulsion cannot be imposed solely based on the fact that a student is truant, tardy, or otherwise absent.

If a student is suspended for two or more school days, the local educational agency (LEA) is required to provide homework assignments upon request of the parent, guardian, or student.

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

(E) Sexual Harassment Policies (EC 212.6 [b])

SEXUAL HARASSMENT POLICY (EC §231.5; 5 CCR §4917) Each district is required to have adopted a written policy on sexual harassment and shall provide a copy of such policy, as it pertains to students, with the annual notification. Districts are also required to display such policies in a prominent location and include it in orientation for employees and students, and provide a copy of such policies to new and continuing students. For information on Santa Rosa City Schools Sexual Harassment Policy and Nondiscrimination/Harassment Policy please see Your Rights page on the SRCS website. Also, please refer to Board Policy 5145.7 Sexual Harassment (students) and Board Policy 5145.3 Nondiscrimination/Harassment.

The Title IX coordinator/compliance officer(s) may be contacted at:

Title IX / Gender Equity / Sexual Harassment / Discrimination (All Students):

Stacy Desideri
110 Stony Point ste. 105
Santa Rosa, CA 95401
(707) 890-3800 x 80413
sdesideri@srcs.k12.ca.us

Title IX / Sexual Harassment / Discrimination (All Employees):

Vicki Zands, Assistant Superintendent of Human Resources
110 Stony Point ste. 150
Santa Rosa, CA 95401
(707) 890-3800 ext. 80605
vzands@srcs.k12.ca.us

Complaints should be filed as soon as reasonably possible after the conduct in question has arisen. All complaints shall be promptly and thoroughly investigated.

Santa Rosa City Schools Sexual Harassment policy is intended to supplement, and not replace, any applicable state and federal laws and regulations. Formal complaints under those laws and regulations shall be processed through the procedures established by applicable state and federal agencies. If questions arise concerning Santa Rosa City Schools' prohibition of sexual harassment, or any other form of unlawful discrimination, or the methods and procedures to be followed in the investigation of complaints, please contact the above referenced compliance officer(s)/Title IX coordinator(s).

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

Shoes must be affixed/fastened to the feet. No wheels in shoes. Shoes must be appropriate for PE and play. No slippers or open toed shoes.

Clothing must cover chest, torso, and undergarments/underwear. Shorts and skirts must reach your finger tips when standing upright.

Students may not wear clothing with profanity, hate speech, references to drugs or illegal activity, or anything that could make others feel unsafe or uncomfortable.

No clothing that could be considered to have gang affiliation is permitted.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)

Hidden Valley Elementary ensures the safety of students, staff, and families while on campus and when traveling to and from school or school-related activities through clear routines, supervision, and expectations.

Schoolwide Expectations

The school implements the district-adopted BEST (Building Effective Schools Together) program. Behavioral expectations are clearly taught, practiced, and reinforced. Safety procedures are communicated to families through Parent Square and the Student/Parent Handbook available on our school website.

Arrival and Dismissal

Due to high traffic during arrival and dismissal, district-provided crossing guards support safe use of designated crosswalks. Families receive clear drop-off and pick-up guidelines through multiple communication channels. Safety rules are reviewed with students at the start of the year and reinforced throughout the year.

Visitors

All visitors must report to the office, sign in, and wear a visible Visitor Pass while on campus. Posted signage directs visitors accordingly.

Student Release

Students are released only with proper authorization. Any adult requesting a student must present identification to designated staff prior to release.

Bicycle Safety

Students in grades 3–6 may ride bicycles to school and must wear helmets. Bicycles must be walked on campus and at crosswalks. Unsafe riding may result in loss of privileges. Locks and licenses are recommended.

School Bus Safety

Bus riders are expected to follow driver directions and demonstrate respectful behavior. Bus rules and consequences are communicated annually to families and enforced according to district policy, including progressive discipline for violations.

(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)

Component:

Emergency preparedness systems and procedures that ensure predictable, coordinated, and effective responses to emergencies.

Element:

Consistent emergency drills, clear communication systems, visual accountability tools, and staff training to support safe evacuation and accountability during emergency situations.

Opportunity for Improvement:

Emergency procedures can be strengthened by increasing consistency in walkie-talkie usage, standardizing accountability tools during evacuations, rotating drill times, and improving quick-reference resources for staff. Enhanced visual and sensory supports will further improve student and staff safety during emergencies.

Objectives	Action Steps	Resources	Lead Person	Evaluation
Increase staff preparedness through predictable, practiced emergency drills.	Conduct one emergency drill per month, with each drill including: One designated Emergency Level A full evacuation Rotating times of day to ensure varied practice Shift designated emergency evacuation lines from the blacktop to the grass/field area.	Implement red/green accountability signs (yardstick with teacher name) to indicate student status during evacuations.	Sandy Aguilar, Student Safety Advisor	Documentation and review of monthly emergency drills.
Improve communication and accountability during evacuations.	Align walkie-talkie usage school wide; deploy new walkie-talkies when available.	Kenwood Walkies + Training	Michael Jablonski, Principal	Staff feedback following drills
Ensure all classrooms have standardized emergency equipment and quick-reference materials.	Post a Safety One-Pager outside each classroom door with quick-reference emergency procedures. Distribute at least two sound-canceling headphones per classroom. Maintain and distribute emergency lanyards with student information.	BEST (Building Effective Schools Together) Program	Lead Teachers	Inventory checks of classroom emergency supplies
Strengthen family preparedness through updated emergency contact information.	Communicate with families to update emergency contact information in Aeries. Check contact info from Aeries during Teacher Conferences	Aeries Emergency Cards	Michael Jablonski, Principal	Verification of updated emergency contacts in Aeries

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Hidden Valley Elementary School Student Conduct Code

At Hidden Valley, we hold high expectations for both academic achievement and responsible positive behavior. We are dedicated to fostering a safe, respectful, and supportive environment where every student can thrive. These expectations guide students to make thoughtful choices and treat others with kindness. Our teachers consistently review these guidelines, and we encourage families to reinforce them at home.

Restorative Practices

We recognize that students will make mistakes, and we are determined to assist them in understanding the impact of their negative choices on others. We aim to guide them towards making amends and moving forward in a positive manner. There are different consequences that may come out of a restorative approach. Students may experience natural consequences which happen naturally due to their own actions. They may be required to participate in logical consequences that are directly aligned with their bad choice and help them take responsibility and accountability. Lastly, students may be asked to participate in a restorative consequence which would include repairing the harm or relationship they caused harm to.

California Education Code

In order to make sure our schools are safe, we have to follow some important rules set by the government and the Santa Rosa City School Board. Your child may be suspended from school for up to five days for the following behaviors:

Verbal or physical threats or action against another person

Fighting

Smoking/ Possessing, using, or providing illegal substances or alcohol

Stealing personal or school property

Vandalism of personal or school property

Harassing or intimidating students or staff

Using racial slurs or vulgar language

While on a suspension a student would be required to stay home and would not be able to participate in any school activities during this time.

Non-Discriminatory Compliance

No person shall, on the basis of sex, be excluded from participating in, be denied the benefits of, or be subject to discrimination under any education program or activity in the Santa Rosa City Schools District as it conforms with Title IX, State Law, and CIF regulations.

The District recognizes that sexual harassment is a form of sexual discrimination. Sexual harassment is prohibited by Board Policy 5114.17 and complaints with respect to sexual harassment may be filed pursuant to Board Policy 5114.17

The District does not discriminate on the basis of race, ancestry, ethnic group, identification, religion, creed, age, sex, color or physical or mental disability, marital or parental status, in its educational programs or activities in which it operates or in its employment practices.

Conduct Code Procedures

Santa Rosa City Schools refers to the Student Behavior and Discipline Matrix 2025 for a calibrated and system-wide restorative approach to discipline.

(J) Tactical Responses (See EOP, ANNEX B) (EC 32282(a)[2](J))

Non-Discrimination Statement

The Santa Rosa City Schools District prohibits, at any district school or school activity, discrimination, intimidation, harassment (including sexual harassment) or bullying based on a person's actual or perceived ancestry, color, disability, gender, gender identity, gender expression, immigration status, nationality, national origin, race or ethnicity, ethnic group identification, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, medical information or association with a person or a group with one or more of these actual or perceived characteristics. This shall apply to interns, volunteers, and job applicants when applicable.

The District Equity Compliance Officer(s) may be contacted at: the District Equity/Discrimination officer(s) may be contacted at:

District Equity/Discrimination (All Students):

Stacy Desideri
110 Stony Point ste. 105
Santa Rosa, CA 95401
(707) 890-3800 x 80413
sdesideri@srcs.k12.ca.us

District Equity/Discrimination (All Employees):

Vicki Zands, Assistant Superintendent of Human Resources
110 Stony Point ste. 150
Santa Rosa, CA 95401
(707) 890-3800 ext. 80605
vzands@srcs.k12.ca.us

Complaints should be filed as soon as reasonably possible after the conduct in question has arisen. All complaints shall be promptly and thoroughly investigated.

Santa Rosa City Schools' Sexual Harassment policy is intended to supplement, and not replace, any applicable state and federal laws and regulations. Formal complaints under those laws and regulations shall be processed through the procedures established by applicable state and federal agencies. If questions arise concerning Santa Rosa City Schools' prohibition of sexual harassment, or any other form of unlawful discrimination, or the methods and procedures to be followed in the investigation of complaints, please contact the above-referenced District Equity/Discrimination coordinator(s).

(K) Procedures for Preventing Acts of Bullying and Cyber-bullying

Per Board Policy 5131.2, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Opioid Prevention and Life-Saving Response Procedures

This plan provides a structured approach for opioid prevention, response, and intervention in accordance with California Education Code § 49414.3 and § 49423.1, California Department of Education recommendations, and Board Policy 5141.21 and Administrative Regulation 5141.21, this plan is designed to protect students, staff, and visitors by addressing opioid-related risks and ensuring prompt life-saving responses in school environments and includes:

1. Prevention Strategies

a. Education & Awareness

- * Implement evidence-based opioid prevention curricula in health education classes.
- * Conduct annual training for students, staff, and parents on opioid risks, including fentanyl dangers.
- * Display information and resources about opioid dangers and available support services.

b. Partnerships & Community Engagement

- * Collaborate with local health departments, law enforcement, and community organizations to enhance prevention efforts.
- * Provide parent workshops on substance abuse prevention and intervention strategies.
- * Engage peer support groups for at-risk students.

2. Life-Saving Response Procedures

a. Emergency Protocols for Suspected Overdose

- * Recognize Symptoms – Signs of opioid overdose include slow or no breathing, blue lips/nails, unresponsiveness, and pinpoint pupils.
- * Call 9-1-1 Immediately – Report a suspected overdose and follow dispatcher instructions.
- * Administer Naloxone (Narcan) – If available, trained staff should administer intranasal naloxone following CDE guidelines.
- * Perform Rescue Breathing/CPR – If the individual is not breathing, initiate rescue breathing or CPR as needed.
- * Monitor & Support – Stay with the individual, monitoring for responsiveness and signs of improvement.
- * Inform Parents/Guardians – Contact the student’s emergency contacts as per school policy.
- * Incident Reporting – Document the response in accordance with district and CDE policies.

3. Naloxone (Narcan) Availability & Training

- a. Schools will stock naloxone kits in designated areas (e.g., nurse’s office, front office, security stations).
- b. Staff training (including school nurses, administrators, and volunteers) on naloxone administration will be conducted annually.
- c. Good Samaritan protections apply to staff administering naloxone in good faith.

4. Post-Incident Follow-Up & Student Support

- a. Provide counseling and substance use intervention for affected students.
- b. Refer students to community treatment programs as needed.
- c. Conduct a debriefing with staff and responders to assess response effectiveness and identify areas for improvement.
- d. Offer re-entry planning and support for students returning to school after substance use treatment.

5. Staff Roles & Responsibilities

- a. School Nurses & Health Personnel: Primary responders, oversee naloxone administration and training.
- b. Administrators: Ensure compliance with state laws and facilitate staff training.
- c. Teachers & Staff: Recognize signs of opioid use/overdose and follow emergency protocols.

6. Communication & Reporting

- a. Maintain confidentiality while ensuring appropriate notifications.
- b. Submit incident reports per school district and state requirements.

c. Notify local health agencies for additional support and monitoring trends in opioid use.

7. Review & Continuous Improvement

- a. Conduct annual policy reviews to ensure alignment with updated laws and best practices.
- b. Perform annual training for opioid overdose response.
- c. Gather feedback from staff, students, and community partners to refine strategies.

Response Procedures for Dangerous, Violent, or Unlawful Activities

In accordance with Education Code 49393, any school official who is alerted to or observes any threat or perceived threat of homicide or high-level violence shall immediately report the threat to local law enforcement.

The report shall be made immediately and shall include copies of any documentary or other evidence associated with the threat.

If multiple officials observe the same threat, a single joint report may be filed; however, if the designated reporter fails to act, all other officials with knowledge of the threat must ensure a report is made.

Upon notification of a threat, [School Name] will activate its Threat Assessment Team (consisting of administration, law enforcement, and mental health professionals) to determine the validity and severity of the threat per EC 49394. This assessment may include a search of the school site if justified by reasonable suspicion

As of July 1, 2024, California schools (as employers) must also maintain a Workplace Violence Prevention Plan (WVPP). This document is available in the Attachments section.

Continuity of Operations

Continuity of Operations Plan (COOP), ensures the continuation of the district and Hidden Valley's essential functions and provides uninterrupted services during emergencies of all-hazard types or any situation that may disrupt normal operations. This includes continuous training, leadership in safety positions and regular safety meetings to update and inform the district administration. This is especially important due to administrator and staff turnover every year at our schools.

Safety trainings are ongoing throughout the school year through the following:

- Regular attendance to trainings through sessions offered by SCOE and RESIG
- Monthly administrator training focusing on specific areas of communication, emergency protocols, safety protocols, medical training, etc.
- PD Days where specific sessions are dedicated to safety training such as Stop the Bleed, first aid, Narcan use, etc.
- Staff meetings to discuss and evaluate emergency drill performance
- Monthly District and Community Safety Team meetings such as Safety Advisory Round Table (SART) and Safe Routes to Schools (SRTS) to discuss and communicate safety needs and improvements around our school community
- Quarterly meetings with Santa Rosa Public Safety to collaborate and obtain knowledge of updated emergency and safety protocols with the local police and fire departments

Procedures for Immigration Enforcement Notification

Confirmation Protocol

Detail the specific process and designated staff member (e.g., principal, superintendent) responsible for confirming the presence of immigration enforcement on the schoolsite, which triggers the notification requirement.

Santa Rosa City Schools complies with California Education Code §234.7, as amended by the Safe Haven Schools Act (AB 49, 2025). We uphold every student's right to a free public education regardless of immigration status and establishes procedures to:

- Protect the privacy and confidentiality of students and families.
- Regulate access to school sites by immigration enforcement authorities.
- Safeguard educational records in accordance with FERPA (34 C.F.R. §99.31(a)(9)(ii)).

In addition, we will implement clear communication protocols, provide staff training, and conduct annual reviews to maintain compliance with state law and the Attorney General's model policies. We will incorporate this board policy and its accompanying administrative regulation 5145.13 into all Comprehensive School Safety Plans (CSSPs) by March 26, 2026, and maintain it in effect until January 1, 2031.

Required Notification Recipients

The procedures must ensure notification is issued to the following groups:

- Parents and guardians of pupils
- Teachers
- Administrators
- School personnel

The Superintendent or designee shall notify parents/guardians regarding their children's right to a free public education regardless of immigration status or religious beliefs and their rights related to immigration enforcement. (Education Code 234.7)

Notification Timing

Specify the timeline for issuing notification following confirmation, ensuring it aligns with safety goals and minimizes panic.

Upon confirming the presence of federal immigration enforcement on or near the school site, the Principal or designee shall:

Notification: Within 60-90 minutes, notify all teachers, staff, parents, and guardians via the school's emergency alert system, Parent Square.

The notification will include:

The date and time the enforcement was confirmed.

The specific location of the enforcement activity.

Safety and Well-being Standard

The content and timing of the notification shall consider the safety and well-being of the pupils, employees, and community members of the schoolsite.

To ensure that families have access to the support and resources they need, the SRCS Safe Haven manual includes not only the full resolution to support families, but it also outlines how we will address concerns as well as essential resources for parents. Our goal is to empower families with knowledge and tools, reinforcing that they are not alone and that we stand beside them every step of the way. We firmly believe that every student and family deserves to learn, grow, and thrive without fear.

Privacy Constraint

The notification shall not include any personally identifiable information.

Privacy Protections: The notification shall not include personally identifiable information of any student or staff member.

Notification Methods

Specify the secure methods used for two-way communication to reach the required recipients, such as mass communication systems, email, or school portals, and detail how these methods are maintained.

All teachers, staff, parents, and guardians will be notified via the school's emergency alert system, Parent Square.

Resource Provision (Optional but Encouraged)

The notification may include a hyperlink to additional resources for families regarding:

- Educational rights
- State laws that protect parents' and students' privacy and confidentiality
- Counseling or support services (including services that support families impacted by immigration enforcement and model policies adopted by the LEA).

A hyperlink to the district's "Safe Haven" policy and resources will be shared with SRCS community and families.

Annual Evaluation

This plan will be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year.

This plan will be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year.

Public Availability

An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

An updated file of all safety-related plans and materials shall be readily available for inspection by the public.

State Guidance

Compliance with this plan should align with the checklist for developing a comprehensive school safety plan, which the Department of Education is required to maintain and conspicuously post on its internet website

Compliance with this plan aligns with the checklist for developing a comprehensive school safety plan, which the Department of Education is required to maintain and conspicuously post on its internet website.

Procedures Regarding Pupil Smartphone Use During Emergencies

During the 25-26 school year, the board implemented a revised BP 5131.8 addressing student cell phone use while at school per AB 962.

Mandatory Policy Adoption and Review Requirements

The date the policy was adopted/last updated, a summary of the policy's goal, and documentation of stakeholder involvement.

Between January 2025 and January 2026, 2 student surveys have invited student input on the impact of cell phones in school and policy development. An equivalent survey has been shared with staff, to invite their engagement as well. Two high schools implemented a pilot program, and the outcome of their pilots helped inform the board on their development of new board policy.

Non-Prohibitable Circumstances for Pupil Smartphone Use

Confirm procedures for recognizing and respecting these exceptions:

1. When a teacher or administrator grants permission, subject to any reasonable limitation imposed by that teacher or administrator.
2. When a licensed physician and surgeon determines that the possession or use of a smartphone is necessary for the health or well-being of the pupil.
3. When the possession or use of a smartphone is required in a pupil's individualized education program (IEP).

With the new board policy, a student shall not be prohibited from possessing or using a mobile communication device under any of the following circumstances: (Education Code 48901.5, 48901.7)

In the case of an emergency, or in response to a perceived threat of danger

When a teacher or administrator grants permission to the student to possess or use a mobile communication device, subject to any reasonable limitation imposed by that teacher or administrator

When a licensed physician or surgeon determines that the possession or use is necessary for the student's health and well-being

When the possession or use is required by the student's individualized education program

Safety Plan Review, Evaluation and Amendment Procedures

Review and Evaluation:

- The CSSP must be evaluated and amended as needed and at least once each year, to ensure the plan is properly implemented.
- The School Site Council (SSC) or safety planning committee is responsible for regularly reviewing the plan. This process should include conducting regular safety/security site assessments.
- The SSC/Planning Committee must annually consult with a representative from a law enforcement agency, a fire department, and other first responders when updating the CSSP.

Amendment, Adoption, and Approval Timeline:

- Each school must review, update, and adopt its CSSP by March 1 every year.
- Before adopting the plan, the SSC/Planning Committee must present the school safety plan at a public meeting at the school site that allows for public opinions. The community should be notified of this public meeting through various modalities (email, blogs, marquee, etc.).
- Once adopted, the plan must be submitted to the school district or County Office of Education (COE) for approval.
- The CSSP, and any updates made to the plan during the year, must be shared with the law enforcement agency, the fire department, and other first responder entities.
- Each school district or COE must annually notify the CDE by October 15 of any schools that have not complied with the requirements.

Safety Plan Appendices

Emergency Contact Numbers

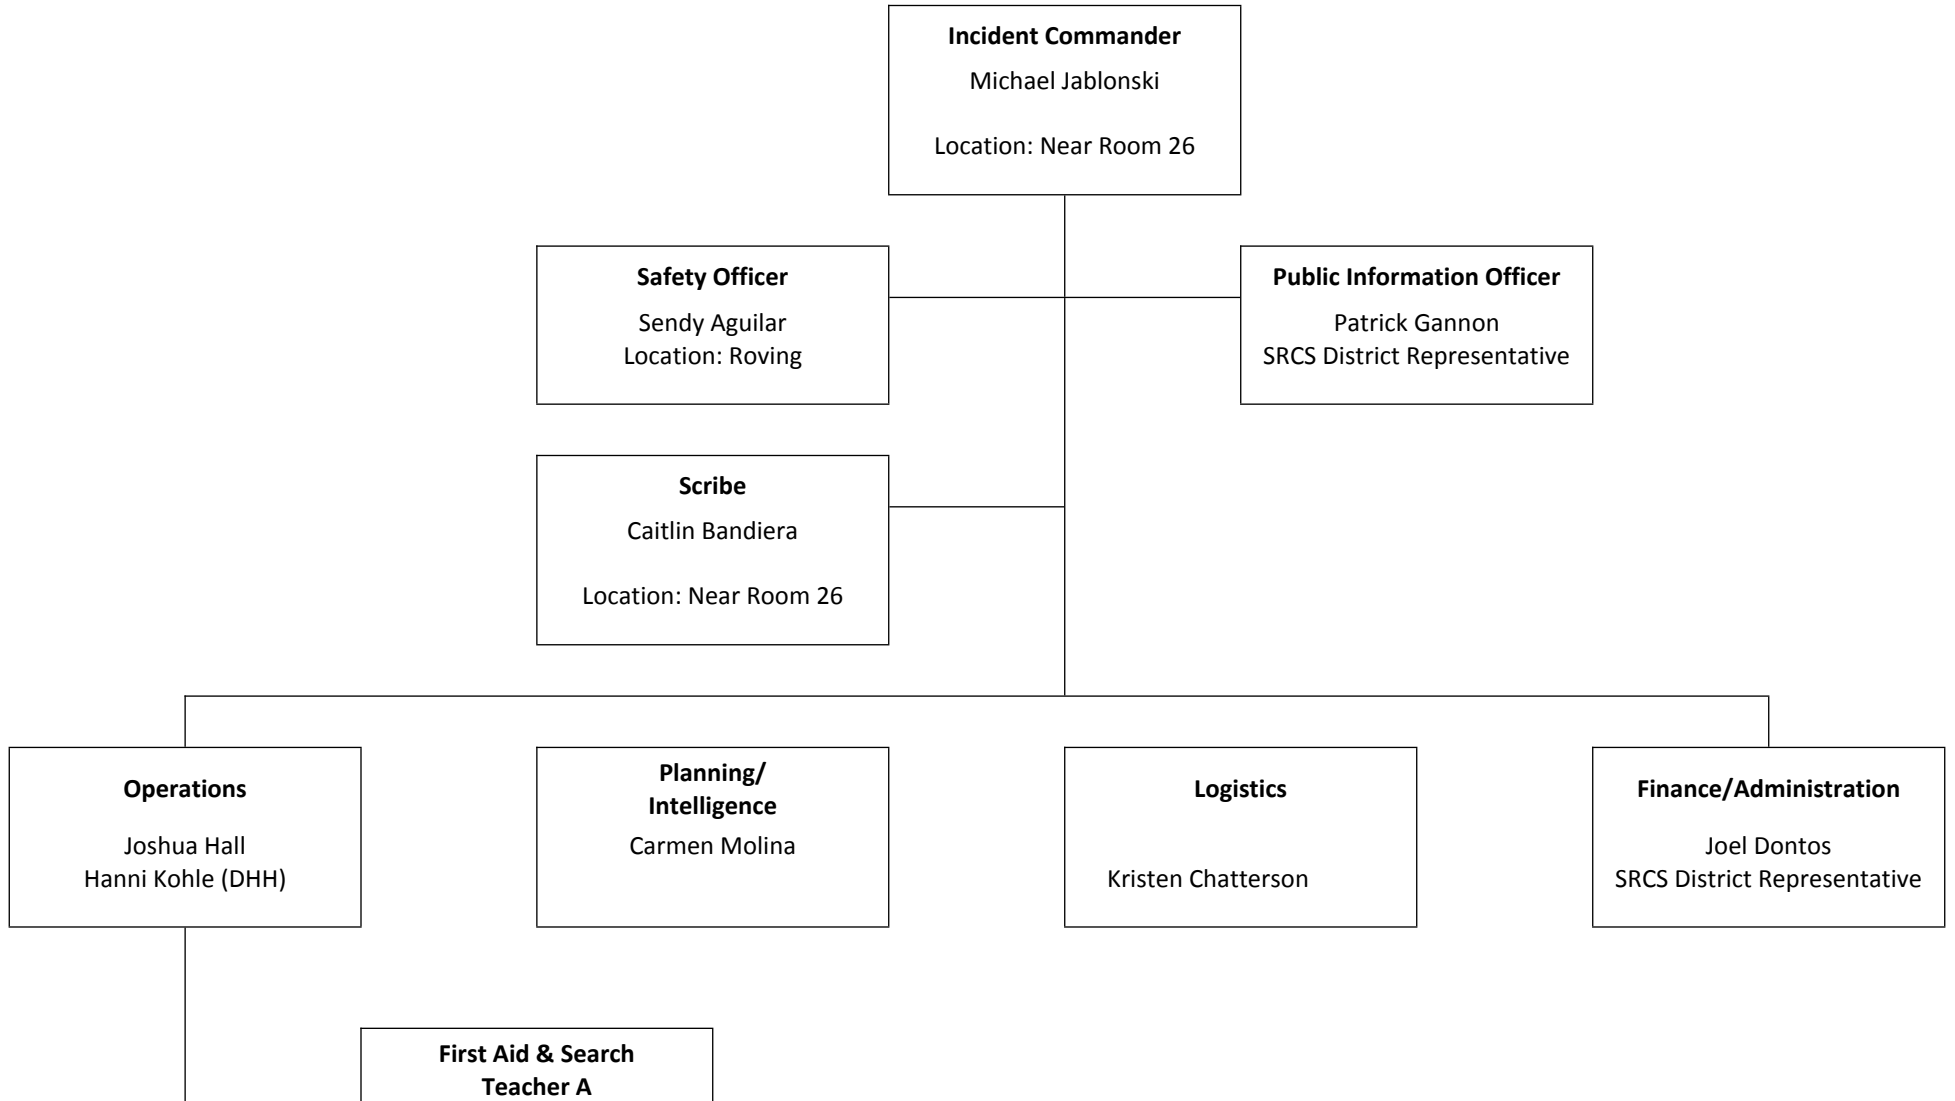

Utilities, Responders and Communication Resources

Type	Vendor	Number	Comments
Emergency Services	Fire and EMS Dispatch	911 or 707-568-5933	Emergency Redcom Dispatch
Law Enforcement/Fire/Paramedic	SR Fire Department	911 or 707-543-3500	Fire
Law Enforcement/Fire/Paramedic	SR Police Department	911 or 707-543-3600	Emergency
Law Enforcement/Fire/Paramedic	SR Police Non-Emergency Dispatch	707-528-5222	Non Emergency
School District	Office of the Superintendent	707-890-3800 x 80105	Lisa August, Interim
School District	SRCS Communications Public Information Officer	707-890-3800 x 80305	Patrick Gannon
Public Utilities	PG&E	1-800-743-5002	Electrical, Gas, Outages
Public Utilities	SR Utilities Dept. (Water	707-543-4200	Water
Other	Animal Control (Sonoma County)	707-565-7100	Animal Control

Safety Plan Review, Evaluation and Amendment Procedures

Activity Description (i.e. review steps, meetings conducted, approvals, etc)	Date and Time	Attached Document (description and location)
Present Comprehensive School Safety Plan to the School Site Council and gather input.	January 30, 2026	Signature required on Cover Page of CSSP
Present Comprehensive School Safety Plan to the ELAC and gather input.	February 12, 2026	Signature required on Cover Page of CSSP
Present Comprehensive School Safety Plan to the School Safety Committee and gather input.	December 3, 2025	Signature required on Cover Page of CSSP
Train school staff on components and implementation of the CSSP annually	August 13, 2026

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Initiate Incident Command System

Step Two: Identify the Level of Emergency

Coordinate with Incident Command team, District and City Services to determine the level of emergency

Step Three: Determine the Immediate Response Action

Using the Essential 5, determine the immediate response

Step Four: Communicate the Appropriate Response Action

Working with District Incident Command and SRCS Public Information Officer, create a communication plan.

Types of Emergencies & Specific Procedures

Aircraft Crash

1. If aircraft crashes on or near school buildings, or if an explosion erupts inside the school, teachers give the DUCK, COVER, AND HOLD command to protect children against blast and falling objects.
2. Teachers take immediate action to remove children from assembly areas and follow the evacuation procedures.
3. Staff performs necessary rescue measures to help injured or trapped students.
4. Call police and fire departments.
5. The principal ensures that students and staff are kept at a safe distance from aircraft in danger of possible explosion.
6. Do not enter any building or classroom, until authorized by the Principal, or designee and the fire department.
7. The principal advises parents of the release of students to an alternate location.

The principal notifies the Superintendent/ District Incident Command.

Animal Disturbance

Animal/Animal Disturbance

The first consideration is the safety of the pupils and personnel.

1. Isolate the pupils from the animal.
 - If an animal is outside, keep pupils inside.
 - If an animal is inside; keep pupils outside or in some other sheltered area.
 - Call the office to report.

The principal notifies the Superintendent/ District Incident Command.

Armed Assault on Campus

Profile of an Active Shooter

An active shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area, typically through the use of firearms.

Characteristics of an Active Shooter situation

Victims are predominantly selected at random

The event is unpredictable and evolves quickly

Unless confronted, law enforcement is required to resolve the violent situation

Coping with an Active Shooter situation

Be aware of your environment and any possible dangers

Take notes of the two nearest exits in any facility/location you enter

If you are in an office and can't escape, stay there and secure/barricade the door

Attempt to take the Active Shooter down as a last resort

Active Shooter Procedures

Inside:

RUN...

Know where the threat is and run away from it

Know your escape routes

Leave your belongings behind

Take your cell phone

Keep hands visible for responding Law Enforcement

HIDE...

Call 911 for assistance if possible

Lock and barricade door(s)
Cover windows, close blinds, and curtains
Tell students to be quiet and silence cell phones
Stay low to the ground and hide away from windows
Spread out (if possible)
Be prepared to FIGHT

Call 911 and notify the District Superintendent/District Incident Command when it is safe to do so.

Information to provide to Law Enforcement or 911 Operator

The specific location of the active shooter
Number of Shooters
Physical description of shooters
Number and type of weapons held by shooters
Number of potential victims at the location

FIGHT...

As a last resort, and only when your life is in imminent danger
If an intruder comes into the classroom, be prepared to fight
Use a weapon (fire extinguisher, chair, books, etc.)
Use your surroundings to create distractions: yelling, trip hazards, throwing items, turning off lights, putting furniture in front of the door

Outside:

If shots are fired - immediately "Drop and cover."
If it is safe, move away from the shooting

How to respond when Law Enforcement Arrives

Remain calm and follow instructions
Remove any items in your hands (i.e., cell phones, bags, jackets)
Raise hands and spread fingers
Keep hands visible at all times
Avoid quick movements toward officers, such as holding on to them for safety
Avoid pointing, screaming, or yelling
Do not stop to ask officers for help or direction when evacuating

The principal notifies the Superintendent/ District Incident Command. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.

The principal advises parents of the release of students to an alternate location when it is safe to do so.

Biological or Chemical Release

Biological or Chemical Release

1. Stay indoors, do not attempt to evacuate the building until instructed to evacuate.
2. Shut all doors and windows, and use duct tape (from Red Emergency bags) to seal off all seams on the doors and windows.
3. The principal notifies the Superintendent/ District Incident Command. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.
4. The principal arranges for the evacuation of students and staff to a safe location if warranted.
5. The principal advises parents of the removal of students to an alternate location.
6. Students released to parents from alternate/safe locations.
7. All teachers have a RED emergency bag in their classroom that includes an updated annual emergency release and reunification information (teachers update from the Student Information System (SIS) assuring that children are released to parent/guardian approved individuals.)

Bomb Threat/ Threat Of violence

Bomb Threat

If a threat by telephone comes directly to a school

1. The person receiving a call should attempt to keep the caller on the telephone as long as possible and alert someone else by a prearranged signal so they can get on an extension and notify the telephone company to trace the call.

* Dial "911" -- tell operator, "This is (name of the caller) from [School Name] School. We are receiving a bomb threat on another line. The number of that line is (). Please trace the call."

* Give any additional information needed by the operator. This must be done quickly. (The call cannot be traced once the caller has hung up.)

2. The principal/designee notifies the Superintendent/ District Incident Command. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.

3. Try to determine if the caller is a student or an adult. If it is a student, it may be easier to discover identity.

4. The principal shall determine whether to evacuate the building(s) threatened.

* Upon a decision to evacuate (principal and law enforcement), if one specific building has been threatened, it should be evacuated along with adjoining buildings and a search should be instituted by office staff.

* Avoid the use of the general alarm, if possible.

* Use the personal notification by designated persons or the PA system to evacuate the threatened rooms.

* If it is necessary to evacuate the entire school, use the fire alarm.

5. Students and staff will return to the buildings only when they have been cleared by Law Enforcement and the Principal or designee has authorized the reoccupation and return to classrooms upon hearing the ALL CLEAR through the PA system.

1. The principal may also decide to call the fire department or police, if, in his/her opinion is warranted.

2. The principal notifies parents of the situation.

3. If students have been removed to an alternate/safe location for pick up.

4. Resume school after the building(s) have been inspected and determined safe by proper authorities.

5. Do not publicize the threat any more than necessary.

*A written threat should be turned over to the police department.

**Individual receiving the call should complete the Bomb Threat Report

Unsafe School Conditions

* If [School Name] School becomes unsafe, move students to a closest suitable alternate shelter.

Location: [list alternative location]

Bus Disaster

BUS DRIVERS/SCHOOL STAFF

Supervise the care of children if an emergency occurs while children are on the bus.

Issue DUCK, COVER AND HOLD command if an earthquake or surprise attack occurs while children are on a bus.

Transfer students to new locations, when directed by the principal.

The principal notifies parents.

The principal notifies the Superintendent/ District Incident Command.

Cardiac Arrest

In accordance with Education Code 32282 and AB 2887, [School Name] maintains procedures to respond to incidents involving an individual experiencing sudden cardiac arrest or a similar life-threatening medical emergency. These procedures integrate evidence-based core elements, including CPR training and AED placement, following nationally recognized emergency cardiac care guidelines.

Recognition: Recognize signs of SCA: unresponsive, not breathing normally (or gasping/gurgling), or seizure-like activity.

Activation: Immediately call 9-1-1. Provide the school address, specific room/location, and the patient's condition.

CPR: Begin immediate "Hands-Only" CPR (pushing hard and fast in the center of the chest) until the AED or EMS arrives.

Defibrillation: Retrieve the nearest AED. If the person is unresponsive and not breathing, turn on the AED and follow the voice prompts immediately.

Transition: Designate a staff member to meet EMS at the school entrance and lead them to the victim's location.

Training: The principal shall notify all staff annually of the location of all AED units on campus. AEDs are located at: [Insert specific locations, e.g., Front Office, Gym, Athletic Field]. AED training will also be given annually to staff.

Maintenance: AEDs shall be inspected at least every 90 days and after each use to ensure operability. A log of these inspections will be maintained by the school health technician and school nurse.

Athletics: The school shall collect and retain a signed "SCA Information and Acknowledgment Form" from every student-athlete and parent annually before participation. Coaches will be complete an SCA prevention training course every two years, including a return-to-play procedure.

Disorderly Conduct

A civil disturbance is an unauthorized assemblage on the school grounds with the potential to disrupt school activities; cause injury to staff and students; and/or damage property.

Precautionary measures must be taken to keep school personnel and students from undue exposure to danger. Efforts should be made to remain calm, to avoid provoking aggression, and to keep students in their classrooms.

The principal notifies the Superintendent/ District Incident Command. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.

Inside School

STAFF ACTIONS:

Report disruptive circumstances to principal/site administrator.

Avoid arguing with the participant(s).

Have all students and staff leave the immediate area of disturbance.

Lock doors. Account for all students and remain in the classroom unless instructed otherwise by the principal or Law Enforcement.

Stay away from windows and exterior doors.

PRINCIPAL/DESIGNEE ACTIONS:

If the students are engaging in civil disobedience, keep the students confined to one room in the school building.

Set up a communication exchange with the students, staff, and principal. Try to restore order.

If unable to calm students and violent or uncontrolled behavior is probable, notify police of the situation and request assistance.

Send home with students for their parents/guardians a brief written description of the emergency, how it was handled, and, if appropriate, what steps are being taken in its aftermath.

Outside of School

PRINCIPAL/DESIGNEE ACTIONS:

Call 911.

Move any students who are outside the school building inside. If unable to do so, have students lie down and cover their heads. Once students are in the school building, lock and secure all exterior doors, including restrooms. Have custodians remove trash containers and other burnable items from public access.

Cancel all outside activities.

Maintain an accurate record of events, conversations, and actions.

Assign staff members to assist as necessary.

STAFF ACTIONS:

Close and lock classroom doors. Close all curtains and blinds. Keep students away from windows and take precautions to protect them from flying glass in the event windows are broken.

Instruct students to DUCK, COVER AND HOLD, lie on the floor, and keep students calm.

Care for the injured, if any.

Remain with students within locked classrooms until ALL CLEAR is announced over the PA system, regardless of bells and the school schedule.

Earthquake

Before (Mitigation & Training)

Hazard Mitigation: The Superintendent or designee shall identify and minimize potential hazards, such as securing heavy furniture, removing heavy objects from high shelves, and ensuring all gas and utility shut-offs are clearly marked and staff are trained in their use.

Training Program: All certificated and classified staff shall receive annual training on the Earthquake Emergency Procedure System.

Drill Frequency: Drop procedures shall be practiced at least once per quarter in elementary schools and once per semester in secondary schools.

During (Immediate Action - Great ShakeOut)

When the ground begins to shake, or the "Great ShakeOut" signal is given, staff and students shall:

DROP: Get down on hands and knees to avoid being knocked down.

COVER: Take cover under a sturdy desk or table. If no table is nearby, move to an interior wall and away from windows or hanging objects.

HOLD ON: Hold onto the leg of the table or desk until the shaking stops. If it moves, move with it.

SILENCE: Students shall remain silent and await instructions from the teacher or administrator.

After (Evacuation & Assessment)

Wait: Do not evacuate until the shaking has completely stopped.

Assess: Teachers will perform a quick visual check for injuries and immediate hazards (e.g., gas smells, fires) before moving.

Evacuate: Using designated routes (considering students with disabilities), classes will move to their evacuation zone if safe.

Accountability: Teachers must carry their "Go Bag" and class roster. Once at the evacuation zone, they will report the status of all students to the Incident Commander using established communication protocols (e.g., Red/Green status cards).

3. Board Policy & Mass Care (BP 3516)

The school site shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare.

Explosion or Risk Of Explosion

Explosion/Threat of Explosion

1. Personally execute Action DUCK, COVER AND HOLD upon the first indication of the explosion.
2. If the explosion occurred within the school buildings, immediately upon passage of the blast wave, initiate Action EVACUATION.

Threat of Explosion

1. Initiate Action EVACUATION.

Responsibility of Principal, Lead Teacher, or School Office Manager

Unsafe School Conditions

* If [name] School becomes unsafe, move students to the closest suitable alternate shelter.

Location: [Insert Location]

The principal notifies the Superintendent/ District Incident Command.

The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.

Fire in Surrounding Area

Each classroom and facility on the campus has a functioning fire extinguisher and a manual pull switch to activate the fire alarm. In addition, evacuation routes are posted by the exits in each classroom. For the protection of all occupants on campus in case of a fire, the following evacuation procedures have been established should there be a need to EVACUATE off-site.

1. The set alarm is distinctive and recognizable as a signal to evacuate. The evacuation alarm signal is continuous. The PA system can also be used to EVACUATE. EVACUATION - xx909 - signal is audible and consists of a pre-tone, voice message ENG/SPN (EVACUATE), post-tone sequence repeated 2 times, scrolling text until stopped in ENG/SPN (!!! Evacuate !!!), flashing lights go on.
2. Order a verbal evacuation if the fire alarm does not sound.
3. Notify emergency responders, Call 911.
4. Notify the Superintendent/ District Incident Command of the evacuation and location.
5. Stay calm and remain SILENT. If teachers and students are talking, directions and other information cannot be heard.
6. Everyone should clear the building immediately. WALK - Do not run.
7. Teachers will supervise egress from the classrooms into the designated Evacuation Areas according to the Emergency Evacuation Routes marked on the maps posted in every classroom and office. The teacher leaves the classroom last closing doors (not locked) and if safe windows.
8. If heavy smoke is present, crawl or stay near the floor for breathable air.
9. In the case of FIRE ONLY, close the doors upon evacuating.

If there is no need to evacuate the following procedures have been established.

Air Quality

1. Air Quality Index located on the SRCS District website will be used to determine if activities should be moved indoors.
2. The Principal will communicate to staff and students via the PA System when activities will remain indoors.
3. The Principal will communicate to parents that students are safe and due to the air quality activities will resume and remain indoors.
4. The principal notifies the Superintendent/ District Incident Command. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Incident Command and/or Law Enforcement.

Fire on School Grounds

Each classroom and facility on the campus has a functioning fire extinguisher and a manual pull switch to activate the fire alarm. In addition, evacuation routes are posted by the exits in each classroom. For the protection of all occupants on campus in case of a fire, the following evacuation procedures have been established should there be a need to EVACUATE off-site.

1. The set alarm is distinctive and recognizable as a signal to evacuate. The evacuation alarm signal is continuous. The PA system can also be used to EVACUATE. EVACUATION - xx909 - signal is audible and consists of a pre-tone, voice message ENG/SPN (EVACUATE), post-tone sequence repeated 2 times, scrolling text until stopped in ENG/SPN (!!! Evacuate !!!), flashing lights go on.
2. Order a verbal evacuation if the fire alarm does not sound.
3. Notify emergency responders, Call 911.
4. Notify the Superintendent/ District Incident Command of the evacuation and location.
5. Stay calm and remain SILENT. If teachers and students are talking, directions and other information cannot be heard.
6. Everyone should clear the building immediately. WALK - Do not run.
7. Teachers will supervise egress from the classrooms into the designated Evacuation Areas according to the Emergency Evacuation Routes marked on the maps posted in every classroom and office. The teacher leaves the classroom last closing doors (not locked) and if safe windows.
8. If heavy smoke is present, crawl or stay near the floor for breathable air.
9. In the case of FIRE ONLY, close the doors upon evacuating.

Flooding

Flooding could threaten the safety of students and staff whenever stormwater or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as drains. If weather-related, an alert message will be broadcast over the weather radio station. In the event of a flood, the following guidelines should be followed as much as possible:

Incident Commander

1. Determine if evacuation is required.
2. Notify the Superintendent/ District Incident Command of intent to evacuate, the location of the safe evacuation site, and the route to be taken to that site.
3. The decision to evacuate students off-site will be made by the Principal/Superintendent/and/or District Incident Command.
4. Instruct on the means by which students will be evacuated to a safer location. Other guidelines should be kept in mind if students are going to be transported by buses or cars.
5. Post a notice on the office door stating where the school has relocated and inform the relocation site to the Superintendent/ District Incident Command.
6. Monitor local radio and television stations for flood information.
7. Delegate a search team if students or staff have been determined to be missing.
9. Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so.

General Staff:

1. If warranted, evacuate students using an evacuation plan.
2. Stay calm and remain SILENT. If teachers and students are talking, directions and other information cannot be heard.
3. Teachers will supervise egress from the classrooms into the designated Evacuation Area according to the established Emergency Evacuation Routes marked on the maps posted in every classroom and office.
4. Teachers will take their roll books to the evacuation site, take roll, and complete an attendance report.
5. Teachers will submit a report and identify any missing student(s), Staff Buddies, or other Staff to the Evacuation Area Lead.
6. If students or staff have been determined to be missing, a search & rescue team will conduct their duties.
7. Follow the Student Request and Release Procedures if school dismissal is warranted by the Superintendent/ District Incident Command.

Students and staff will be notified if and when it is safe to return to the school site and/or building under the direction of emergency responders and in consultation with the Principal/Designee/Superintendent/District Incident Command. Do not return to the school building until it has been inspected and determined safe by property authorities.

Heat (Excessive) and Air Quality

There are days where the city of Santa Rosa will experience record high temperatures during a week and the National Weather Service will place the city in an Excessive Heat Warning. As a result, leaders at our school sites will follow the Excessive Heat Warning/Heat Advisory and Air Quality guidelines regarding recess, physical education, and outdoor sports. The health and safety of our students and staff are our top priority. The heat and air quality will be closely monitored and decisions on the level of activities will be guided by our local and state guidelines.

Using the location's "HeatRisk" level. Cancel all outdoor and unconditioned indoor activities when the HeatRisk level is Red or Magenta during the heat of the day. Find your HeatRisk level here: NWS HeatRisk forecast (for details, see grid on next page). If in doubt, cancel. Charts are attached.

Loss or Failure Of Utilities

Notify the District Superintendent/District Incident Command.

During the School Day

If the loss of power is during school hours students will remain at school until the end of the school day. All after school activities and programs will be canceled.

Assess food preparation facilities

Estimate the number of persons requiring shelter and for what period of time

Assess the adequacy of available water, food, blankets, and other supplies

Control conservation of water

Establish a list of all persons on campus and determine any special needs.

Report additional equipment and supply needs to the District Emergency Operations Center (EOC)

Set up portable latrines as needed

Before the start of the School Day

If the loss of power is before the start of school hours, the Superintendent will make the decision to close schools.

The principal will send a message via the message system to the school community (parents and staff) in English and Spanish.

The SRCS District Office may also choose to send a message to the school community if multiple sites will be closed due to the loss or failure of utilities.

School closure and event cancellation is ultimately a school district-by school district decision based on local conditions.

Motor Vehicle Crash

A motor vehicle crash may result in a fuel or chemical spill on school property. If the crash results in a utility interruption, refer to the section on Utility Failure.

PRINCIPAL/DESIGNEE ACTIONS:

Notify the police and fire department (CALL 911).

Determine immediate response procedures, which may include EVACUATION or OFF-SITE EVACUATION which may include the use of busses or alternate transportation.

Arrange for first aid treatment and removal of injured occupants from the building.

Secure area to prevent unauthorized access until the public safety officials (police, sheriff, fire department) arrive.

Ensure that students and staff remain at a safe distance from the crash.

Account for all building occupants and determine the extent of injuries.

Notify the Superintendent/ District Incident Command.

The decision to relocate students will be made by Law Enforcement/Principal/Superintendent/District Incident Command.

Follow the Student Request and Release Procedures if school dismissal is warranted by the Office of the Superintendent/ District Incident Command.

The principal advises parents of the removal of students to an alternate location.

Students released to parents from alternate/safe location.

STAFF ACTIONS:

Notify Principal

Move students away from the immediate vicinity of the crash.

EVACUATE student to the evacuation assembly/safe area away from the crash. Take the class list and red emergency backpack.

Check the school site to assure that all student have evacuated.

Take attendance at the evacuation assembly area

Report missing students (pink form) to the principal/designee and emergency response personnel.

Maintain control of the students a safe distance from the crash site.

Care for the injured, if any.

Escort students back to the school site when emergency response officials have determined it is safe to return to the building.

(All teachers have a RED emergency bag in their classroom that includes an updated annual emergency release information (teachers update from the Student Information System (SIS) assuring that children are released to parent/guardian approved individuals.)

School closure and event cancellation is ultimately a school district-by school district decision based on local conditions.

Pandemic

For the most current information please use the Santa Rosa City Schools' website under: COVID-19 Information (<https://www.srcschools.org/Page/4485>)

Psychological Trauma

A risk of the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include the following: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting the head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

PRINCIPAL/DESIGNEE ACTIONS:

Keep the individual under continuous adult supervision.

Keep the individual on campus until the parent/guardian has been notified.

Arrange appropriate support services for the necessary care of the individual.

If the individual actively displays dangerous behavior or there is a reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).

School progression (psychologist, counselor, social worker, nurse) should recommend the next steps to the principal. The next steps may include:

Provide parents/guardian with the names and phone numbers of mental health resources

Recommend that the parents/guardian make an immediate contract with a therapist.

Request that the parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.

Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.

Provide follow-up collaborative support for the student and parents (as indicated) within the school.

Develop a safety plan prior to the student's return to school.

Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.

Notify principal/designee

Notify school nurse, school psychologist, counselor or social worker.

Protect the individual from injury.

Suspected Contamination of Food or Water

This procedure applies if there is evidence of tampering with food packaging, observation of suspicious individuals in the proximity of food or water supplies or suspicion of possible food/water contamination. Indicators of the contamination may include unusual odor, color and/or taste or multiple individuals with unexplained nausea, vomiting or other illness.

PRINCIPAL/DESIGNEE ACTIONS:

CALL 911

Isolate suspected contaminated food/water to prevent consumption. Restrict access to the area.

Maintain a log of affected students and staff and their systems, the food/water suspected to be contaminated, the quantity and character of products consumed and other pertinent information.

Provide a list of potentially affected students and staff to responding authorities.

Provide staff with information on possible poisonous materials in the building.

Notify District Superintendent/District Incident Command of situation and number of students and staff affected.

STAFF ACTIONS:

Notify principal/designee

CALL the POISON CENTER HOTLINE 1-800-222-1222.

Administer first aid as directed by the poison information center.

Seek additional medical attention as needed.

PREVENTATIVE MEASURES:

Keep poisonous materials in a locked and secure location.

Post the Poison Control Center emergency number in the front office, school health room (located in the main office) and on all phones that can call outside.

Post the names of building personnel who have special paramedic, first aid training or other special lifesaving or life-sustaining training.

Tactical Responses to Criminal Incidents

(e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the school site of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice to be sent no later than the end of business on the second regular workday after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.

(2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1).

(f) (1) Notwithstanding subdivision (b), a school district or county office of education may, in consultation with law enforcement officials, elect to not have its school site council develop and write those portions of its comprehensive school safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury at the school site. The portions of a school safety plan that include tactical responses to criminal incidents may be developed by administrators of the school district or county office of education in consultation with law enforcement officials and with a representative of an exclusive bargaining unit of employees of that school district or county office of education, if he or she chooses to participate. The school district or county office of education may elect not to disclose those portions of the comprehensive school safety plan that include tactical responses to criminal incidents.

(2) As used in this article, "tactical responses to criminal incidents" means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.

(3) Nothing in this subdivision precludes the governing board of a school district or county office of education from conferring in a closed session with law enforcement officials pursuant to Section 54957 of the Government Code to approve a tactical response plan developed in consultation with those officials pursuant to this subdivision. Any vote to approve the tactical response plan shall be announced in open session following the closed session.

(4) Nothing in this subdivision shall be construed to reduce or eliminate the requirements of Section 32282.

Notwithstanding the process described above, any portion of a comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit, if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session. (Education Code 32281)

The principal notifies the Superintendent/District Incident Command.

The decision to evacuate students off-site will be made by the Principal/Designee/Law Enforcement/Superintendent/District Incident Command.

Depending on the situation: LOCKDOWN-follow lockdown procedures, RUN-HIDE-FIGHT-follow Active Shooter Procedures, EVACUATE-if told to evacuate campus move to the designated location off-site or evacuation area on-site.

How to respond when Law Enforcement Arrives

Remain calm and follow instructions

Remove any items in your hands (i.e., cell phones, bags, jackets)

Raise hands and spread fingers

Keep hands visible at all times

Avoid quick movements toward officers such as holding on to them for safety

Avoid pointing, screaming or yelling

Do not stop to ask officers for help or direction when evacuating

Call 911 and notify the District Superintendent/District Incident Command when it is safe to do so.

Information to provide to Law Enforcement or 911 Operator

The specific location of the active shooter

Number of Shooters

Physical description of shooters

Number and type of weapons held by shooters

Number of potential victims at the location

Unlawful Demonstration or Walkout

Prohibited Activities

A student involved or attempting to be involved in any of the following prohibited activities shall be subject to discipline:

1. Disturbing the peace, including, but not limited to, causing or attempting to cause a riot, burning or destroying property, fighting, challenging another to fight, or using offensive words likely to provoke a fight.
2. Disrupting school operations, including, but not limited to, exercising free expression which is obscene, libelous, or slanderous or so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or substantially disrupting the orderly operation of the school (Education Code 48907) (cf. 5145.2 - Freedom of Speech/Expression)

Other examples of activities that may be considered disrupting school operations include, but are not limited to:

- a. Organizing or participating in unauthorized assemblies on school premises
- b. Participating in sit-ins or stand-ins which deny students or employees normal access to school premises
- c. Interfering with or unauthorized use of the district's computer system

In the event that an unlawful demonstration or walkout is planned, the principal notifies the Superintendent/District Incident Command.

Wildland/Urban Interface Fire

Wildfires or Wildland/Urban Interface Fires have occurred almost on a yearly basis around Sonoma County and or nearby local counties and schools may have a lot of warning about a wildfire that may affect their location, or they may have very little time to respond. In the response phase, the principal or school district will:

1. Follow the directions of emergency responders and the local public health department. If the entity is not in immediate danger from a wildfire, officials may recommend the campus shelter-in-place or take other actions (e.g., curtail outdoor activities). Schools, however, should be prepared to take other actions, such as evacuate. As always, educational staff members do not have to wait for instructions from local officials to respond—they should do whatever is needed to protect their students, staff members, and faculty.
2. Regularly monitor the following:
 - o The situation via community partners (e.g., local emergency management and public health department). Air quality may be provided on a state or local government’s website or airnow.gov, including its link to current fire conditions. Current fire locations and their perimeters are provided on this U.S. Geological Survey tool. Some areas of the country are also able to sign up for air quality alerts.
 - o The health of students, staff members, and faculty, especially those who have respiratory problems. Consider using portable air cleaners in designated rooms. Air quality will probably be better in rooms that have fewer doors and windows.
3. Implement ICS, if necessary.
4. Provide Psychological First Aid (PFA). PFA is an early, brief, and focused intervention that can help reduce the social and emotional distress of children and adults after traumatic events. More information on Psychological First Aid for Schools (PFA-S), which is an evidence-informed intervention specifically designed to assist students, staff, and families, can be found in a REMS TA Center Web page Psychological First Aid for Schools (PFA-S), Helpful Hints publication Psychological First Aid (PFA) for Students and Teachers: Listen, Protect, Connect—Model & Teach, and Webinar Implementing Psychological First Aid (PFA) in School and Postsecondary Settings.
5. Plan for managing donations and volunteers. If the school or IHE is directly affected by a wildfire, and especially if the incident garners a lot of media attention, the entity will need to manage volunteers who want to help the school/IHE and/or provide donations. Systems and processes should be identified and created before an incident. More information is provided in this REMS TA Center Webinar and fact sheet.
6. Keep families informed about the situation (including resources and psychological support available to them) and campus openings, closings, and delayed opening times.

It is important for the district to constantly monitor the status of these fires as well as the air quality. Students should remain indoors away from the smoke and ash debris.

Air Quality

1. The Air Quality Index located on the SRCS District website will be used to determine if activities should be moved indoors.
2. The principal will communicate to staff and students via the PA System when activities will remain indoors.
3. The principal will communicate to parents that students are safe and due to the air quality activities will resume and remain indoors.
4. The principal notifies the Superintendent/ District Emergency Preparedness Director. The decision to evacuate students off-site depends on the situation and will be made by the Principal/Designee/Superintendent/District Emergency Preparedness Director and/or Law Enforcement.
