

ACTION MEMORANDUM

TO: Bibb County School District

FROM: Kevin Adams, Chief Information Officer

SUBJECT: VMS Server Refresh

Summary

The Technology Services Division is seeking Board approval of our refresh of VMS servers. VMS servers are utilized to preserve camera recordings. The quote has been secured via state contract and the request will be financed utilizing general funds.

Background

The Bibb County School District utilizes classroom cameras for both security and instructional purposes. Teachers have full control of recordings saved for instructional purposes, and it is important for us to maintain appropriate servers to store video that can be retrieved as needed for security purposes. The integrity of our servers is vital to us being a reliable organization. As we manage these important infrastructure components, periodic refresh is required. It is now time to refresh the VMS servers that are housed at each school to assure important videos are stored and available as expected by our stakeholders. The refresh includes purchase of the actual servers, corresponding parts and supplies, installation, and a five-year support plan.

Recommendation

It is recommended the Bibb County Board of Education authorize the purchase order to Dell Technologies for the district's refresh of our VMS servers in the amount not to exceed \$253,608.53. The funding source is general funds.

Unless otherwise stated herein, pricing is valid for thirty days from the date of this Quote. All product, pricing and other information is based on the latest information available and is subject to change. Supplier reserves the right to cancel this Quote and Customer purchase orders arising from pricing errors. Taxes and/or freight charges listed on this Quote are only estimates. Governing Terms: This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.com/terms or www.dell.com/oemterms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.

Supplier Software Licenses and Services Descriptions: Customer's use of any Supplier software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula.
