

## **CHRONOLOGY OF THE AGENDA ITEM**

On January 1, 2020, the Georgia Fire Marshall Rules took effect (GA. R&R 120-3-3 Rules and Regulations for the State Minimum Fire Standards) requiring that all new or relocated educational buildings must have sprinklers.

Based on this new Georgia State Fire Marshall requirement for sprinklers, relocating existing modular classrooms must have sprinklers installed. The Facilities/Maintenance Department is seeking a turn-key service for the removal, relocation, and installation of fire sprinklers in portable classroom trailers throughout the district. Use of this contract will expedite this process.

At its business meeting on Monday, May 17, 2021, the DeKalb Board of Education approved the initial use of this contract.

At its business meeting on Monday, March 14, 2022, the DeKalb Board of Education approved the second use of this contract.

This agenda item seeks the Board of Education approval for the continued use of this contract to complete the work this summer required by the Georgia Fire Marshall.
