

ACTION MEMORANDUM

TO: Bibb County School District

FROM: Dr. Lori Rodgers, Assistant Superintendent of District Effectiveness & Federal Programs

SUBJECT: Renewal of Renaissance Star 360

Summary

Since 2017, Bibb County School District has utilized Renaissance Star 360 district-wide for universal screening, progress monitoring, differentiating instruction, and forecasting proficiency and mastery of state standards. With Renaissance Star 360, principals and teachers have access to valid and reliable data used to personalize student learning.

Background

Renaissance Star 360 is a comprehensive PreK-12 online learning platform used to measure students' achievement and growth, as well as to identify students' instructional needs. Renaissance Star 360 computer-adaptive tests for early literacy, reading, and math provide teachers actionable data in minimal testing time. Renaissance Star 360 will serve as the districtwide universal screener, in which students will be screened three times a year.

In addition to Star 360, the Renaissance Learning suite includes Freckle, mON Reader, myON News, and Accelerated Reader (AR). Freckle platform is an online supplemental instructional learning tool. Teachers are able to provide students standards-based exercises in math, English language arts, social studies and science. Students also have access to myON Reader and myON News. myON Reader is a digital library of thousands of high-quality, high-interest digital books with built-in scaffolds to support readers at every level. The books are matched to each student's interests, grade and Lexile reading level.

myON News provides high-interest, age-appropriate online news articles written specifically for students. Each article incorporates engaging multimedia videos, slideshows, and photo galleries to help students better understand the news. Lastly, AR monitors student's independent reading by providing short quizzes students can take online to measure their reading comprehension skills.
