We have partnered with local artist Max Bala to create a mural in our multipurpose room that reflects and celebrates our school community. Staff, students, and families will be actively involved in the design selection process, ensuring the final piece is representative and inclusive. Additional detailed information regarding this project can be found in the Hidden Valley Elementary Mural Project Student-Centered Campus Beautification Initiative, which accompanies the submitted contract.		Murals were a priority identified by both families and staff through our Prop 28 survey feedback, reflecting a strong desire to enhance our campus environment. Additionally, murals have been approved and successfully implemented at other district sites over the past five years, demonstrating clear district support and their positive impact on school culture and pride. This highly visible space offers an opportunity to make a lasting, meaningful impact and further elevate the overall appearance of our school.
