

Deferred Maintenance Plan Update

May 27, 2026

Erik Oden, Executive Director

Alex Escobar, Manager

SRCS Current Portfolio

Total Number of School Sites

24

27 Total Sites

Total Dollar of Assets=

\$625,725,000

Total Number of Buildings

433

**Total Square Footage
Maintained= 1,891,875
(1,537,502 open campus)**

Total Number of Acres

386

Average School Age=

51.2 yrs.

Nine Maintenance Techs & Seven Grounds Techs

Deferred Maintenance

Deferred maintenance refers to the practice of postponing planned or unplanned maintenance activities on assets, often due to budget constraints or resource limitations, leading to a backlog of necessary repairs.

Why Does Deferred Maintenance Matter?

- **Increased Costs**
 - Higher repair costs
 - Emergency repairs
 - Increased downtime
- **Safety and Security Risks**
 - Safety hazards
 - Compliance issues
- **Reduced Operational Efficiency**
 - Decreased performance
 - Reduced productivity
- **Impact on Budget**
 - Short term savings, long term cost
 - Compounding costs

Deferred Maintenance

Examples of Deferred Maintenance

ADA accessibility and compliance

Roof replacement

Bathroom fixture replacement/updating

HVAC upgrades/replacement

Window replacement

Elevator repair/replacement

Doors and door locks

Power generators

UPS systems

Classroom renovation/technology upgrades to meet program needs

Unused building demolition

Updated lighting

Sinkhole repair

Networking/fiber installation

Campus safety improvements

Fire alarms

Paving/sidewalk replacement

Campus signage

Building masonry repair

Lifespans

Carpet Lifespan

- Average life expectancy 10 - 15 years.
- Estimated cost: \$7sq ft
- Most SRCS carpet 20+ years old

Building Lifespan

- Expected lifespan 60+ years
- With the age of our buildings, it is important that we have an up-to-date deferred maintenance plan
- Supplementing deferred maintenance through bond funding vastly improves the condition of our schools

Roof Lifespan

- Average life expectancy 25 years
- Thanks to Measures I & L, we have replaced or serviced most roofs at 15 schools all of which were beyond their service life

Restricted Funding

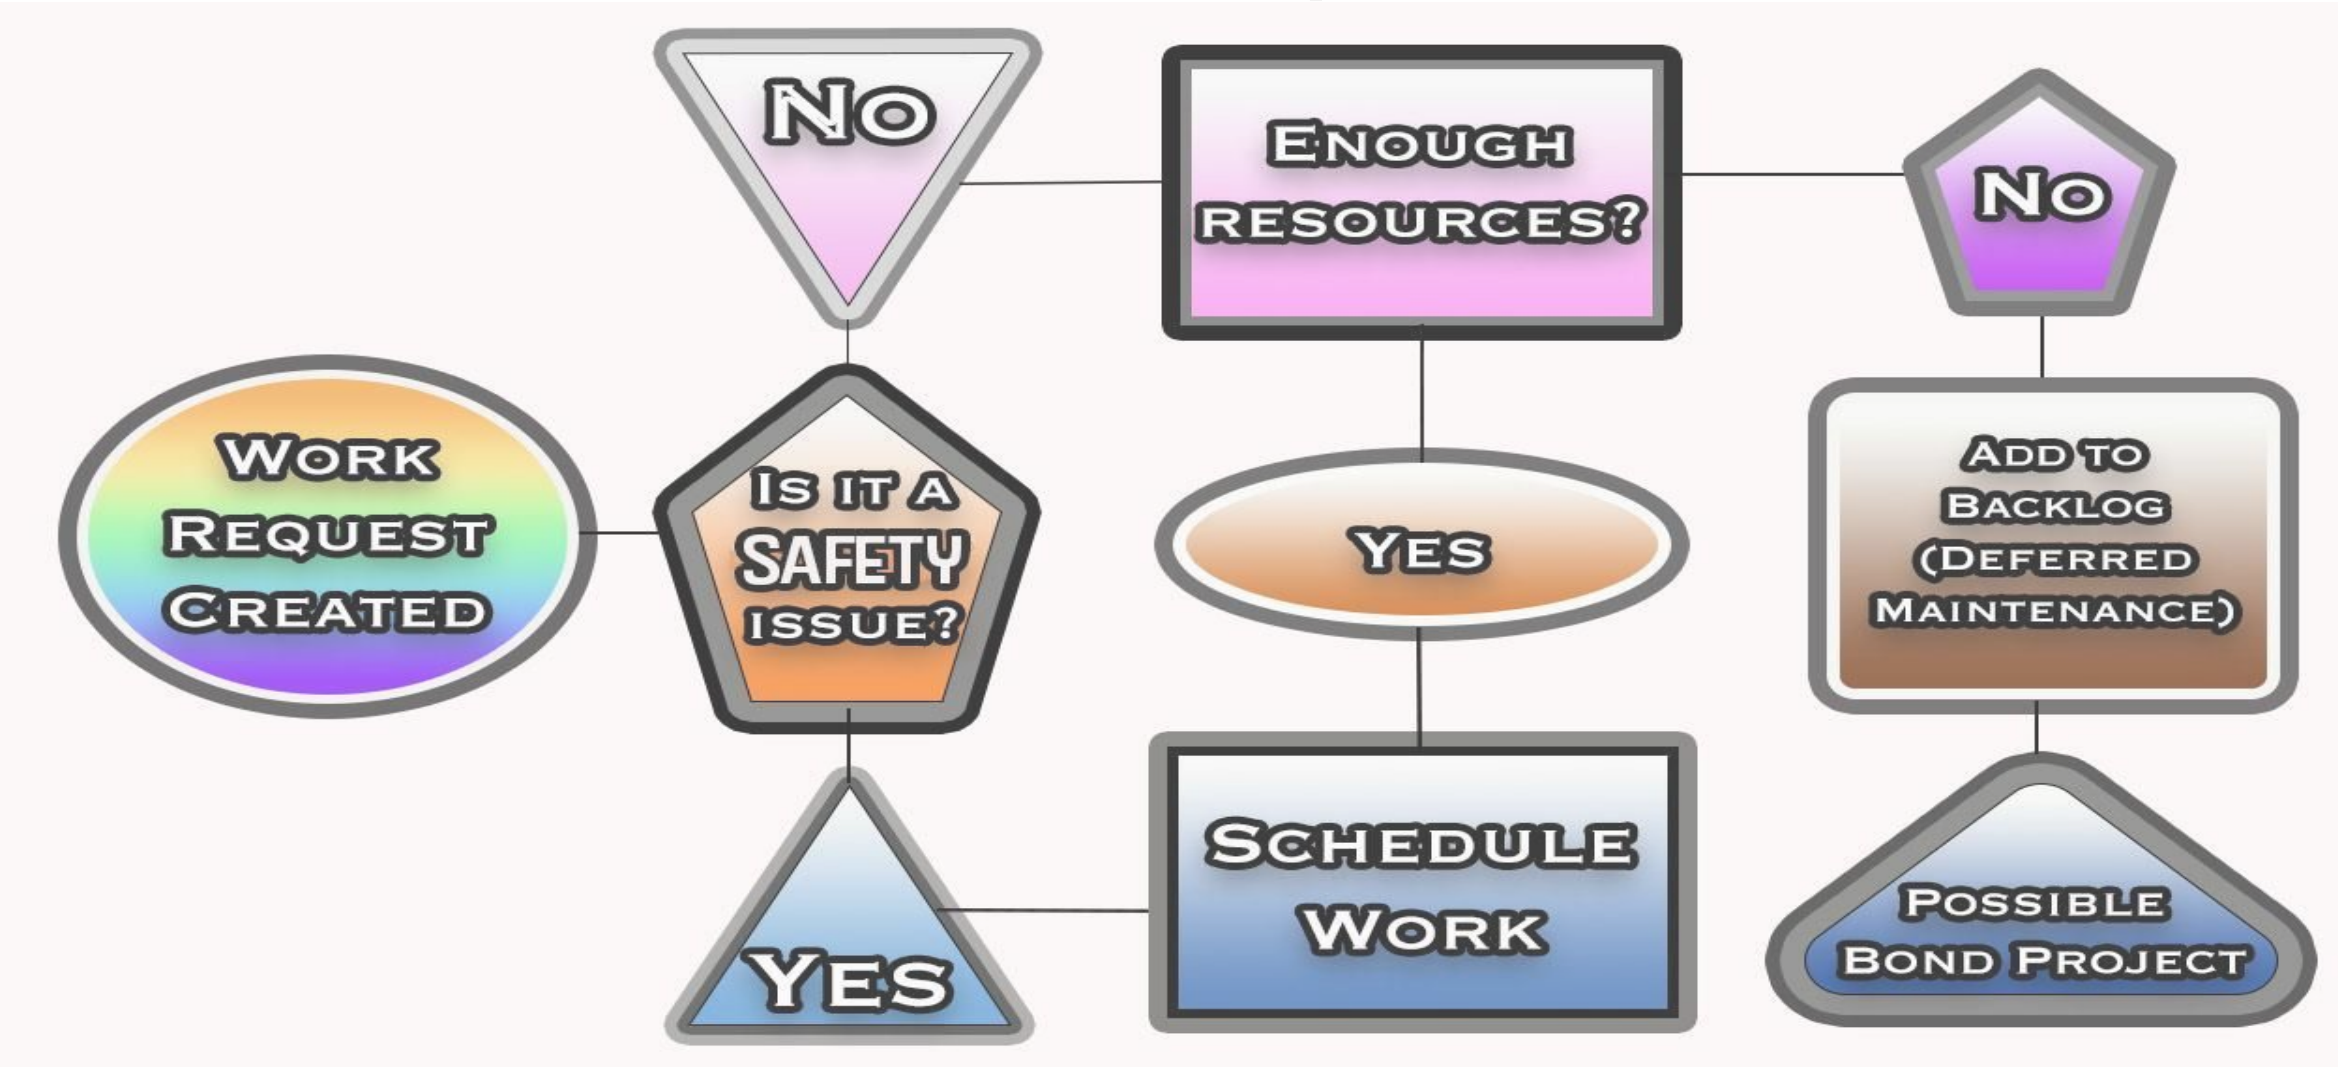

Routine Restricted Maintenance (RRM)

- 3% of the total annual general fund expenditures.
- RRM funds are used for Maintenance and Operations salaries and benefits, and materials.
- Most maintenance operations and emergency repairs are paid from these funds.

Deferred Maintenance

- Bond funds - major capital funding resource for major deferred maintenance projects
- Fund 14 - “deferred maintenance” fund that is no longer required, but may still be used to track carryover or long term maintenance planning
- Fund 35 - reimbursement funds from state
- Fund 40 - reimbursement funds from insurance, etc.

Maintenance Work Request Flow Chart

Deferred Maintenance Program

Deferred Maintenance and Bond Partnership

- Average SRCS school facilities is over 50 years
- Facilities projects, use of routine restricted maintenance funding, and state grants help make deferred maintenance list shorter and less challenging
