

Dear recipient,

For over 10 years, Publix has had the pleasure of hosting the Tools for Back to School register campaign. Through the generosity of our customers and associates, we've raised more than \$42 million to help provide school supplies for students and teachers in the communities we serve.

We are delighted to share that your organization is receiving a cash contribution to purchase school supplies for your classrooms and to support individual student families. We ask that you please deposit the enclosed check within six months of receipt and utilize the funds within one year of receipt.

As we continue to focus on our core philanthropic pillars of alleviating hunger and environmental sustainability, we have made the difficult decision to end the Tools for Back to School program with this campaign.

If you have any questions or are looking for additional funding opportunities, please visit [corporate.publix.com/community/requests](https://corporate.publix.com/community/requests).

We're proud of the work we've accomplished together over the years in providing the educational tools and resources needed for children to be successful and thank you for your continuous dedication to educating our next generation!
