

BOARD POLICY
Homebound Instruction Program

Descriptor Term: IDDC
Date: XXXXXX XX, 2023

Hospital/homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or healthcare facility as specified in State Board of Education Rule 160-4-2-.31. General and special education students whose medical needs, either physical or psychiatric, exclude them from attending school for a limited period of time are eligible for HHB services as defined by State Board of Education Rule 160-4-2-.31 in the Bibb County School District ("District").

HHB services are not intended to supplant regular school services and are designed to be temporary. The Bibb County Board of Education authorizes the Superintendent or his or her designee to develop and implement a regulation addressing the procedures for HHB services in the District.
