

REGULATION
Transfers and Withdrawals

Descriptor Term: JBCE-R(1)
Date: XXXXXX XX, 2023

Rationale/ Objective

Georgia districts are required to track student enrollment and withdrawals. The following procedures are in place to ensure student moves are properly documented, tracked, and reported to the Georgia Department of Education.

The Bibb County School District ("District") provides limited opportunities for Bibb County students to attend schools outside the attendance zone in which they live. These opportunities result from a student's attendance at a magnet school, family moves that occur during the school year, House Bill (HB) 251, Senate Bill (SB) 10, House Bill (HB) 224, or extreme medical/emotional situations.

Transfers

A. School Choice Transfer

1. HB 224:

Military service member parents/guardians of a school aged child who lives on a military base or off-base housing located within the District may apply for a transfer in accordance with Georgia's Quality Basic Education Act. HB 224 transfers will be included in the process for HB 251 transfers (see item 3 below) including, but not limited to, application, space availability, lottery, and transfer expectations.

2. Siblings:

- a. Siblings of students already attending a school through an approved transfer may apply to attend the same school.
 - (1) This provision attempts to address siblings enrolled in different schools at the same time due to an approved transfer.
 - (2) The younger sibling must be a student in the same school at some time during the tenure of the older sibling.
 - (3) This provision does not apply to or impact student placement via an IEP team decision, which is determined in accordance with federal law.
- b. A sibling is defined as a brother, sister, step-brother, or step-sister living in the same household and who otherwise meets the requirements for enrollment.
- c. Parents/guardians wishing to apply for a sibling school choice transfer must do so during the annual application period.

3. HB 251:

- a. Parents/guardians of a student enrolled in a District school may apply for an HB 251 transfer in accordance with Georgia's Quality Basic Education Act. In accordance with State Board of Education procedures, these transfers will be available during an announced application period annually. The application procedures, forms, and dates will be posted on the District's website during the second semester each school year. Information regarding space availability at individual schools will be included in the posted information. Parents/guardians will be notified regarding the approval of an HB 251 transfer request by July 15 each year. (O.C.G.A. § 20-2-2131)
- b. Parents/guardians wishing to apply for an HB 251 transfer must complete a transfer application during the annual application period. Up to two schools may be requested on the application.
- c. In the event that the number of applications exceeds the available capacity at a particular school, the District will conduct a random lottery.
- d. Research, Evaluation, Assessment and Accountability Department will conduct the random lottery with priority given to fifth and eighth-grade students who have applied for a transfer within the same feeder pattern of the school they are currently attending.
- e. No additional staff will be hired to accommodate a transfer.
- f. Students not chosen in the random lottery for their first-choice school will be placed on a waiting list based on the outcome of the first-choice lottery.
- g. Students transferred pursuant to this section may be required to return to their home school if the student has attendance or behavior issues.

4. General Provisions:

For all school choice transfers, the following provisions apply:

- a. Students who receive a school choice transfer may attend the school through the highest grade of the particular school prior to re-applying;
- b. Transportation must be provided by the parent/guardian;
- c. If the student receives Special Education services, the school selected must have the Special Education services required by the current Individual Education Plan (IEP);
- d. Students granted a school choice transfer must maintain acceptable attendance, behavior, and grades as determined at the discretion of school administration;
- e. The parent/guardian is expected to maintain a cordial and cooperative working relationship with school personnel;

- f. Failure to comply with any provision of this paragraph shall authorize the principal to immediately withdraw such student; and
- g. If the student transfers at the high school level, he/she must meet Georgia High School Association requirements to participate in competitive interscholastic activities.

5. Acceptance of a school choice transfer:

- a. Once a school choice transfer is approved, the parent/guardian must acknowledge acceptance of the transfer by the established deadline.
- b. Failure to accept an approved transfer by the established deadline will result in the school choice transfer being nullified and forfeiting of the student's seat.
 - (1) A waiting list generated during the lottery process will be used to fill any available seats that are vacated.
 - (2) Any student so chosen from the waiting list will be notified prior to the start of the school year.

B. Hardship Transfers

Parents/guardians of students requesting a hardship transfer from the District school to which they are zoned must submit a hardship transfer application to the Policy and Planning office. A decision regarding the transfer request will be made by a hardship transfer committee, and all decisions are final. Parents/guardians should receive a response to the transfer request within thirty (30) days of receipt of the request.

1. Hardship transfers may be considered for the following reasons:

- a. Legal – The student is subject to a court order that would prevent him/her from attending the school to which he/she is zoned to attend;
- b. Medical – The student's physician, psychiatrist or physiologist should provide written documentation and specific medical reasons (physical and/or psychological) that would prohibit a student from attending the school to which he/she is zoned to attend; or
- c. Other issues that would prohibit a student from attending the school to which he/she is zoned to attend, to be evaluated at District discretion on a case-by-case basis.

2. Unique hardships depend on individual family situations. The following situations are not considered an undue hardship: peer group associations, discipline, attendance problems, and a general dissatisfaction with a particular school.

3. For all Hardship transfers, the following provisions apply:

- a. A student may receive only one hardship transfer during a school year;
- b. Transfers are considered for individual students, not family groups;
- c. Transportation must be provided by the parent/guardian;

- d. If the student transfers at the high school level, he/she must meet Georgia High School Association requirements to participate in competitive interscholastic activities;
- e. Students granted hardship transfers must maintain acceptable attendance, behavior, and grades as determined at the discretion of school administration;
- f. The parent/guardian is expected to maintain a cordial and cooperative working relationship with school personnel;
- g. Failure to comply with any provision of this paragraph shall authorize the principal to immediately withdraw such student; and
- h. If false information is provided, or the circumstance under which a transfer was granted changes, transfers may be revoked.

C. Special Needs Hardship Transfers

Special Needs Scholarship Transfers (also known as SB 10 transfers) are available each year during a period established by the Georgia State Board of Education. Information regarding these transfers including procedures and qualifications will be posted on the District's Website annually, prior to the beginning of the school year.

D. Special Rule for Students in Grades 4, 7 and 11

Students in grade 4 who complete a school term in one school but move their residence prior to the end of the last grading period of the school year will be allowed to complete elementary school by remaining at their original school. Transportation for students who choose to remain at their original school shall be the responsibility of the student and his/her parents.
