

CHRONOLOGY OF THE AGENDA ITEM

In accordance with the Fleet Service Department's Fleet Lifecycle Management Plan, the systematic replacement of bus lifts is required to ensure a safe productive, and efficient workspace. The systematic replacement of this equipment increases safety. Moreover, the purchase of these eight (8) lifts are vital to our students' success and the overall continuation of the district's strategic plan. These lifts will be purchased through the Sourcewell government contract (SWC#013020-SKI).
