

**Request for Acreage Variance:**

To Whom it May Concern:

This letter is to request a variance to the minimum size requirements for The Globe Academy's proposed expansion facility located at 1994 Clairmont Road, Decatur, Georgia, 30033.

The facility has adequate capacity for our foreseeable enrollment and is large enough to accommodate our school through grades K through 5. The site, along with twelve (12) adjacent parcels has 7.5 total acres. While the allotted acreage is less than the minimum requirements, the property offers ample parking, area for carpool, and outdoor playground area, accommodating all of our facility and outdoor needs.

Given the price and scarcity of land and suitable buildings in this general vicinity, obtaining the recommended acreage for our school is not feasible.

Thank you for your consideration in granting this waiver.

Sincerely,

A handwritten signature in blue ink, appearing to read "Josh Gregory", with a stylized flourish at the end.

Josh Gregory

The Globe Academy representative
