

BOARD POLICY
Dual Enrollment

Descriptor Term: IDCH
Date: February XX, 2023

It is the policy of the Bibb County Board of Education to allow eligible students to take approved courses from postsecondary institutions while still enrolled as high school students.

Dual Enrollment provides opportunities for Georgia high school students to take college-level courses from an eligible state public or private post-secondary institution while enrolled as a high school student and receive credit both at the high school and at the post-secondary institution.

Any eligible high school student may enroll full-time or part-time in approved credit-bearing college-level courses pursuant to O.C.G.A § 20-2-161.3. Courses may be taken before, during or after regular school hours, on the college campus, on-line or at the high school during the regular school calendar year. Approved courses must count toward state and/or local high school graduation requirements.

This Superintendent or his or her designee is authorized to develop a regulation regarding Dual Enrollment procedures in the Bibb County School District.
