

BENEFITS OF CLOUD HOSTING WITH PRIMEROEDGE

TRUSTED SECURITY

PrimeroEdge stores all data in a secure SSAE 16 compliant datacenter where servers are monitored 24x7 and provide automatic alerts to our staff. Additional security is given to your data which will be safely encrypted using 256-bit encryption in TLS 1.2.

ENSURED BUSINESS CONTINUITY

Having a backup plan is essential to ensure the integrity of your operations in case of an unexpected event. PrimeroEdge not only maintains a backup power supply but also utilizes secured backups in remote datacenters in case of emergency.

LOW MAINTENANCE

Cloud hosting means hassle-free implementation for your district, as it eliminates the need for server hardware and related software. PrimeroEdge will manage all updates, upgrades, infrastructure, security, and data backups for you, reducing your maintenance costs and IT staff workload.

GREATER ACCESS

As long as you have an internet connected device, you can access PrimeroEdge from anywhere you go. PrimeroEdge is browser agnostic, supported by Chrome, IE, Microsoft Edge, Safari and Firefox. Users can even log-in with their Single Sign On password that uses ADFS and SAML 2.0 for secure authentication.

FASTER COMMUNICATION

Our integrated software modules communicate your data faster when hosted on the cloud since there is no need for any imports and exports from a server. Transaction data from POS terminals update in real time to our central server, providing you quicker access to the data you need.
