

## CHRONOLOGY OF THE AGENDA ITEM

The weight room and concession stand area at Stone Mountain High School has been closed and will remain closed until the repairs to the weight room floor are completed because there is concern that the concrete pieces will continue to fall and could cause injury. Due to the immediate need to make the repairs, utilizing an approved contractor on the State of Georgia Indefinite Quantity Construction Contract, would expedite completing the project.

On February 24, 2020, the State of Georgia in conjunction with Sourcewell issued an ITB to provide access to contractors to provide construction, repair and renovation services over an extended period of time. **Paryani Construction** was awarded a one (1) year agreement effective April 20, 2020 with three (3) bilateral options to extend the term for an additional term. On March 30, 2023, the contract was extended for the period of April 20, 2023 through April 19, 2024.

It is requested that the Board of Education approve the award of the General Contractor Services for Stone Mountain High School Weight Room Floor Project to **Paryani Construction** who is one of the awarded vendors under the State of Georgia Indefinite Quantity Construction Contract.
