Employee Dress Code

Descriptor Term: GBRL
Date: XXXXXX XX, 2024

The Bibb County Board of Education ("Board") recognizes that professional attire helps set the tone of an educational system. It is important that all employees of the Bibb County School District ("District") follow standards of dress that promote the education profession and serve as positive models for students and the community.

The dress of all employees must be such that it will not bring discredit to the District nor reflect on the dignity and honor of the education profession. The Superintendent or his or her designee is authorized to establish a regulation providing guidelines related to the dress code for employees. In general, the Board expects all employees to dress in a manner appropriate for their employment position, as outlined in the associated regulation.
