

CHRONOLOGY OF THE AGENDA ITEM

In 2002 DeKalb County School District standardized Staefa/Talcon the only allowable controls system to be installed in DeKalb County Schools. The original Staefa MS1800 system approved to be installed District-wide is no longer manufactured. The software that ran the Staefa MS1800 system is utilized with the iNTREO product line. Utilizing the iNTREO system will allow the District to maintain compatibility throughout all facilities utilizing the Staefa/Talcon system.

Delta Controls is the exclusive manufacturer of the iNTREO brand of HVAC product nationally. **Control Concepts, Inc.**, is the exclusive sole source distributor and installer of the iNTREO system in the State of Georgia. Per the attached supporting documentation, **Control Concepts, Inc.**, is an approved sole source vendor for the installation of the Staefa/Talcon controls system.

This request is to authorize DCSD to contract with **Control Concepts, Inc.**, as the sole source vendor to provide SPLOST VI HVAC controls upgrades.
