LOCATION	EMPLOYEE	POSITION
Teaching and Learning	Ethelstine Lett	Assistant Superintendent of Teaching and Learning
Dr. Ethelstine Lett is a highly esteemed educational leader known for her impressive academic background and unwavering dedication to fostering individual growth. With a Doctorate in Educational Leadership and Supervision from Georgia Southern University, a Specialist of Education degree from Jacksonville State University, a Master of Arts in Education from The University of Mobile, and a Bachelor of Arts in Language Arts from Mississippi Valley State University, Dr. Lett possesses a solid foundation in the field of education. With a career spanning three decades, Dr. Lett has accumulated extensive experience across various leadership roles. Currently serving as principal at Tri-Cities High School, she has held pivotal positions such as elementary principal, assistant principal, Title I School Improvement specialist, Instructional Coach, Professional Development Consultant, and GADOE Title I Consultant. Operating at both elementary and high school levels, Dr. Lett has played a key role in driving instructional excellence through the implementation of strategic plans aimed at enhancing student achievement. Dr. Lett's expertise extends beyond administrative roles, encompassing roles such as Title I School Improvement Specialist and Instructional Coach, where she provided invaluable assistance and training to principals while designing and managing comprehensive programs. Her strength lies in academics, where she has demonstrated exceptional proficiency in curriculum development, instructional strategies, and educational leadership. Passionate about professional development and instructional support, Dr. Lett has facilitated numerous training sessions and workshops for teachers, utilizing data analysis to inform instructional decisions and enhance school improvement efforts. Under her leadership, students have not only excelled academically but have also developed critical thinking skills essential for success beyond the classroom. Dr. Lett's commitment to empowering individuals to reach their full potential underscores her valuable contributions to the field of education.
