CHRONOLOGY OF THE AGENDA ITEM

On October 8, 2018, the Board of Education approved the FY 2018 Capital Outlay Reimbursement Application to the Georgia Department of Education, which included the following projects:

- E.L. Miller ES 20-644-001
- Nancy Creek 20-644-007

The projects listed have been completed, and final payments have been made to the respective architects and general contractors.

The GaDOE will reimburse expenses incurred by a school district up to 90% of the total reimbursement amount, providing that all required documents are submitted. Once a project reaches the 90% reimbursed threshold, the GaDOE will wait until the project is officially closed out before releasing the final 10% of reimbursement.

This board agenda item will allow the District to receive the remaining reimbursement funds available for this project, which totals $1,147,848.
