

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Bibb County Board Education
From: Kevin Adams, Chief Information Officer
Dara Foy, Director of REAA
Subject: FY25 Renewal of Infinite Campus

Summary:

The Technology Services Division and Department of Research, Evaluation, Assessment and Accountability (REAA) are seeking Board approval of Infinite Campus as our Student Information System. This Infinite Campus renewal will provide the Bibb County School District the necessary platform to collect and report student information for the 2024-2025 school year. In addition, we are seeking approval to enter into an agreement with K-12 Solutions Group to annually renew Infinite Campus licenses through 2029-2030.

Background:

The Bibb County School District has used Infinite Campus as the Student Information System (SIS) for the district for the past 16 years. Infinite Campus (IC) is a secure online, cloud-based tool used by school and district leaders to collect, manage, and report all student information to include teacher gradebooks and state mandated student reports. Additionally, IC provides both parents and students with a portal to view student grades and data in “real time.” Infinite Campus houses multiple products that provide our professionals a digital platform for maintaining important records including social workers (SWARM), gifted education (GEM), 504 plans, and more. Annual pricing fluctuations are due to many components being based on our FTE counts for the year.

Recommendation:

It is recommended the Bibb County Board of Education authorizes the Superintendent to enter into an agreement and issue the purchase order to K-12 Solutions Group for the annual renewal of Infinite Campus student information system for the 2024-2025 school year in the amount not to exceed \$406,858.80. The funding source is FY25 General Funds (REAA).
