To Whom It May Concern

I am pleased to announce that the Dunwoody Parents and Teachers Organization (PTO) has generously donated \$41,756.06 partnering with DES to install an Outdoor Classroom from Jewel of the South, Inc.

The generosity of our parents is underscored by their efforts to raise these funds to enhance our school. The Outdoor Classroom will facilitate hands on STEM learning for all students. Outdoor learning is also beneficial for students' mental health and overall academic performance across all subject areas.

We are excited to have the Outdoor Classroom installed soon with our students benefiting from its use.

Please reach out to me directly if you have any questions about this project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mindee G. Adamson', is written over the typed name.

Mindee G. Adamson  
Interim Principal
