

CHRONOLOGY OF THE AGENDA ITEM

It is requested that the Board of Education approve an amendment to the existing easement with the City of Dunwoody to allow for the maintenance of utilities serving the City Property.

The City of Dunwoody has requested an amendment to the existing 2017 North Access Easement. The City of Dunwoody is looking to expand the current access easement which provides access on the Austin Elementary driveway to reach the Dunwoody Nature Center to now also include maintaining utilities that service the nature center. The City of Dunwoody is building an addition to the Nature Center that would require a new water line to be installed. The amendment will allow the City of Dunwoody the right to construct, install, operate, alter, repair, modify, and replace lines within the easement area. This amendment to the easement will not impact access to the Austin Elementary facility.

This agenda item seeks the Board of Education approval of the amended easement to the City of Dunwoody for maintenance of utilities within the north access area.
