*Annex 1*College Board's College and Career Readiness Educational Services

With the Covered Assessments, College Board shall provide the following educational services to help students navigate post-secondary and career pathways and to help K-12 educators and counselors serve their students' needs (collectively, "Educational Services").

"App" refers to a College Board mobile application, BigFuture® School, that students age 13 and older can download from the App Store to access Educational Services. The App is only available for students taking the SAT School Day, PSAT/NMSQT and PSAT 10. "BigFuture School" as used herein refers to the Educational Services provided on the App (including in-App notifications if the student elects to turn on those notifications) and potential other channels such as through a website portal exclusively for the Educational Services.

SCORE INFORMATION: In BigFuture School, students may access their scores and other score information (collectively, "Score Information") for College Board assessments including scores received by students on Covered Assessments.

RECOMMENDATIONS: In BigFuture School, College Board may provide students with educational information and recommendations about college and career options including, for example, AP Potential, postsecondary options and opportunities, career pathways, scholarships, National Recognition Program potential eligibility, financial aid and paying for college information, and opportunities to participate in College Board research studies (collectively, "Recommendations"). In providing and customizing Recommendations, College Board may use student information collected in connection with Covered Assessments and through students' use of Educational Services. In the Recommendations, College Board may include third-party links to other sites that are not operated by us, including colleges, universities, scholarship organizations, and career information sites. College Board is not responsible for the content or operation of other websites, and links to other websites are not intended to imply endorsement of them by College Board.

CONNECTIONS*: Connections is a College Board program through which students are provided information about non-profit colleges, universities, scholarship organizations and other nonprofit educational organizations ("Eligible Institutions") and may receive preliminary offers of admission from nonprofit colleges and universities ("Participating Colleges"), based on criteria provided by those Eligible Institutions and Participating Colleges, which may include student interests, demographics, students' use of Educational Services, and other information collected by College Board during Covered Assessment(s) for which the student opts-in to Connections (collectively, "Messages"). The students' interests and preferences (such as through user controls within the App, through engagement in BigFuture School, and any updates students make to their information in their use of Educational Services) may also influence and personalize the students' experiences within BigFuture School and the content of Messages. For Messages from Eligible Institutions, assessment score ranges the student received on past and future SAT, AP, PSAT/NMSQT and PSAT10 assessments may be used. For Messages with preliminary offers of admission from Participating Colleges, assessment score ranges the student received on past and future SAT assessments may be used, and race and ethnicity will not be used. **College Board never shares students' personally identifiable information with Eligible Institutions or Participating Colleges as part of Connections.**

Connections is entirely optional, and students must affirmatively opt-in and agree to College Board's use of their information as described above for Connections if they wish to participate. Unless an LEA or a school directs College Board to exclude its students from Connections (as further described below), students can opt-in during Covered Assessment(s) or in the App and may be able to do so through other channels. Students can opt-out any time, as described more fully below.

Opted-in students may receive Messages from Eligible Institutions and Participating Colleges in the App (including in-App notifications if the student elects to turn on those notifications), by hard copy mail, and by email, subject to the student providing their home address, email, and/or downloads the mobile application, all of which data elements are optional. Eligible Institutions and Participating Colleges do not know the identity of a student to whom Messages are delivered unless and until the student chooses to provide their personal information directly to the Eligible Institution or Participating College, which the student can only do outside of the App and outside of the Educational Services. A student may be able to link from the App, email, or QR code in a mailing to further content within BigFuture School or to an external webpage or webform hosted by that Eligible Institution or Participating College. Messages from Participating Colleges with a preliminary offer of admission will include a school-specific website link through which the student may share their information directly with the Participating College, after which the Participating College may inform the student about any next steps to enroll as well as to be considered for any financial aid. College Board may track students' access to such links/webpages for purposes of reporting and analytics, but College Board will not disclose such information to Eligible Institutions or Participating Colleges other than in de-identified and aggregated form.

Messages are created by Eligible Institutions and Participating Colleges and may include text, images, videos, and interactive elements. While the Messages may be personalized by College Board (e.g., student name at the top of an email) through automated means, College Board does not create, edit, or approve of Messages and is not responsible for Messages. Notwithstanding the foregoing, College Board may send a communication to the student alerting them that Message(s) are forthcoming and/or available in BigFuture School for them to access.

For students who receive a preliminary offer of admission in a Message, there is no guarantee of admission, scholarships, or financial aid and it may require them to complete additional steps to accept the offer as defined by the Participating College(s). The Participating College(s) may also require confirmation of information it relied upon in making a preliminary offer of admission, such as requiring the student to submit their final transcript to complete the admissions process. Each Participating College makes the decision on preliminary offers of admission. College Board is not involved in any of the selection or decision making by the Participating College(s).

Students who choose to opt-in to Connections can opt out at any time, for any or all Covered Assessment(s). Students can also choose to remain in Connections for any or all Covered Assessment(s) but opt-out of individual communications channels (emails, hardcopy mailings, and in-App). Students have multiple ways to opt-out, including, an opt-out feature within the App, an unsubscribe option from Connections emails, opt-out instructions included in each mailing, and by contacting College Board's customer service.

This may include students providing a mobile number during the administration of the Covered Assessment with their phone number then being used to authenticate into the App. Students are encouraged to provide an email address solely for App account recovery purposes. Client may visit collegeboard.org/connections-tc for more information about Connections and for access to an opt-out form.

- Opt-outs must be submitted before the a deadline communicated by College Board for each assessment in order to suppress displaying the Connections opt-in to students during their testing experience for the Covered Assessment(s).
- If a student had already opted-in to Connections before Client opted-out of Connections for a Covered Assessment, (i) the student's data from Covered Assessment(s) for which Client opted out of Connections will no longer be used for Connections upon College Board's implementation of Client's opt out; (ii) the student's data from any Covered Assessment(s) for which Client chose not to opt-out of Connections may continue to be used for Connections and the student may still use the Connections feature within the App; and (iii) if Client excludes its students from Connections for all Covered Assessments, use of the student data for Connections for those Covered Assessments will cease upon College Board's implementation of Client's opt out, the students will not receive any new Messages, and any previously delivered Messages may be still accessed by students.
- If Client opts-out, scores the student received on Covered Assessment(s) may still be used for Connections as described above if the student opted-in to Connections through an agreement between College Board and their school, district, or state which has access to Covered Assessment score(s).
- In some instances, Client's state may have elected to opt-out its students and College Board will abide by that exclusion for Client's students.

Students may have opportunities to link from BigFuture School to BigFuture® and to other college and career planning services on College Board's website, www.collegeboard.org. Those services are not part of Educational Services and do not use student data collected under the Covered Assessments which are the subject matter of this Agreement or any DPA; the only exception being scores on College Board assessments, as all students have independent rights in their own test scores, as further acknowledged above. Students use BigFuture in their personal capacity and may need a personal College Board account to use certain features. Students with personal College Board accounts may also be able to access their scores through their personal accounts. Students may also have opportunities to copy data from their personal College Board accounts to Educational Services for use in the Educational Services. Such data copies shall be considered part of Educational Services and those copies are subject to the same privacy rules as student data collected during Covered Assessments. collegeboard.org/privacycenter.
