Audrey,

Thank you for reaching out to SAMSON serving Georgians since 1983 connecting people with the places they want to go. Our team would love to help with your group ground transportation trips. We own and operate large coach buses, mini coaches, vans, and school buses. We are a full service charter bus carrier (we provide the bus and driver). Our facility is located near the Atlanta airport but we travel where we are needed.

The pricing is listed below. We provided Friday pricing and special pricing for Monday-Thursday dates. Let us know the dates you would like to check availability and receive a quote/reservation. We live to serve.
