

OVERVIEW

23 Million Americans live in a food desert without transportation

The Goodr Grocery Store provides a long-term solution that removes barriers to food access. We transform an existing space within a community location into a permanent, free grocery store accessible to specified recipients.

HOW IT WORKS

- Powerful Partnerships**
 We will work with a partner location of your choice or help you identify a local partner with food access needs.
- High Quality Options**
 We source groceries locally to further support the community and provide high quality options.
- Seamless Operations**
 Our team handles everything from the build out and signage to providing groceries for the store.
- Social Impact Reporting**
 Our technology captures relevant data to understand the true impact of the store.
