SUBJECT: FY25 21st Century Community Learning Center Grant Award Notification Acceptance

---

Summary

Through a competitive grant process, Georgia Department of Education awarded Bibb County School District $3,849,412 of 21st Century Community Learning Center (21st CCLC) Grants for FY25. The funding will support 11 new and 17 existing 21st CCLC programs in 28 out of 34 schools in the district which will provide critical support for extended school programs that benefit our students.

Background

The 21st CCLC Grant is part of Georgia's Title IV, Part B of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act. This five-year funding supports after-school programs offering academic enrichment, homework assistance, individualized instruction, summer camps, and a variety of enrichment and career pathway opportunities. Families also benefit from opportunities for meaningful engagement in their children's education.

The program primarily serves students at risk of not meeting state and local academic standards, particularly in core subjects like reading and math. The 21st CCLC programs at 28 school sites will impact approximately 2,600 students across the district, aligning with district priorities to improve reading and math proficiency, enhance performance on Georgia Milestones, and increase daily student attendance.

The district will provide ongoing support to the schools through weekly monitoring and coaching to ensure the successful implementation of these programs.
