

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Bibb County Board Education, Dr. Dan A. Sims, Superintendent

From: Kevin Adams, Chief Information Officer
Joshua Money Penny, Director of Technology

Subject: Refresh Computers for Panels

Summary:

The Technology Services Division is seeking Board approval to issue a purchase order to Dell Technologies for 1,460 Dell microcomputers to service our interactive flat panels. The devices will be purchased off state contract using ESPLOST Funds.

Background:

In 2016, the district approved purchasing interactive flat panels (IFPs) for all classrooms. While there are plans to refresh all IFPs in the coming years, it is essential to replace the computers attached to these IFPs at this time to avoid predictable challenges when Windows updates are no longer supported on the current computers for these IFPs. The Dell microcomputers will work with our current IFPs and have the capacity to be transitioned to the new IFPs, once purchased. The quoted pricing is procured using state contract 99999-SPD0000161-0004.

Recommendation:

It is recommended that the Bibb County Board of Education authorizes the purchase order to Dell Technologies for Dell microcomputers in an amount not to exceed \$950,898.00. The funding source is 2021 ESPLOST.
