

ACTION MEMORANDUM

TO: Bibb County Board of Education

FROM: Sam Kitchens, Assistant Superintendent of Operations
Dr. Cassandra Washington, Executive Director CTAE

SUBJECT: Former Butler Collision Center Building Name Change

Summary

As part of the ESSER Funding, the Board approved renovations to the former Butler Collision Center. This memorandum requests final approval for changing the former Butler Collision Center building name to the Innovation and Technology Academy.

Background

As part of continued development for cutting edge CTAE pathways and programs, to include opportunities for public/private partnerships and workforce development, the Bibb County School District entered into a lease agreement with Macon Bibb Urban Development Authority for the former Butler Collision Center.

Phase 1 of the renovation of the facility has been completed, transforming a vacant building into an education space supporting career readiness and workforce development through innovative CTAE pathways to be offered at the newly adapted facility.

Based on charter requirements, the school will remain an extension of the William S. Hutchings College and Career Academy and the building, located at 2122 Eisenhower Parkway, will be named the Innovation and Technology Academy.

Recommendation

It is recommended the Bibb County Board of Education authorizes changing the former Butler Collision Center building name to the Innovation and Technology Academy.
