

Making Sports Lighting Simple for DeKalb County School District

Eaton Ephesus Sports Lighting

LED LumaSport 16

Sports Flood Fixture

LED LumaSport 8 Prism

Sports Flood Fixture

Stadium	Project Cost w/o Prism	Project Cost w/ Prism	Prism Additional Cost	Energy Savings
Adams Stadium	\$329,505	\$426,170	\$96,665	\$3,060
Godfrey Stadium	\$347,582	\$443,378	\$95,796	\$8,358
Hallford Stadium	\$383,519	\$471,650	\$88,131	\$5832
Total	\$1,060,606	\$1,341,198	\$280,592	\$17,250

*Sourcewell pricing for each stadium

Standard Features:

- Independent addressing for each fixture
- Remote Lighting System (*located at the bottom of pole*)
 - 1290W "White Light" Fixtures
 - 500W "PRISM" Fixtures
- Silicon Optics with better glare control and zero chance of yellowing
- Chip-On-Board LEDS
- Customizable Dynamic Scenes
- 10-year parts warranty

PRISM:

- Custom source selection offers broadest range of color mixing
- Requires additional crossarms and fixtures on each pole

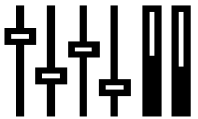

Take Control of Your Sports Lighting

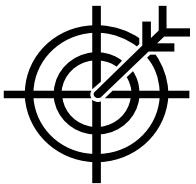

CONTROL FROM YOUR CELL PHONE

REDUCE MAINTENANCE & ENERGY COSTS

Take Control of Your Sports Lighting

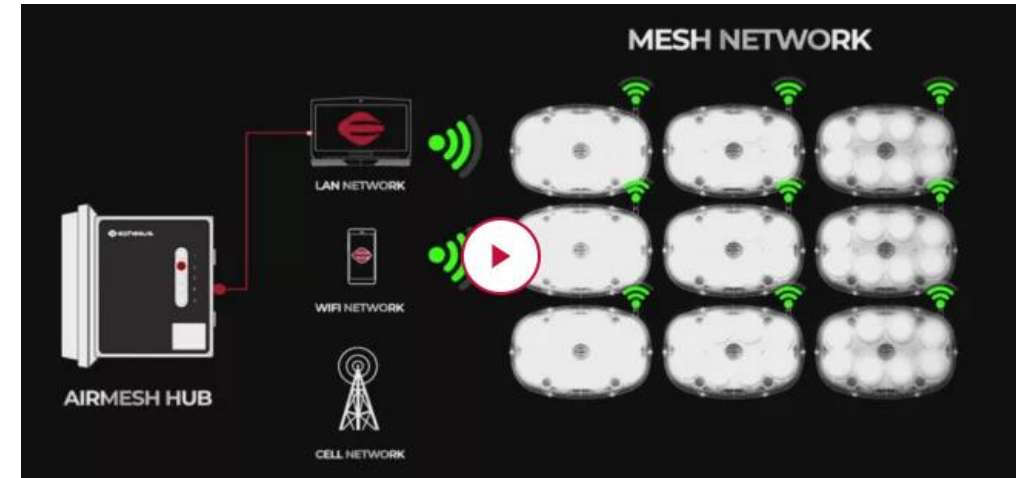

AirMesh HUB

Benefits:

- Install anywhere you need wireless, push-button control
- Five specified dimming levels: 0%, 25%, 50%, 75%, and 100%
- Weather-protected for outdoor venues
- Includes internal surge protection
- Enables static and dynamic lighting scenes
- Stores power data, behaviors, alarms and critical events locally for maintenance and troubleshooting.

Wireless Functionality:

- Offers a more efficient and streamlined approach to sports lighting
- Control up to 1,000 lights from a single hub
- Gain remote access to the lighting system through Wi-Fi, a LAN network, or cellular connection
- Full facility control by adding control modules to existing light fixture to add AirMesh functionality
- Features include health monitoring, email alerts to daylight harvesting and scheduling
