Dear Mr. Alexander,

I hope this letter finds you well. On behalf of Inspirit VR, I am pleased to donate 10 virtual reality (VR) headsets to Martin Luther King Jr. High School in DeKalb County, valued at **\$26,500**. We are excited to support your students' learning experience by providing innovative technology that enhances engagement and expands educational opportunities.

We recognize the importance of integrating cutting-edge tools into the classroom, and we believe that VR technology can open new doors for students, allowing them to explore immersive learning experiences in subjects such as science, history, and career training. Our hope is that these headsets will inspire creativity, curiosity, and a passion for learning among your students.

Thank you for your dedication to education and for the opportunity to contribute to the outstanding work being done at MLK High School. We look forward to seeing the impact these VR headsets will have on your students and hope they bring valuable learning experiences.
