Description of Services		Consideration	Evaluation and Metrics				
Code Rev Kids provides an Adventures in Coding course and a Rev Robotics course targeting different age groups. Qualified SRFACS students will be intellectually engaged and build valuable skill sets in fundamental computer science concepts including creating algorithms and gain basic knowledge of variables and why they are useful for coding. Students will improve or practice their basic geometry, arithmetic, number sense, and pre-algebra as these topics relate to the projects they create.		Data reveals a learning gap among socioeconomically disadvantaged students in math skills. Computer coding and robotics will readily engage students in mathematical thinking, engaging them in highly visual, interactive projects. Students will gain skills and confidence in their ability to create and complete projects. Students will gain exposure to computer science CTE. Prior Board Approval(s): August 13, 2025 Prior Board Approved Amount: \$41,000.00 (Term July 21, 2025 - October 17, 2025)	Student learning outcomes will be measured by growth in computers science, engineering, and math concepts. Students will learn fundamental Computer Science concepts and use that knowledge to develop digital art and games. Students will gain the ability to create algorithms for code challenges. Students will possess knowledge of how to apply loops to repeat code. Summer pre- and post-program assessment demonstrated notable increases in skills and knowledge. TK and kindergarten students increased computer science knowledge by 47.28%; 6th grade students increased their knowledge of computer sciences by 21.65%. SRFACS will correlate participation in the CodeRev program with SBAC scores when they are available.

Description of Services		Consideration	Evaluation and Metrics				
This Agreement promotes a collaborative governance structure that supports the District's financial stability, strengthens the working relationship between the Governing Board and the Superintendent, and provides independent financial expertise to support sound fiscal decision-making and long-term organizational success.		The parties acknowledge that this provision is intended to strengthen the District's financial stewardship, support the Superintendent in fulfilling her duties and responsibilities, enhance governance effectiveness, and promote a collaborative partnership between the Superintendent and the Governing Board in service of the District's students, staff, and community. Although Luz has previously provided services to the District, the services outlined in this contract are new; therefore, the contract is classified as new. Prior Board Approval(s): October 26, 2022 Prior Board Approved Amount: \$16,000.00	Conduct meetings with the Superintendent and Governing Board, as appropriate, to provide coaching and guidance on their respective roles and responsibilities related to fiscal oversight and financial stability. At the end of the year, conduct a qualitative review with the Superintendent and Board President to assess growth in role clarity, confidence in fiscal responsibility, understanding of financial stability, and effectiveness of collaborative governance.
