There shall be no add-on charges of any kind, ensuring that the district incurs no costs for these services. DCSD, at its discretion, determines the criteria and process whereby proposals are evaluated and awarded. No damages shall be recoverable by any challenger as a result of these determinations or decisions by DCSD.

DCSD reserves the right to make multiple awards and will be responsible for administration of this contract.

B. *Project Scope of Services*

DeKalb County School District (hereinafter referred to as "the District") is seeking responses from qualified, licensed, and experienced vendors to provide comprehensive electronic recycling and disposal services. The District estimates that approximately 60 pallets of electronic waste are accumulated each month across its facilities. This quantity may fluctuate due to seasonal or operational factors.

The awarded offeror will be responsible for the safe, secure, and environmentally responsible disposal of surplus and obsolete electronic equipment from over 135 facilities within the District.

Zero-Cost Budget

This project operates under a zero-cost budget, meaning that the District will not incur any costs for the services provided. Instead, vendors are expected to propose a payment structure, offering financial compensation to the District based on the value they perceive in recycling and reselling the surplus electronic equipment. The vendor's proposal must include the price they are willing to pay the District for the right to collect and recycle this equipment.

I. Owner's Representative

The District's designated representatives responsible for the supervision, monitoring, and administration of the contract will be the Supply Chain Manager III and/or, Logistics & Inventory Control Supervisor II. These representatives will oversee vendor compliance and ensure that all contractual obligations are met in accordance with the terms set out in this RFQ.

c. Special Projects

- The vendor may be required to pick up equipment from special projects, such as interactive panels weighing approximately 200 pounds each, from various locations across the District.

d. Pallet and Supply Return

- Pallets, Gaylord boxes, and other supplies provided by the District for equipment collection must be returned in good condition after each pickup.

IV. Data Security and Destruction

Due to the sensitive nature of some data contained within the equipment, the vendor must ensure the following:

a. Secure Data Wiping

- The vendor must perform data wiping on all equipment containing hard drives or memory, following the highest security standards, including Department of Defense (DoD) data-wiping protocols or equivalent.

V. Environmental Responsibility

The District is committed to minimizing its environmental footprint and expects the same from its vendor. The vendor must prioritize the following:

- The vendor must ensure that all disposal activities comply with local, state, and federal environmental laws and regulations, including the proper handling of

hazardous materials, such as lead or mercury, commonly found in electronic devices.

VI. Reporting and Documentation

To maintain accountability and transparency, the vendor must provide the District with detailed reporting on all recycling activities:

a. Asset Tracking

- The vendor must provide a comprehensive report listing each item collected, including fixed asset numbers and serial numbers for all equipment.

b. Destruction Certificates

- The vendor must issue certificates of destruction for any equipment that has been wiped of data and securely recycled. These certificates must verify that all data was eliminated according to industry best practices.

c. Weight Verification

- The vendor must provide verified weights of all equipment collected from each site to ensure accurate tracking and potential compensation calculations.

VII. Vendor's Compensation Model

This is a zero-cost project for the District, vendors must propose their own compensation structure to the District in exchange for the right to recycle and resell surplus equipment.

a. Payment Schedule

- Payments shall be submitted monthly and will reflect the total number of units and pallets collected during the corresponding month.
- The vendor shall provide a detailed invoice itemizing the collected equipment, including quantities, descriptions, and associated payment amounts.
- Payment must be received by the District no later than 15 business days following the end of each month in which the services were performed.

b. Payment Reconciliation

- The vendor shall submit a monthly reconciliation report that includes a breakdown of the equipment collected, including asset numbers, serial numbers, and associated weights. This report will be used to verify the accuracy of payments made to the District.
- Any discrepancies between the report and the payment shall be resolved within **10 business days** of notification.

c. Payment Penalty

To ensure timely and compliant service, the following payment penalties will apply to the vendor contracted for the District's electronic recycling program:

- **Late Service Delivery:** A penalty of **1% of the monthly invoice** will be deducted for each business day past the agreed schedule, up to **20%** of the monthly total.
- **Non-Compliance with Environmental Standards:** A **10% deduction** of the monthly invoice will apply for any instance where recycling services do not meet environmental standards or regulatory requirements.
