

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Bibb County Board of Education, Dr. Dan A. Sims, Superintendent
From: Kevin Adams, Chief Information Officer
Dara Foy, Director of REAA
Subject: FY26 Renewal of Infinite Campus

Summary

The Technology Services Division and Department of Research, Evaluation, Assessment and Accountability (REAA) are seeking Board approval for the renewal of Infinite Campus as our Student Information System. This Infinite Campus renewal will provide the Bibb County School District the necessary platform to collect and report student information for the 2025-2026 school year.

Background

The Bibb County School District has used Infinite Campus as the Student Information System (SIS) for the District for the past 17 years. Infinite Campus (IC) is a secure online, cloud-based tool used by school and district leaders to collect, manage and report all student information to include teacher gradebooks and state mandated student reports. Additionally, IC provides both parents and students with a portal to view student grades and data in “real time.” Infinite Campus houses multiple products that provide our professionals a digital platform for maintaining important records including social workers (SWARM), gifted education (GEM), 504 plans, and more. Annual pricing fluctuations are due to many components being based on our FTE counts for the year. This renewal is the first on an agreement approved by the board in May 2024 to continue with Infinite Campus through 2029-2030.

Recommendation

It is recommended that the Bibb County Board of Education authorizes the Superintendent to issue the purchase order to K-12 Solutions Group for the annual renewal of Infinite Campus student information system for the 2025-2026 school year in the amount not to exceed \$414,546.80. The funding source is FY26 General Funds (REAA).
