- Pricing is good for 12 months of support from July 2025 through June 2026.
- Pricing includes implementation of Lexmark Cloud Print Management solution for 658 devices.
- Lexmark Translation Assistant is included. Translation Assistant uses translation software instantly putting critical school communications into parents' native languages, eliminating a language barrier and including them in their students' learning.
- Any new devices required as part of a planned refresh or for new placements will be purchased separately. The monthly support fees for new devices would be added to the contract at that time.
- Statement of Work that is aligned to terms and conditions of the this agreement.
