

Vivacity Specializes in

Providing 1:1 Device Deployment Solutions

Thank you for considering Vivacity as your new partner. We're confident that our award-winning team, products, and services will help you achieve your one-to-one deployment goals and get you the lowest-cost Chromebook bundle on the market.

Our mission is to provide 1:1 mobile device deployment solutions with the most value. We've worked hard to align our products and services with your needs to ensure they have a real impact on your bottom line without compromise.

Since 2018, we've impacted thousands of school districts across the United States, with students ranging from 500 to 180,000. We've built a team of problem-solvers who are passionate about students' success and driven to help with all of our customers' technology needs. We look forward to doing the same for you.

A Note From Our

Founder & CEO

Hello!

I'm thrilled about the potential to partner with your K-12 school district through Vivacity. Our journey, driven by a deep commitment to educational excellence and innovation, aligns perfectly with this moment.

At Vivacity, we're more than tech enthusiasts; we're pioneers in redefining how K-12 districts engage with technology. Drawing from my veteran experience, I've ingrained values of precision, adaptability, and unwavering service into Vivacity's DNA. We offer not just products but a promise to elevate your educational experience with our award-winning line-up of charging solutions, carrying cases, proprietary software, and curriculum.

Remember, my door is always open. Whether it's a question, a support request, or a chat about integrating technology into your classrooms—feel free to reach out anytime. I am here and ready to help make a difference in your district.

Thank you for considering Vivacity. Let's work together to shape a brighter, more technologically advanced future for students.

Warm Regards,

Eli Maloley

Meet Your Representative

Megan joined Vivacity in its early days, taking a leap into a new industry and quickly making her mark as an energetic and passionate sales consultant. She now manages hundreds of accounts, building strong relationships with districts to ensure they get the best solutions at the best value. Megan thrives on meeting new people, problem-solving, and delivering first-rate customer service, making her a trusted partner for schools looking to maximize their technology investments.

Megan Lokuta
Territory Manager,
Vivacity Tech PBC

(877) 731-2069 x 113
megan@vivacitytech.com

Initially starting her career in healthcare, Megan worked as an Exercise Physiologist in cardiopulmonary rehab. She earned both her Bachelor of Science and Master's Degree from Bloomsburg University of Pennsylvania, driven by a passion for healing through exercise. After three years in the medical field, she made the decision to pivot into sales, a move that led her to Vivacity, where she found her true calling.

Born and raised just outside Scranton, Pennsylvania (a fun fact for The Office fans), Megan now calls Greenville, South Carolina, home. When she's not traveling for work, she enjoys spending time with her two doodles, Levi and Bodhi. Dedicated to helping her clients find the right solutions for their districts, Megan brings enthusiasm, expertise, and a customer-first approach to every interaction.

Matthew Ellison

Customer Success Manager,
Vivacity Tech PBC

(877) 731-2069 x 236
mellison@vivacitytech.com

Meet Your Representative

With experience in customer relations and business development, Matthew spent three years at TD SYNEX, including two years in Customer Service and one year in Business Development. His background in fostering relationships and driving business growth, along with strong internal connections at Vivacity, made the transition to the company a natural fit. The opportunity to develop both personally and professionally in a dynamic environment was a key factor in his decision to join.

He earned a degree in Business Administration and Management from Flagler College in St. Augustine, FL, attending their Tallahassee campus.

Outside of work, Matthew enjoys ultimate frisbee, playing guitar, spending time with his Golden Retriever, woodworking, and playing board games with friends and family.

 Connect on LinkedIn

Bibb County School District (Bibb) is continuously investing in technology upgrades to provide students with high-quality tools, empowering them to learn, lead, innovate and serve. Bibb is currently looking for a partner who can supply Charging Carts and Vivacity Tech is excited to offer our proprietary carts as a competitive alternative to Jar Carts. We have paid attention to the requirements & specifications of your bid, and are pleased to offer you a proposal that exceeds those requirements. Bibb would benefit from a partnership with Vivacity Tech because of our proven track record as a nationwide K-12 device reseller, manufacturer, curriculum developer, independent software vendor, and service provider.

Vivacity is proud to offer our proprietary 30-unit Pre-Wired USB-C Power Delivery Charging Cart. Our grey charging carts are able to be pre-wired, fit up to 30 14" devices, and are backed by a 10-year mechanical and 5-year electrical Manufacturer Warranty, a lifetime warranty of chassis, and one year for USB-C. We are excited to offer unlimited technical support and complimentary access to the Dream Portal, our proprietary software. This is a customer service portal that provides direct visibility and allows customers to track their devices through the deployment and repairs process. It would also give the District reporting options tailored to its needs. This platform is constantly advancing and updating to meet our customer's needs. We believe developing a trusting and honest relationship with our customers aids in fostering two-way communication and driving continuous improvement. Additionally, we boast an experienced and seasoned customer success team who can be reached at success@vivacitytech.com to help with technical support throughout the year.

Bibb has an opportunity to find a partner that can not only meet your needs for this bid, but can also support you in other areas of your school's technology needs. Vivacity Tech is consistently growing and adding to our product & services suite of solutions for our schools. We support over 2,000 Districts today and have locations in St Paul, Minnesota; Greenville, South Carolina; Chicago, Illinois; and Denver, Colorado and partner with over 35 other distribution partners Nationwide. At Vivacity Tech, we have always believed in the importance of building a great company that strikes a balance between profitability and social conscience. It started upon incorporation and continues to propel why we do business. As the first and only Public Benefit Corporation (PBC) to provide technology hardware to schools, we believe we have a responsibility to ensure our nation's students succeed. Our efforts go far beyond selling products and begin with our team forming long-lasting partnerships focused on school districts' success. As we have grown, so too has our ability to make a positive impact in schools across the country. It started with donating technology to classrooms and has since expanded into providing every employee with PTO dedicated to volunteering activities and donating a portion of our profits back into the education system.

Upon receipt of PO from the school, we guarantee delivery within 30 business days. We would be happy to discuss and review our proposal further with you and look forward to hearing about the next steps in your evaluation process. Please contact Megan Lokuta, who is your Territory Manager for this project, with any questions. She can be contacted by phone at (877) 731-2069 ext 113 or via email at megan@vivacitytech.com.

AGREEMENT OF TERMS AND CONDITIONS

By responding to this solicitation, the supplier understands and agrees to the following:

That the submitted response constitutes an offer, which when accepted in writing by the State Entity, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the undersigned and the State Entity; and

That the supplier has read the specifications and requirements shown or referenced in the solicitation and that the supplier's response is made in accordance with the provisions of such specifications and requirements except as expressly stated otherwise in the supplier's response; and

That the supplier guarantees and certifies that all items included in the supplier's response meet or exceed any and all such stated specifications and requirements of the solicitation except as expressly stated otherwise in the supplier's response; and

That, if awarded a contract, the supplier will deliver goods and/or services that meet or exceed the specifications and requirements of the solicitation except as expressly stated otherwise in the supplier's response; and

That the response submitted by the supplier shall be valid and held open for a period of **one hundred and twenty (120) days (or such other time period as identified in the solicitation)** from the final solicitation closing date and that the response may be held open for an additional period of time subject to the supplier's consent; and

That the supplier's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. The supplier understands and agrees that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards; and

That the provisions of the Official Code of Georgia Annotated, Sections 45-10-20 et seq. have not been violated and will not be violated in any respect.

DO NOT MODIFY THE BID/PROPOSAL CERTIFICATION TERMS IN ANY WAY. THIS FORM MUST BE COMPLETED, SIGNED AND SUBMITTED WITH YOUR RESPONSE.

OFFEROR AFFIRMATION FORM:

Company Name: Vivacity Tech PBC
RFI Name: Jar Carls
RFI Number: 25-034

After careful examination of the solicitation document in its entirety, RFQ # 25-034 and any addendum(s) issued, the undersigned proposes to satisfy all requirements in accordance with said documents.

For Consideration of this proposal, the undersigned hereby affirms that:

1. He/She is a duly authorized official of the offeror.
2. NO changes were made to the original RFI document,
3. The proposal is being submitted on behalf of the offeror in accordance with any terms and conditions set forth in this document.
4. The offeror will accept any awards made to it as a result of the proposal submitted here in for a minimum of one hundred and twenty (120) days following the date of submission.
5. The offeror will accept the terms and conditions set forth in the contract template attached here to.

If notified in writing by mail or delivery of the acceptance of the award, the undersigned agrees to furnish and deliver to the assigned procurement professional within five (5) days of the request, a certification of insurance indicating the coverage specified within this solicitation.

A contract shall be established which will set forth the terms of this agreement. The contract shall be interpreted, constructed, and give effect in all respects according to the laws of the State of Georgia.
Nondiscrimination in Employment: We, the supplier of goods, materials, equipment and services covered by this bid or contract, have not discriminated in the employment, in any way, against any person or person, or refused to continue the employment of any person or persons on account of their race, color, sex, religion, national origin, marital status, sexual orientation, age, or disability.

Respectfully Submitted,

Public Benefit Corporation

We're Committed to Giving Back

As the first and only Public Benefit Corporation (PBC) to provide technology hardware to schools, Vivacity believes we must ensure our nation's students succeed. When we incorporated as a PBC, we were required to state the specific benefit our corporation would be held accountable to. We felt that "giving back a portion of profits to schools for the propagation of technology-enabled pedagogy" fit our desires and abilities. Our efforts go far beyond selling products and begin with our team forming long-lasting partnerships focused on school districts' success.

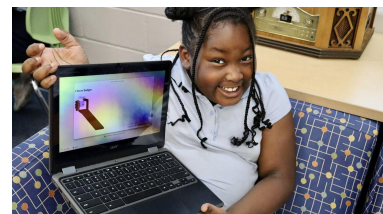

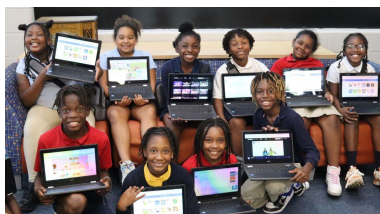

At Vivacity, we have always believed in the importance of building a great company that strikes a balance between profitability and social conscience. It started upon incorporation and continues to propel why we do business.

Introducing

V Suite
by **VIVACITY**

The Smartest Way for K-12 School Districts to

Simplify Chromebook Management

V Suite is an all-in-one student device management solution for schools, helping to maximize device uptime, reduce repair costs, and provide technical skills to students.

Empower+

Unlimited Repair & Support

Warranty, Repair, & Support: Unlimited repair and replacement coverage with fast turnaround and overstock of parts to reduce downtime and simplify device management.

Dream™

Free Asset Management Software

Free Asset Management Software: Real-time monitoring and streamlined workflows that save tech teams time, streamline device repairs, and provide valuable data via Google Telemetry for smarter decision-making.

Repair Academy

Free Repair Curriculum

Free Repair Academy: Equip students and staff to handle in-house repairs, reducing dependency on external services while lowering costs and downtime.

Comprehensive Warranty

The Complete Device Protection Solution

Through Empower+, Vivacity provides the most comprehensive Chromebook warranty in K-12. Empower+ offers unlimited claims, zero deductibles, free shipping, and an industry-leading repair turnaround time. Additionally, customers also have the option to perform their own repairs and receive \$20 compensation for each one completed.

Unlimited device protection and coverage to reduce device downtime

Proactive breakage protection through included accessories

4-day or less repair turnaround, maximizing device availability

Track repair status, parts inventory, and device information in real-time

Key Benefits Peace of Mind

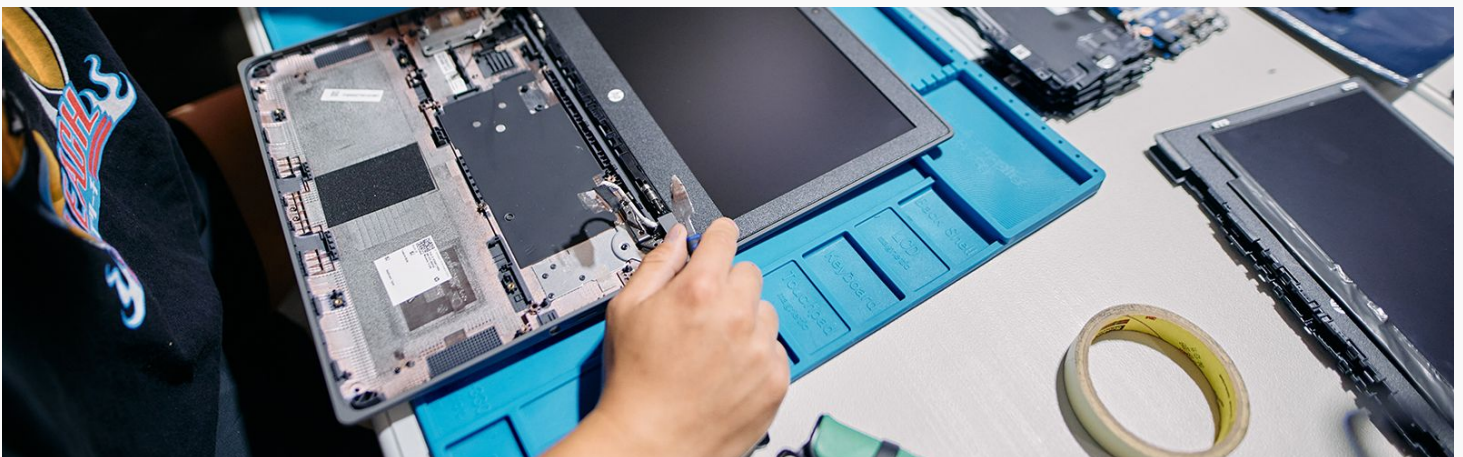

Empower+ handles everything—parts, repairs, and replacements—giving tech teams confidence

Reduce Tech Workload

Fast repair turnaround times and in-house credits free up tech staff for high-priority tasks

Instant Parts Availability

Keep stocked parts onsite, reducing downtime and avoiding shipping delays

Student Repair Training

Manage Device Repairs In-House

Repair Academy teaches students how to repair Chromebooks within schools. It benefits customers by saving on repair costs, developing student's technical skills, and promoting sustainability by extending device life. This hands-on learning empowers students while reducing the need for external services.

Free online training to empower students for in-house device repairs

Fast-track approval through the club model, ensuring quick adoption in schools

Reduces downtime with a proven repair program, minimizing outside support needs

Prepares students with hands-on technical skills that can be applied to future careers in IT and technology

Key

Benefits

Lower Repair Costs

Schools save money by handling repairs internally and earning reimbursement credits through our Empower+ Warranty

Reduce Downtime

Fast, in-house repairs keep Chromebooks in students' hands, ensuring minimal disruption to learning

Skill Development

Equip students and IT staff with practical repair skills, fostering self-sufficiency and reducing dependency on external services

Free Asset Management Software

Easily Manage Your Chromebook Fleet

Dream™ is an all-in-one platform that simplifies device management for schools. Dream™ provides actionable, real-time Google Telemetry data and Google Admin Console integrations. It streamlines tracking device health, usage, repairs, and inventory, helping you reduce downtime, optimize tech resources, and share data across the entire tech team.

Real-time device tracking to optimize inventory control and usage

Integration with Google Admin Console for a seamless tech ecosystem

Streamlined repair tickets and workflows, reducing manual tasks for tech teams

Integrated Google Telemetry data to help tech teams make smart, data-driven decisions about device lifecycles

Key

Benefits

Reduce Tech Workload

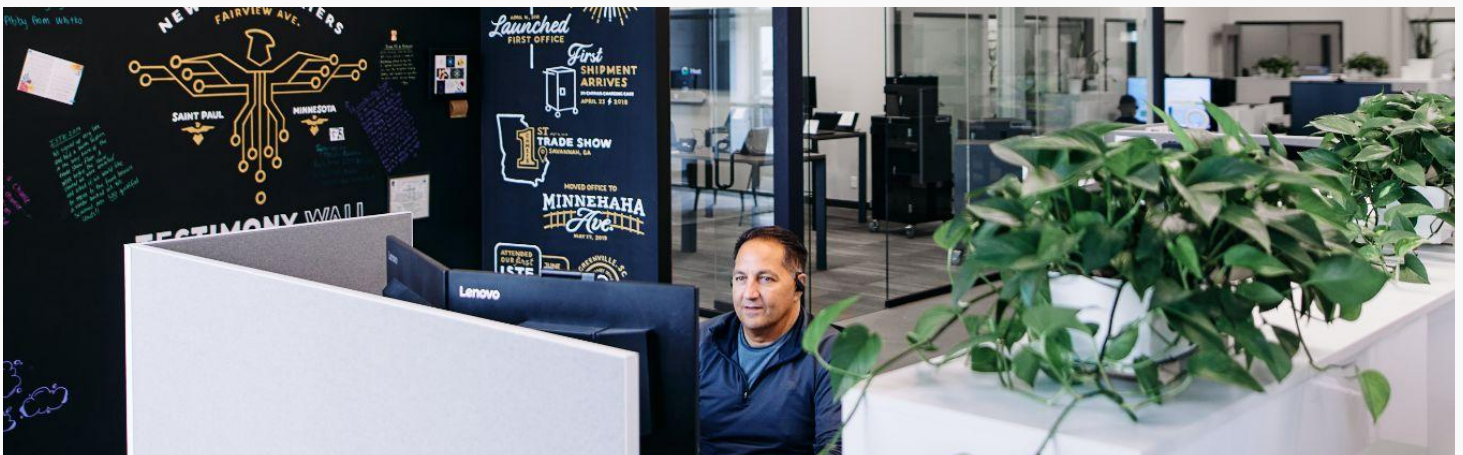

Simplify device management and free up your tech teams for high-priority tasks

Increase Efficiency

Proactively address repair concerns with real-time insights, reducing downtime and keeping devices running smoothly

Comprehensive Tracking

Monitor device health, updates, and repairs all in one place for better visibility

Deployment Made Simple

Post-Deployment

Free, Unlimited Customer Support

Our certified technicians are available to help with any Chromebook needs.

Device Buybacks

We buy back old, unwanted mobile devices of all makes, ages, and conditions so your school district can replenish its budget and purchase new IT equipment.

Parts

We support over 390 different Chromebook models, making our inventory the largest in the K-12 education market.

Vivacity Repair Centers

Our repair centers are authorized service providers for **HP, Lenovo, Dell, Acer,** and **ASUS** Chromebook devices.

Seamless Repairs with

V Suite

Repair Academy

A Vivacity-developed curriculum to train students to become certified technicians and repair district devices in-house.

Dream™

Regardless of our pre-arranged service agreement, we've made the entire repair process as painless as possible. Our asset management software, Dream™, provides visibility into the repair process, from start to finish.

Repairs Step by Step

Accidents happen, sometimes devices get damaged. Vivacity will help you find the best repair solution.

- 1 Create a Repair Ticket in Dream™**
Log into Dream™, go to Repair 360 and Click "Create New Ticket". Once the device is selected, fill out the appropriate information and submit it.
- 2 Request a Shipping Box**
If a shipping box is needed simply select the "Need Shipping Box" option or reach out to someone on our Sales Admin team.
- 3 Mail Device to Repair Center**
Once the device is ready to ship, put it in the mail, and it will make its way to our nearest repair center.
- 4 Track with Dream™**
See updated information about where the device is within the repair system from beginning to end and all the details in between.
- 5 Vivacity Repairs**
Repairs, on average, take 1-2 business days and are shipped back once repaired.
- 6 Fixed Device is Shipped Back**

Pickup & Drop off available in select locations, please contact your Account Manager for details!

Sustainable Services

Green Shipping

Vivacity prioritizes making shipping easier for our customers and the planet. To this end, we implemented a green shipping initiative to reduce waste, properly recycle materials, and streamline device deployment.

Our specially designed Green Ship boxes offer bulk eco-friendly device deployment, fitting 5-10 units comfortably per box, 350 Chromebooks on a single pallet, and greatly reduces original equipment manufacturer materials waste by recycling with local centers.

Additionally, more than 80% of our shipments are handled by carriers who were awarded the Smartway Excellence award, which recognizes outstanding environmental performance and leadership.

Key Benefits

Saves Time

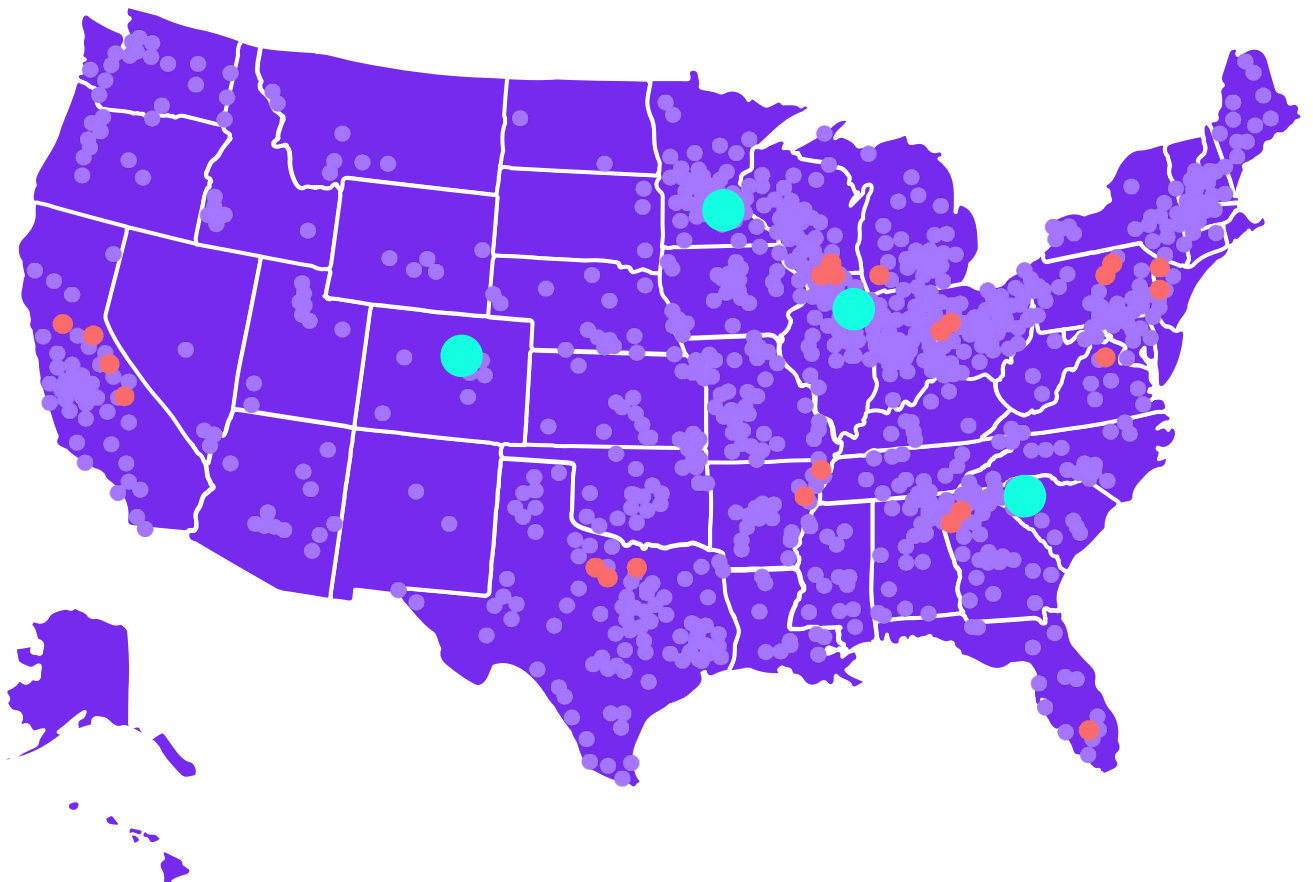

Distribute mobile devices directly from their boxes

Affordable

No additional costs

Sustainable

Reduces original equipment manufacturer packaging waste

Notable Locations

With customers across the country, 35 partner distribution centers, and four Vivacity locations, we're uniquely positioned to support districts nationwide. Our expansive network ensures fast, reliable service, helping schools get the technology they need—when and where they need it.

Customer Testimonials

Najeeb Qasimi | Oak Grove School District; San Jose, CA

"As an organization that has collaborated with numerous resellers and solution providers, our experience with Vivacity during our recent Chromebook fleet refresh for students stands out significantly. What truly differentiated Vivacity was their exceptional Value-Added Service. Our dedicated Account Representative, Nick Ellison, proved instrumental in this process. He demonstrated a keen understanding of our specific requirements and meticulously crafted solutions that precisely addressed our needs. This has evolved into a valuable partnership, and we look forward to a continued collaboration with Vivacity in the future."

Aarib Yeiser | Daviess County Public County; Daviess, KY

"Over the years, our district has relied on Vivacity Tech for devices for both our staff and students. They've consistently worked well with us to find the right fit at the right price for our specific needs. Beyond just providing hardware, we've also purchased their tools for in-house repair, and even integrated some of their curriculum with our Help Desk students, which has been a fantastic resource. We've been very happy with both the products and the comprehensive support Vivacity provides."

Craig Dinn | Newton County Schools; Newton, GA

"Newton County Schools has partnered with Vivacity Tech for several years, during which they have consistently delivered high-quality Chromebooks and outstanding service. One of the standout features of our partnership is the three-year accidental damage warranty included with the devices. This has been invaluable in supporting our schools, reducing downtime, and keeping students and staff productive. Their team is also exceptionally responsive and professional. Whether we need support, replacements, or answers to technical questions, Vivacity Tech has proven to be dependable and efficient in meeting our needs. The quality of their products and their commitment to customer service make them a trusted vendor for our district. I highly recommend Vivacity Tech to any organization seeking reliable technology solutions and responsive support."

Maria Bennett | Scott County Schools; Georgetown KY

"When we were making efforts to move 1:1 as a district, we purchased over 6,000 Chromebooks from Vivacity in one summer. The team was incredibly efficient in coordinating such a large order, which is why we have continued to partner with Vivacity for our annual refresh and other purchases like charging carts, Google licensing, and professional development. Vivacity delivers the expertise and resources of a large company while also providing highly personalized customer service tailored to our specific needs. What truly sets Vivacity apart is their consistent and reliable staff. I always receive a fast and personal response, and I can depend on them to quickly meet our requests. The consistent staffing at Vivacity means I always know who to contact, and they are always familiar with our district's needs and preferences."

Fast Service, Less Downtime

Strategically Located

At Vivacity, our nationwide locations are more than just facilities—they're hubs of innovation, efficiency, and customer commitment. With production, distribution, and repair centers strategically placed across the U.S., we ensure faster service, streamlined logistics, and high-quality solutions for our education partners.

Each location strengthens our mission of providing the best value and service to school districts, from our ISO-certified repair center in Saint Paul, MN, to our LEED-certified green facility in Denver, CO. Our teams in Greenville, SC, and Chicago, IL, bring the same passion, expertise, and dedication to ensuring every device we touch meets the highest standards.

With in-house services like laser etching, white-gloving, and comprehensive HP and Lenovo repairs, we are proud to be closer to the schools and communities we serve—helping them stay connected, productive, and ready for the future.
