Escalator Clause

Prices on this bid agreement are your current prices for this month and are based on the United States Department of Agriculture's Federal Order #7 Raw Milk Price Announcement for the month of April 2025. This price announcement is made monthly on the **first Friday following the seventeenth (17th) day of the prior month**. If the seventeenth falls on Friday, the price announcement will be made that day.

Milk prices will move up or down by the amount of the Federal order milk announcement and will be effective on the first of the month following the announcement.

Necessary price changes due to changes in packaging material, ingredients or overhead using the PPI (federal producers product index) will be documented and presented to the customer for approval.

Mayfield makes every effort to present the new pricing as soon as possible in order that you may make the necessary adjustments to your accounting system. New price lists are generally emailed to the customer before the last day of the month following the announcement. Please feel free to email us at thomastonmilkcompany@aol.com if you have not received your pricing in a timely manner and we will be glad to send you what Mayfield has sent to us.
