The District will adhere to all legal requirements regarding student enrollment, including those contained in Georgia law and State Board of Education rules as well as these contained in these policies and regulations.

Verification of eligibility shall be the duty of the administration to protect our students from possible overcrowding with all of its attendant disadvantages and to protect our taxpayers from unwarranted financial burdens. The Superintendent or designee will implement a regulation and exhibits on school admission and enrollment.

Non-Discrimination

The conditions of admission, assignment and attendance, including curricular and extracurricular offerings under the auspices of the schools shall be applied without regard to race, creed, religion, color, national origin; sex, sexual orientation, gender identity or disability.
