

2024-2025 Impact Overview

Each day many Metro Atlanta students face enormous barriers to their success in school and in life. Atlanta has the nation's highest poverty and income inequality rates, which create unfair obstacles contributing to chronic absenteeism, making it hard for them to participate equally in academic and enrichment programs, and increasing their chances of dropping out. Communities In Schools of Atlanta places caring adults inside schools to create a consistent, day-after-day academic, emotional and financial support system to help kids stay in school and graduate.

Three-Year Impact Overview

Each day many Metro Atlanta students face enormous barriers to their success in school and in life. Atlanta has the nation’s highest poverty and income inequality rates, which create unfair obstacles contributing to chronic absenteeism, making it hard for them to participate equally in academic and enrichment programs, and increasing their chances of dropping out. Communities In Schools of Atlanta places caring adults inside schools to create a consistent, day-after-day academic, emotional and financial support system to help kids stay in school and graduate.

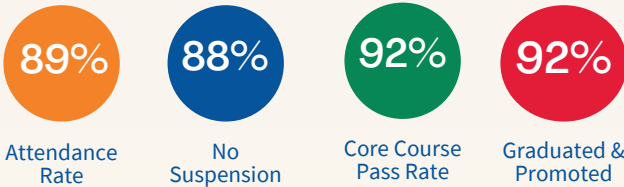

Economic Impact

CIS of Atlanta is proud to work with private, foundation, and community partners to secure additional investment for the benefit of our programming within Dekalb County School District. This helps to leverage the programming investment from DCSD by bringing in additional resources from community partners and investors. Over the prior 3 years, we have secured over \$1.4 million in funding from a variety of partners.

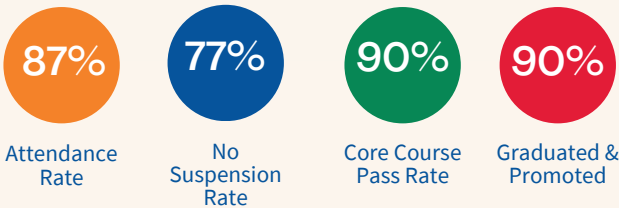

Student Impact

2024/2025

16,670 Whole School Students Served

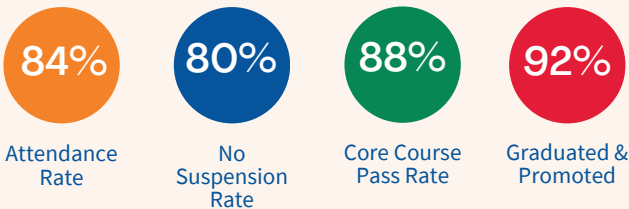

2023/2024

1,068 Case managed K-12 students (Receive intensive, 1-on-1 support)

55 Alumni served

2022/2023

Serving Alumni Students

Communities In Schools (CIS) of Atlanta recognizes the importance of continuing to support our students well beyond high school graduation. Our commitment extends into their post-secondary journeys, helping them navigate the critical next steps toward a successful future.

Currently, alumni from Dekalb County School District (DCSD) make up the largest segment of our alumni network, with 55 former DCSD students actively engaged in our alumni program. This program is designed to provide meaningful guidance and resources across the 4 E's: Enrollment in post-secondary education, Employment readiness and career development, Entrepreneurship support, and Enlistment in the armed forces.

By maintaining strong relationships and tailored support systems, CIS of Atlanta ensures our alumni are equipped with the tools, mentorship, and opportunities they need to thrive in whatever path they choose.

Helping Kids Stay in School and Achieve in Life

CIS of Atlanta Partnership Highlights

Partner Highlights

Basic Needs Partnerships:

At College Park's Princeton's Pop-Up Shop, CIS of Atlanta has created a vital resource hub serving as both a clothing closet and parent resource pantry. Designed to respond when life's circumstances "pop up," this initiative—launched and managed by CIS site coordinators—provides essential items such as clothing, food, and hygiene products to under-resourced families and school staff. The Princeton Pop-Up Shop has pooled together resources from FedEx, Anthem, iHeart Radio, and Publix, amounting to approximately **\$55,000** in in-kind support for FY25 and **\$65,000** in FY24. In addition, CIS site coordinators are instrumental in facilitating the distribution of Atlanta Community Food Bank donations. Each of our five high school site coordinators serves approximately **250** families, collectively reaching **1,250** families with critical food assistance across the district.

DeKalb County
GEORGIA

DeKalb Workforce Development:

Aimed at career exploration, CIS of Atlanta has secured a partnership that provides **20** intern slots for 16-18 year olds from Columbia High School. It includes opportunities for nursing and criminal justice, to name a few areas.

Covenant House:

CIS of Atlanta's partnership with Covenant House has provided over **350** clear bookbags equipped with school supplies and toiletries. The estimated in-kind value provided by this partnership totals **\$14,000**.

Student Mentoring at Columbia High School:

In partnership with Girls Inc, The Links-Buckhead- Cascade City Chapter, 100 Black Men of DeKalb County, and 100 Black Women of DeKalb County, CIS of Atlanta provides mentoring services to approximately **85** students at Columbia High School. Mentoring services offer critical guidance, support, and encouragement aimed at fostering academic achievement, personal growth, and future success.

Deloitte 1.0, 2.0, and 3.0:

This pioneering program has introduced 30 students at Clarkston High School to the accounting field via a hands-on, immersive experience with current Deloitte employees. While Deloitte 1.0 provides an introductory level of knowledge in the area of accounting, Deloitte 2.0 offers valuable hands-on experience and mentorship opportunities, building upon the foundational knowledge gained in Deloitte 1.0. Deloitte 3.0 culminates in internship opportunities aimed at leading to viable career pathways in the field of accounting.
