Protest Process. This section describes the mandatory administrative procedure whereby Offerors submitting sealed competitive bids/proposals (hereinafter referred to as "bidders") to DCSD directly related to design and construction, for proposals worth \$100,000 or more may challenge the solicitation process, and whereby bidders/Offerors on sealed competitive bids directly related to facilities management for proposals worth \$100,000 or more, may challenge contract awards.

1. **Protests.** A bidder may file a written protest challenging DCSD's compliance with applicable procurement procedures subject to the bidder's compliance with the provisions outlined below. Any such written protest will be resolved in accordance with these provisions.
2. **Types of Challenges.** Any bidder interested in and capable of responding to a competitive solicitation may file a protest with respect to the competitive solicitation process including, but not limited to, a challenge to specifications or any events or facts arising during the solicitation process. Any bidder submitting a timely bid/proposal in response to a competitive solicitation may file a protest with respect to DCSD's intended or actual contract award including, but not limited to, events or facts arising during the evaluation and/or negotiation process.
3. **Form of protest.** At a minimum, the written protest must include the following:
 - a. the name and address of the protestor;
 - b. appropriate identification of the solicitation;
 - c. a statement of reasons for the protest;
 - d. supporting exhibits, evidence, or documents to substantiate any claims unless not available within the filing time (in which case the Offeror must proceed to file the protest during the filing period identified below but state the expected availability of the material); and
 - e. the desired remedy.

DCSD, at its discretion, may deem issues not raised in the initial protest as waived with prejudice by the protesting Offeror.

4. **Filing Protests.** A protest is considered to be properly filed when it is in writing, signed by a company officer authorized to sign contracts on behalf of the Offeror, and is received by the Procurement Department. The protest may be sent by any of the following means:

	In the event DCSD does not post a NOIA, the protest must be filed within ten (10) calendar days of the date the Notice of Award ("NOA") is posted.

If a bidder fails to file a protest by the applicable deadline, such failure shall be deemed as a waiver with prejudice of any grounds the bidder may have for protest.

5. **Stay of procurement during protest review.** When a protest challenging the competitive solicitation process has been timely filed at least two (2) business days prior to the closing date and time, the solicitation shall not close until a final decision resolving the protest has been issued, unless the Facilities Management Department makes a written determination that the closing of the solicitation without delay is necessary to protect the interests of DCSD.

When a protest challenging an intended contract award has been timely filed, DCSD shall not proceed to actual contract award unless the Design and Construction Department makes a written determination that the issuance of a contract or performance of the contract without delay is necessary to protect the interests of DCSD. If it is determined that it is necessary to proceed with contract performance without delay, the bidder/Offeror with this contingent contract may proceed with performance and receive payment for work performed in strict accordance with the terms of the contract. The provisions of this paragraph are not applicable to a protest pertaining to events or facts arising during the solicitation process.

6. **Protest Resolution.** The Chief Operating Officer shall review and issue a written decision on the protest within seven (7) business days. This decision shall be deemed final. Available remedies for sustained protests are as follows:
 - If a protest is sustained prior to the closing date and time of the solicitation, available remedies may include, but are not limited to, the following: modification of the solicitation document including, but not limited to, specifications and terms and conditions; extension of the solicitation closing date and time (as appropriate); and cancellation of the solicitation.
