

Dr. Dan A. Sims, Superintendent

ACTION MEMORANDUM

To: Bibb County Board of Education, Dr. Dan A. Sims, Superintendent

From: Dr. Ethel Lett, Assistant Superintendent of Teaching and Learning
Brian Butler, Executive Director of Teaching and Learning

Subject: K-12 Assessment Solutions

Summary

The Department of Teaching and Learning seeks approval to enter into a formal agreement with K-12 Assessment Solutions, a group aligned to the University of Georgia's Mary Frances Early College of Education. This partnership will support the development and delivery of high-quality assessments in Georgia Milestones-tested subjects and grade levels, aligned to Georgia state standards. The assessments will be designed to more accurately measure student mastery, thereby equipping educators and District leaders with actionable data to enhance instructional practices and ultimately improve student achievement across the District.

Background

For several years, the District has utilized internally developed assessments to monitor student progress. A recent audit of these assessments has identified concerns related to rigor and content alignment, which have limited their effectiveness in maximizing high-quality, actionable data for educators and District leaders. To ensure instructional decisions are better informed by valid and reliable measures of student learning, it is essential to develop assessments that accurately reflect mastery of the Georgia state standards. This contract will produce 95 valid and reliable assessments in all tested subjects across grades 3-12 to enable targeted instructional adjustments to better meet the diverse needs of all students.

Recommendation

It is recommended that the Bibb County Board of Education authorizes the Superintendent to enter into a contract with K-12 Assessment Solutions to create assessments aligned to Georgia standards in an amount not to exceed \$225,675.46. The funds will be paid out of Title Funds.
