Original Adopted Date: 06/17/2021 | Last Reviewed Date: 06/17/2021

The Board of Public Education for Bibb County ("Board") may enlist citizen groups to assist and counsel the Board. Such advisory committees will be representative of the community in relation to the task assigned and will serve in an advisory capacity only, making recommendations to the Board based on research and facts. The Board will carefully consider all committee recommendations, but the Board alone will have authority to act upon such recommendations.

The Board also supports the establishment of advisory committees for the Superintendent to assist and counsel the Superintendent on matters impacting the Bibb County School District. Any Superintendent advisory community convened will be representative of the community in relation to the task assigned and will serve in an advisory capacity only. The Board will receive copies of any reports or other data provided by a Superintendent's advisory committee.

The Board authorizes the Superintendent or Designee to prepare a regulation for any advisory committee. The Board will review and provide feedback on the regulation.
