DCSD Group 1 Security Vestibules
HIGHTOWER ES**

EXHIBIT M

SEPTEMBER, 2025

September 16th, 2025

DeKalb County Board of Education
Mr. Donte Brown
Operations Division – Sam A. Moss Service Center
1780 Montreal Road Tucker, GA 30084

Re: Construction Management at Risk Group 1 Security Vestibules

Dear DeKalb County Board of Education, Mr. Donte Brown.

Lefko Development, Inc. (LEFKO) is pleased to submit **Exhibit M** for the **Construction Management at Risk – Group 1 Security Vestibules project**. This submission is based on the contract documents dated Oct. 8th, 2024, and the bid process plan shared via email on May 9th, 2025, and confirmed in OAC meetings.

Your Project Defining project expectations early on gives us the ability to take responsibility for the complete success of your project (cost, schedule, quality, and safety). Your project requires detailed planning and communication with all stakeholders to deliver on our **first-time quality** dedication and on-time delivery. Our team has thoroughly reviewed the project RFQ to fully understand the scope.

Over the years, we've completed many such projects. This experience allows us to develop site specific methodologies for **first-time quality**. Prime among these is our process to understand the Owner's needs and implement regular communication protocols to eliminate delays and meet project milestones.

Well Versed We are well versed in working within educational facilities and understand the nature of safety and security for students, professionals, and administrators. LEFKO has completed numerous projects for the educational systems of Cherokee, Dekalb, and Forsyth County Schools; Georgia State University, Georgia Tech, and Atlanta Technical College. **In the past few years our team has managed 18 projects for GSU, as well as three projects for Forsyth County Schools. We recently completed your \$2.5M project to renovate 10 security vestibules, and Cherokee County Schools Bus Washer Additions of \$3.6M. Our team is currently wrapping up some Cobb County Schools projects such as Nicholson ES Renovation of \$5.2M and Rose Garden HVAC Upgrades of \$2.5M.** Given our history of working in educational facilities within Georgia counties, cities, universities and schools, we are accustomed in working in areas populated by students. LEFKO places the highest of priorities on client relationships and communication. Our teams operate in an open collaborative environment ensuring constant communication. We are certain you will find our knowledge and experience to align with what Dekalb County values in their contractor services. We look forward to working with you again to improve the educational environment for your students and maintain excellence in Dekalb County schools.

Respectfully submitted,

Giuseppe Ceccarelli, Operations Manager

Lefko Development, Inc./dba Lefko Construction

EXHIBIT M
**GMP AMENDMENT TO AGREEMENT BETWEEN OWNER AND
CONSTRUCTION CONTRACTOR**

**AMENDMENT NO. 1 TO AGREEMENT BETWEEN OWNER AND
CONSTRUCTION CONTRACTOR FOR Hightower ES G1 SV**
AGREEMENT NO. N/A

Pursuant to Sections 4.B and 7.A of the Construction Management Agreement (“Agreement”), dated 10/08/2024, between The School Board of DeKalb County, Georgia (“Owner”) and LEFKO Development Inc, dba, LEFKO Construction (“Construction Contractor”), with respect to the construction of Owner’s Hightower ES G1 SV (“Project”), Owner and Construction Contractor hereby agree to amend and modify the Agreement by this Amendment No. 1 and establish a Guaranteed Maximum Price and Contract Time for all the Work as set forth below. All capitalized terms not defined herein shall have the meaning ascribed to them in the Agreement, unless otherwise noted.

ARTICLE 1

SCOPE OF WORK

The scope of the Work consists of the construction of a safe, finished, and fully functioning security vestibule --, in accordance with the Agreement, this Amendment and the other Contract Documents listed as Attachments 1 through 6 below, which are hereby incorporated into and made a part of the Amendment by this reference:

<u>Attachment No.</u>	<u>Description</u>	<u>Pages</u>	<u>Date</u>
List of Drawings, Specifications and Addendums			
1.	Allowances	<u>11</u> through <u>11</u>	<u>09/16/2025</u>
2.	Assumptions and Clarifications	<u>12</u> through <u>18</u>	<u>09/16/2025</u>
3.	Completion Schedule	<u>19</u> through <u>24</u>	<u>09/16/2025</u>
4.	Schedule of Values	<u>25</u> through <u>25</u>	<u>09/16/2025</u>
5.	List of Itemized General Conditions	<u>26</u> through <u>26</u>	<u>09/16/2025</u>
6.	List of Subcontractors and Major Suppliers	<u>27</u> through <u>27</u>	<u>09/16/2025</u>
7.	Alternates	<u>--</u> through <u>--</u>	<u>N/A</u>

ARTICLE 2

GUARANTEED MAXIMUM PRICE

2.1 Construction Contractor's Guaranteed Maximum Price ("GMP") for the Work, including the estimated Cost of the Work as defined in Section 5 of the Agreement and the Construction Management Fee as defined in Section 4 of the Agreement, is Four hundred eighty three thousand six hundred two with 9/100-- (\$483,602.09--).

2.2 The Construction Management Fee for the entire Work anticipated on this Project is hereby established as a lump sum amount of Forty thousand three hundred with 17/100-- (\$40,300.17), said lump sum amount is included within the above noted GMP.

2.3 The general condition expenses for the entire Work anticipated on this Project are hereby established as a lump sum amount of One hundred thousand one hundred thirty eight with 50/100-- (\$100,138.50), said lump sum amount is included within the above noted GMP ("General Conditions Expenses"). The items included as General Condition Expenses are listed in the List of Itemized General Conditions attached hereto and incorporated herein as Attachment No. -5-. Except as said lump sum amount for General Condition Expenses may be expressly adjusted by Change Order or Construction Change Directive, Construction Contractor acknowledges and agrees that Owner shall have no liability for any General Condition expenses beyond payment of the above noted lump sum amount and Construction Contractor agrees that it shall not be entitled to receive any additional compensation from Owner for the General Conditions beyond the above lump sum amount. There shall be no additional General Conditions Expenses payable to Construction Contractor on the first Five Hundred Thousand and No/100 Dollars (\$500,000.00) of Change Order or Construction Change Directive Work (i.e. the lump sum amount specified in this Subsection includes consideration for up to \$500,000.00 of Change Order and/or Construction Change Directive Work). Further, there shall be no mark-up for a subcontractor's General Conditions expenses on the first One Hundred Thousand and No/100 Dollars (\$100,000.00) of Change Order and Construction Change Directive Work to be performed by such subcontractor.

2.4 Monthly installment payment of the Construction Management Fee and the General Condition Expenses shall be based upon the percent completion of the designated portion of the Work for each particular month.

2.5 In order to efficiently and timely address any unknown or unanticipated conditions that are within the scope of the Work and are otherwise reimbursable without duplication as a Cost of the Work, but excluding all items that are to be reimbursed under the lump sum General Condition expense amount noted in Subsection 2.4 above, the parties have agreed to establish a contingency within the GMP in an amount not-to-exceed amount of Twenty thousand one hundred fifty and 09/100 Dollars (\$20,150.09--) ("**Owner's Contingency**"). Owner's Contingency funds shall be used to cover costs that may result from incomplete design and unanticipated costs that arise during construction that are not identified by the construction documents. Construction

Contractor shall not proceed with any portion of the Work which it intends to charge against the Owner's Contingency without first obtaining Owner's express written authorization to proceed. Construction Contractor acknowledges and agrees that any portion of the Work which is to be charged against the Owner's Contingency that does not receive such prior written approval from Owner shall be deemed to be part of Construction Contractor's Work compensated within the GMP and not chargeable against Owner's Contingency. Owner reserves the right, at its sole discretion, to withhold its consent on Owner's Contingency expenditures. Further, the work that is the subject of any Owner's Contingency expenditures shall be deemed part of the Work. The GMP shall be reduced by unused Owner's Contingency remaining at the completion of the Work. Construction Contractor has no entitlement to any portion of any unused Owner's Contingency.

2.6 In order to efficiently and timely address any unknown or unanticipated conditions that are within the scope of the Work and are otherwise reimbursable without duplication as a Cost of the Work, but excluding all items that are to be reimbursed under the lump sum General Condition expense amount noted in Subsection 2.4 above, the parties have agreed to establish a contingency within the GMP in an amount not-to-exceed Twenty thousand one hundred fifty and 09/100 Dollars (\$20,150.09) ("**Contractor's Contingency**"). Construction Contractor shall not proceed with any portion of the Work which it intends to charge against the Contractor's Contingency without first obtaining Owner's express written authorization to proceed. Construction Contractor acknowledges and agrees that any portion of Work which is to be charged against the Contractor's Contingency that does not receive such prior written approval from Owner shall be deemed to be part of Construction Contractor's Work compensated within the GMP and not chargeable against Contractor's Contingency. Owner reserves the right, at its sole discretion, to withhold its consent on Contractor's Contingency expenditures. Further, the work that is the subject of any Owner's Contingency expenditures shall be deemed part of the Work. The GMP shall be reduced by unused Contractor's Contingency remaining at the completion of the Work. Construction Contractor has no entitlement to any portion of any unused Contractor's Contingency. Construction Contractor shall be entitled to an increase in the Construction Management Fee in the amount of 10.00% of the Cost of the Work charged against the Contractor's Contingency.

2.7 The parties have agreed to establish an allowance within the GMP for Patching of existing finishes, and unforeseen conditions in the amount of Ten thousand two hundred fifty and 00/100 Dollars (\$10,250.00--). Construction Contractor shall not proceed with any portion of the Work associated with the aforesaid allowance ("**Allowance Work**") without first obtaining Owner's express written authorization to proceed with said Allowance Work. Allowance Amounts are reflected in Attachments 1 through. Unless otherwise provided in the Contract Documents: (a) allowances amounts shall cover the cost to Construction Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts; (b) Construction Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the GMP but not in the allowances, unless otherwise stated in the allowance; and (c) whenever costs are more than or less than allowances, the GMP shall be adjusted accordingly by Change Order.

2.8 Pursuant to Subsection 12.3 of Exhibit A to the Agreement, if at the time final payment is made to Construction Contractor the total Cost of the Work has been increased by approved Change Orders in an amount causing the original GMP as set forth in this Amendment to be exceeded by more than zero and 00/100 Dollars (\$ 0.00--), then Construction Contractor shall be entitled to an increase in the Construction Management Fee in the amount of and /100 Dollars (7.50 %) of the amount exceeding the sum of zero and 00/100 Dollars (\$ 0.00--) plus that original GMP amount.

2.9 Construction Contractor recognizes that the Contract includes work for trench excavation in excess of five feet deep. Construction Contractor acknowledges the requirements set forth by all federal, state, and local requirements. Construction Contractor certifies that the required trench safety standards will be in effect during the period of construction of the Project and Construction Contractor agrees to comply with all such required trench safety standards.

2.10.1 The amount of N/A and --/100 Dollars (\$ N/A) has been separately identified for the cost of compliance with the required trench safety standards; said amount is included within the GMP.

2.10 At the completion of the Work, should the actual amount of "General Requirements" expenses be less than the amount included therefor in the Schedule of Values approved by Owner, the resulting "savings" shall accrue to the benefit of Owner and a deductive Change Order or Construction Change Directive shall be issued reducing the GMP by the amount of such savings. For the avoidance of doubt, any savings obtained General Requirements expenses may not be moved to contingency or be used to offset cost overruns in other items within the GMP. Further, the line item for General Requirements expenses in the Schedule of Values constitutes a separate guaranteed maximum price for such expenses and any overruns in General Requirements expenses shall be borne by Construction Contractor without reimbursement from Owner.

2.11 By executing this Amendment and furnishing Owner with a GMP based on a detailed Schedule of Values and a Master Project Schedule, Construction Contractor represents and warrants that the Contract Documents, including the Construction Documents, as well as other materials, and information furnished Construction Contractor as of the date of this Amendment have described the scope, construction requirements, and design intent of the Work in detail sufficient to enable Construction Contractor to establish firmly the GMP, Contract Time and the Project Schedule. To the extent that the Construction Documents are anticipated to require further development, Construction Contractor has provided in the GMP for such further development consistent with the Contract Documents and reasonably inferable therefrom.

2.12 Savings will be computed as of the date of final completion of the Work and shall consist of the difference between (i) the Guaranteed Maximum Price (as it may be adjusted in accordance with the terms of the Contract Documents) and (ii) the total aggregate sum of the Cost of the Work plus the Construction Management Fee paid by Owner shall accrue to the sole benefit of Owner.

ARTICLE 3

CONTRACT TIME

3.1 The Construction Phase Commencement Date for the Work is _____. The total period of time beginning with the Construction Phase Commencement Date through the date required for Substantial Completion of the Work is _____ (_____) days ("**Contract Time**"). THE SUBSTANTIAL COMPLETION DATE IS THEREFORE ESTABLISHED AS _____.

3.2 Pursuant to the Agreement, the parties have established liquidated damage rates for reasons stated therein, which the parties acknowledge and agree apply to this Amendment and Construction Contractor's responsibility to substantially complete the Work within the Contract Time as stated herein and finally complete the Work within the time prescribed in the Contract. Accordingly, the liquidated damage rates established in the Agreement shall be assessed against Construction Contractor for each calendar day Construction Contractor fails to achieve Substantial Completion of the Work within the Contract Time or final completion of the Work within the time prescribed in the Contract.

ARTICLE 4

MISCELLANEOUS

4.1 Except as expressly modified herein, the terms and conditions of the Agreement remain unchanged. All terms not specifically defined herein shall have the meaning ascribed to them in the Agreement. In the event of a conflict between the terms of this Amendment and those of the Agreement, Owner and Construction Contractor agree that the terms of this Amendment shall prevail and control. This Amendment may be executed in counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument.

ADDENDUMS

- **Addendum #1:** (Date issued June 13, 2025): The contract documents for the project are modified as set forth in this Addendum. The original contract documents dated 04/30/2025 and any previously issued addenda remain in full force and effect, except for any clarifications, amendments, additions, deletions and/or modifications to the specifications and drawings modified by this Addendum, which is hereby part of the contract documents. Also, changes per RFI responses have been incorporated, specification section 087100 Door Hardware has been added in Kingsley ES, and specification section 088000 Glazing has been revised for all schools in this addendum along with the below listed drawings.

Avondale HS: Supplemental drawing provided for supplemental frames.

Chamblee HS: G-000, existing drawings provided (for reference only).

Chamblee MS: G-000.

Kingsley ES: A-050, A-321, M-000, Supplemental drawing provided for Rooftop curb and pipe penetration details.

- **Addendum #2:** (Date issued July 30th, 2025): The contract documents for the project are modified as set forth in this Addendum. The original contract documents dated 04/30/2025 and any previously issued addenda remain in full force and effect, except for any clarifications, amendments, additions, deletions and/or modifications to the specifications and drawings modified by this Addendum, which is hereby part of the contract documents. Also, changes per RFI responses have been incorporated in this Addendum 2 dated 06/30/2025.

RFIs

Allowances

CMAR – DCSD Group 1 Security Vestibules

ALLOWANCES (Included in base price)

- **Allowance no. 1** – Patch and repair miscellaneous flooring materials to match existing
Amount: \$6,500.00
- **Allowance no. 2** – Shoring
Amount: N/A
- **Allowance no. 3** – Furnish and install two (2) horn/strobe units and four (4) strobe-only units per RFI #51
Amount: N/A
- **Allowance no. 4** – Structural reinforcement angle at ductless outdoor unit per RFI #46
Amount: N/A
- **Allowance no. 5** – Brick patching to match existing
Amount: \$1,250.00
- **Allowance no. 6** – Patching holes in concrete slab
Amount: N/A
- **Allowance no. 7** – Unforeseen conditions: Sealants, and fire caulking for new wall penetrations
Amount: \$2,500.00
- **Allowance no. 8** – Electrical: removing and reinstalling existing outlets and switches per site visit.
Amount: N/A

ATTACHMENT 2

Assumptions & Clarifications

CMAR – Group 1 Security Vestibules

DIV – 02 EXISTING CONDITIONS

- It is assumed that all demolition areas are clearly identified and accessible as shown on the drawings.
- The owner will provide a location for placing dumpsters
- Pollution liability and professional insurance are not included.
- Disconnection and reconnection of all technology items (computers, printers, etc.) is excluded from the General Contractor's scope.
- This scope excludes any core drilling or relocation and adjustment of utilities.
- Asbestos abatement or the handling of any hazardous materials is not included, if GC discovers/exposes any existing asbestos and/or lead contaminated produces or materials, GC will immediately notify the owner and architect.
- Demolition of any partitions, glazing, or items not explicitly identified on the drawings is excluded.
- Shoring and any shoring plans are excluded.
- DCSD shall provide secure and accessible temporary storage locations for all items removed.
- DCSD will be responsible for removal, storage, protection, and reinstallation of the existing furniture and offices items (boxes, desks, printer, clock etc.), of all personal belongings and school loose items at existing furniture, cabinets and desks affected by the renovation work. GC will coordinate with owner for moving large furniture items (including trophy cases, modular office furniture, bookcases etc.) per RFI #03
- Coordination will be required with the school principal or designated DCSD authorities to determine and maintain a temporary egress pathway in compliance with applicable safety standards during school operations.

DIV – 03 CONCRETE

- This GMP excludes Demolition Plan Sheet Note #30 on drawing AD-101, since its location is not explicitly called out in any of the Demolition Notes by Number. This note states that GC is to patch any remaining holes in concrete slab prior to installing new floor bases and finishes.

DIV – 04 MASONRY

- No new CMU walls work, this GMP only includes patch, infill and repair existing CMU walls affected by the new scope of work.

DIV – 05 METAL

- No metal work is included in this GMP.

DIV – 06 MILLWORK

- Per RFI #9, AWI (Architectural Woodwork Institute) certification and/or labels will not be provided. However, all millwork will be constructed in compliance with AWI standards.
- GMP is based on custom fabricated woodworks per specs section 064116
- All prices are based on Wilsonart Laminate Selections. The GMP assumes standard, readily available colors from the specified manufacturer's palette.
- GMP is based on standard cabinet construction, including: MDF Carcass, White Melamine Interiors, Standard PLAM Colors/Finish, 4" Chrome Wire Pulls, European-Style Hinges, Peg hole Shelves, Square-Edge Tops. Standard Wall-Hung Shelves (Unless Specifically Noted Above): KV83 Metal Standards/Brackets
- Current lead-times: 7-10 weeks.

DIV – 08 OPENING (GLAZING)

- Break metal covers are made of aluminum to match framing.
- All exposed finishes shall be as specified per school, including clear anodized, bronze and custom color, complying with RFI #12.
- Spec section 084113 "Aluminum-Framed Entrances and Storefronts", calls for a 20-year special finish warranty. However, this can only be achieved at schools that call for custom color finish. Clear anodized and bronze finish will carry a 10-year special finish warranty, which is the current warranty available by the approved manufacturer.
- Spec section 066400 "Plastic Paneling" and RFIs #41 and #42, call for UL 752 level 2 bullet resistant fiberglass panels by Fortified Estate. As an alternative, the contractor is providing TSS BB-2 panels, complying with spec section 066400 plastic paneling, including solid anodized aluminum panels on both sides.
- Spec section 087100 "Door Hardware" calls for Ives hinges. The contractor is including ABH hinges instead, as Ives no longer warranties hinges for doors thicker than 1.75" and the project requires 2" thick exterior doors.
- This proposal includes glass replacement only at existing doors, sidelites or windows, labeled "GL/L2." No glass replacement is included for doors, sidelites or windows labeled "L2" only.

- All new doors and framing in this proposal are 2" x 4 ½" thermal at exterior locations and 1 ¾" x 4 ½" non-thermal at interior locations per RFIs #26.
- Perimeter sealants shall be a standard color at exterior and interior of the aluminum storefront systems only. 2-beads included.
- There's no guarantee new exterior sealant will fully bond to the existing surfaces. Each area will need to be checked on-site. If the building's exterior (brick or other materials) hasn't been properly sealed or maintained to manage water, extra prep work might be needed, which could lead to additional costs (Unforeseen conditions).
- This proposal excludes PE calculations for new storefronts, delegated design or PE stamp on shop drawings per RFI #13
- Installation of permanent cores is excluded. The contractor will coordinate with the Owner and hardware supplier to ensure proper timing and delivery of cores.
- No fire rated or laminated glass included.
- This GMP assumes that existing glazing in doors and adjacent sidelites is ¼" per notes on drawings A-600 and A-601.
- The use of film on existing or new insulated glass units may void the typical 10-year warranty for hermetic seals.
- This GMP includes to provide a single-pane 3/8" tempered glass or 1" single pane insulated glass as substrate to receive new UL752 BR laminate system per glazing note #2 on drawing A-601.
- This GMP is based on the assumption shown on drawings that existing glazing will be able to be removed from perimetral doors, sidelites and frames without causing any damage and that will accommodate new 3/8" glazing. New doors, sidelites and frames are not included, unless they are shown on drawings.
- This proposal includes quarterly maintenance starting at substantial completion of each school for 6 months. Maintenance to be during regular business hours. No overtime or after hours.
- Current lead-times: Storefronts: 4-6 weeks / Doors: 8 weeks / Door Hardware: 12 weeks / Glass: 2-4 weeks

DIV – 08 OPENING (FILM)

- As the film installation will be completed in an active environment, minor dust particles may appear after the installation of the laminate as a result of airborne dust. These particles should be few and not significantly detract from clarity or aesthetics when looking through the glass at a distance of 6 feet.
- Ballistic Laminate installation includes the use of liquid sprayed from high pressure tanks. Any item which may sustain water damage and subsequently devalue such item, shall be relocated prior to installation.
- DCSD has already received, reviewed and approved samples and product demonstration for this level 2 BRLF. No additional samples or cut sheets will be provided.

- Per RFI #48 this GMP includes DCSD accepted Safe Haven Defense product “SW600BR” as basis of design instead of product listed on specs section 088000 “Glazing”.
- Current lead-times: 6-8 weeks

DIV – 09 FINISHES (DRYWALL / ACT)

- Per RFI #13 sealed engineer drawings for Specs Section 095113 Acoustical panel ceilings will not be required
- Per RFI #14 this GMP includes 16 GA at all metal stud framing
- Per RFI #39, The intent is to reutilize the existing installed ceiling tiles as much as practical at all locations. Where new ACT is required to repair ceilings basis of design ACT-1 Armstrong; Fine Fissured™ High NRC; Product #1754 will be used
- All ceilings and partitions not explicitly identified within the scope of demolition or new construction are assumed to be in good, sound condition, structurally stable, and not requiring any adjustments, repairs, or finishes as part of this project.
- The Guaranteed Maximum Price (GMP) for ceiling patching is strictly limited to the areas explicitly indicated and quantified on drawing A-121
- All untagged partitions not specifically identified on drawings are assumed to be existing CMU (Concrete Masonry Unit)
- No mockups are included
- No spray or rigid insulation are included in this GMP
- No fire rated partitions are anticipated in this GMP, as none are referred to in project drawings

DIV – 09 FINISHES (FLOORING)

- Patching areas were estimated at approximately 2 feet wide at anticipated locations
- Floor patches will match existing materials as closely as possible. However, uniformity can only be guaranteed through full-room material replacement
- Any patching at areas out of scope are included in the GMP
- No polishing or waxing of existing floor surfaces are included
- No moisture testing or floor preparation are included
- No mockups are expected to be performed
- Specs section 096519 Resilient tile flooring states LVT types 1-5, and basis of design manufacturer as Armstrong Flooring, however no flooring schedule was provided so GMP is based on an allowance to match existing per RFI #40
- Specs section 096813 Tile Carpeting states CPT types 1-4 and requires compliance with Basis of Design products indicated on Room Finish Legend, however no flooring schedule was provided so GMP is based on an allowance to match existing per RFI #40.

DIV – 09 FINISHES (PAINTING)

- Painting scope is limited to the areas explicitly listed on the drawings
- Access to all painting areas will be provided without obstruction or the need for special equipment
- No specialty coatings or high-performance systems are required unless specified
- Painting of any additional areas or surfaces not identified is not included
- Concealed or inaccessible surfaces are not part of the painting scope unless otherwise noted
- Painting of perimetral doors, frames or sidelights is not included
- Painting of murals or any other specific design on walls is not included.

DIV – 21 FIRE SUPPRESSION (SPRINKLERS)

- It is assumed that the existing sprinkler system is in good working condition and compatible with proposed modifications, pipes and fittings will match existing
- Water supply will be available and adequate, with shut-off coordination managed by others
- Final testing and inspection will be scheduled with adequate notice and cooperation from all parties
- Modifications to existing sprinkler systems, not shown on the drawings, are excluded
- Fire watch services or temporary fire protection measures required during system shutdowns are excluded
- Excludes to raise branch lines, backflow prevention of any type, seismic bracing or pipe restraints, painting or preparation to paint sprinkler pipe and any modification to existing structure to support sprinkler pipe.

DIV – 21 FIRE SUPPRESSION (FIRE ALARM)

- No fire alarm work is included in this GMP per RFI #16

DIV – 22 PLUMBING

- No plumbing work is included in this GMP.

DIV – 23 HVAC

- Any duct cleaning or work on existing to remaining equipment or duct, not shown on drawings, are excluded
- Any new equipment not shown on mechanical drawings is excluded.

DIV – 26 ELECTRICAL

- No electrical trenching, compaction, backfill, directional boring and coring for electrical work is expected
- It is assumed that all new conduits will be surface mounted and exposed
- No occupancy sensors are anticipated for this project (electrical general note #37 drawing E-000) per RFI # 50
- No fall of potential method to measure ground resistance is included for this project (electrical general note #49 drawing E-000) per RFI #50
- Current lead times 4-6 weeks.

DIV – 27 LOW VOLTAGE

- Permits and associated fees are excluded
- Customer to provide static IP addresses and network connections at panel locations
- Customer to provide a secured staging & storage area for project-related materials
- It is assumed that electronic AutoCAD files are available from customer for LEFKO's subcontractors' usage in creating submittal drawings
- Any and all interfacing to other equipment unless specifically noted is excluded
- Servers and workstations hardware and Microsoft operating system are excluded
- This GMP is based on DCSD approved LV vendors' quote. No information related to manufacturers, models, or brands was provided either on drawings or specs
- No new speakers are anticipated for this project. Pre and post testing is included.

GENERAL

- Due to the significant market volatility and the implementation of new tariffs that materially impact labor or material costs this GMP is valid until December 31st, 2025. LEFKO reserves the right to reevaluate this proposal and work with DCSD after the above mentioned date.
- This GMP and preliminary schedule is based on placed orders provided by the time of the proposal submission; accurate lead times and estimated delivery dates can only be provided once submittals are approved and orders placed. LEFKO will constantly follow up and provide updates regarding this matter
- All permit fees for this project will be waived by DeKalb County School District except for Avondale ES and Hightower ES per RFI #49
- All furniture will be Owner provided per RFI #4
- Any special inspections will be performed by Owner's contracted third-party Inspector per RFI #2
- P&P Bond will be provided per school basis

- The warranty period will commence once the substantial completion has been achieved for this project/contract
- Per RFI #53 Contractor is allowed to bill for stored materials as long as photos are provided and proof is submitted showing the materials are kept in a bonded warehouse
- Construction contractor's fee associated to any portion of the Work which it intends to charge against the Owner's Contingency will be reviewed and included by the time the change order or PCO is submitted for review and approval
- The commencement date of the construction phase and the substantial completion date are contingent upon the approval of this GMP and the issuance of the Notice to Proceed. Therefore, Article No. 3 of Exhibit "M" remains blank at this time.

ATTACHMENT 3

Completion Schedule

CMAR – Group 1 Security Vestibules

Find schedule attached. The lead times used in this preliminary schedule are place holder based on preliminary feedback received from our subcontractors that will be updated once orders are placed. During the construction process, LEFKO will consider all time saving processes and/or ideas to ensure completion on time and on budget. The compliance of this schedule will be conditioned to current lead times and availability by the time of approval of this GMP.

Fire alarm crew will remove strobes and conduits.

Plumbers will remove the sink at Kingsley ES to allow for proper capping.

Glazing subcontractors will address windows that do not require modifications to the openings.

Drywall subcontractors will modify ceilings as needed to accommodate new storefronts, per the owner's request to preserve as many ceiling tiles as possible.

Exclusions:

Permits / Notifications

Pollution/Professional Insurance

Floor Grinding or Prep

Sprinkler System

Shoring and Bracing

Replace with New

No Layouts of Any Kind

GPR Scanning

MEP Disconnects and Capping

Temp Barricades / Temporary Entrance

Items to Be Relocated / Salvaged

Hazardous or Regulated Materials

Surface Patching or Repairing

Clean & Repair

Protection by Others

TERMS AND CONDITIONS

IDS as subcontractor will not execute any contract for less than \$20,000 that contains a provision for the withholding of retainage.

For contracts of \$20,000 or more, IDS will discount the contract amount by 2% of the bid amount for contracts submitted without a retainage provision. 1% for payment of retainage within 120 days of completion.

For work performed by IDS under contract for which payment has not been received seventy days after the last day on the jobsite, IDS may file a mechanics lien on said property. The filing of mechanics liens is required to secure our financial interest under Georgia law.

School	Price	Revised Price 6/26/25	
Avondale ES	\$	5,120.00	\$ 5,920.00

GLAZING

Selected price: ClearVue Glass and Mirror, co

August 25, 2025

Lefko Construction

Proposal: \$3,787,810.00

Clearvue Glass & Mirror Co. proposes to furnish and install the following scope of work for this project. Our proposal shall include all inclusions and exceptions as shown herewith. Our quotation is valid for (30) days* from the date of this quotation. After that, Clearvue Glass & Mirror Co. has the right to review and revise its pricing. This bid is conditioned on the use of the AIA A401 contract document or otherwise mutually agreeable subcontract. Please send LOI's or Contracts to the Estimator and contracts@cvqco.com. Please contact Eric Holt at 678-772-4770 or CJ Smith (Senior Estimator) at (253) 393-0071 if you have any questions. Thank You!

Project: DCSD Security Vestibules
Architect: LS3P
Plans Dated: 04/30/2025

Interior & Exterior Glazing

- The exterior storefront glass shall be 1" insulated SNX 51/23 LowE/ Clear tempered.
- All interior glass shall be 3/8" clear tempered.
- All transaction windows shall be 1 3/8" BR level 2 glass.
- All BR@ panels shall be TSS BB-2. (Submittal will be sent with revised proposal).

Interior & Exterior Aluminum Framed Entrances & Storefronts

- Price includes 2" x 4 1/2" thermal storefront framing for exterior.
- Price includes 1 3/4" x 4 1/2" non-thermal storefront framing for interior.
- Price includes 6'0" x 7'0" pair wide stile entrance doors with cross rails.
- Price includes 3'0" x 7'0" single wide stile entrance doors with cross rails.
- The door hardware shall be as specified per door per school.
 - **Changed hinges to ABH as Ives will no longer warranty the specified hinges for doors that are over 1.75"T.**
- All exposed finishes shall be as specified per school.
- Price includes CRL bullet resistant level 2 transaction windows with 12" D, 2"H stainless steel level 2 shelf with integral deal tray & Speak hole cover.
- **Price does not include any film or graphics in pricing.**
- All elevations per school are based off information provided on A-600 per set.
- Price includes the removal of all 1/4" glass to be replaced with 3/8" clear tempered as stated and shown on A-600 of each set of drawings per school.
 - **Add/Alt3, per school, shall be listed in the proposal as an increase to change existing glass described above from 3/8" to 1" IGs.**

** Due to rapidly escalating and unpredictable pricing and uncertain availability and late delivery of construction materials, the price set forth in this proposal/contract and the date(s) of delivery are subject to change based on price increases and changes in delivery dates communicated to Clearvue Glass between the date of this proposal and when the materials are delivered. Major construction materials manufacturers have stated that the price of materials will be the price in effect at the time of delivery and that delivery dates are subject to change.*

- Price includes the demo of all hollow metal, aluminum, or wood framing that directly affects our work scope area.
 - **No demo is included for any framing that does not affect our scope.**
- All replacement from 1/4" to 3/8" as designated on A-601 is included in pricing.
 - **Add/Alt1, per school, shall be listed in the proposal as an increase to change existing glass described above from 3/8" to 1" IGs.**
- All new wood and hollow metal doors in the security vestibule have been included for door inserts in doors by others.
 - **Add/Alt2 shall be the replacement of 3/8" door inserts to UL752 level 2 bullet resistant glass.**
 - **Add/Alt2 is for glass only. Stops or door insert kits by others.**
- **Add/Alt4: \$325.00 per core**
 - Price includes the installation and 1-year maintenance of all permanent cores to be installed by ClearVue Hardware supplier. **ClearVue Counted 288** cores that are associated with our doors. All other doors, door hardware and cores by others.

Perimeter Joint Sealers

- Perimeter sealants shall be a standard color at exterior and interior of the aluminum storefront systems only. 2-beads included.

** Due to rapidly escalating and unpredictable pricing and uncertain availability and late delivery of construction materials, the price set forth in this proposal/contract and the date(s) of delivery are subject to change based on price increases and changes in delivery dates communicated to Clearvue Glass between the date of this proposal and when the materials are delivered. Major construction materials manufacturers have stated that the price of materials will be the price in effect at the time of delivery and that delivery dates are subject to change.*

C1 SFI A600 = 12'-9" x 9'-10" including 2 Pairs of doors #001 and #002 6'-0" x 7'-0" with transom frames. The doors leafs are Thermal Clad, 2-1/4" thick, with 5" Wide Stiles, 10" bottom rails, 6-1/2" mid rails and 8" top rails.
We include hardware for our doors per specifications. #001 = Group No. 03 and #002 = Group No. 01.
The frames and doors are glazed with 1" Insulated Clear Tempered with Guardian SNX51/23 Low E Coated glass and spandrel above doors.
 2. Supply and Install Oldcastle Series 3000 Non thermal 2 x 4-1/2", center glazed Aluminum Storefront system finished in Class 1 clear anodized in Interior openings marked :
C2 ISF1 = 15'-7" x 7'-11", including 2 Pairs of Doors #003 and #004 = 6'-0" x 7'-0" with transoms. The doors leafs are 1-3/4" thick, with 5" Wide Stiles, 10" bottom rails, 6-1/2" mid rails and 8" top rails.
C3 ISF2 = 8'-6" x 4'-6".
-

ATLANTA STOREFRONTS, LLC

We include SF Door Hardware for #003 = Group No. 04 and #004= Group No. 02.

The interior frames and doors are glazed with 3/8" clear tempered glass.

3. Supply and Install 1- 36"x 54" Level 3 BR Transaction Security Ticket Window by QuikServ with 1-1/4" Acrylic Glazing, natural Speak-Around clear anodized framing and 36" x 12" x 2" SS Base with Integrated Deal Tray.
4. Per page A600 remove existing glazing and replace with 3/8" clear tempered glass in 1 windows Marked C4, 14 lites, including removing and reinstalling existing second layer of windows.
5. Per page A601 remove existing glazing and replace with 1" Insulated with SNX 51/23 Low E clear Tempered glass in openings Marked #1 through #5.
6. Demolish and put in GC dumpster. Per Page AD101, A = 2 Pair, and B = frame.
7. Supply and Install sealant to the Exterior and Interior perimeters of all the new aluminum frames, The caulk color will match the frames.
8. We Include a daily clean up of our debris and one final clean of our installed materials.
9. We include the protection of our installed materials by wrapping them with brown paper held on with non residue tape.
10. Included are Shop Drawings, Submittal Data, Samples, and Existing test reports.
11. The aluminum finish warranty is 10 years, Workmanship warranty is 2 Years, and the Transaction windows are 3 Years.

Items Not Included in this Proposal :

1. Bond, if needed ADD 3650
 2. Pre construction Mockup that is Not part of the permanent work.
 4. Hiring of a Testing Agency or supplying supervision or equipment for testing.
 5. Designing of Field Quality-Control Inspection reports or programs.
 6. Free glass replacement if " broken" or "scratched" by others after installed.
 7. Delegated Design
-

ATLANTA STOREFRONTS, LLC

8. In the areas where we do demolition we do not include any repair or patching of surfaces, or demo of Partitions and walls.
9. Purchasing of Safe Haven Film film.

Lead Times and Installation

- 1) Shop drawings and submittals are a 4 week lead time
- 2) The Custom Aluminum Doors and Hardware have a 10 week lead time.
- 3) Fab of aluminum is 2 weeks
- 4) Installation duration is 4 weeks.

BASE BID \$132,430

Alternate

1. To use 3/8" glass in Doors #1 through #5 (16 lites) on page A601 will deduct \$1520

Note : This Quote will remain valid as long as we receive a written commitment within 90 days.

If there is any other information you require, please do not hesitate to call me. We look forward to the opportunity of working with you,

Thank You

Demolition

- Removal of existing glazing systems at areas noted on the bid drawings dated 4/30/25

Base Price \$132,260.00

ALT 1 DEDUCT

Furnish and install:

- Defenselite -Bullet shield - fixed transaction window with UL 752 Level 2 protection, CRL 834a speak-thru and a deal tray

Deduct \$3,286.00

CLARIFICATIONS

Spandrel glass is not meant to be visible from the inside. Inconsistencies not visible from the exterior view can be visible from the interior view. This does not mean that it is faulty. Our scope of demolition is limited exclusively to the removal of existing glazing systems. This includes the selective demolition of glazing infill at designated openings, including the removal and disposal of existing glass, aluminum storefront/window framing systems, associated perimeter sealants, setting blocks, and glazing gaskets as required. No adjacent building components such as surrounding substrates, drywall, framing, waterproofing, or structural elements are to be disturbed or removed.

All demo will be performed in accordance with industry standards and project safety requirements.

Protection of adjacent finishes and coordination with other trades is by others.

EXCLUSIONS

Hollow metal doors. Access control and wiring of any electrical devices; payment and performance bonds; Liability for material price escalations due to global events; unrestricted site access is assumed, with any delays due to site conditions or other trades requiring schedule extensions and additional costs; Weather, natural disasters, and unforeseen delays are excluded, with remobilization or extended general conditions billed separately; Temporary protection and final cleaning beyond a broom-swept condition are excluded; Damage by others; Testing, mockups, and samples beyond standard submittals; On-site storage and material handling; Overtime, night shifts, or schedule acceleration; Specialty hardware, decorative metals, custom finishes, and non-standard components unless listed in our scope; blocking and junction box at mirrors

TERMS AND CONDITIONS

Any alterations or deviations from above specifications may result in additional charges. In the event customer cancels order after confirmation, deposit will not be returned.

Standard payment terms: 2% 10 net 30 days. Late fees of 10% per week will be charged for every week past the due date.

Material payment terms: Net 30 upon receipt of material. Purchase documentation can be provided upon request.

This proposal is valid for 30 days and is subject to change if material price increases occur after 30 days.

Hightower ES - 4236 Tilly Mill Rd, Doraville

Scope of Work

Total

Supply & Install (302SF) Bullet Resistant Protection - Per LS3P Drawings (51 total panes)

\$60,250.00

PRODUCT DESCRIPTION

Safe Haven Defense SW440BR/SW600BR laminate offers protection for small arms bullet resistance as well as glass breakage due to burglaries, hurricanes, and blast. SW440BR/SW600BR provides ONE-WAY bullet resistance allowing bullets to pass through from the interior but stopping bullets from the exterior.

CERTIFICATIONS

NIJ 0108.01 - Bullet Resistance (3rd Party Lab Certified)

UL752 - Bullet Resistance (3rd Party Lab Certified)

USES/APPLICATION

Safe Haven Defense SW440BR/SW600BR laminate is applied onsite, to the interior and exterior of existing windows/glass. Unlike traditional bullet resistant glass, no special modifications or retrofitting to the existing structure is required. SW440BR/SW600BR laminate can be applied over existing glass as thin as ¼ inch and will stop a 9mm on dual pane ¼" or 3/8" single pane.

*Existing window must be inspected to be structurally sound.

Bond - 3%

\$1,808.00

Please advise of any special PPE, badges, identification, or additional requirements for contractors/vendors. This project is expected to take 5 working days. Lead time will be 6-8 weeks. SHD will need access after typical work hours and weekends with minimal traffic in the work areas. SHD will need a clean/dust free working environment. This price is valid until December 31, 2025.

Grand Total: \$62,058.00

SCOPE OF WORK

Safe Haven Defense Georgia, LLC will work with associated stakeholders adding security laminate to existing windows at the address stated on the proposal. The following details the responsibilities and performance objectives of Safe Haven Defense Georgia, LLC:

1. Responsibilities and Objectives

- 1.1. Visually inspect windows for pre-existing damage/deformities.
- 1.2. Care will be taken not to damage any areas around the windows.
- 1.3. Employees will act in a professional manner when working and interacting with staff/employees.
- 1.4. Clean & Install Safe Haven Defense Laminate on the windows as described in the proposal.
- 1.5. Secure aforementioned laminate utilizing approved and standardized anchoring method.
- 1.6. Conduct quality assurance inspections daily throughout the installation process.
- 1.7. Maintain an orderly workspace during installation.

2. Glass Clarity:

- 2.1. Installation crews will take every necessary action possible to clean all windows prior to the installation of the laminate.
 - 2.1.1. As this installation will be completed in an active environment; minor dust particles may appear after the installation of the laminate as a result of airborne dust.
 - 2.1.2. These particles should be few and not significantly detract from clarity or aesthetics when looking through the glass at a distance of 6 feet.
- 2.2. Laminates and films are applied with a water-based solution; therefore, it is normal for minor bubbling and hazing to occur during installation process before curing.
 - 2.2.1. This curing period is between 30-120 days depending on the level of exposure to direct sunlight, temperature, and thickness of laminate.

3. Safe Haven Defense Georgia, LLC is not responsible for the following actions:

- 3.1. Clearing of space (inside or outside) to provide clean and unobstructed access to the target windows. Minor items may be an exception.
 - 3.1.1. Issues such as tree trimming, desk moving, and computer/electronic relocation will be completed prior to installation.
- 3.2. Permanent structures, piping, support beams etc. which may be an obstruction to the installation process, and cannot be relocated, will be evaluated on a case-by-case scenario.
- 3.3. Ballistic Laminate installation includes the use of liquid sprayed from high pressure tanks. Any item which may sustain water damage and subsequently devalue such item, shall be relocated prior to installation.

Safe Haven Defense Georgia, LLC is actively following CDC guidelines to the best of our abilities. Our COVID-19 response plan includes such measures as self-reporting of illness or feeling of illness and self-reporting of possible or confirmed exposures. If your facility requires additional precautions, please inform our team.

SW600BR – PRODUCT SPECIFICATION SHEET

*Proprietary information and not for public distribution.

PRODUCT DESCRIPTION

Safe Haven Defense SW600BR laminate offers protection for small arms bullet resistance as well as glass breakage due to burglaries, hurricanes, and blast. SW600BR provides ONE-WAY bullet resistance allowing bullets to pass through from the interior but stopping bullets from the exterior.

SECURITY LAMINATE LIMITED WARRANTY

Thank you for purchasing Safe Haven Defense Security Laminate

What is Covered and how long Coverage Lasts. Safe Haven Defense warrants professionally sold and installed Safe Haven Defense Brand Security Laminates (The "Product") against the defects in manufacture or materials set forth below and for the time period set forth below. This warranty is valid only if the Product installation was performed by a Safe Haven Defense installer in accordance with manufacturer's installation procedures and applicable law.

- ☐ **Security Laminate** (Lifetime Limited Warranty) Covers Forced Entry (22 Mil) and Smash Resistance (15 Mil) Films.
Safe Haven Defense warrants against fading, peeling, cracking, adhesive failure, and delamination.
- ☐ **Riot Control Security Laminate** (10 Year Limited Warranty)
Safe Haven Defense warrants against fading, peeling, cracking, adhesive failure, and delamination.
- ☐ **Solar Control Bullet Resistant Laminate** (7 Year Limited Warranty – May be extended to 10 Years after Inspection by Safe Haven Defense Representative)
Safe Haven Defense warrants against fading, peeling, cracking, adhesive failure, and delamination.

Who is Covered? This limited warranty coverage is applied only to the owner of the structure/vehicle at the time of the Product's installation and is not transferable.

How Safe Haven Defense Will Manage. If the product does not conform to the warranty described above, Safe Haven Defense will appoint an installer to remove the original laminate and apply new Safe Haven Defense Laminate and will cover the reasonable labor charges of the removal of the original laminate and installation of new laminate. The obligation of Safe Haven Defense under this warranty is limited solely to removal and replacement of any Product not conforming to the warranty.

How to Make a Claim. To submit a warranty claim, you must SUBMIT THIS ORIGINAL WARRANTY CARD AND ORIGINAL RECEIPT for the product, along with a detailed description of the defect to the Safe Haven Defense distributor from whom the Product was purchased or to Safe Haven Defense at the address below. Safe Haven Defense must approve all warranty claims prior to commencement of any warranty service. Safe Haven Defense US, LLC / 22849 N 19th Avenue, Suite 100/ Phoenix AZ 85027 / 480-689-7871

Window Laminate Care. To extend the life and looks of your Safe Haven Defense Security Laminate and to maintain your warranty coverage, certain care and maintenance should be followed. **Do not** wash the film with abrasive cleaners (e.g., Ammonia) or course cloths. Use a mild soap and a clean, soft cloth or synthetic sponge.

Warranty Limitation. THE EXPRESS WARRANTIES CONTAINED IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. SAFE HAVEN DEFENSE HEREBY DISCLAIMS ALL OTHER EXPRESS AND IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Limitation of Liability. IN NO WAY SHALL SAFE HAVEN DEFENSE OR ANY INSTALLER BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES OF ANY KIND ARISING OUT OF OR RELATED TO (1) THE USE OF OR INABILITY TO USE THE PRODUCT, (2) THE BREACH OF ANY WARRANTY OR OF THIS AGREEMENT, (3) ANY ACT OR FAILURE TO ACT RELATING TO THIS AGREEMENT, OR OTHERWISE, INCLUDING WITHOUT LIMITATION DAMAGES FOR LOSS OF USE, LOST PROFITS, INTERRUPTION OF BUSINESS, OR ANY OTHER MONETARY OR OTHER LOSS, REGARDLESS OF THE FORM OF ACTION WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT PRODUCT LIABILITY, OR OTHERWISE, EVEN IF SAFE HAVEN DEFENSE HAS BEEN ADVISED OF OR IS OTHERWISE AWARE OF THE POSSIBILITY OF SUCH DAMAGES. CERTAIN JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

How State/Provincial Law Applies. This warranty provides you with specific legal rights, and you may also have other rights that vary between jurisdictions.

Exclusions and Miscellaneous Terms and Conditions. (1) This warranty does not cover or apply to losses, costs, damages or defects arising from or caused by Improper Product Care, cleaning or abuse, misuse (including use not complying with applicable law), natural causes, accident, ordinary wear, damage caused vandalism, the physical impact of rocks or other objects, abrasion or scratching or any other acts, occurrences or defects, faults, or damages not related to defects in materials or manufacture of the Product. Except as otherwise provided by applicable law, Illegal use of the Product will render all warranties, whether express or implied, invalid and of no effect and Safe Haven Defense shall have no liability therefor. (2) The Safe Haven Defense installer is trained and certified as an independent contractor for Safe Haven Defense and Safe Haven Defense is not responsible for representations made by the installer. No Contractor, including the Safe Haven Defense Installer has any authority or power to modify or extend this limited warranty. The benefits under this warranty shall be the sole and exclusive remedy against Safe Haven Defense for any loss arising out of the sale, and/or use of the Product. (3) If any provision of this warranty is unenforceable or ineffective, the rest of this warranty shall remain in effect and be construed as if such provision had not been contained in this warranty. (4) This warranty shall be governed by Arizona law. Regardless of what venue would otherwise be permissive or required, Safe Haven Defense and the customer stipulate that all actions arising under or related to this warranty shall be brought in the federal or state courts located in the City of Phoenix, Arizona. Safe Haven Defense and the customer agree that such forum is mutually convenient and bears a reasonable relationship to this Agreement and waive objection to any venue laid therein.

After-Hours Work Provision				
This proposal includes standard weekday working hours (7:00 AM to 5:00 PM). Work required outside of these hours—including evenings, weekends, and school holidays—will incur an additional labor charge of \$16.00 per hour per crew member , billed as a change order and approved in writing prior to commencement of after-hours work. This provision accounts for premium pay, adjusted logistics, and staffing availability required for off-hour mobilization.				

Subtotal	\$108,845.00			
Total	\$108,845.00			

Terms and Conditions

We propose hereby to furnish material and labor - complete in accordance with above specifications.

All material is guaranteed to be as specified. All work to be completed in a substantial workmanlike manner according to the specifications submitted, per standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. If either party commences legal action to enforce its rights pursuant to this agreement, the prevailing party in said legal action shall be entitled to recover its reasonable attorney's fees and costs of litigation relating to said legal action, as determined by a court of competent jurisdiction. Client has a (3) day right to cancel without loss of deposit.

NOTE

Due to market volatility, this proposal is valid for 30 days from date of proposal.

The pricing offered in this proposal is based on the price of products / equipment and its availability as of the date of this proposal. Customer agrees that a rise in price of products / equipment after the date of proposal and/or contract award shall result in a corresponding dollar-for dollar increase in price for the affected materials.

Comments

Fire Safety and Protection, LLC (FSP) is proposing the following scope of work:

1. FSP will modify the existing system per drawings. Sprinkler will be replaced and located to the new ceiling height. All work will be done in accordance with NFPA 13 and referenced codes and standards. All labor, materials, taxes, equipment, inspections and Certification of renovated space included.
2. Sprinkler pipe and fittings will match existing. Typical sprinkler piping will be black steel, Schedule 40 for pipe 2-inches and smaller and Schedule 10 for pipe 2.5 inches and larger. Unless existing calculations permit grooved branch lines.
3. Sprinklers to be concealed with white plates in sheetrock. Brass uprights in open ceilings. Chrome semi recessed in acoustical or match existing.
4. FSP to permit scope of work with local AHJ. Where local jurisdiction requires fire sprinkler drawings, FSP will prepare shop drawings for submittal and approval as part of the permit. Design is for permit and head location, no design labor is included for calculations as they should be existing. Client must provide drawings and cad files for FSP use.
5. Price based on 100% Construction drawings dated 4-30-25.
6. Fire Extinguishers can be quoted upon request.
7. Specifics of this project will include all new sprinkler heads for the ones that are modified.

EXCLUSIONS Unless specifically noted in the scope, the following are excluded:

1. Bonds or insurance greater than FSP limits
2. Fire extinguishers, fire alarms, fire hydrants, dry or pre-action systems, or other fire protection systems than quoted above.
3. Cutting, patching and painting
4. Compliance with insurance requirements above industry standards
5. Overtime or premium pay due to accelerated schedule or night work
6. Relocation of sprinkler heads, or new heads.
7. Raising/relocation of branch lines and/or mains for non-scope or for other trades
8. Backflow prevention of any type
9. Existing conditions with base building sprinkler system
10. Adequate water supply
11. Fire or booster pumps
12. Underground work
13. Seismic bracing or pipe restraints
14. Submission of plans to other than local jurisdiction
15. Drain down fees
16. Davis Bacon or prevailing wages
17. Painting or preparation to paint sprinkler pipe
18. Work outside scope area
19. Modification to existing structure to support sprinkler pipe
20. Coring

SERVICE AGREEMENT TERMS AND CONDITIONS

1. **Scope of Undertaking.** Provider will perform the services described in the scope of work (the Work). No other services are included. The amount payable by the Customer for the Work is based solely upon the value of the services performed and is unrelated to the value of the Customer's property and/or the property of others located in/on the premises.
2. **Equipment Disconnections.** Customer is on notice that the system(s)/device(s) listed on the face of this Agreement will be temporarily or permanently disconnected and no longer in service and thus, cannot detect, perform and/or report occurrences or transmit signals.
3. **Existing** When new work is connected to an existing system, any deficiencies detected in the existing system during testing or charging of the system are the responsibility of the Customer and are not covered by any warranties that may be applicable to the Work. Customer releases Provider from any and all claims regarding the existing system and any damage or injury caused by or to the existing system.
4. **Water Supply.** Provider makes no claims and/or representations as to the presence currently or in the future of corrosion inducing matter, i.e., microbiological organisms, contained within the water Provider recommends that the water supply be tested and, as needed, treated. Testing and treatment of the water supply and costs associated therewith are the sole responsibility of the Customer. Any such testing must be pursuant to a separate written agreement.
5. **LIMITED WARRANTY.** Provider warrants that the workmanship and material furnished under this Agreement will be free from defects for a period of sixty (60) days from the date said work is Provider, agrees to repair or replace the work provided the work has not failed due to circumstances unrelated to the materials or workmanship furnished by Provider. Except as expressly set forth herein, Provider disclaims all warranties, express or implied, including but not limited to any warranties or merchantability or fitness for a particular purpose with respect to the services performed or the products, systems, or equipment, if any, supplied hereunder.
6. **LIMITATION OF LIABILITY; LIQUIDATED DAMAGES.** Provider's service fees are based on the value of services provided and the limited liability provided under this contract, and not on the value of the Customer's premises or its contents, or the likelihood or potential extent or severity of injury (including death) to Customer or Provider cannot predict the potential amount, extent, or severity of any damages or injuries that Customer or others may incur which could be due to the failure of the system or services to work as intended. Provider is not an insurer. If Provider should be found liable for loss or damage due to a failure on the part of Provider or its systems or any fire suppression or alarm equipment, in any respect, its liability to Customer, its agents, officers, directors, employees, or invitees shall be limited to the lesser of the Contract value or One Thousand Dollars (\$1,000) as liquidated damages and not as a penalty. The provisions of this paragraph apply in the event of loss or damage, irrespective of cause or origin, resulting directly or indirectly to person or property from the performance or non-performance of the obligations set forth by the terms of this contract, or from negligence, active, or otherwise, of Provider, its agents, or employees. Customer hereby agrees that the limits on the liability of Provider and the waivers and indemnities set forth in this contract are a fair allocation of risks and liabilities between Provider, Customer, Subcontractors and any other affected third parties. Except as provided in this agreement, Customer waives all rights and remedies against Provider including rights of subrogation, that Customer, any insurer, or other third party have due to the losses or injuries Customer or other incur. Customer agrees that were Provider to have liability greater than that stated above, it would not provide the services. Neither party shall be liable to the other or any other person for any incidental, punitive, loss of business profits, speculative or consequential damages.
7. **Actions by** In no event shall Provider be liable for any damages, loss, injury, or any other claim arising from any servicing, alterations, modifications, changes, or movements of the covered system(s) or any of its component parts by the Customer or any third party.
8. **Waiver of** The Provider is not an insurer against loss or damage. Sufficient insurance shall be obtained by Customer to cover the premises (and property therein) where the work will be performed. Customer agrees to rely exclusively on Customer's insurance to recover for injuries or damage in the event of any loss, damage or injury to the premises or property therein. Customer, for itself and all others claiming by or through it under this Agreement, releases, and discharges Provider from and against all damages covered by Customer's insurance, it being expressly agreed and understood that no insurance company, insurer, or other entity/individual will have any right of subrogation against Provider.
9. Customer agrees to indemnify, hold harmless and defend Provider, to the fullest extent permitted by law, against any and all losses, damages, costs, including expert fees and expenses including reasonable defense costs, arising from any and all third party claims for personal injury, death, property damage or economic loss, including specifically any damages resulting from the exposure of workers to Hazardous Conditions whether or not Customer notifies Provider in advance of the existence of said hazardous conditions, arising in any way from performance of the Work or the Work whether caused in whole or in part by the Customer, whether such claims are based upon contract, warranty, tort (including but not limited to active or passive negligence) strict liability or otherwise. Provider reserves the right to select counsel to represent it in any such action.
10. **Affiliates.** The terms and conditions set forth in the Provider Agreement shall insure to the benefit of all parties, subsidiaries, and affiliates of Provider, whether direct or indirect, Provider's employees, agents, officers, and directors.

THIS AGREEMENT IS SUBJECT TO ALL TERMS AND CONDITIONS INCLUDED HEREIN.

To the extent applicable, Johnson Controls has included an estimate only for all state and local sales tax for this quote. The actual sales tax due will be calculated and billed upon issuance of an invoice, unless a valid exemption and/or resale certificate is received by Johnson Controls. Any additional taxes, duties, tariffs or similar items imposed prior to shipment will be charged.

Payment Options:

Johnson Controls Capital Funding Solutions

Offering flexible solutions for your business needs! Allows for payment over time for products and installation costs with no down payment requirement. We offer a fast turnaround time with a simple web-based application and closing process.

For more information on JC Capital funding solutions, please forward this proposal along with any questions to your sales representative.

IMPORTANT NOTICE TO CUSTOMER

This Agreement is contingent on credit approval, which may be checked at JCI's discretion and requires final approval of a JCI authorized manager before any equipment/ services may be provided. Should credit and/or approval be declined, this Agreement will be terminated and JCI's only obligation to customer will be to notify Customer of such termination and refund any amounts paid in advance.

For Customers located in Canada, this Fire Domain Sale and Installation Agreement has been drawn up and executed in English at the request of and with the full concurrence of Customer. Ce contrat a été rédigé en anglais à la demande et avec l'assentiment du client.

CUSTOMER ACCEPTANCE:

In accepting this Agreement, Customer agrees to the terms and conditions contained herein including those on the following page(s) of this Proposal and any attachments or riders attached hereto that contain additional terms and conditions. It is understood that these terms and conditions shall prevail over any variation in terms and conditions on any purchase order or other document that Customer may issue. Any changes requested by Customer after the execution of this Agreement shall be paid for by the Customer and such changes shall be authorized by the parties in writing. **ATTENTION IS DIRECTED TO THE LIMITATION OF LIABILITY, WARRANTY, INDEMNITY AND OTHER CONDITIONS CONTAINED IN THIS AGREEMENT.**

Customer agrees to pay Johnson Controls pursuant to the progress-based billing schedule of values set forth below. If the schedule of values includes an upfront deposit, it will be paid within 30 days of contract signing and Johnson Controls will not commence work until the upfront deposit is received. Customer agrees to pay for materials, goods, and equipment (ordered, delivered, or stored) pursuant to the schedule of values, prior to installation commencement. The remaining portion of the total price will be progress billed through completion of the work. Johnson Controls progress based billing can also include any services performed on-site or off-site. All invoices will be delivered via Email(), paid via Electronic Funds Transfer and are due PWP (Pay When Paid) from the date of invoice. Electronic Funds Transfer details will be provided upon contract execution. The proposed total price is contingent upon Customer agreeing to these payment and invoicing terms.

DRAFT

TERMS AND CONDITIONS
(Rev. 12.12.24)

1. Deposit, Invoicing and Payments. Customer agrees to pay Company pursuant to the progress-based billing schedule of values set forth in Company's proposal. If the schedule of values includes an upfront deposit, it will be paid within 30 days of contract signing and Company will not commence work until the upfront deposit is received. Customer agrees to pay for materials, goods, and equipment (ordered, delivered, or stored) pursuant to the schedule of values, prior to installation commencement. The remaining portion of the total price will be progress billed through completion of the work. Company progress-based billing can also include any services performed on-site or off-site. Invoicing disputes must be identified in writing within 21 days of the invoice date. Payments of any disputed amounts are due and payable upon resolution. All invoices will be delivered via Email, paid via Electronic Funds Transfer and are due PWP (Pay When Paid) days from the date of invoice. Electronic Funds Transfer details will be provided upon contract execution. The proposed total price is contingent on Customer agreeing to these payment and invoicing terms. In exchange for close-out documents to be provided by Company, Customer agrees to pay Company the remaining project balance when on-site labor is completed and prior to any final inspections. Customers without established satisfactory credit and Customers who fail to pay amounts when due may be required to make payments of cash in advance, upon delivery or as otherwise specified by Company. Company reserves the right to revoke or modify Customer's credit in its sole discretion. Customer acknowledges and agrees that timely payments of the full amounts listed on invoices is an essential term of this Agreement and that Customer's failure to make payment when due is a material breach of this Agreement. Customer further acknowledges that if there is any amount outstanding on an invoice, it is material to Company and will give Company, without prejudice to any other right or remedy, the right to, without notice: (i) suspend, discontinue or terminate performing any services and/or withhold further deliveries of equipment and other materials, terminate or suspend any unpaid software licenses, and/or suspend Company's obligations under or terminate this Agreement; (ii) charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and one half (1.5) percent per month or the maximum rate permitted under applicable law, until payment is made in full; and (iii) pay all of JCI's costs of collection, including (1) actual out of pocket expenses and (2) charge Customer a collection fee of twenty-five percent (25%) of the past due amount if collected through a collection agency or attorney and thirty-five percent (35%) if litigation is commenced to collect such past due amount.

Company's election to continue providing future services does not, in any way diminish Company's right to terminate or suspend services or exercise any or all rights or remedies under this Agreement. Company shall not be liable for any damages, claims, expenses, or liabilities arising from or relating to suspension of services for non-payment. In the event that there are exigent circumstances requiring services or the Company otherwise performs services at the premises following suspension, those services shall be governed

by the terms of this Agreement unless a separate contract is executed. If Customer disputes any late payment notice or Company's efforts to collect payment, Customer shall immediately notify Company in writing and explain the basis of the dispute. Customer agrees to pay all of Company's reasonable collection costs, including legal fees and expenses.

2. Pricing. The pricing set forth in this Agreement is based on the number of devices to be installed and services to be performed as set forth in the Scope of Work ("Equipment" and "Services"). If the actual number of devices installed or services to be performed is greater than that set forth in the Scope of Work, the price will be increased accordingly. If this Agreement extends beyond one year, Company may increase prices upon notice to the Customer.

Prices in any quotation or proposal from Company are subject to change upon notice sent to Customer at any time before the quotation or proposal has been accepted. Prices do not include taxes, fees, duties, tariffs, false alarm assessments, permits and levies or other charges imposed and/or enacted by a government, however designated or imposed (collectively, "Taxes"). All Taxes are the responsibility of Customer, unless Customer presents an exemption certificate acceptable to Company and the applicable taxing authorities. If Company is required to pay any such Taxes or other charges, Customer shall reimburse Company on demand. If any such exemption certificate is invalid, then Customer will immediately pay Company the amount of the Taxes, plus penalties and interest. Prices in any quotation or proposal from Company are subject to change upon notice sent to Customer at any time before the quotation or proposal has been accepted. Prices may be adjusted by Company prior to shipment to take into account increases in the cost of raw materials, component parts, third party products or labor rates or taxes; Trade Restrictions (as defined below); government actions; or to cover any unforeseen or other extra cost elements. "Trade Restrictions" means any additional or new tariff/duty, quota, tariff-rate quota, or cost associated with the withdrawal of tariff/duty concessions pursuant to a trade agreement(s).

This Agreement is entered into with the understanding that the services to be provided by Company are not subject to any local, state, or federal prevailing wage statute. If it is later determined that local, state, or federal prevailing wage rates apply to the services to be provided by Company, Company reserves the right to issue a modification or change order to adjust the wage rates to the required prevailing wage rate. Customer agrees to pay for the applicable prevailing wage rates.

3. Alarm Monitoring Services. Any reference to alarm monitoring services in this Agreement is included for pricing purposes only. Alarm monitoring services are performed pursuant to the terms and conditions of Company's standard alarm monitoring services agreement.

4. Code Compliance. Company does not undertake an obligation to inspect for compliance with laws or regulations unless specifically stated in the Scope of Work. Customer acknowledges that the Authority Having Jurisdiction (e.g., Fire Marshal) may establish additional requirements for compliance with federal, state/provincial, and local codes. Any additional services or

equipment required will be provided at an additional cost to Customer.

5. Limitation of Liability; Limitations of Remedy. It is understood and agreed by the Customer that Company is not an insurer and that insurance coverage shall be obtained by the Customer and that amounts payable to company hereunder are based upon the value of the services and the scope of liability set forth in this Agreement and are unrelated to the value of the Customer's property and the property of others located on the premises. Customer agrees to look exclusively to the Customer's insurer to recover for injuries or damage in the event of any loss or injury and that Customer releases and waives all right of recovery against Company arising by way of subrogation. Company makes no guaranty or Warranty, including any implied warranty of merchantability or fitness for a particular purpose that equipment or services supplied by Company will detect or avert occurrences or the consequences therefrom that the equipment or service was designed to detect or avert. It is impractical and extremely difficult to fix the actual damages, if any, which may proximately result from failure on the part of Company to perform any of its obligations under this Agreement. Accordingly, Customer agrees that, Company shall be exempt from liability for any loss, damage or injury arising directly or indirectly from occurrences, or the consequences therefrom, which the equipment or service was designed to detect or avert. Should Company be found liable for any loss, damage or injury arising from a failure of the equipment or service in any respect, Company's liability shall be limited to an amount equal to the Agreement price (as increased by the price for any additional work) or where the time and material payment term is selected, Customer's time and material payments to Company to be calculated with reference to payments made at the time the loss is sustained. Where this Agreement covers multiple sites, liability shall be limited to the amount of the payments allocable to the site where the incident occurred. Such sum shall be complete and exclusive. In no event shall Company be liable for any damage, loss, injury, or any other claim arising from any servicing, alterations, modifications, changes, or movements of the Covered System(s) or any of its component parts by Customer or any third party. To the maximum extent permitted by law, in no event shall Company and its affiliates and their respective personnel, suppliers and vendors be liable to Customer or any third party under any cause of action or theory of liability, even if advised of the possibility of such damages, for any (a) special, incidental, consequential, punitive or indirect damages of any kind; (b) loss of profits, revenues, data, customer opportunities, business, anticipated savings or goodwill; (c) business interruption; or (d) data loss or other losses arising from viruses, ransomware, cyber-attacks or failures or interruptions to network systems. The limitations of liability set forth in this Agreement shall inure to the benefit of all parents, subsidiaries and affiliates of Company, whether direct or indirect, Company's employees, agents, officers and directors.

6. Reciprocal Waiver of Claims (SAFETY Act).

Certain of Company's systems and services have received Certification and/or Designation as Qualified Anti-Terrorism Technologies ("QATT") under the Support Anti-terrorism by Fostering Effective Technologies Act of 2002, 6 U.S.C. §§ 441-444 (the "SAFETY Act"). As required under 6 C.F.R. 25.5 (e), to the maximum extent permitted by law, Company and Customer hereby agree to waive their right to make any claims against the other for any losses, including business interruption losses, sustained by either party or their respective employees, resulting from an activity resulting from an "Act of Terrorism" as defined in 6 C.F.R. 25.2, when QATT have been deployed in defense against, response to, or recovery from such Act of Terrorism.

7. General Provisions. Customer has selected the service level desired after considering and balancing various levels of protection afforded, and their related costs. All work to be performed by Company will be performed during normal working hours of normal working days (8:00 a.m. – 5:00 p.m., Monday through Friday, excluding Company holidays), as defined by Company, unless additional times are specifically described in this Agreement. Company will perform the services described in the Scope of Work section ("Services") for one or more system(s) or equipment as described in the Scope of Work section or the listed attachments ("Covered System(s)"). The Customer shall promptly notify Company of any malfunction in the Covered System(s) which comes to Customer's attention. This Agreement assumes the Covered System(s) are in operational and maintainable condition as of the Agreement date. If, upon initial inspection, Company determines that repairs are recommended, repair charges will be submitted for approval prior to any work. Should such repair work be declined Company shall be relieved from any and all liability arising therefrom. Unless otherwise specified in this Agreement, any inspection (and, if specified, testing) provided under this Agreement does not include any maintenance, repairs, alterations, replacement of parts, or any field adjustments whatsoever, nor does it include the correction of any deficiencies identified by Company to Customer. Company shall not be responsible for equipment failure occurring while Company is in the process of following its inspection techniques, where the failure also results from the age or obsolescence of the item or due to normal wear and tear. This Agreement does not cover systems, equipment, components or PARTS THAT are below grade, behind walls or other obstructions or exterior to the building, electrical wiring, and piping.

8. Customer Responsibilities. Customer shall furnish all necessary facilities for performance of its work by Company, adequate space for storage and handling of materials, light, water, heat, heat tracing, electrical service, local telephone, watchman, and crane and elevator service and necessary permits. Where wet pipe system is installed, Customer shall supply and maintain sufficient heat to prevent freezing of the system. Customer shall promptly notify Company of any malfunction in the Covered System(s) which comes to Customer's attention. This Agreement assumes any existing system(s) are in operational and maintainable condition as of the Agreement date. If, upon initial inspection, Company determines that repairs are

recommended, repair charges will be submitted for approval prior to any work. Should such repair work be declined Company shall be relieved from any and all liability arising therefrom. Customer shall further:

- supply required schematics and drawings unless they are to be supplied by Company in accordance with this Agreement;
- Provide a safe work environment, in the event of an emergency or Covered System(s) failure, take reasonable safety precautions to protect against personal injury, death, and property damage, continue such measures until the Covered System(s) are operational, and notify Company as soon as possible under the circumstances.
- Provide Company access to any system(s) to be serviced,
- Comply with all laws, codes, and regulations pertaining to the equipment and/or services provided under this Agreement.

Customer is solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply Company secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access. Customer is responsible to take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

9. Excavation. In the event the Work includes excavation, Customer shall pay, as an extra to the contract price, the cost of any additional work performed by Company dues to water, quicksand, rock or other unforeseen condition or obstruction encountered or shoring required.

10. Structure and Site Conditions. While employees of Company will exercise reasonable care in this respect, Company shall be under not responsibility for loss or damage due to the character, condition or use of foundations, walls, or other structures not erected by Company or resulting from the excavation in proximity thereto, or for damage resulting from concealed piping, wiring, fixtures, or other equipment or condition of water pressure. All shoring or protection of foundation, walls or other structures subject to being disturbed by any excavation required hereunder shall be the responsibility of Customer. Customer shall have all things in readiness for installation including, without limitation, structure to support the sprinkler system and related equipment (including tanks), other materials, floor or suitable working base, connections and facilities for erection at the time the materials are delivered. In the event Customer fails to have all things in readiness at the time scheduled for receipt of materials, Customer shall reimburse Company for all expenses caused by such failure. Failure to make areas available to Company during performance in accordance with schedules that are the basis for Company's proposal shall be considered a failure to have things in readiness in accordance with the terms of this Agreement.

11. Confined Space. If access to confined space by Company is required for the performance of Services,

Services shall be scheduled and performed in accordance with Company's then-current hourly rate.

12. Hazardous Materials. Customer represents that, except to the extent that Company has been given written notice of the following hazards prior to the execution of this Agreement, to the best of Customer's knowledge there is no:

- Space in which work must be performed that, because of its construction, location, contents or work activity therein, accumulation of a hazardous gas, vapor, dust or fume or the creation of an oxygen-deficient atmosphere may occur,
- "permit confined space," as defined by OSHA for work performed by Company in the United States,
- risk of infectious disease,
- need for air monitoring, respiratory protection, or other medical risk,
- asbestos, asbestos-containing material, formaldehyde or other potentially toxic or otherwise hazardous material contained in or on the surface of the floors, walls, ceilings, insulation or other structural components of the area of any building where work is required to be performed under this Agreement.

All of the above are hereinafter referred to as "Hazardous Conditions". Company shall have the right to rely on the representations listed above. If hazardous conditions are encountered by Company during the course of Company's work, the discovery of such materials shall constitute an event beyond Company's control and Company shall have no obligation to further perform in the area where the hazardous conditions exist until the area has been made safe by Customer as certified in writing by an independent testing agency, and Customer shall pay disruption expenses and re-mobilization expenses as determined by Company. This Agreement does not provide for the cost of testing involving a discharge or release, capture, containment, transport, removal, or disposal (collectively, the "Discharge Services") of any hazardous waste materials, hazardous materials, or firefighting materials including without limitation firefighting foam encountered in and/or discharged from any of the Covered System(s) and/or during performance of the Services. Said materials shall at all times remain the responsibility and property of Customer. Customer shall be responsible for any Discharge Services associated with such materials, including all discharged firefighting foam in accordance with all applicable law. Company shall not be responsible for the testing, removal or disposal of such hazardous materials. Customer shall indemnify and hold Company harmless from and against any and all claims, demands and/or damages arising in whole or in part from the use of or any Discharge Services associated with any hazardous waste, hazardous materials, or firefighting materials including without limitation firefighting foam encountered or discharged from any of the Covered System(s) and/or during performance of the Services.

13. Occupational Health and Safety/OSHA Compliance. Customer shall indemnify and hold Company harmless from and against any and all claims, demands and/or damages arising in whole or in part from the enforcement of applicable laws regarding occupational health and safety for work performed in

Canada or the Occupational Safety Health Act for work performed by Company in the United States. (and any amendments or changes thereto) unless said claims, demands or damages are a direct result of causes within the exclusive control of Company.

14. Interferences. Customer shall be responsible to coordinate the work of other trades (including but not limited to ducting, piping, and electrical) and for additional costs incurred by Company arising out of interferences to Company's work caused by other trades.

15. Modifications and Substitutions. Company reserves the right to modify materials, including substituting materials of later design, providing that such modifications or substitutions will not materially affect the performance of the Covered System(s).

16. Changes, Alterations, Additions. Changes, alterations and additions to the Scope of Work, plans, specifications or construction schedule shall be invalid unless approved in writing by Company. Should changes be approved by Company, that increase or decrease the cost of the work to Company, the parties shall agree, in writing, to the change in price prior to performance of any work. However, if no agreement is reached prior to the time for performance of said work, and Company elects to perform said work so as to avoid delays, then Company's estimate as to the value of said work shall be deemed accepted by Customer. In addition, Customer shall pay for all extra work requested by Customer or made necessary because of incompleteness or inaccuracy of plans or other information submitted by Customer with respect to the location, type of occupancy, or other details of the work to be performed. In the event the layout of Customer's facilities has been altered, or is altered by Customer prior to the completion of the Work, Customer shall advise Company, and prices, delivery and completion dates shall be changed by Company as may be required.

17. Commodities Availability. Company shall not be responsible for failure to provide services, deliver products, or otherwise perform work required by this Agreement due to lack of available steel products or products made from plastics or other commodities. In the event Company is unable, after reasonable commercial efforts, to acquire and provide steel products, or products made from plastics or other commodities, if required to perform work required by this Agreement, Customer hereby agrees that Company may terminate the Agreement, or the relevant portion of the Agreement, at no additional cost and without penalty. Customer agrees to pay Company in full for all work performed up to the time of any such termination.

18. Project Claims. Any claim of failure to perform against Company arising hereunder shall be deemed waived unless received by Company, in writing specifically setting forth the basis for such claim, within ten (10) days after such claims arises.

19. Back charges. No charges shall be levied against Company unless seventy-two (72) hours prior written notice is given to Company to correct any alleged deficiencies which are alleged to necessitate such charges and unless such alleged deficiencies are solely and directly caused by Company.

20. System Equipment. The purchase of equipment or peripheral devices (including but not limited to smoke detectors, passive infrared detectors, card readers, sprinkler system components, extinguishers and hoses) from Company shall be subject to the terms and conditions of this Agreement. If, in Company's sole judgment, any peripheral device or other system equipment, which is attached to the Covered System(s), whether provided by Company or a third party, interferes with the proper operation of the Covered System(s), Customer shall remove or replace such device or equipment promptly upon notice from Company. Failure of Customer to remove or replace the device shall constitute a material breach of this Agreement. If Customer adds any third party device or equipment to the Covered System(s), Company shall not be responsible for any damage to or failure of the Covered System(s) caused in whole or in part by such device or equipment.

21. Reports. Where inspection and/or test services are selected, such inspection and/or test shall be completed on Company's then current Report form, which shall be given to Customer, and, where applicable, Company may submit a copy thereof to the local authority having jurisdiction. The Report and recommendations by Company are only advisory in nature and are intended to assist Customer in reducing the risk of loss to property by indicating obvious defects or impairments noted to the system and equipment inspected and/or tested. They are not intended to imply that no other defects or hazards exist or that all aspects of the Covered System(s), equipment, and components are under control at the time of inspection. Final responsibility for the condition and operation of the Covered System(s) and equipment and components lies with Customer.

22. Limited Warranty. Subject to the limitations below, Company warrants any equipment (as distinguished from the Software) installed pursuant to this Agreement to be free from defects in material and workmanship under normal use for a period of one (1) year from the date of first beneficial use or all or any part of the Covered System(s) or 18 months after Equipment shipments, whichever is earlier, provided however, that Company's sole liability, and Customer's sole remedy, under this limited warranty shall be limited to the repair or replacement of the Equipment or any part thereof, which Company determines is defective, at Company's sole option and subject to the availability of service personnel and parts, as determined by Company. Company warrants expendable items, including, but not limited to, video and print heads, television camera tubes, video monitor displays tubes, batteries and certain other products in accordance with the applicable manufacturer's warranty. Company does not warrant devices designed to fail in protecting the System, such as, but not limited to, fuses and circuit breakers. Company warrants that any Company software described in this Agreement, as well as software contained in or sold as part of any Equipment described in this Agreement, will reasonably conform to its published specifications in effect at the time of delivery and for ninety (90) days after delivery. However, Customer agrees and acknowledges that the software may have inherent defects because of its complexity. Company's sole obligation with respect to software, and

Customer's sole remedy, shall be to make available published modifications, designed to correct inherent defects, which become available during the warranty period. If Repair Services are included in this Agreement, Company warrants that its workmanship and material for repairs made pursuant to this Agreement will be free from defects for a period of ninety (90) days from the date of furnishing.

EXCEPT AS EXPRESSLY SET FORTH HEREIN, COMPANY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE SERVICES PERFORMED OR THE PRODUCTS, SYSTEMS OR EQUIPMENT, IF ANY, SUPPORTED HEREUNDER.

Warranty service will be performed during Company's normal working hours. If Customer requests warranty service at other than normal working hours, service will be performed at Company's then current rates for after hours services. All repairs or adjustments that are or may become necessary shall be performed by and authorized representative of Company. Any repairs, adjustments or interconnections performed by Customer or any third party shall void all warranties. Company makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, treat, or mitigate the spread transmission, or outbreak of any pathogen, disease, virus or other contagion, including but not limited to COVID-19. Unless agreed to in writing by the parties, any technical support, assistance, or advice ("Technical Support") provided by Company, such as suggestions as to design use and suitability of the products for the customer's application, is provided in good faith, but Customer acknowledges and agrees that Company is not the designer, engineer, or installer of record. Any Technical Support is provided for informational purposes only and shall not be construed as a representation or warranty, express or implied, concerning the proper selection, use, and/or application of products. Customer assumes exclusive responsibility for determining if the equipment and products supplied by Company are suitable for its intended application and all risk and liability, whether based in contract, tort or otherwise, in connection with its application and use of the products.

23 . Indemnity. Customer agrees to indemnify, hold harmless and defend Company against any and all losses, damages, costs, including expert fees and costs, and expenses including reasonable defense costs, arising from any and all third party claims for personal injury, death, property damage or economic loss, including specifically any damages resulting from the exposure of workers to Hazardous Conditions whether or not Customer pre-notifies Company of the existence of said hazardous conditions, arising in any way from any act or omission of Customer or Company relating in any way to this Agreement, including but not limited to the Services under this Agreement, whether such claims are based upon contract, warranty, tort (including but not limited to active or passive negligence), strict liability or

otherwise. Company reserves the right to select counsel to represent it in any such action.

24. Insurance. Customer shall name Company, its officers, employees, agents, subcontractors, suppliers, and representatives as additional insureds on Customer's general liability and auto liability policies.

25. Termination. Any termination under the terms of this Agreement shall be made in writing. In the event Customer terminates this Agreement prior to completion for any reason not arising solely from Company's performance or failure to perform, Customer understands and agrees that Company will incur costs of administration and preparation that are difficult to estimate or determine. Accordingly, should Customer terminate this Agreement as described above, Customer agrees to pay all charges incurred for products and equipment installed and services performed, and in addition pay an amount equal to twenty (20%) percent of the price of products and equipment not yet delivered and Services not yet performed, return all products and equipment delivered and pay a restocking fee of twenty (20%) percent the price of products or equipment returned. Company may terminate this Agreement immediately at its sole discretion upon the occurrence of any Event of Default as hereinafter defined.

If Company's performance of its obligations becomes impracticable due to obsolescence or unavailability of systems, equipment, or products (including component parts and/or materials) or because the Company or its supplier(s) has discontinued the manufacture or the sale of the equipment and/or products or is no longer in the business of providing the Services, Company may terminate this Agreement, or the affected portions, at its sole discretion upon notice to Customer. Company may terminate this Agreement, or the affected portions, at its sole discretion upon notice to the Customer if Company's performance of its obligations are prohibited because of changes in applicable laws, regulations or codes.

26. Default. An Event of Default shall be (a) failure of Customer to pay any amount when due and payable, (b) abuse of the System or the Equipment, (c) dissolution, termination, discontinuance, insolvency or business failure of Customer. Upon the occurrence of an Event of Default, Company may pursue one or more of the following remedies: (i) discontinue furnishing Services and delivering Equipment, (ii) by written notice to Customer declare the balance of unpaid amounts due and to become due under this Agreement to be immediately due and payable; (iii) receive immediate possession of any Equipment for which Customer has not paid; (iv) proceed at law or equity to enforce performance by Customer or recover damages for breach of this Agreement, and (v) recover all costs and expenses, including without limitation reasonable attorneys' fees, in connection with enforcing or attempting to enforce this Agreement.

27. Exclusions. Unless expressly included in the Scope of Work, this Agreement expressly excludes, without limitation, testing inspection and repair of duct detectors, beam detectors, and UV/IR equipment; provision of fire watches; clearing of ice blockage; draining of improperly pitched piping; replacement of batteries; recharging of chemical suppression systems; reloading of, upgrading, and maintaining computer software; system upgrades and the replacement of obsolete systems, equipment,

components or parts; making repairs or replacements necessitated by reason of negligence or misuse of components or equipment or changes to Customer's premises, vandalism, corrosion (including but not limited to micro-bacterially induced corrosion ("MIC")), power failure, current fluctuation, failure due to non-Company installation, lightning, electrical storm, or other severe weather, water, accident, fire, acts of God or any other cause external to the Covered System(s). Repair Services provided pursuant to this Agreement do not cover and specifically excludes system upgrades and the replacement of obsolete systems, equipment, components or parts. All such services may be provided by Company at Company's sole discretion at an additional charge. If Emergency Services are expressly included in the scope of work section, the Agreement price does not include travel expenses.

28. No Option to Solicit. Customer shall not, directly or indirectly, on its own behalf or on behalf of any other person, business, corporation or entity, solicit or employ any Company employee, or induce any Company employee to leave his or her employment, for a period of two years after termination of this Agreement.

29. Force Majeure; Delays. Company shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by Company to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of Company, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of Company. If Company's performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, Company shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if Company is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, Company will be entitled to extend the relevant completion date by the amount of time that Company was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly

increases Company's cost to perform the services, Customer is obligated to reimburse Company for such increased costs, including, without limitation, costs incurred by Company for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees, compliance with vaccination requirements, or other costs and expenses incurred by Company in connection with the Force Majeure Event.

30. One-Year Claims Limitation; Forum; Choice of Law. Company shall have the sole and exclusive right to determine whether any dispute, controversy or claim arising out of or relating to the Agreement, or the breach thereof, shall be submitted to a court of law or arbitrated. For Customers located in the United States, the laws of Delaware shall govern the validity, enforceability, and interpretation of this Agreement, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Milwaukee, Wisconsin. For customers located in Canada, this agreement shall be governed by and be construed in accordance with the laws of Ontario, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Ontario, Canada. The parties waive any objection to the exclusive jurisdiction of the specified forums, including any objection based on forum non conveniens. In the event the matter is submitted to a court, Company and Customer hereby agree to waive their right to trial by jury. In the event the matter is submitted to arbitration by Company, the costs of arbitration shall be borne equally by the parties, and the arbitrator's award may be confirmed and reduced to judgment in any court of competent jurisdiction. Except as provided below, no claim or cause of action, whether known or unknown, shall be brought by either party against the other more than one year after the claim first arose. Claims not subject to the one-year limitation include claims for unpaid: (1) contract amounts, (2) change order amounts (approved or requested) and (3) delays and/or work inefficiencies. Customer will pay all of Company's reasonable collection costs (including legal fees and expenses).

31. Assignment. This Agreement is not assignable by the Customer except upon written consent of Company first being obtained. Company shall have the right to assign this Agreement, in whole or in part, or to subcontract any of its obligations under this Agreement without notice to Customer.

32. Entire Agreement. The parties intend this Agreement, together with any attachments or Riders (collectively the "Agreement") to be the final, complete and exclusive expression of their Agreement and the terms and conditions thereof. This Agreement supersedes all prior representations, understandings or agreements between the parties, written or oral, and shall constitute the sole terms and conditions of sale for all equipment and services. No waiver, change, or modification of any terms or conditions of this Agreement shall be binding on Company unless made in writing and signed by an Authorized Representative of Company.

33. Severability. If any provision of this Agreement is held by any court or other competent authority to be void or unenforceable in whole or in part, this

Agreement will continue to be valid as to the other provisions and the remainder of the affected provision.

34. Legal Fees. Company shall be entitled to recover from the customer all reasonable legal fees incurred in connection with Company enforcing the terms and conditions of this Agreement.

35. Software and Digital Services.

Digital Enabled Services. Data. If Company provides Digital Enabled Services under this Agreement, these Digital Enabled Services require the collection, transfer and ingestion of building, equipment, system time series, and other data to Company's cloud-hosted software applications. Customer consents to and grants Company the right to collect, transfer, ingest and use such data to enable Company and its affiliates and agents to provide, maintain, protect, develop and improve the Digital Enabled Services and Company products and services. Customer acknowledges that, while Digital Enabled Services generally improve equipment performance and services, Digital Enabled Services do not prevent all potential malfunction, insure against all loss, or guarantee a certain level of performance. Customer shall be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network"), shall appropriately protect hardware and products connected to the Network and will supply Company secure Network access for providing its Digital Enabled Services. As used herein, "Digital Enabled Services" mean services provided hereunder that employ Company software and related equipment installed at Customer facilities and Company cloud-hosted software offerings and tools to improve, develop, and enable such services. Digital Enabled Service may include, but are not limited to, (a) remote servicing and inspection, (b) advanced equipment fault detection and diagnostics, and (c) data dashboarding and health reporting. If Customer accesses and uses Software that is used to provide the Digital Enabled Services, the Software Terms (defined below) will govern such access and use.

Digital Solutions. Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed by, Company's standard terms for such Software and Software related professional services in effect from time to time at www.johnsoncontrols.com/techterms (collectively, the "Software Terms"). Specifically, the Company General EULA set forth at www.johnsoncontrols.com/buildings/legal/digital/generaleula governs access to and use of software installed on Customer's premises or systems and the Company Terms of Service set forth at www.johnsoncontrols.com/buildings/legal/digital/generalatos

govern access to and use of hosted software products. The applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, Company and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern

with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto.

Notwithstanding any other provisions of this Agreement and unless otherwise agreed to by the parties in writing, the following terms apply to Software that is provided to Customer on a subscription basis (i.e., a time limited license or use right), (each a "Software Subscription"): Each Software Subscription provided hereunder will commence on the date the initial credentials for the Software are made available (the "Subscription Start Date") and will continue in effect until the expiration of the subscription term noted herein. At the expiration of the Software Subscription, such Software Subscription will automatically renew for consecutive one (1) year terms (each a "Renewal Subscription Term"), unless either party provides the other party with a notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term. To the extent permitted by applicable law, Software Subscriptions purchases are non-cancelable and the sums paid nonrefundable. Fees for Software Subscriptions shall be paid annually in advance, invoiced on the Subscription Start Date and each subsequent anniversary thereof. Unless otherwise agreed by the parties in writing, the subscription fee for each Renewal Subscription Term will be priced at Company's then-applicable list price for that Software offering. Any use of Software that exceeds the scope, metrics or volume set forth in this Agreement will be subject to additional fees based on the date such excess use began.

36. Electronic Media. Electronic Media. Either party may scan, fax, email, image, or otherwise convert this Agreement into an electronic format of any type or form, now known or developed in the future. Any unaltered or unadulterated copy of this Agreement produced from such an electronic format will be legally binding upon the parties and equivalent to the original for all purposes, including litigation. Company may rely upon Customer's assent to the terms and conditions of this Agreement, if Customer has signed this Agreement or demonstrated its intent to be bound whether by electronic signature or otherwise.

37. Lien Legislation. Notwithstanding anything to the contrary contained herein, the terms of this Agreement shall be subject to the lien legislation applicable to the location where the work will be performed, and, in the event of conflict, the applicable lien legislation shall prevail.

38. Privacy. Company as Processor : Where Company factually acts as Processor of Personal Data on behalf of Customer (as such terms are defined in the DPA) the terms at www.johnsoncontrols.com/dpa ("DPA") shall apply. **Company as Controller :** Company will collect, process and transfer certain personal data of Customer and its personnel related to the business relationship between it and Customer (for example names, email addresses, telephone numbers) as controller and in accordance with Company's Privacy Notice at <https://www.johnsoncontrols.com/privacy>. Customer acknowledges Company's Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by Company is mandatorily required from Customer's

personnel under applicable law, Customer warrants and represents that it has obtained such consent.

39. FAR. Company supplies "commercial items" within the meaning of the Federal Acquisition Regulations (FAR), 48 CFR Parts 1-53. As to any customer order for a U.S. Government contract, Company will comply only with those mandatory flow-downs for commercial item and commercial services subcontracts listed either at FAR 52.244-6, or 52.212-5(e)(1), as applicable.

40. LICENSE INFORMATION (US SECURITY SYSTEM CUSTOMERS): AL Alabama Electronic Security Board of Licensure 7956 Vaughn Road, Pmb 392, Montgomery, Alabama 36116 (334) 264-9388: AR Regulated by: Arkansas Board of Private Investigators And Private Security Agencies, #1 State Police Plaza Drive, Little Rock 72209 (501) 618-8600: CA Alarm company operators are licensed and regulated by the Bureau of Security and Investigative Services, Department of Consumer Affairs, Sacramento, CA, 95814. Upon completion of the installation of the alarm system, the alarm company shall thoroughly instruct the purchaser in the proper use of the alarm system. Failure by the licensee, without legal excuse, to substantially commence work within 20 days from the approximate date specified in the agreement when the work will begin is a violation of the Alarm Company Act: NY Licensed by N.Y.S. Department of the State: TX Texas Commission on Private Security, 5805 N. Lamar Blvd., Austin, 78752-4422, 512-424-7710. License numbers available at www.johnsoncontrols.com or contact your local Johnson Controls office.

IMPORTANT NOTICE TO CUSTOMER

This Agreement is contingent on credit approval, which may be checked at JCI's discretion and requires final approval of a JCI authorized manager before any equipment/services may be provided. Should credit and/or approval be declined, this Agreement will be terminated and JCI's only obligation to customer will be to notify Customer of such termination and refund any amounts paid in advance. In accepting this Proposal, Customer agrees to the terms and conditions contained herein and any attachments or riders attached hereto that contain additional terms and conditions. It is understood that these terms and conditions shall prevail over any variation in terms and conditions on any purchase order or other document that the Customer may issue. Any changes in the system requested by the Customer after the execution of this Agreement shall be paid for by Customer and such changes shall be authorized in writing. **ATTENTION IS DIRECTED TO THE LIMITATION OF LIABILITY, WARRANTY, INDEMNITY AND OTHER CONDITIONS ON THE PRECEDING PAGES. This proposal shall be void if not accepted in writing within 30 days from the date of the Proposal.**

For Customers located in Canada, this Fire Domain Sale and Installation Agreement has been drawn up and executed in English at the request of and with the full concurrence of Customer. Ce contrat a été rédigé en anglais à la demande et avec l'assentiment du client.

Proposal Date: 07/25/2025 | Project Name: DCSD - Group 1 Security Vestibules
Drawings Date: 04/30/2025 | Engineer of Records: Hammond Engineering

Mechanical Price: \$97,716.72

Price breakdown per School:

School	Proposed Price
Avondale ES	\$7,233.83
Avondale HS	\$7,235.93
Brockett ES	\$6,722.43
Canby Lane ES	\$7,768.76
Chamblee HS	\$4,296.93
Columbia HS	\$5,904.53
Flat Shoals ES	\$6,756.08
Hightower ES	\$6,595.50
Jolly ES	\$5,954.93
Kingsley ES	\$15,862.23
Lithonia HS	\$4,697.03
McLendon ES	\$4,210.93
Robert Shaw Theme ES	\$4,853.68
Stone Mountain MS	\$4,920.13
Woodward ES	\$4,703.05

Scope of Work:

- Furnish and Install Air distribution systems for all schools except Kingsley per project schedule and specifications
- Furnish and Install (2) Heat Pumps located exclusively at Kingsley E.S per specifications.
- Furnish and install (1) exhaust fan exclusively at Kingsley E.S per schedule and specifications
- Conduct all necessary demolition work per specifications
- Furnish and install condensate drain and refrigerant piping for Kingsley per specifications.
- Install transfer grill exclusively to per schedule and specifications.
- Furnish and install sheet metal for all schools ductwork except Chamblee HS and Lithonia HS per specifications..
- Furnish and Install Low Voltage wiring for Kingsley per specifications
- Furnish and Install all Mechanical Insulation for all required schools per Specification
- Provide Mechanical Permit and all associated Inspections
- Provide NEBB certified test and balance service

We Exclude from our scope of work: ELECTRICAL - PLUMBING - STRUCTURAL - DOOR CUTTING - PAINTING -
MAIN GAS METER REPLACEMENT - EXISTING EQUIPMENT OPERATIONS - ROOF WORK - CORING - DDC CONTROLS - EMS - PROPOSAL
IS ONLY VALID FOR 15 DAYS

This Proposal is to furnish the labor and materials necessary for Bass Electric Inc. to install a complete electrical system per the Plans and Specifications.

Bass Electric Inc. will install a complete electrical system, as mentioned above, for the price of **(\$28,800.00) Twenty-eight thousand eight hundred dollars and zero cents.**

This Proposal includes:

- Remove all power from the demolition area and relocate any remaining devices to a nearby suitable location.
- Provide a new fire alarm pull station box (wiring by others).
- Provide power for a new receptacle.
- Connect the new exit sign circuit to a nearby existing exit sign circuit.
- Provide new power and a box for the card access door.
- Provide a new data outlet box (wiring by others).
- Connect the new power for the ID scanner to a nearby existing receptacle circuit.

Exclusions:

- Patching, finishing, and painting of drywall
- Low voltage (Fire alarm, HVAC controls, Security access control, Voice/Data, Sound system, CATV, Camera, Intercom system)
- Cut-saw and patch pavement and concrete for new conduit

If you have any questions or concerns, please feel free to contact me. Thank you for your consideration.

LOW VOLTAGE

Selected price: Converjint Technologies, LLC (Safety and Security)

July 22, 2025

Dekalb County School District ("Customer" or "You")

Quotation: PF00829045P

Reference: **DCSD Group 1 Vestibules**
Rev2.0

On behalf of Convergent's global network of colleagues, I would like to personally thank you for providing Convergent with the opportunity to present this proposal addressing your electronic security needs.

The following security proposal is specifically designed to meet your needs. As your single point of contact, please feel free to contact me with any additional questions you may have. Thank you again for trusting Convergent as your partner.

Scope of Work

- Provide and install security equipment for the expansion of access control system (ACS), IP video surveillance, and intrusion detection system (IDS) at the following locations:
 1. Avondale Elementary School
 2. Avondale High School
 3. Brockett Elementary School
 4. Browns Mill Elementary School
 5. Canby Lane Elementary School
 6. Cedar Grove High School
 7. Chamblee High School
 8. Chamblee Middle School
 9. Columbia High School
 10. Coralwood Education School
 11. Dunaire Elementary School
 12. Dunwoody High School
 13. Flat Shoals Elementary School
 14. Hightower Elementary School
 15. Jolly Elementary School
 16. Kingsley Elementary School
 17. Lithonia High School
 18. Maragaret Harris Comp School
 19. McLendon Elementary School
 20. Panola Way Elementary School
 21. Robert Shaw Theme Elementary School
 22. Salem Middle School
 23. Stone Mountain Middle School
 24. Tucker Middle School
 25. Woodward Elementary School

- Convergent to provide and install card readers, access control cabling, as required per location.
 - Electrical Contractor to provide one (1) single-gang box for card reader (42" A.F.F.) and conduit stub-up to accessible ceiling.
 - Others to provide one (1) exit device with electric latch retraction hardware set on the active leaf closest to the card reader with lock power supply.
 - Electrical contractor to mount and connect 120VAC to lock power supply above accessible ceiling near new vestibule card reader door.
 - Electrical contractor to provide pathway with string within new door frame for electric door hardware.
 - Convergent to provide low-voltage cabling and connect the electrified exit device to the associated lock power supply and ACS.
 - One (1) door contact per leaf
 - Cabling to ACS enclosure (existing or new depending on availability).
 - Convergent to provide and install low-voltage cabling and connect the electric lock power supply to the electric latch retraction hardware.
 - Convergent to provide a two-door controller to connect the door to the LenelS2 OnGuard ACS.
- Convergent to provide and install one (1) ACS enclosure, as required.
 - If dedicated 120VAC circuit is desired, the Electrical contractor shall connect 120VAC to new enclosures. Otherwise Convergent shall use existing available local circuits.
- Convergent to provide and install two (2) remote release buttons to unlock vestibule interior card reader door.
 - One (1) located to the right of the transaction window.
 - Electrical Contractor to provide one (1) single-gang box for release button (42" A.F.F. and/or 8-10" above desk) and conduit stub-up to accessible ceiling.
 - One (1) located by front staff desk(s).
 - Exact location to be determined in coordination with the principal.
 - Electrical Contractor to provide one (1) single-gang box for release button (42" A.F.F. or 0-10" above desk and conduit stub-up to accessible ceiling.
- Convergent to provide and additional remote release buttons to unlock interior admin-area card reader doors located by front staff desk(s).
 - Exact location to be determined in coordination with the principal.
 - Electrical Contractor to provide one (1) single-gang box for release button (42" A.F.F. or 0-10" above desk and conduit stub-up to accessible ceiling.
- For all cameras added:
 - Convergent to provide, device harden, and install IP Video camera.
 - Convergent to surface mount on the drop ceiling interior cameras and surface mount exterior cameras.
 - Others to provide and install CAT6 network cabling.

- Existing equipment to remain as-is where applicable, relocating existing equipment is included, as required.
- All required licensing is included.
- Automatic door openers provided and installed with cabling and low voltage connections is included, as required. 120VAC connections done by others.

Device Hardening (reduce cyber risk)

Convergint may provide Device Hardening services for certain qualifying and scoped equipment. Services may include disabling unused & non-essential device features, disabling unused network comms (e.g., services, ports), changing default passwords, and updating firmware. The hardening services provided will depend on the equipment being installed, equipment capabilities, and manufacturer-provided permissions and recommendations. Not all equipment may receive hardening. Ask your Convergint contact for details on qualifying equipment and the hardening services being provided.

These are one-time services — ask your Convergint contact for information on how Convergint can provide ongoing support.

Convergint cannot guarantee the security of the devices it installs or of Customer's IT environment, no networked system is completely secure, and Customer remains ultimately responsible for its IT environment.

----------------------------	---------------

Clarifications and Exclusion

1. All work proposed herein, shall be performed during normal business hours Monday through Friday 8:00 am - 5:00 pm.
2. Low voltage wiring shall be installed via open air code approved methods.
3. Provision or installation of conduit, wire, boxes, fittings or other electrical installation materials unless specifically listed under Inclusions or Bill of Materials.
4. Permits or associated fees are not included.
5. Customer to provide static IP addresses and network connections at panel locations.
6. Customer to provide a secured staging & storage area for project related materials.
7. Pricing assumes that electronic Auto CAD files are available from customer for our use in creating submittal drawings.
8. Fifty percent (50%) of the proposed sell price shall be payable to Convergent for project mobilization. Mobilization shall be invoiced and due upon customer acceptance of this proposal.
9. Proposal does not include sales tax unless otherwise noted.
10. Anything in the Contract Documents notwithstanding, in no event shall either Contractor or Subcontractor be liable for special, indirect, incidental or consequential damages, including commercial loss, loss of use, or lost profits, even if either party has been advised of the possibility of such damages.
11. Convergent reserves the right to negotiate mutually acceptable contract terms and conditions with customer by making mutually agreeable changes to the formal contract included in the Bid Documents.
12. Supply Chain Delays & Price Adjustments: Customer acknowledges that supply chain disruptions and shipping delays may occur for reasons beyond Convergent's reasonable control and agrees to grant reasonable extensions for such delays. Pricing is based on current market conditions and excludes increases due to tariffs, duties, manufacturer-imposed surcharges, or other cost increases arising from trade policy, regulatory actions, or external factors beyond Convergent's control. If such cost increases arise, Convergent will submit a formal change order, and Customer agrees to approve reasonable adjustments. Convergent will use commercially reasonable efforts to minimize such increases.

REVIEW IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION PRIOR TO USING A CONVERGINT-INSTALLED SYSTEM: See the "IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION" documentation, available at convergent.com/terms.

IMPORTANT NOTICE

You requested that Convergint provide you with certain security and safety products and services. By using these products and services, you acknowledge that:

- **Under no circumstances should Convergint-provided products and services be your sole method of security or safety.** Effective security and safety require a multi-layered approach involving people, processes, and technologies. Convergint-provided products and services do not guarantee security or safety, will not detect or prevent all threats or risks all the time (including threats they are designed to detect), and will not ensure overall safety and security. You are ultimately responsible for your people, premises, and property, including for maintaining an effective response plan and promptly implementing your response plan in response to alarms or threats.
- **All security products and services have limitations.** No product or service can guarantee safety or security. It is your responsibility to ensure you are informed about product or service limitations and that you regularly test and validate the products and safety plans. Reach out to your Convergint account executive to learn how our support services can help. And if you have a service plan, you are responsible for promptly notifying Convergint in the event of any defect, malfunction, or performance issue with the products and services.
- **Various factors can impact product performance.** Selecting products and settings may involve tradeoffs between the level of security and safety on the one hand and speed, convenience, and cost on the other hand. Convergint can give you guidance, but you are ultimately responsible for selecting products and settings based on your organization's risk profile and tolerance.
- **The products are made by third-party manufacturers, not Convergint.** You are bound by and must use, test, and maintain the products in accordance with the manufacturer's terms and instructions. Convergint does not independently validate the accuracy of claims or statements made by manufacturers, and makes no assurances regarding their accuracy. You are responsible for using the products and services in compliance with laws and regulations applicable to you or as permitted in your jurisdiction.
- **All products and services are governed exclusively by a final agreement.** No advertisement, literature, brochure, website, or statements made during the sale process or otherwise (whether orally or in writing) should be interpreted as a promise, warranty, or other assurance.
- **You have reviewed the "IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION" documentation, available at convergint.com/terms.**

Total Project Investment:

\$ 653,710.00

Thank you for considering Convergint for your Security needs. If you have any questions or would like additional information, please don't hesitate to contact me immediately. If you would like to proceed with the scope of work as outlined in this proposal, please sign below and return to my attention.

Sincerely,

Paul Franco

Convergent Technologies Terms and Conditions (Install & T&M)

Version 4.1 (US AND CANADA) September 2024

Throughout this Proposal, including these Terms and Conditions and any attachments, (together, "Agreement") the term "Convergent" refers to the Convergent Technologies affiliate operating in the state/province in which the Work is being performed and "Convergent Related Parties" means Convergent and its contractors, subcontractors, third party product manufacturers or providers.

SECTION 1. THE WORK

This Agreement takes precedence over and supersedes all prior proposals, correspondence, and oral or written agreements or representations relating to the work set forth in the attached scope of work ("Work"). This Work commences on the start date and will be performed pursuant to the schedule specified in the attached scope of work and, subject to any change orders or addendums, represents the entire agreement between Convergent and Customer. This Agreement applies to the exclusion of any other terms that the Customer seeks to impose or incorporate (such as Customer's purchase order form) which are in addition to or inconsistent with the terms and conditions of this Agreement, or which are implied by trade, custom, practice or course of dealing, all of which are deemed expressly rejected and will not be binding.

This Agreement is made without regard to compliance with any special sourcing and/or manufacturing requirements, minority or disadvantaged supplier requirements, or similar government procurement laws. Should such requirements be applicable to this Agreement, Convergent reserves the right to modify and/or withdraw its Agreement.

Customer understands that Convergent is an authorized distributor or reseller and not the manufacturer or developer ("OEM") of software, hardware and equipment (collectively, "Third Party Products") purchased by Customer and certain services are delivered to Customer by such OEM.

Convergent agrees in accordance with the mutually agreed project schedule:

- To submit shop drawings, product data, samples and similar submittals if required in performing the Work;
- To pay for all labor, materials, equipment, tools, supervision, programming, testing, startup and documentation required to perform the Work in accordance with the Agreement;
- Secure and pay for permits and governmental fees, licenses, and inspections necessary for proper execution and completion of the Work, unless local regulations provide otherwise; and
- Hire subcontractors and order material to perform part of the Work, if necessary, while remaining responsible for the completion of the Work.

Customer agrees in accordance with the mutually agreed project schedule, and at no cost to Convergent:

- To promptly approve submittals provided by Convergent;
- To provide access to all areas of the site which are necessary to complete the Work;
- To supply suitable electrical service as required by Convergent;
- To remove site obstacles and job safety hazards;
- To promptly participate and approve acceptance testing, if applicable;
- Upon completion of commissioning or agreed to acceptance criteria, to promptly provide sign-off establishing job closeout; and
- That in the event of any emergency or systems failure, reasonable safety precautions will be taken by Customer to protect life and property during the period from when Convergent is first notified of the emergency or failure and until such time that Convergent notifies the Customer that the systems are operational or that the emergency has cleared.

THE WORK AND/OR THIRD PARTY PRODUCTS ARE DESIGNED TO HELP REDUCE, BUT NOT ELIMINATE RISKS OF LOSS RELATING TO PEOPLE, PREMISES, OR PROPERTY. THE AMOUNTS BEING CHARGED BY CONVERGENT ARE NOT SUFFICIENT TO GUARANTEE THAT LOSS OR DAMAGE WILL DECREASE OR BE ELIMINATED. Customer acknowledges that proper safety and security requires a multi-layered approach of people, processes, safety, and technologies. The Work, including Third Party Products, provided by Convergent is not sufficient to ensure overall safety and security. Customer acknowledges and agrees that it is responsible for its overall safety and security, including testing and maintenance of the Third Party Products (except to the extent contracted to Convergent by written agreement) and training of its personnel. Customer acknowledges and agrees that it has a duty of care and is solely responsible for its compliance with applicable laws, rules, and regulations, including but not limited to export and re-export restrictions and regulations, privacy and data protection regulations, applicable OEM instructions, terms and conditions, EULAs, and proper product usage.

Risk of loss, including any Third Party Product comprising the Work, shall pass to Customer as the Work is completed and the materials are incorporated into the Work at Customer's site subject to any end user license agreements. If or Third Party Products are earlier stored on Customer's site pursuant to agreement between Customer and Convergent, risk of loss with respect to such or Third Party Product shall pass to Customer upon delivery to Customer's site.

Applicable to Monitoring Services Only: If Monitoring Services are identified in the Proposal, the parties agree that (a) these Terms and Conditions are not applicable, and (b) Monitoring Services are governed by the Monitoring Services Terms and Conditions effective on the Effective Date of the Proposal and available at <https://www.convergent.com/terms>, which is incorporated by reference as if set forth herein in full. "Monitoring Services" is defined as "Services" in the Monitoring Services Terms and Conditions.

SECTION 2. PRICING

Pricing and amounts proposed shall remain valid for 30 days unless otherwise specified. Price includes only the Third Party Products listed based on Convergent's interpretation of plans and specifications unless noted otherwise. Additional Third Party Products, unless negotiated prior to order placement, will be billed accordingly. Sales taxes (or as applicable GST, PST, VAT or similar tax) and any other taxes assessed on Customer shall be added to the price upon invoice to Customer.

SECTION 3. INVOICE REMITTANCE AND PAYMENT

Customer agrees to pay Convergent fifty (50%) percent of the total price as a mobilization fee at the time of executing this Agreement.

If the Work is performed over more than one month, Convergent will invoice Customer each month for the Work performed during the previous month. Customer agrees to pay the amount due to Convergent as invoiced, within thirty (30) days of the date of such invoice. If the Work is

completed in less than one month, Customer agrees to pay Convergent in full after the Work has been completed within thirty (30) days of the date of invoice. Invoices shall not be subject to a project retention percentage and payment to Convergent shall not be conditioned on payment by an upstream party. If Customer is overdue in any payment, Convergent shall be entitled to suspend the Work without liability until paid, charge Customer an interest rate 1 and 1/2% percent per month (or the maximum rate permitted by law, whichever is less), and may avail itself of any other legal or equitable remedy. Customer shall reimburse Convergent costs incurred in collecting any amounts that become overdue, including attorney fees, court costs and any other reasonable expenditure.

SECTION 4. WARRANTY

Warranties for Convergent's services and Third Party Products are described in the Limited Warranty for Products and Services available at <https://www.convergent.com/terms/>, which is in effect as of the effective date of this Agreement and is incorporated by reference as if set forth herein in full.

SECTION 5. CHANGES

Without invalidating this Agreement or any bond given hereunder, Customer or Convergent may request changes in the Work with a change order signed by both parties. If Customer orders (i) any changes to the Work (e.g. change in objective, deliverables, tasks or hours), (ii) changes to schedule (extension or acceleration), or (iii) causes any material interference with Convergent's performance of the Work, Convergent shall be entitled to an equitable adjustment in the time for performance and in the Price, including a reasonable allowance for overhead and profit.

SECTION 6. FORCE MAJEURE

Neither Customer nor Convergent shall be liable for any delay or failure in the performance of their respective obligations pursuant to this Agreement due to circumstances beyond their reasonable control ("Force Majeure") and without the fault or negligence of the party experiencing such delay. A Force Majeure event shall include, but not be limited to: acts of God, pandemic or epidemic, diseases, quarantines, unavoidable casualties, concealed conditions, acts of any civil or military authority; riot, insurrections, and civil disturbances; war, invasion, act of foreign enemies, hostilities (regardless of whether or not war is declared), rebellion, revolution, terrorist activities; strikes, lockouts or other labor disputes; embargoes; shortage or unavailability of labor, supplies, materials, equipment or systems; accident, fire, storm, water, flooding, negligence of others, vandalism, power failure, installation of incompatible equipment; improper operating procedures, source current fluctuations or lighting, transportation contingencies; laws, statutes, regulations, and other legal requirements, orders or judgments; acts or order of any government or agency or official thereof, other catastrophes or any other similar occurrences. If performance by either party is delayed due to Force Majeure, the time for performance shall be extended for a period of time reasonably necessary to overcome the effect of the delay and Convergent shall be entitled to an equitable adjustment of the Price.

SECTION 7. INSURANCE

In lieu of any Customer insurance requirements, for Services performed in the United States, Convergent shall maintain the following insurance coverages during the term of this Agreement and upon request, shall provide certificates of insurance to the Customer:

Worker's Compensation	Statutory Limits
Employer's Liability	\$1,000,000 per occurrence/aggregate
Commercial General Liability	\$1,000,000 per occurrence
	\$2,000,000 general aggregate
Automobile Liability	\$1,000,000 per occurrence/aggregate
Excess/Umbrella Liability	\$3,000,000 per occurrence/aggregate

Commercial General Liability policy shall name the Customer as "additional insured" on a primary/noncontributory basis with respect to liability arising out of the Services, as applicable, but only to the extent of liabilities falling within the indemnity obligations of Convergent pursuant to the terms of this Agreement. Convergent shall not provide loss runs or copies of its insurance policies. Convergent shall provide to the Customer no less than thirty (30) days' notice prior to the termination or cancellation of any such insurance policy. For services performed in Canada, Convergent shall maintain similar insurance coverage dependent upon the local requirements in Canada and upon the insurance available under Convergent's insurance program. All required insurance coverage shall be reasonable in the circumstances and compliant with local regulations.

SECTION 8. INDEMNIFICATION

To the fullest extent allowed by law, Convergent shall indemnify and hold Customer harmless from and against claims, damages, losses, and expenses (excluding loss of use) attributable to bodily injury, sickness, disease or death, or to destruction of tangible property, but only to the extent caused by the negligent acts or omissions of Convergent or Convergent's employees or subcontractors while on Customer's site.

If Convergent is providing products or services for intrusion detection, detection of specific threats to people or property (including gunshot, or drone detection), mass notification, ballistics or explosives protection, or processing of biometric, health, financial, or government identifier data (collectively, "Special Offerings"), then to the fullest extent allowed by law (i) Convergent's indemnification obligations under the Agreement do not apply whatsoever and Convergent Related Parties have no liability to Customer for any losses or damages caused by any Special Offerings; and (ii) Customer shall indemnify, defend, and hold harmless Convergent Related Parties, from and against all claims, demands, actions, liabilities, damages, and costs (including reasonable attorneys' fees) relating to Special Offerings provided by Convergent, except to the extent of Convergent's gross negligence installing such Special Offerings. Any waiver of damages or limitation of liability contained in the Agreement and as modified herein shall not apply to Customer's indemnification, hold harmless and defense obligations herein.

Applicable to Weapons Detection Only: If Convergent provides Weapons Detection Systems or Services, then such Systems and Services are further governed by the Weapons Detection Addendum effective on the Effective Date of this Proposal and available at <https://www.convergent.com/terms>, which is incorporated by reference as if set forth herein in full. "Weapons Detection Systems or Services" means any "Systems" and/or "Services" as each are defined in the Weapons Detection Addendum.

SECTION 9. LIMITATION OF LIABILITY

EXCEPT AS PROVIDED HEREIN, TO THE FULLEST EXTENT ALLOWED BY LAW: (A) IN NO EVENT SHALL EITHER CONVERGINT RELATED PARTIES, OR CUSTOMER BE LIABLE UNDER OR IN CONNECTION WITH THIS PROPOSAL FOR SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, LIQUIDATED OR CONSEQUENTIAL DAMAGES, INCLUDING COMMERCIAL LOSS, LOSS OF USE OR LOST PROFITS, EVEN IF THAT PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND (B) THE AGGREGATE LIABILITY OF CONVERGINT RELATED PARTIES ARISING OUT OF OR RELATED TO THIS AGREEMENT SHALL NOT EXCEED THE AMOUNTS PAID BY CUSTOMER TO CONVERGINT UNDER THIS AGREEMENT. THE EXISTENCE OF MORE THAN ONE CLAIM WILL NOT ENLARGE THIS LIMIT. THE LIMITATION SET FORTH IN THIS SECTION SHALL APPLY WHETHER THE CLAIM IS BASED ON CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE) OR OTHER LEGAL THEORY.

SECTION 10. COMPLIANCE WITH LAW, SAFETY, & SITE CONDITIONS

Convergent agrees to comply with all laws, rules, and regulations applicable to its provision of the Work. Customer will comply with all applicable laws and agreements applicable to its use and operation of the Work. Convergent shall comply with all safety related laws and regulations and with the safety program of the Customer, provided such program is supplied to Convergent prior to beginning Work.

If during the course of its Work, Convergent encounters conditions at the site that are subsurface, differ materially from what is represented in the contract documents, or otherwise concealed physical conditions, Convergent shall be entitled to an extension of time and additional costs for the performance of its work.

If Convergent discovers or suspects the presence of hazardous materials or unsafe working conditions at Customer's site where the Work is to be performed, Convergent is entitled to stop the Work at that site if such hazardous materials, or unsafe working conditions were not provided by or caused by Convergent. Convergent in its sole discretion shall determine when it is "safe" to return to perform the Work at Customer's site. Convergent shall have no responsibility for the discovery, presence, handling, removing or disposal of or exposure of persons to hazardous materials in any form at the Customer's site. To the fullest extent allowed by law, Customer shall indemnify and hold harmless Convergent from and against claims, damages, losses and expenses, including but not limited to, reasonable attorney's fees, arising out of or resulting from undisclosed hazardous materials or unsafe working conditions at Customer's site.

SECTION 11. PERSONAL DATA & SECURITY

Convergent's obligations and liabilities regarding Processing of Personal Data and information security shall be limited solely to Processing performed by Convergent's personnel. Processing by OEMs or Third Party Products are governed by any applicable OEM end user licensing agreements or terms and conditions. Customer represents and warrants that it will comply with all applicable Data Protection Laws. Although certain products delivered by Convergent may be capable of processing Biometric Information, Personal Health Information, financial information, or government identifiers ("Sensitive Information"), Customer acknowledges that Convergent is not Processing Sensitive Information (or to the extent it is Processing Sensitive Information, it is doing so strictly in accordance with Customer's instructions) and Customer is solely responsible for compliance of all such Processing with Data Protection Laws. To the fullest extent allowed by law, Customer shall indemnify, defend and hold harmless Convergent from and against all claims, demands, actions, liabilities, damages, and costs (including reasonable attorneys' fees) asserted by a third party arising out of or relating to failure to comply with applicable Data Protection Laws including but not limited to those related to Sensitive Information. Convergent's obligations and liabilities regarding information security and Processing of customer information or data, including Personal Data, are limited to Processing performed by Convergent (if any). OEM and Third Party Product information security and Processing is governed by applicable OEM end user licensing agreements or terms. "Personal Data", "Process(ing)", "Biometric Information", and "Personal Health Information" shall be interpreted in accordance with, and shall include analogous terminology as used in, applicable laws and regulations relating to data privacy, information security, data protection, data breaches, cross-border data flows, and/or the rights and obligations of persons or entities regarding personal information ("Data Protection Laws").

To the extent Convergent accesses Customer's information systems, Convergent will not be responsible or liable for losses or harms caused by following Customer's instructions, caused by Third Party Products, caused by third party or Customer-specified remote access software, or that are otherwise not due to the fault of Convergent. Customer-authorized changes to Customer information systems are at Customer's own risk and Customer acknowledges it is responsible for the overall security of its information systems.

SECTION 12. INTELLECTUAL PROPERTY

Convergent shall retain title and ownership of all intellectual property rights relating to the drawings, technical documentation, or other technical information ("Documentation") delivered under this Agreement. The OEMs shall retain title and ownership of all intellectual property rights relating to the Third Party Products and will grant any license and right to use in connection with the Third Party Product through the OEM's end user license agreement or other terms and conditions. Customer shall not use any Documentation supplied by Convergent for any purposes other than those directly related to this Agreement or for the use and/or maintenance of the Third Party Product.

SECTION 13. PRICE ADJUSTMENT

Convergent may automatically adjust the price, with five (5) days prior written notice, if based on: (a) changes by its vendors to the cost of materials or Third Party Products to be delivered and/or labor costs related to personnel responsible for performing the Work, (b) macroeconomic conditions, such as taxes, tariffs or duties, natural disasters, labor shortages/strikes, etc., (c) market conditions such as price volatility or availability limitations, or (d) other events not within Convergent's control that impact the cost of performing the Work. The adjustment shall be consistent with applicable market indexes, where available, third-party sources or other evidence. Convergent reserves the right to add periodic surcharges, including without limitation, adjustments for the then current price of

fuel, such surcharges to be specified and invoiced by Convergent.

SECTION 14. TERMINATION

If a party materially breaches this Agreement, the other party shall provide written notice of the breach and a reasonable time to cure the breach, but in no event less than 30 days. If the breaching party fails to cure the breach within the specified time period, the non-breaching party may terminate this Agreement upon 15 days written notice to the other party. If Convergent notifies Customer of a material breach pursuant to this paragraph, Convergent may temporarily suspend its work without liability until Customer cures the breach.

SECTION 15. GOVERNING LAW AND DISPUTES

The parties agree that this Agreement shall be governed by the laws of the state/province where the Work is located, and venue for disputes shall be located in that state/province.

In the event of any dispute between Convergent and Customer, Convergent and Customer shall first attempt to resolve the dispute in the field, but if that is not successful, then in a meeting between authorized officers of each company. If settlement attempts are not successful, unless the dispute requires injunctive relief, then the dispute shall be decided exclusively by arbitration. Such arbitration shall be conducted in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association (if the Services are performed in the United States) or Arbitration Rules of the ADR Institute of Canada, Inc. (if the Services are performed in Canada) currently in effect by a single arbitrator and shall be a final binding resolution of the issues presented between the parties. The prevailing party shall be entitled to recover its reasonable attorneys' fees and costs. Any award by the arbitrator may be entered as a judgment in any court having jurisdiction.

SECTION 16. MISCELLANEOUS

The parties have required that this Agreement be written in English and have also agreed that all notices or other documents required by or contemplated in this Agreement be written in English. Les parties ont requis que cette convention soit rédigée en anglais et ont également convenu que tout avis ou autre document exigé aux termes des présentes ou découlant de l'une quelconque de ses dispositions sera préparé en anglais.

Any changes to this Agreement shall be in writing signed by both Customer and Convergent.

In the event any provision of this Agreement is held to be invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.

Customer waives all claims against Convergent arising from or related to suspension of work pursuant to this Agreement.

Customer and Convergent are independent contractors, and nothing in this Agreement creates any agency, joint venture, partnership, or other form of joint enterprise, employment, or fiduciary relationship between them. Nothing contained in this Agreement shall be deemed to create a relationship of employee or employer between the parties, and neither party shall be entitled to any benefits that the other party provides for its own employees, including workers compensation and unemployment insurance. Each party shall have exclusive control over its own employees, agents, and subcontractors, its labor and employee relations, and its policies relating to wages, hours, working conditions, or other conditions.

Neither party to this Agreement shall assign this Agreement without the prior written consent of the other party hereto. Notwithstanding the foregoing, Convergent may assign this Agreement without notice or consent (i) to any of its parents, subsidiaries or affiliated companies or any entity majority owned by Convergent; or (ii) in connection with a merger, acquisition, reorganization, sale of all of the equity interests of Convergent, or a sale of all or substantially all of the assets of Convergent to which this Agreement relates.

Notices shall be in writing and addressed to the other party, in accordance with the names and addresses of the parties as shown above. All notices shall be effective upon receipt by the party to whom the notice was sent.

In no event will Convergent be obligated to comply with any project labor agreements or other collective bargaining agreements.

A waiver of the terms hereunder by one party to the other party shall not be effective unless in writing and signed by a person with authority to commit the Customer and Convergent. No waiver by Customer or Convergent shall operate as a continuous waiver, unless the written waiver specifically states that it is a continuous waiver of the terms stated in that waiver.

The Sections regarding invoicing, warranty, indemnity, limitation of liability, confidentiality and disputes shall survive the termination of this Agreement.

Convergent provides additional product safety and service information at <https://www.convergent.com/terms/> (see "IMPORTANT PRODUCT SAFETY AND SERVICE INFORMATION"), which it encourages Customer to review prior to use.

Terms and Conditions	7

Scope

SWC is pleased to offer this quote for the following systems based on bid documents:

- Rauland Legacy Intercom Systems with Rauland TCU Overlay
- Rauland TCU Hybrid Systems

Architect/Engineer: LS3P Project/reference number: Multiple

Specification(s) dated:

- No specification sections applicable to SWC's Scope of Work

Addenda, clarification(s), Add/Alternates, etc included:

- Addendum 1 6/13/2025

Unsolicited additions/alternates included:

- Included pre and post construction tests for the Rauland Intercom System at each site. This is needed to insure the existing systems in the front office are functioning properly before and after the renovations in these area are made.

-

Notable deviations from the drawings:

- Drawings provided do not depict the speakers currently installed as well as locations of equipment needed to keep the existing Rauland intercom systems functional. See breakdown of proposed scope at each site below.

-

Additional notes or scope:

- Price does not include any conduit, back cans, coring, boring, or 110v power.
- All work is to be performed outside of normal business hours.
- Unless defined as such under per site scope below, all existing cable, speakers, call buttons, and Rauland Intercom components will be reused as part of this project.
- All CAT6 data cable by others.
- See breakdown of proposed scope at each site below.

***Many of these modifications are to systems that have been discontinued, and replacement parts are no longer available. These systems will be referred to as Rauland "legacy" Intercom systems. SWC will not be responsible for replacing, repairing or providing any warranty on these Rauland legacy Intercom systems. ***

Scope (cont)

SWC Scope of work per site:

1. Avondale ES-Pre and Post testing of the intercom system.
2. Avondale HS-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
3. Brockett ES-Pre and Post testing of the intercom system.
4. Browns Mill ES-Pre and Post testing of the intercom system.
5. Canby Lane ES-Pre and Post testing of the intercom system.
6. Cedar Grove HS-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
7. Chamblee HS-Pre and Post testing of the intercom system and the removal and reinstallation of a double sided clock.
8. Chamblee MS-Pre and Post testing of the intercom system.
9. Columbia HS-Pre and Post testing of the intercom system.
10. Coralwood Education School-Pre and Post testing of the intercom system.
11. Dunaire ES-Pre and Post testing of the intercom system.
12. Dunwoody HS-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
13. Flat Shoals ES-Pre and Post testing of the intercom system.
14. Hightower ES-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
15. Jolly ES-Pre and Post testing of the intercom system.
16. Kingsley ES-Pre and Post testing of the intercom system. Remove speaker in room 106 and reinstall after renovation.
17. Lithonia HS-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
18. Margaret Harris Comp School-Pre and Post testing of the intercom system.
19. McLendon ES-Pre and Post testing of the intercom system.
20. Panola Way ES-Pre and Post testing of the intercom system.
21. Robert Shaw Theme ES-Pre and Post testing of the intercom system and the removal and reinstallation of one speaker in corridor.
22. Salem MS-Pre and Post testing of the intercom system.
23. Stone Mountain MS-Pre and Post testing of the intercom system.
24. Tucker MS-Pre and Post testing of the intercom system.
25. Woodward ES-Pre and Post testing of the intercom system.

Terms & Conditions

Article A. Scope Includes:

Scope includes the following unless specifically modified by the written, project specific scope of work contained in this proposal.

1. Submittals for review and approval, if required.
2. SWC Construction documents from approved Submittals for strict use by others for providing a complete conduit/raceway system and all conjunctive efforts.
3. Furnishing ONLY; special housings and special back boxes for installation by others.
4. Furnishing and installing wire and cable for systems listed.
5. 5 Furnishing, installing and termination of field devices.
6. Furnishing, installing and termination of head-end equipment in Equipment Rooms and Control areas.
7. Functional testing of systems per SWC standards. Testing documents available upon request.
8. Operation and maintenance documents in electronic format ONLY, per the standards of SWC.
9. Project Management services in coordination with SWC scope of work.
10. Site Supervision during the installation of SWC scope of work ONLY.
11. As required; site conditions verification for SWC Scope of work ONLY.
12. Consideration of prevailing wage requirements if and as applicable.
13. Removal of only those existing system/devices and cable rendered obsolete by this project.
14. Training and Go-Live support as defined in the bid documents, and will be on consecutive days Mon-Fri 8am-4pm. Customer conducted end-user training must be completed prior to Go-Live

Article B. Scope Excludes:

Scope excludes the following unless specifically modified by the written, project specific scope of work contained in this proposal.

1. Service and circuit power requirements including final connections to any and all of our electronic equipment.
2. A complete and independent conduit/raceway for system per the NEC and installed in the most direct and efficient manner and method including all necessary conduit, back boxes, pull/junction boxes, wire ways, 'J' hooks, racks, pull strings etc. all being properly identified and color coded.
3. Any and all standard electrical boxes and conduit stubs to above accessible ceiling.
4. Any and all demolition work.
5. Any and all site work including trenching if and as applicable.
6. Lead lined or similar back boxes unless specifically noted.
7. Control work and/or annunciation except as noted in this scope of work.
8. Finish Painting (except for those products furnished from the factory by SWC with finish paint).
9. Patching of concrete, tile, drywall or masonry.
10. Final Cleaning or composite cleanup crew.
11. Core drilling and sleeves including any X-ray services needed.
12. Furnishing and installing hardware for doors.
13. Caulking and sealants.
14. Any and all fire safing materials for penetrations, etc. This includes but is not limited to, sealants, caulking, fabric materials, etc.
15. Trash debris container and its removal.
16. Proper and sufficient temporary power and lighting for our installation efforts including power for final testing of equipment.
17. Any and all interfacing to other equipment unless specifically noted. This includes lighting control relays.
18. Server(s) and workstation(s) hardware and Microsoft operating system.
19. This proposal excludes any and all unforeseen conditions.

ARTICLE C. TERMS & CONDITIONS:

Term and Conditions are as follows unless specifically modified by the written, project specific scope of work contained in this proposal.

1. These Standard Terms and Conditions are a part of the Proposal made by and between SWC and the Customer identified in the Proposal. Upon acceptance of the Proposal by the Customer by signature, the total Proposal contents and any other documents included or referenced in the Proposal create a legal and binding Contract/Subcontract between SWC and the Customer. The Agreement must be executed by the Parties, the Customer and SWC, prior to any action or work being performed by SWC.
2. Customer's Contract and Bond. The Customer shall furnish to SWC a copy of its Contract; values may be removed, along with a copy of the Customer's Performance and Payment Bond.
3. Builders Risk. The Customer shall also secure and furnish to the SWC a copy of the Builders Risk Insurance policy covering the entire project inclusive of the SWC's on-site work and delivered equipment.
4. CAD Files. The Customer will furnish to SWC required and appropriate CAD files immediately after execution of this Agreement. Delays in furnishing CAD files will delay the project. Lack of appropriate CAD files will be cause for a change order at \$250 per sheet.
5. Project Schedule & Site Requirements. The Project Schedule will be a mutually agreed upon document between the Customer and SWC inclusive of the original issue and all revisions. SWC will issue to the Customer its schedule to state and clarify SWC's activities, durations and order of activities. The Customer shall issue any proposed revisions to the Schedule in a timely manner in order that SWC may respond with agreement and or changes.
 - Schedule Acceleration by the Customer, for reasons not caused by SWC (i.e. other trades not meeting the schedule, weather, site conditions and other delays), may result in additional manpower or manhours to be required of SWC. These may result in additional compensation and or time extensions to SWC's Work.
 - Work Hours. SWC's Proposal is based on normal work hours Monday through Friday. SWC may request of the Customer to self-schedule at SWC's own expense. Any other requirement by the Customer of SWC will be cause for additional compensation.
 - Schedule items of commencement and performance of possible SWC activities require completion of work by other trades. The possible key activities are as noted following:
 - Wire and cable installation – Completion of conduit and raceway with pull-strings in place, conduit color-coded per SWC system color designations (including conduit terminations and pull boxes) and all conduit and pull boxes being properly labeled.
 - Device installation – Walls and ceilings completed and finish paint applied with all areas dust and moisture free and building (Work area) secured.
 - Headend equipment installation – Equipment Rooms 100% complete, lockable and environmentally controlled.
 - Control equipment installation – Rooms 100% complete, lockable and environmentally controlled.
 - Release of a certain quantity of (minimum of 4) rooms or areas per consecutive day/week; failure to release or delay in release may be cause for additional compensation.
 - Submittals (Shop Drawings). Normal timeframe is 8-12 weeks from receipt of execution by both parties of this proposal. Timeframe is dependent of the Project size, scope and requirements.
 - Within the first 30-40 days of the execution of the Proposal, SWC will require the following, if applicable, in order to make the project a success and in order to proceed with final design, programming, manufacturing and installation: (1) necessary IP addresses and server access, (2) needs assessment session and sign-off and (3) final review and sign-off of project scope, submittals and schedule.
 - Manning the Site (Installation Start). Allow a minimum of 2-8 weeks from receipt of approved Submittals for SWC to commence work on site.
 - Unloading and distribution of our equipment will be directly into the areas of our work.
 - SWC Site Supervision and Site Meetings. SWC will assign a designated Project Manager and or Site Superintendent to the Project. SWC shall have on-site supervision only when we have on going site work being performed by the SWC's personnel. SWC shall attend all site meetings when we have on-going work on-site or any meetings requiring our attendance when proper notice has been received from the Customer.
 - Customer/Owner Site Supervision. The Customer will assign a designated Project Manager and or Site Superintendent to the Project as the point of contact. For Health Care projects, the facility will appoint a Clinical Administrator, a Systems Resource Administrator and IT Administrator for coordination and working directly with SWC throughout the project.
 - Protection of Work. SWC takes full responsible for protection of its work as it applies to the normal project conditions, however SWC's responsibility does not cover damage to our equipment and work by other trades whether it by accident, negligence or a deliberate action.
 - Temporary Site Facilities. Unless specifically identified in SWC's scope of work, the Customer shall furnish all proper and sufficient temporary site facilities, including but not limited to site access, lockable storage space, hoisting facilities, guard rails, covers for floor, roof and wall openings, security, parking, toilets, potable water, electrical service, lighting, heat, ventilation, weather protection, fire protection, dewatering (pumping) and trash and recycling services.

- Safety Barriers and Fines. SWC shall not be liable for erecting or maintaining project safety barriers except those specifically needed for the work of SWC.
 - Safety Policy. Safety First is mandated by SWC and as such all SWC's employees or subcontractors will operate under its written Safety Policy. The Customer may request a copy for its records.
 - Drug Policy. Drug Free is mandated by SWC and as such all SWC's employees or subcontractors will operate under its written Drug Free and Substance Policy. The Customer may request a copy for its records.
6. Conduit As-Built Drawings. Quote is based on SWC being furnished an accurate set of conduit as-built drawings four (4) weeks prior to start of wire and cable pulling and or installation. If project is existing utilizing existing conduit-raceways and or cabling, then this requirement will be at receipt of contract or acceptable notice to proceed.
7. Payment Terms, Stored Material & Changes to Work.
- Payment Terms. SWC shall issue its Schedule of Values for determining its progress payments, which will include the required downpayment, Engineering, Manufacturing, Project Management, off-site stored materials and any other disciplines of the Work. Progress payment invoices will be issued on the 25th of each month for work performed through that current month's end. Payments are due within thirty (30) days of invoice date. All sums not paid when due shall bear interest at the rate of 1 ½% per month from the due date or the maximum rate permitted by law. Failure to pay any invoice when due shall constitute a breach of contract and will result in work stoppage until payments are brought up to date, remobilization fees shall apply. Additionally if SWC is forced to engage an outside source, legal or otherwise, to collect on any past due amount, then such costs and fees to do so will be born by SWC's Customer.
 - SWC's standard payment application and invoice forms will be accepted and used for issuing the monthly request. No other additional documentation or forms will be required for payment. Any request for additional forms or documentation will be upon written request and, if approved by SWC, will be processed at an additional administrative fee to be invoiced separately. Certain requested information, if approved, will be redacted for all confidential information and or pricing.
 - SWC does not accept any contingent payment terms and or clauses of any type. SWC requires prompt payment by our Customer to meet our obligations to our labor and vendors alike and therefore will not accept the risk of our Customer's receipt of payments from their customer or from any source for payment to SWC.
 - Payment for Stored Materials. Payment for materials stored at SWC's facilities will be allowed. Materials and components must be ordered in advance to assure Schedule requirements and along with the sensitivity of the equipment to the conditions of a construction site dictates storage offsite in a controlled environment until the facility is environmentally controlled and secured." SWC's facilities and warehouse are secured and monitored for fire and theft plus being environmentally controlled.
 - Lien Waivers. SWC will only issue and sign final waivers of lien or bond rights that exclude any waiver of lien or bond rights securing payment, unbilled changes, and claims which have been asserted in writing or which have not yet become known to SWC, and any such waivers shall either apply only through the date of work covered by SWC's last payment application that has been paid in full, or shall be conditional upon receipt of funds to SWC's account. Releases of Lien for partial or final payment will be contingent on the receipt of the funds covered by the Release of Lien.
 - Changes and Claims. SWC shall be entitled to equitable adjustments of its schedule and price for delays, acceleration, out-of-sequence work and schedule changes beyond its reasonable control, including but not limited to (a) those cause by labor unrest, fires, acts of nature, wars, or suspensions or delays caused by the Customer or others; (b) extra work it performs in accordance with the proposal; and (c) extra work it performs pursuant to written or verbal instructions of the Customer, provided that SWC gives the Customer notice in writing (except in an emergency threatening bodily injury or loss of property), prior to starting such extra work, identifying the date and source of the instructions considered as requesting extra work. All extra work will only be performed by the SWC only after issuance by the Customer of a signed and executed change order, time & material work order and or other SWC approved directive.
 - Retainage. No retainage will be withheld on labor or materials.
 - Payment Forms. Acceptable payment forms shall be submitted and approved by SWC. Payments forms that will be considered are Customer Company check, bank draft and credit card. Note, for credit card payments, SWC will charge a processing fee current to SWC at the time.
 - Performance and Payment Bond. Proposal pricing does not include the cost of a performance and payment bond. The P&P Bond is available upon written request at a minimum cost of one (1%) percent of the final executed Proposal value. The P&P Bond, if required, will be invoiced separately.
 - Project Startup and Mobilization Fee. A fee in the amount of thirty (30) percent of the final Proposal price will be required to be received by SWC prior to commencement of any work of the executed Proposal.
 - Taxes are not included in the Proposal price unless specially noted.
 - Ownership and Title of Equipment. Title and ownership to any Equipment and Software remains with SWC until receipt of full payment or invoiced portion thereof. Any Equipment or Software used to operate the system(s) is subject to the license or software license granted by the applicable manufacturer or SWC. All designs for the system(s) and software are proprietary to SWC and remain the sole and exclusive property of SWC and or SWC's manufacturer. Such designs may not be modified by the Customer or any third party without prior written authorization.
8. Permits, local license, inspections and all related cost will be furnished and paid by others. SWC is licensed to perform work in the state and has license as such.

9. In the case of termination for our Customer's or the Owner's convenience, SWC shall be entitled to receive payment for work executed, materials purchased and costs incurred by reason of such termination along with reasonable overhead and profit on the work not executed.
10. Regarding wire and cable footages, the Proposal is based on a raceway/conduit system being installed by code and in the most direct and efficient manner with the number of turns being kept at a minimum, but not to exceed the NEC code. Any deviation, thus requiring additional wire and cable, may be cause for a Change Order to SWC for additional material and labor costs.
11. Customer/Owner Insurance. The Customer/Owner shall maintain a Builders Risk and other policies of public liability, property damage, burglary and theft insurance under which SWC and the Customer are named as insured, and under which the insurer agrees to indemnify and hold SWC harmless from and against all costs, expenses, including attorney fees, and liability arising out of or based upon any and all claims, injuries and damages arising under this agreement, including, but not limited to, those claims, injuries or damages contributed to by SWC's negligent performance to any degree or its failure to perform any obligation.
 - The minimum limits of liability of such insurance shall be \$1,000,000.00 for any injury or death and property damage, burglary or theft coverage in an amount necessary to indemnify Customer for property on its premises. SWC shall not be responsible for any portion of any loss or damage which is covered or recoverable by the Customer from insurance covering such loss or damage against which the Customer is indemnified or insured.
 - SWC's Insurance. SWC's insurance will name its Customer only as additional insured. SWC's standard insurance policy and the limits therein, which will meet the minimum requirements, shall be acceptable.
 - SWC shall maintain insurance with coverage until the end of the warranty period with the limits only as provided by SWC's existing insurance program as shown by its certificate of insurance issued at the time of Proposal execution. SWC's insurance is not and will not become at any time the primary coverage for the Customer or any other party and does not accept any contribution provisions for the Customer or any other party for any associated defenses or losses. Any "No Subrogation" clauses placed on the SWC are deemed null and void.
 - Wrap-Up Projects (OCIPs and CCIPs). SWC will not participate in a consolidated insurance program ("CIP"). SWC's Insurance Carrier does not allow SWC's participation in any secondary insurance programs provided by the Customer, Owner, Construction Manager and or Contractor (OPIC, CCIC, etc.) due to most programs of such having limited coverage to the site and in coverage amounts.
12. Warranty. SWC's warranty, if applicable, will begin at SWC's substantial completion (phased if applicable) and the issuance of the Certificate of Warranty by the SWC. Warranty will be one (1) year from substantial completion of our scope of work and or beneficial occupancy or use by the Owner and or the Owner's agents / employees and as noted will be as defined by our Certification of Warranty issued at the time of substantial completion of our scope of work and or beneficial occupancy or use by the Owner and or the Owner's agents / employees. Certain hardware may be covered by an additional manufacturer's warranty (shipping/freight, and labor excluded)
 - Additional pricing is specially excluded in the Proposal for extended warranty services. Extended warranty services require a separate executed agreement. If such an agreement is executed and paid at the stated time, it will begin one year from issuance of SWC's Certificate of Warranty. Failure to execute and issue payment will result in loss of service and support under warranty terms and conditions. However, if an extended warranty agreement is not executed then SWC's normal billable service will remain available on a will-call basis.
13. Force Majeure. SWC shall not be liable or responsible to any party, nor be deemed to have defaulted under or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement when and to the extent, directly or indirectly, such failure or delay is caused by or results from acts beyond SWC's reasonable control, including, without limitation, the following force majeure events (a) acts of God; (b) flood, fire, earthquake or explosion; (c) war, invasion, hostilities (whether war is declared or not), terrorist threats or acts, riot or other civil unrest; (d) government order or law; (e) actions, embargoes or blockades in effect on or after the date of this Agreement; (f) action by any governmental authority; (g) national or regional emergency; (h) strikes, labor stoppages or slowdowns or other industrial disturbances; (i) epidemic, pandemic or similar influenza or bacterial infection (which is defined by the United States Center for Disease Control as virulent human influenza or infection that may cause global outbreak, or pandemic, or serious illness); (j) emergency state; (k) shortage of adequate medical supplies and equipment; (l) shortage of power or transportation facilities; (m) delayed at any time in the commencement or progress of its Work due to a delay in delivery of or unavailability of materials (transportation and or supply chain issues) beyond the control and fault of SWC, (n) unexpected skilled labor shortage, (o) access to the project that prevents performance to the agreed upon schedules and (n) other similar events beyond the reasonable control of SWC. For the avoidance of doubt, Force Majeure shall not include financial distress, the ability to make a profit, to avoid a financial loss or SWC's inability to perform its obligation for reasons other than those stated.
14. Special Site Conditions. Owner/Contractor will provide a safe, clean work environment free from any infectious and or hazardous conditions.

15. Anti-bid shopping clause. It is understood and agreed that this Quote is a confidential document between the parties and any use thereof to conduct business with any party other than SWC constitutes a breach of contract. The sharing of commercially sensitive business information with competitors (such as information relating to prices and costs) can amount to illegal conduct and must be avoided.
16. Hold Harmless and Indemnification Restriction. SWC's indemnification is strictly limited to damages caused by and only caused by SWC's own negligence. Any indemnification or hold harmless obligation of SWC extends only to claims relating to bodily injury, sickness, disease or death and property damage (other than to SWC's work), and then only to that part or proportion of any claim caused by the negligence or intentional act of SWC, its sub-subcontractors and its employees. SWC shall not have a duty to defend any other party.
17. Lien and Bond Rights Preserved. This is a preliminary information pursuant to applicable State laws and does not constitute a current lien on the said property nor does it reflect adversely on the Customer and if applicable the Owner. It is a notice to protect the rights of SWC and is not a lien, cloud, nor encumbrance to the said property, nor is it a matter of public record. Certain State and local laws require the issuance of this notice as a prerequisite afforded by the lien and or bonding laws in most instances to protect the rights in the future. Accordingly, this provision, notice, is made a part of this agreement as a matter of protection to SWC as a standard practice. Notwithstanding any provision to the contrary, SWC may take all steps reasonably necessary to preserve and enforce its lien and bond rights.
18. Prevailing and or union wages are not included in our proposal unless specially noted.
19. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of the location of the facility for which product is installed or services are performed.
20. Severability. In the event any one or more of the clauses or provisions of this Agreement or any exhibit is held to be invalid or inapplicable to said Agreement or otherwise unenforceable, the enforceability of the remaining clauses and provisions shall remain enforceable.
21. Additional Provisions. Contract provisions and clauses not stated that strictly apply to this Agreement but may become applicable or necessary in the course of the Project (i.e., Dispute Remedies, Severability, Termination, Assignments, Conflicts, etc.) shall be in accordance with the standards of the American Subcontractors Association Contract Articles and Clauses.
22. Time validity of this Quote is 30 days.

PROPOSAL ACCEPTANCE

By signing this Proposal, the Customer accepts this Proposal, enters into a Subcontract Agreement with SWC in the amount of \$79,543.62 and authorizes SWC (South Western Communications, Inc.) to commence with the noted Work of Proposal 64399_EST_1. The authorization is inclusive of approval to commence Equipment procurement, Engineering, Programming, Manufacturing and Installation with applicable progress invoicing of same.

Execution of this Agreement by the Parties. SWC reserves the right to delay the commencement of any required activities of this Agreement until which time SWC has received the required Project Start-up and Mobilization fee and other applicable requirements such as Customer Credit/Risk Application, Insurance Certificates (Customer and Builders Risk), Bond (Customer and Owner, CAD Files, etc.,

Note: This proposal will expire if not accepted within thirty (30) days of the date of the Proposal. SWC reserves the right to modify this Proposal at any time prior to acceptance.
