Scope:

Grant of Easement – Granting of Easement-Improvement of Distribution Lines at Toney Elementary Site – 2701 Oakland Drive for installation, upgrades, maintenance, and repair to electric equipment to improve electric service reliability to the Toney Elementary Site and other DeKalb Residences.

Purpose:

The Georgia Power Company is requesting an easement at Toney Elementary School Site off Oakland Drive. The purpose of this project is to upgrade electric distribution lines, poles, and equipment to improve electric service reliability to the DeKalb County School District site and surrounding neighbors. Overhead lines in the area may be more prone to outages caused by trees contacting lines or vehicular collisions. Removing any trees and other obstructions to the lines and equipment will aid in providing the area with quality service.

The area of the requested easement is defined as the portion of the site that connects the utility pole to the ground providing stability and support as shown on "Exhibit A".

The financial impact of the easement will be \$10.00 paid by Georgia Power Company to the District.

It is requested that the Board of Education approve the easement to Georgia Power Company to improve electric service reliability at the Toney Elementary site and surrounding area.
