Scope of Work

Maxair Mechanical, LLC understands the requirements and potential on-demand scope of work outlined in this specific proposal as identified under PART III, page 20, SCOPE OF WORK RFP 24-564.

Maxair Mechanical, LLC is interested in providing this service to Dekalb County School District and is fully capable of fulfilling the requirements of this RFP.

The HVAC scope of work is similar to many other HVAC maintenance contracts that Maxair holds and executes daily.

Maxair Mechanical, LLC, was founded in 1988 by Mr. Max Hall, a graduate of Georgia Tech, to provide quality design, installation, and service of commercial heating, ventilating, and air conditioning systems. Our dedicated service company grew from our customers' desire to maintain a service relationship with Maxair. Maxair has over 350 employees: over 100 Service Technicians, Plumbing and Controls technicians, Project, and Account Managers; a Construction Department; Office, and Executive staff.

The need for additional office and warehouse space motivated Maxair to purchase a new building at 814 Livingston Court in Marietta, Georgia. The move, which took place on October 24th, 2014, allowed Maxair to establish in-house fabrication shops, and in-house training programs for our office and field personnel and will allow our project, account management, and office staff to grow appropriately for many years to come.

The office that will be the point of contact for your organization is as follows:

The determination of the successful proposal will be based upon information supplied by the offeror in the RFP response and upon other information that will be obtained by DCSD as it deems necessary. Proposal conformance to RFP instructions, terms, conditions, and requirements is critical to offeror responsiveness.

The lowest-cost proposal submitted may not necessarily be determined to be the most responsive and responsible proposal when all factors have been considered. However, the quoted price is an important factor in the determination of the selected proposal.

An Evaluation Committee will evaluate the proposals using the following criteria:

1. Firm's Overview (15 Points)

- a. Provide a full and complete company profile to include, but not limited to Firm's name, address, a headquarters and or branch office handling this project, as well as primary contact name, title, related telephone/fax numbers and email address.
- b. State how many years licensed to do business under the name stated above. Describe firm ownership structure and history.
- c. List the number of permanent employees and provide an organizational chart of the firm. Include management-level employee(s) the firm intends to assign to the project. Include a professional biographical summary including certifications and detailed outline of the role and responsibility of each employee that will be assigned to the project.
- d. Describe other qualifications that may be used to assess proposer's capabilities. Please note that the District recognizes that the information requested may not apply in full to the goods, services or systems in this RFP, but the highest point levels will be awarded to those proposals where the respondent has clearly described additional reasons that the District may consider in establishing an enhanced and more productive business partnership.

2. Scope of Services (30 points)

- a. Please provide your company's comprehensive and proposed strategy for providing **HVAC Repair and Installation Services** for DCSD. Please be very detailed and specific in your response to each requirement.

- Exercise best efforts and cooperation for an orderly and efficient transition to another provider or to DCSD.
