The Work Order is effective Board upon approval and full execution of the document.

#### **Background**

On Monday, May 12, 2025, the DeKalb Board of Education approved DeKalb County School District's participation in Georgia Power's Energy Conservation Measure Service utilizing the Savannah-Chatham County Public School System (SCCPSS) RFP C21-03.

The partnership with Georgia Power has allowed the District to use the Energy Conservation Service Agreement to obtain the services of upgrading LED lights within our schools.

The Division of Operations recognized the need to upgrade all rooms and spaces within our schools to LED lighting. This is in alignment with DCSD Board Policy EBL – Environmental Programs, adopted 07/14/2008, that calls for a comprehensive Lighting Energy Audit and subsequent implementation of a conservation and improvement plan.

After participating in the Conservation Energy Measures Program, comprehensive energy audits were conducted, and the following schools were identified and listed in Phase 1:

- Bob Mathis Elementary
- Browns Mill Elementary
- Chapel Hill Elementary
- Columbia Elementary
- Stephenson Elementary
- Princeton Elementary
- Rock Chapel Elementary
- Shadow Rock Elementary
- Wadsworth Magnet at Knollwood ES
- Huntley Hills Elementary
- Stone Mountain Elementary
- Marbut Elementary
- Montgomery Elementary
- Lithonia Middle
- Woodward Elementary
- Redan High
- Redan Middle
- Snapfinger Elementary
